COMMUNITY PROFILE:

LOCATION:

The Town of Belmont is suburban community located in heart of the Greater Boston Metropolitan Area. Known to longtime residents as “The Town of Homes”, Belmont is a primarily residential community located in close proximity to the region’s economic centers. A part of Middlesex County, Massachusetts, Belmont is situated on Cambridge’s western border and is just 8 miles from Downtown Boston. The Town is also bordered by Watertown, Waltham, Lexington and Arlington.

HISTORICAL:

First Settlers	1639
Town Incorporated	1859

Federal Census, 2010	24,729
Town Census, 2015	23,570

HISTORY OF BELMONT:

By Richard Betts; Town Historian

Settlement in the area that now includes Belmont began in 1630, when Sir Richard Saltonstall and approximately 40 families separated from the first settlers of the Massachusetts Bay Colony and moved inland to start an agricultural community. Originally called Pequosette after the local Indian tribe, the name of the new town soon changed to Watertown. In 1638, by order of the General Court, Watertown paid the Pequosette Indians the sum of 13 pounds, 7 shillings and 6 pence for the land.

The original settlement spread inland extensively into the present towns of Watertown, Waltham, Weston, Lincoln, and parts of Cambridge and Belmont. In 1738, Waltham seceded from Watertown, and the future Belmont was now part of three towns.

In 1805, Frederick Tudor began cutting ice on Fresh Pond. As his business grew, he decided to build a railroad from his wharves in Charlestown to Fresh Pond. This line was built about 1843.

With the railroad so near, the citizens of Waltham clamored to have it extended to their village which was granted and the line ran through what was to become the Town of Belmont. The railroad made the purely agricultural community available for residences of well-to-do Bostonians. Settlements centered around Wellington Station (now Belmont Center), Waverley Station, and Hill's crossing station.

Those settlements grew into villages, but local government arrangements were annoying because citizens had to go to Watertown, Waltham, or West Cambridge (now Arlington) to vote and attend town meetings. A group of about 1,000 people joined

together in the early 1850's and announced their desire to form a separate town. One of the most enthusiastic advocates was John Perkins Cushing, the largest taxpayer of the proposed town, who gave generously and openly to the incorporation expense on the condition that it be named after his 200 acre estate "Bellmont."

The towns of Watertown, Waltham, and West Cambridge fought the proposed creation of a new town, but in the end the battle was won and on March 18, 1859 the Town of Belmont was born. Of the then total area of 5 square miles, 2.26 were taken from Watertown, 0.67 from Waltham, and 2.82 from West Cambridge. The population was 1,175 of whom 170 were registered voters and 325 were school children. The new town was a widespread collection of fruit farms and market gardens. Produce from Belmont farms was sold at Faneuil Hall market. Specialties included celery, tomatoes, cucumbers, berries, and small fruits. In fact, "Belmont" became a term of distinction indicating quality and large size.

The original town included a part of present day Cambridge including half of Fresh Pond. Because of a controversy over a slaughter house erected in Belmont on the banks of the pond which was the drinking water supply for Cambridge, 0.89 square mile of Belmont was annexed in 1880 to that city.

This left Belmont with a total area of 4.676 square miles. Minor adjustments due to various Route 2 widenings makes the total area 4.655 square miles today.

In the 1900's, the large number of artists, authors, educators, physicians, and scientists moving to the town doubled its population. As a result, the farming community disappeared. Belmont today, with a population of 25,349, is almost entirely residential and is known as "*The Town of Homes.*"

2023 Annual Report

SELECT BOARD:

Chair: Roy Epstein

Vice Chair: Elizabeth Dionne

Member: Mark Paolillo

Town Administration Office Staff:

Town Administrator: Patrice Garvin

Assistant Town Administrator: Jennifer Hewitt

Budget Analyst: Matthew Haskell

Administrative Supervisor: Pam Callahan

Administrative Coordinator: Mitch Carolan & James Goudie

Board's Purpose and Duties:

The Office of the Select Board and Town Administrator is responsible for the oversight and general direction of the Town's delivery of municipal services, and all matters not otherwise provided for by law or specified in the Town's By-Laws.

The Select Board is comprised of three (3) elected members who serve in a part-time capacity and receive a small annual salary for their service. The members do not maintain individual offices in the Town Hall. Instead, they rely on full-time administrative and management staff to manage the day-to-day operations of the Town.

The Select Board appoints a full-time Town Administrator to serve as the Town's Chief Administrative Officer and to manage the daily operations of the Town on behalf of the Board.

The Board oversees many aspects of Town business, including the preparation of the annual budget and the Warrant for Town Meeting, approval of local licenses, making committee appointments, setting town policies and overseeing the management and delivery of municipal services. The Select Board convenes regularly throughout the year, typically biweekly on Monday evenings, to discuss policy issues; to set agendas for itself and the Town Meeting; to resolve disputes; to issue licenses; to establish ad hoc committees; to make appointments to existing boards and committees; and to develop a budget recommendation for Warrant Committee consideration and Town Meeting approval. Although the Town's governing structure is fragmented (e.g., many independent, elected boards and officials), the Select Board is the primary entity that has the structure and ability to identify issues of Town-wide importance that can be translated into operational goals or placed on the legislative warrant for Town Meeting consideration and approval. It is the Select Board that creates the official Warrant for the Town Meeting.

Many hours of staff and management support are provided to the Select Board to fulfill the Town's legal duties and to oversee the delivery of town services in the most efficient and effective way possible. The Town Administrator's Office coordinates the following activities under the authority of the Select Board: processing Town license applications; working with the Chairman of the Select Board to set the Board's meeting agendas; preparing the "agenda packet" for each member of the Select Board; compiling background information for each agenda item to ensure efficient and effective meetings; processing the actions of each Select Board

2023 Annual Report

meeting; tracking requests from residents for Town information, tracking and processing insurance claims against the Town; preparing all materials for the smooth and efficient flow of the Town Meeting; facilitating the preparation and consolidation of the Town's operating budget; formulating a budget recommendation to the Board for their consideration and approval as the Executive branch of Town government.

Summary of Activities and Accomplishments for 2023:

- Continued collaboration between the Select Board, School, Warrant and Comprehensive Capital Budget Committees in developing a fiscal 2024 operating and capital budget.
- Continued the Belmont Middle High School Building process in accordance with MSBA requirements and timelines.
- Continued collaboration with boards and committees concerning ongoing projects, bylaws, policies, regulations and zoning.
- Appointed Donna Tuccinardi as Town Accountant, Leslie Davidson as Town Treasurer and Kelli King as Human Resources Director
- Transmitted FY24 Balanced Budget and conducted three Budget Summits for FY2025 Budget
- Worked to distribute ARPA monies and initiated discussions on distribution of Opioid Settlement Funds
- Finalized contracts for 7 unions.
- Select Board continued to work with the Diversity, Equity, and Inclusion Implementation Committee.
- Approved the initiatives for LGBTQ+ community organizations
- Bestowed Proclamations - Donna David, Fred Paulsen, Gay Pride Month, Juneteenth, Adam Dash, National Senior Center Month, Arbor Day and 108th Armenian Genocide.
- Continued to publish monthly Town Administrator bulletins.
- Conducted several public forums such as Water and Sewer Rates, Civil Service and Future Operations of the Belmont Rink and Sports Facility
- Approved 13 beer and wine, 2 all alcohol one-day Liquor licenses applications and 2 agricultural wine permits
- Approved 5 new or amended liquor license applications

Goals for 2024:

- Continue progress working with Belmont Boards and Committees in fulfilling their charges
- Continue work with Building Committees – Municipal Skating Rink Building Committee, Library Building Committee, and Middle and High School Building Committee.
- The Select Board, School, Warrant, and Capital Budget Committees will continue to collaborate on developing a balanced fiscal 2025 operating and capital budget.

Finance Subcommittee: Chair: Jamal Saeh, Secretary: Amy Zuccarello, Member: Jung Yueh

Policy/Procedure Subcommittee: Chair: Jeffrey Liberty, Secretary: Amy Zuccarello, Member: Meg Moriarty

Superintendent Evaluation Subcommittee: Chair: Amy Checkoway, Secretary: Jeffrey Liberty, Member: Jamal Saeh

Purpose and Duties:

The Belmont School Committee is a volunteer six-member board elected to three-year terms at Belmont's annual Town Election. Terms overlap so that two members are elected on a town-wide basis per year. The Committee organizes itself into subcommittees to help carry out its business.

Massachusetts law grants three main authorities to the School Committee including: hiring and evaluating the Superintendent, developing and reviewing district policies, and reviewing and approving the annual district budget. The School Committee works closely with the Superintendent to develop policies towards improving the school system and student outcomes. The School Committee is also responsible for conducting collective bargaining with local employee organizations.

School Committee Goals for the 2023-2024 school year include:

- Understand student needs and develop and advocate for a student-centered budget and resource allocation aligned with these needs
- Successfully onboard, support, and oversee the new Superintendent
- Continue to revise and update School Committee policies
- Support the development of a new district strategic plan that addresses mission-critical needs
- Promote community and family engagement
- Transparent collaboration with other parts of town government

Programs and Instruction

This town report encompasses January-June of the 2022-2023 school year and September-December of the 2023-24 school year. While schedules and learning modes returned to pre-pandemic structures in September 2021, the district has continued to focus on impacts to students (academic and social emotional well-being) with the support of ESSER and ARPA COVID relief funds. Among the positions hired with these funds are social workers for the middle and high schools and math specialists for the elementary schools. (See slide 25 of the Annual Town Meeting [FY23 Budget Presentation](#) for the complete list.) With the opening of the high school wing of the new Belmont Middle High School in September 2021 and the opening of the middle school wing in September 2023, much of 2022 was dedicated to creating a unified 7-12 schedule and staffing model to support teaching and learning in the new facility beginning in September 2023.

BPS educators are supported in their learning and growth through the district's professional development program. This includes professional development meetings led by Principals, Directors, and Curriculum Specialists which focus on district and school strategic initiatives and professional development courses, seminars, workshops, and study groups led by BPS educators and partner organizations (held during meeting and early release times as well as optional times after school, evenings, weekends, and summers. Professional development during 2023 focused on diversity, equity and inclusion, culturally responsive teaching, social emotional learning, and student mental health and well-being. All of these areas of focus strive for the same goal: ensuring that the district effectively meets the needs of all students, so that they feel a strong sense of belonging and are therefore able to learn at their highest potential. Professional development offerings can be viewed on the [Professional Development website](#).

Assessment

Belmont students in grades 3-10 participated in the spring 2023 administration of the Massachusetts Comprehensive Assessment System (MCAS). 2023 has brought a return of pre-pandemic testing expectations and schedules. ([Summary of Massachusetts' District and School Accountability System](#), 1).

Here is the [2023 accountability information and school percentiles](#) for Belmont:

School Accountability Information			About the Data
School	Accountability information	School accountability percentile	
Belmont High	Not requiring assistance or intervention	98	
Daniel Butler	Not requiring assistance or intervention	98	
Mary Lee Burbank	Not requiring assistance or intervention	99	
Roger E. Wellington	Not requiring assistance or intervention	82	
Winn Brook	Not requiring assistance or intervention	93	
Winthrop L. Chenery Middle	Not requiring assistance or intervention	95	

Here is data from the 2023 MCAS for Belmont students.

Number of students tested, by grade and subject:

All students must pass the high school science, English, and math test in order to earn a high school diploma. English Learners (ELs) participate in the MCAS. In addition, all EL students are assessed annually with the ACCESS test. This test measures students' English language proficiency and progress in learning English in the four domains of reading, writing, listening, and speaking across all content areas. For more information on assessment and accountability information for the district and schools, go to the [MCAS/Report Cards webpage](#) of the Belmont Public Schools website.

Other Assessments:

In addition to the required state assessments (MCAS), Belmont High School students also participate in Advanced Placement Tests.

The Advanced Placement Program offers 36 discipline-based examinations. These exams consist of multiple choice and open response questions. The examinations are graded on a 5-point scale. Most of the nation's colleges and universities award credit for grades of 3 or higher. The values of an Advanced Placement Program are many. First, AP courses offer a standard curriculum that is used across the country and

acknowledged throughout the world for its quality and rigor. Second, the AP curriculum tends to raise the quality of curriculum throughout the entire high school. Finally, the AP courses at Belmont High School are aligned with university standards and expectations, allowing students to experience rigorous, college-level courses while still in high school.

<u>Year</u>	<u>Students participating in AP program</u>	<u>Exams taken by the participating students</u>	<u>Subject areas of the exams</u>	<u>Percentage of scores of 3, 4, or 5</u>
<u>2013</u>	<u>414</u>	<u>838</u>	<u>22</u>	<u>93%</u>
<u>2014</u>	<u>459</u>	<u>1,006</u>	<u>25</u>	<u>95%</u>
<u>2015</u>	<u>458</u>	<u>1,032</u>	<u>27</u>	<u>95%</u>

<u>2023</u>	<u>596</u>	<u>1,383</u>	<u>26</u>	<u>94%</u>

In 2023, Belmont High School students took Advanced Placement Exams in 26 subject areas. They are listed by discipline:

<u>English</u> • <u>English Literature and Composition</u> <u>World Language</u> • <u>Chinese Language and Culture</u> • <u>French Language and Culture</u> • <u>Latin</u> • <u>Spanish Language and Culture</u> <u>History and Social Science</u> • <u>Macroeconomics</u> • <u>Microeconomics</u> • <u>Psychology</u> • <u>United States Government and Politics</u> • <u>United States History</u> • <u>Modern World History</u>	<u>Mathematics</u> • <u>Calculus AB</u> • <u>Calculus BC</u> • <u>Computer Science A</u> • <u>Computer Science Principles</u> • <u>Statistics</u> <u>Science</u> • <u>Biology</u> • <u>Chemistry</u> • <u>Environmental Science</u> • <u>Physics 1</u> • <u>Physics 2</u> • <u>Physics C: Electricity and Magnetism</u> • <u>Physics C: Mechanics</u> <u>Visual and Performing Arts</u> • <u>2-D Art and Design</u> • <u>Drawing</u>

AP Scholar Awards

Belmont High School students are well represented in the AP Scholar Awards Program.

- The AP Scholar Award was earned by 79 students who received grades of 3 or higher on three or more AP exams
- The AP Scholar with Honors Award was earned by 72 students who received an average grade of at least 3.25 on all AP Exams taken and grades of 3 or higher on four or more of these exams.

- The AP Scholar with Distinction award was earned by 157 students who received an average grade of at least 3.5 on all AP Exams taken and grades of 3 or higher on five or more of these exams.
- The AP International Diploma was earned by 2 students. This certificate is available to U.S. high school students applying to universities outside the country who earned a score of 3 or higher on five or more AP exams.

In total, 308 AP awards were earned by BHS students in 2023.

Belmont High School students also participate in the Preliminary Scholastic Achievement Tests. This test is the basis for the National Merit Scholarship Program. This year 7 Belmont High School students were named semi finalists and 7 Belmont High School students were named finalists in the 2023 Merit Scholarship Competition. In addition, there were 31 students given Recognition.

Business and Finance:

Budget

At the Annual Town Meeting, the members approved a general fund school budget for FY23 of \$66,982,926. Supplementing this Town appropriation were expenditures of recurring federal and state grants totaling \$6,013,239. The School Department also offsets a portion of its operational expenses through user fees. In FY23, \$3,383,070 was charged to fee-based revolving accounts to cover operational areas including preschool, food service, athletics, busing, visual and performing arts, student activities, and building maintenance.

Contractual salary raises, health insurance, and mandated student services were the main cost drivers in the budget.

During the 2022-2023 school year, the percentage of students with disabilities (SWDs) was 14.3% of the student population, an increase of 4% over the previous four years. With that came an increase of out-of-district placements and the commensurate expenses.

The FY23 school budget alone was not sufficient to absorb some of the unanticipated costs. In addition to intra-year freezes implemented in the areas of purchasing and hiring, additional funds were also provided by a Special Education Reserve Fund transfer and a Warrant Committee Reserve Fund transfer. The School Department also submitted a claim to the state Department of Elementary and Secondary Education (DESE) for Extraordinary Special Education Circuit Breaker Relief; approximately \$180K in relief was approved by DESE for the district.

Statewide, as well as nationally, communities and school districts continued to manage the aftereffects on instruction and operations from the COVID-19 pandemic. To support the district's work in supporting students' academic and mental health needs brought about by the pandemic, in FY23, \$1,165,146 was expended from these one-time federal grants. Expenses included:

- Academic tutoring
- Social Workers
- Math Intervention Specialists
- School Nurses
- Transition Room Educator (to transition hospitalized students back into school)
- Building Substitutes
- Elementary Assistant Principal
- Instructional Aides
- Special Education Teacher

- Instructional supplies
- Professional development

Belmont Middle High School Project

On November 7th, 2018, the Town of Belmont voted in favor of a building project for a 7-12 Belmont Middle and High School. This project has been undertaken with assistance from the Massachusetts School Building Authority (MSBA), which provided partial funding for the project. Construction of Phase One (9-12 portion of building) began in the summer of 2019 and was completed on time, with grades 9-12 using the school for since the start of the 2021-2022 School Year. Phase Two (7-8 portion of building) began in the summer of 2021 and was completed during the summer of 2023 as scheduled, for the opening of the Belmont Middle School at the start of the new school year.

Conclusion:

The 2022-2023 school year was another year of academic excellence and learning for our students with highly-skilled and dedicated staff and the commitment to education of the Belmont community. The collaboration between the Town, Belmont families, and schools has been essential to this effort.

The completed three-year contracts with the Belmont Education Association include modest cost-of-living increases to honor the fiscal constraints of the Town while ensuring competitive compensation for our Belmont educators. Appreciation goes out to the bargaining teams for the time and commitment to reach a successful settlement, and we look forward to continued collaboration to ensure high standards of teaching and learning for all Belmont students.

Respectfully submitted,

*Meg Moriarty, Chair
Belmont School Committee*

*Jill Geiser, Ed.D., Superintendent
Belmont Public Schools*

2023 Annual Report

Board of Assessors:

Chair: Robert P. Reardon, C.A.E.

Vice - Chair: Charles R. Lavery, III, Esq.

Secretary: Patrick J. Murphy IV, Esq.

Department Head: Daniel A Dargon, Jr

Purpose and Duties:

The Assessors' Office is responsible for administering Massachusetts property tax laws effectively and equitably and for producing accurate and fair appraisals of all taxable property. In Belmont, the property tax contributes over 80% of the town's operating budget. Taxable property includes not only real estate, but business personal property as well.

Summary of Activities and Accomplishments:

The Assessors held regular bi-monthly meetings, and met on a weekly basis during the busy tax-billing periods, and at other such times, as requested, had conferences and meetings with taxpayers, interested citizens and various Town Boards, Officials and the Board of Selectmen.

Members of the Board and office staff attended schools, classes and conferences sponsored by the Department of Revenue, International Association of Assessing Officers, Massachusetts Association of Assessing Officers, the Appraisal Institute and the Middlesex County Assessors Association, in an effort to maintain their proficiency in the administration of the office and the appraisal and maintenance of real and personal property for assessment purposes.

The Board of Assessors voted to issue an actual real estate tax bill for Fiscal Year 2023, with a tax rate of \$11.24 per thousand, in December 2022, to ensure proper financial management for the Town by avoiding unnecessary borrowing costs. The Board of Assessors has successfully issued timely tax bills for more than thirty years. The assessed value tax roll for the Town of Belmont contains 8,400 real property accounts and 410 personal property accounts with an annual total assessed value of \$10,365,286,669, an increase in value of \$700,932,150 for a 6.75% increase for Fiscal Year 2023.

The office staff processed approximately 673 transfers of real property, of which approximately 48.9% of the transfers were determined "valid" sales. The Board successfully defended overvaluation appeals before the Massachusetts Appellate Tax Board. The Board of Assessors continued the real and personal property re-inspection program as part of the computerized assisted mass appraisal system, otherwise known as the "CAMA" system. During 2023, the Board of Assessors continued updating the existing CAMA system with regards to all property information: building permits, building plans, sketches, images, living area, as well as all other assessment information. Personal Property accounts have also been updated with regards to assessment of furniture and fixtures, equipment and machinery, and inventory.

The re-inspection program provided an increase in assessed value of \$81,372,970 in new growth for an increase in tax levy of \$940,671 for Fiscal Year 2023. The continual updating of the computer system of the Assessor's

2023 Annual

Report

Office allows for improved working conditions and public access. The Board also updated the property record information on the Town's Web site to make data, pictures, and sketches available online.

The Board will continue with an equalized value program. All building, plumbing and electrical permits, and occupancy certificates, will continue to be monitored for possible adjustments in value. Sales ratio studies will be monitored as part of the equalization program in preparation of the Fiscal Year 2024 reappraisal and Fiscal Year 2025 full Revaluation.

The Town of Belmont's Board of Assessors Office holds many designations by individual members of the Board and staff. These designations include: one Certified Assessment Evaluators (CAE), (AAS), awarded by the International Association of Assessing Officers (IAAO), one Massachusetts Accredited Assessor (MAA) and one Certified Massachusetts Assessor (CMA), awarded by the Massachusetts Association of Assessing Officers.

Mr. Patrick Murphy, IV was appointed as an interim replacement for Mr. Charles Clark who retired during his term from the Board. Mr. Clark was a Commercial Real Estate Appraiser with a MAI designation with the Appraisal Institute. Mr. Murphy is a highly regarded real estate attorney and brings his experience to the position. The Board continues to attract highly qualified candidates when vacancies occur.

In April, Robert P. Reardon was re-elected as Chairman of the Board, with Charles R. Laverty, III, as Vice Chairman, and Mr. Patrick Murphy, IV was elected Secretary.

Goals for 2024:

Goals for Fiscal 2024 include the successful completion of the upcoming year's certification and to begin preparation of the upcoming Fiscal Year 2025 full Certification.

The Board also reaches out to the Town's Seniors and Veterans to ensure that they are taking advantage of any of the Exemptions the Commonwealth offers. The reach out included mutable mailings as well as phone calls to assist seniors and Veterans that need assistance.

Respectfully Submitted,

Robert P. Reardon, C.A.E.
Chairman of the Board of Assessors

2023 Annual Report

BOARD OF CEMETERY COMMISSIONERS

Chair: Ellen O'Brien Cushman

Vice-Chair: William J. Chemelli

Clerk: Alexander E. Corbett

Purpose and Duties:

The Board of Cemetery Commissioners herewith files our annual report of activities for the calendar year 2023, our 164th year in operation. We are a three member, elected, volunteer board, consisting of the above named members. The Department of Public Works employees are responsible for day to day cemetery operations of both Belmont Cemetery and Highland Meadow Cemetery. The Cemetery Commission is responsible for setting prices and policies for both Belmont Cemeteries, advocating for residents regarding cemetery issues, working with and on the Land Management Committee for Lone Tree Hill, the group that manages the inactive cemetery land at Highland Meadow Cemetery under a Conservation Restriction B2, and planning for any future phases of cemetery development. In addition the Board works cooperatively with the Town Treasurer to ensure proper investment planning for the perpetual care funds as articulated in MGL. Ch. 114.

Summary of Activities and Accomplishments:

The final report by Stantec, a consultant hired several years ago to perform long-term analysis the pooling of surface water and hydrology at Highland Meadow was finally delivered in December 2021 and the was presented and discussed at the January 2022 meeting. Highland Meadow is on the dividing line between two watersheds with water flowing naturally in two directions. Studied by underground wells for a period of 24 months, including droughts and moderate rainfall. Unfortunately, Stantec did not provide any recommendations or design assistance. We have engaged Weston & Sampson to perform the engineering and design phase of the project in hope that 2024 could see some improvement. to alleviate the hydrology problems identified.

The staff has observed corrosion of the number lot markers. The DPW has taken on the task to have the resurvey performed and new non-corrosive markers installed.

The Cemetery software system and data conversion project with PeopleGIS is nearing completion, after some data matching extended into 2023. We anticipate going live with the new system mid-2024. The new sign at Highland Meadow was installed in early 2023.

Co-sponsor with the DPW Director Jay Marcotte, of a CPA project has engaged specialized consultant kzla, kyle zwick landscape architect, to create a Preservation Master Plan with Treatment Options for the historic Belmont Cemetery. The initial draft of the report was delivered and we advertised and held a public meeting on Zoom to present the material; the meeting was very well attended and many attendees commented how interesting the information was. The report includes a full timeline of development of Belmont Cemetery collecting from Annual Reports back to 1859. The final version of the report will contain projects, cost estimates and funding sources and is expected in 2024.

CEMETERY FUND BALANCES AS OF DECEMBER 31, 2023

	12/31/2022	12/31/2023
Cemetery Annual Planting Fund	150,005.00	187,650.73
Cemetery Perpetual Care Fund	2,009,765.00	2,072,665.68
Northway Erikson Perpetual Care Fund	48,397.00	58,886.18
Highland Meadow Total Lot Sales	3,788,300.00	3,865,450.50

Goals for 2024

- Complete the audit of all cemetery lot, owner, interment data for both cemeteries into a GIS based data system in advance of the discontinuance of support for our access-based Cemeteck management program
- Consider adding “way finding” signage on boulders at Highland Meadow to inform and assist visitors.
- Continue to fund the perpetual Care Account at 50% of cemetery lot sales and develop a list of projects that could be funded from the Interest on the Perpetual Care Fund.
- Develop a work plan and perform the work that Weston & Sampson designs to alleviate the hydrology issues at Highland Meadow.
- Work with DPW to evaluate, recommend/perform survey to replace all lot number markers to correct potential corrosion issue at Highland Meadow.
- Advocate with DPW on their operating model to maintain quality and flexibility as well as long-term financial viability. We still await their current cost elements and cost structure to consider for appropriate pricing of cemetery services.
- Prepare/plan for future cemetery phases – the original master plan maps show possible, future phase alternatives, and we will continue to work with the Town Treasurer to maintain flexibility to fund.
- Continue to advocate for and encourage participation in the Annual Planting Program and the Memorial Tree Planting Program to enhance landscape areas at both cemeteries, especially as trees are removed due to damage. Work with Tree Warden and possible donor organizations to plant trees at Belmont Cemetery.
- Develop a long-term plan to propose Cemetery Capital projects to be paid by Perpetual Care Fund Interest account or Sale of Lots account for significant maintenance and/or installation of such projects such as Walls, Fencing, as outlined in the kzla report.

Respectfully Submitted,

Ellen O'Brien Cushman
Chairman, Board of Cemetery Commissioners

BOARD OF HEALTH:

Chair: Adrienne S. Allen, M.D., M.P.H

Vice - Chair: Stephen M. Fiore, Esq.

Board Member: Julie C. Lemay, M.P.H.

Health Department Staff:

Director: Wesley Chin, M.P.H.

Assistant Director: Diana Ekman, M.S., REHS

Public Health Agent: Lindsey Sharp, M.P.H.

Animal Control Officer: Suzanne Trasavage

Public Health Program Assistant & Clerk of the Board: Maria Reddington

Youth & Family Services Coordinator: Janet Amdur, LICSW, EdM

Public Health Nurse: David Neylon, R.N., CIC, REHS

Veterans' Service Officer: Robert Upton

Purpose and Duties:

The objective of the Belmont Board of Health (BOH) is to protect and promote the health and wellbeing of Belmont residents and visitors to the town. This mission is accomplished by a BOH that consists of three elected members who meet on a regular basis to establish and review local public health policies, regulations, and programs; these programs are designed to minimize the risk of disease, injury, and environmental health hazards to residents and visitors. The day-to-day operations of the BOH are carried out by Health Department staff. Staff interact with the public to provide education with the goal of promoting better health and preventing the spread of disease, along with overseeing enforcement of local, state, and federal environmental and public health regulations, monitoring health status indicators to determine the needs of the community, and overseeing emergency preparedness efforts in response to possible communicable diseases.

Health Department functions include:

Inspection of permitted food service establishments to ensure that safe and sanitary conditions are being maintained and to minimize the risk of a foodborne illness outbreak. There are about 100 permitted food service establishments in Belmont. These establishments include retail food stores, restaurants, catering establishments, bakeries, schools, mobile canteen trucks, farmers' market stands, etc. Between one to three routine inspections are conducted at each of these establishments throughout the year, depending on the relative risk of the operation and their history of compliance. Plan reviews are conducted for new food establishments and for renovations to existing ones. Pre-operational inspections are performed to ensure that new construction is consistent with the plans that were submitted and approved. The Department also conducts regular inspections at the seasonal Farmers' Market because products available for purchase now include many prepared foods, meats, dairy products and seafood. Volunteers and non-profit organizations, as well as for-profit organizations, are also subject to food safety regulations when they are serving food to the public at temporary food events. Event organizers

regularly contact the Department for advice to determine if a temporary food permit is required for their event.

The Department enforces the State Sanitary Code, 105 CMR 410.000 Minimum Standards of Fitness for Human Habitation, and responds to residents' complaints concerning possible health and safety violations in their homes or dwelling units. If a housing violation is observed during an inspection, an Order Letter for Correction(s) is issued to the property owner and sometimes to the occupant/tenant. The Health Department is often required to facilitate corrective actions between occupants and landlords, so that violations can be remedied in a timely manner. However, cases may occasionally require court intervention and/or assistance from the Massachusetts Attorney General's Office to achieve desired compliance.

In addition to housing concerns, the Department spends significant time responding to complaints that include inappropriate garbage/rubbish storage and disposal, air quality, electric sanding, overgrown lawns, rat sightings, food and general safety issues. Additionally, in 2023 the department agreed to help the Select Board with enforcement of the newly enacted Leaf Blower Control By-Law. Time was spent working with the Information Technology Department to develop an online reporting form through which concerns are recorded and follow up education is then provided to property owners.

The Department also inspects recreational day camps, swimming pools, and one biotech facility/laboratory annually.

The Board of Health is responsible for the approval of the installation, maintenance, and/or removal of subsurface sewage systems in the town, under the Department of Environmental Protection's (DEP) regulations known as "Title 5." Soil testing, plan reviews, and oversight of construction are the responsibilities of Health Department staff.

The Public Health Nurse investigates and monitors disease outbreaks, oversees and coordinates seasonal flu and COVID vaccinations, provides health education, and participates in public health emergency preparedness activities. Disease surveillance and outbreak management is reported and tracked online through the Massachusetts Virtual Epidemiologic Network (MAVEN). In 2023, the Department was allotted doses of flu and covid vaccine from the State, to be able to provide these vaccines to residents that are underinsured or uninsured; this program is run by the Public Health Nurse. The Public Health Nurse position is dedicated to

working on Belmont specific tasks two days per week and the remaining three days per week are spent working on regional efforts with the MPHCC, these hours are funded through regional grants.

The Animal Control Officer (ACO) patrols the town's parks, streets, and conservation areas. The ACO is responsible for the quarantine of domestic animals for possible exposures to rabies and responds to numerous animal related service requests. Examples of service requests include: wild animal rescues, wild animal euthanasia due to severe injuries, home visits, Police and Health Department dispatches, reports of found and missing dogs and cats, and reports of animal cruelty. Additional responsibilities of the ACO include submission of bats for rabies testing, annual inspections of backyard chicken coops, and scheduling, coordination, staffing of the annual community rabies clinic for dogs and cats, educating residents about cohabitating with wildlife, and working with the Board of Health to oversee hearings for dangerous or nuisance dogs. The ACO also assists the Recreation Department with implementation of their Off Leash Dog Program as time permits.

The Youth and Family Services Coordinator is a licensed clinical social worker who is shared with the Council on Aging (COA). Under this arrangement, the Coordinator works 20 hours per week for the Health Department providing social services for families and children in need and 20 hours for COA providing services for senior citizens. The Coordinator offers referrals to individual and family mental health counseling, case management, and crisis intervention services. The Coordinator also connects residents to resources for basic needs such as food, housing, and fuel assistance. Additionally, the Coordinator develops and oversees a number of community programs such as the Giving Tree, Golden Shoes, Peeps Diorama Contest, clutter support groups, a 50+ job seekers networking meetup and substance abuse education.

In accordance with Chapter 115 of the Massachusetts General Laws, the Veterans' Service Officer (VSO) provides comprehensive services to the Town's veterans and their dependents. The VSO is typically the first individual that a Veteran or dependent contacts for advice and assistance when health issues arise. The VSO works to determine a Veterans' eligibility to receive entitlements from the Department of Veterans' Services and Veterans' Affairs through extensive vetting in accordance with State and Federal rules and regulations. The VSO also coordinates and oversees many events to raise awareness and honor Veterans including the annual Memorial Day Parade, Purple Heart Ceremony, Flag Disposal Ceremony, Veterans' coffee hour at the COA, and Veterans' Day exercises with the schools, COA, and local VFW.

The Director and Assistant Director manage all of the programs that are housed in the divisions of Environmental Health, Disease Control, Animal Control, and Social Services with a great deal of support from the Public Health Program Assistant. The day-to-day administrative tasks of the Health Department rest on the shoulders of the Public Health Program Assistant. Administration is considered a division in itself due to the abundance of permits processed, accounts managed, phone calls answered, and grants monitored by the Program Assistant. On a regular basis there are also burial permits that must be reviewed and processed, dozens of phone calls to answer, Board meeting minutes to write, meetings and program planning, social media and web

page maintenance and a variety of bookkeeping duties involved. The Program Assistant manages free sharps disposal collection and safe disposal, mercury disposal, temporary dumpster permits and edits documents for all staff members. Animal Control dispatch and response is a crucial task for the Program Assistant that takes coordination and attention to detail due to the potential for exposure to rabies. The Program Assistant assures that department has the most current public health information and updates by maintaining contact with several organizations such as the Massachusetts Health Officers' Association (MHOA), the Massachusetts Environmental Health Association (MEHA), and the Massachusetts Association of Health Boards.

The Health Department continues to collaborate regionally with other municipalities to maximize services to the community in multiple areas, allowing a small Health Department to provide a wide range and depth of services including: public health nursing, tobacco control and prevention of youth access to tobacco, mosquito control, emergency preparedness, and weights and measures. Additional information about these programs is below:

The Health Departments from Belmont, Brookline and Newton collectively share a Public Health Excellence (PHC) grant from the Massachusetts Department of Public Health (MDPH). In 2023, Arlington was added to this regional collaborative and MDPH agreed to increase grant funding to \$573,000 for the four health departments to share on an annual basis for the next 9-years. The purpose of this funding is to regionalize many aspects of local public health as a way to help decrease inequities throughout the Commonwealth in terms of the delivery of public health programs, services, and information. The genesis of this state sponsored plan came out of the COVID-19 pandemic when we observed neighboring communities adopt different approaches to address the same public health issues. In 2023, the four health departments, collectively began referring to the group as the Metro Public Health Collaborative (MPHC) and started hiring staff based out of the Brookline Health Department to oversee this regional effort. Additionally, when Arlington joined the MPHC in 2023 a decision was also made to more broadly regionalize the work of the Public Health Nurse. Brookline serves as the fiscal agent for this grant.

In 2023 the Health Departments in Arlington, Belmont, Brookline, Norwood, Randolph, Stoughton, and Watertown continued to share a grant from the Massachusetts Department of Public Health to fund a full-time regional Tobacco Control Program Coordinator. The Tobacco Control Program Coordinator conducts inspections at tobacco retailers and performs tobacco compliance checks in the seven towns. There are currently 14 tobacco sales establishments in Belmont.

Belmont is one of approximately 28 cities and towns that comprise the East Middlesex Mosquito Control Project. Each participating municipality contributes funds toward the overall maintenance and administration of the District and then additional funds cover specific services provided to each community. Mosquito control specific to Belmont includes adult mosquito surveillance by trapping, helicopter Bti (*Bacillus thuringiensis* var. *israelensis*) application in a small area of Beaverbrook Reservation, and catch basin larval control.

Belmont is a member of Public Health Emergency Preparedness Region 4A/B, which encompasses 60 communities. Through this collaboration local municipalities are encouraged to work together to coordinate for emergency response planning. A prime example of this effort were the regional COVID-19 vaccine clinics that were held with Arlington and Lexington when COVID-19 vaccines first became available in 2021.

Belmont contracts with Brookline for the services of a Sealer of Weights and Measures. The Sealer enforces all Massachusetts General Laws and Regulations pertaining to weights and measures including the regulation of trade, unit pricing, and price verification. Weighing and measuring devices used by local establishments include automatic check-out systems (scanners), gasoline pumps, supermarket and deli scales, manufacturing and shipping scales, apothecary and jewelry scales, etc. The Sealer guarantees the accuracy of these devices, inspecting all for accuracy and correctness. Weights and Measures investigates complaints of short weight, price misrepresentation and use of illegal or non-conforming devices.

Belmont, Brookline, Waltham, and Watertown are members of a Substance Abuse Prevention Collaborative. This Collaborative shares a grant from the Massachusetts Department of Public Health; this grant is managed and administered exclusively by staff from the Wayside Multi-Service Center in Watertown to raise awareness and change social norms around underage drinking through the work of the Belmont Wellness Coalition.

Summary of Activities and Accomplishments in 2023:

- The Health Departments in Arlington Belmont, Brookline, & Newton were jointly awarded a shared \$573,000 Public Health Excellence Grant from the Massachusetts Department of Public Health to expand local public health efforts in the form shared regional public health positions and programs. The four health departments used this funding to form the Metro Public Health Collaborative (MPHC) and hired initial shared staff (who are Town of Brookline employees) to begin the process of building a program to expand regional public health services. The viability of this program will depend on the availability of funds from the Massachusetts Department of Public Health.

- The Youth & Family Services Program Coordinator partnered with Belmont Fire Department staff to begin a new In-Home Fire and Health Safety Assessment Program for senior residents. Over a dozen in home visits were conducted in the Fall of 2023.
- The Belmont Health Department partnered with Vaxinate-RX and Osco Pharmacy to organize and hold 17 COVID-19 vaccine clinics in 2023. Through these clinics 1268 COVID-19 and 985 flu vaccines were administered to Belmont residents.
- The Health Department distributed over 10,000 free rapid COVID-19 test kits to the community.
- The Health Department assisted the Select Board with enforcement of the Leaf Blower Control By-Law. Over 60 notices were sent to residential properties found not to be in compliance with the By-Law.
- The Health Department partnered with the Town Administrator's Office to pilot the electric Smart Box rodent control program. A total of 88 rats were captured through this program.
- The Animal Control Officer held the annual community rabies clinic. Over 20 cats and dogs were vaccinated at this clinic.
- At the end of 2023, the Health Department was awarded a \$19,000 grant by the FDA Retail Food Program Standards for 2024, to continue work to improve the quality of Belmont's food inspection program, building on previous awards of \$5000 in 2022 and 2023.

Goals for 2024:

- To continue holding community clinics for the administration of COVID-19 and flu vaccines to Belmont residents, employees, and other members of the community.
- To continue to identify and apply for public health grant opportunities for needs determined through regional and local health assessments.
- To continue to contract out food service inspections in order to increase our capacity to respond to allow department staff to better respond to other local public concerns.
- To continue to expand assistance and linkages of resources to residents and veterans who require counseling and/or other services in order to maintain a safe and healthy lifestyle.
- To develop and implement intergenerational social programs and community involvement projects to promote charitable contributions, healthy lifestyles, and improved mental health.
- To work with the IT Department develop an online registration program for the annual rabies clinic.

Thanks and gratitude to the Belmont Board of Health Members: Ms. Julie Lemay, Ms. Adrienne Allen, and Mr. Stephen Fiore for their continued service and devotion to the Town of Belmont and support to the staff of the Health Department. A special thank you to Ms. Donna David, who in 2023 retired from the Board of Health, after 30-years of devoted and compassionate service to the Town of Belmont.

A special thank you to my dedicated colleagues in the Health Department, who regularly work with a limited budget to tirelessly provide the best possible service to the community.

Respectfully Submitted,

Wesley Chin, MPH
Director Belmont Health Department

2023 Annual Report

Belmont Public Library

Department Head: Peter Struzziero

Assistant Director: Lauren Pfendner

Purpose and Duties:

The Belmont Public Library is guided by the past and focused on the future. Its mission is to enrich the lives of the community by empowering its citizens' personal, educational, and professional growth. The Library is dedicated to advancing literacy and fostering life-long learning.

The Belmont Public Library aims to provide a center for information and discovery through innovative programming, robust collections, and responsive services. The Library is a place for Belmont to learn, share, and create.

Our Core Values

Knowledgeable staff and great service
Intellectual freedom and access to knowledge for all
Current and historical digital collections
Technology and information literacy training
Spaces for study, collaboration, and innovation
A place where Belmont comes to explore, learn, and discover

Summary of Activities and Accomplishments:

"I have made so many friends. I struggled to find people like me for my entire life but I have formed some really close connections here. I don't know where I would be without the Library, it seriously changed my life for the better."

-A happy patron-

Administration

2023 Was the final year of service for the beloved (but beyond its useful life) building located at 336 Concord Avenue. It was one of the most successful years statistically in Library history with collection use over 660,000, 2nd highest ever for us. We continue to be a top ten Library in Massachusetts, and expect to do even better when our new building opens. While the Library Trustees, Administration, Support Organizations, and Building Committee focused on the march towards our new library, the library staff made sure that we made 2023 a fantastic year for patrons.

In the spring of 2023, over 500 patrons attended two days of Mini Golf inside the Library including a Putt N' Pint event held on a Friday night. Special thanks to The Friends of the Library who helped organize and run this event with now Assistant Library Director Lauren Pender. Many thanks also to

2023 Annual Report

many local community sponsors and The Sam Adams Brewery of Boston for their sponsorship. This was one of the most successful in person programs in Library history.

Another popular event saw 150 patrons in house for our Friday night Books in Bloom event in April. Many thanks to the FOBPL, Garden Club, and Library staff for putting together a wonderful event.

The First Annual Town Wide Yard Sale was approved, hosted and enthusiastically received. Over 120 Belmont homes had yard sales on the same day in September. This was a great collaboration between the Library, The Council on Aging, and Recreation Department. The estimate of patrons who participated is in the thousands. In the 2024 effort, we will plan the process of promotion to start earlier to see if we can expand participation even further.

The Library Administrative team has been undersized for decades. Despite the challenges our Library Director and team have found ways to be successful, but not without great strain on staffing at all levels. 5+ years ago, we realized that more administrative support was needed, but that it ultimately should be the final step in a complete staffing model assessment and plan.

Library Administration has spent those years working on right sizing staff. We finished a complete staff reorganization where positions were adjusted, updated, created, and retired, depending on the needs. Dozens of job descriptions were changed and two major back of the house departments were combined.

In addition, we automated in major ways. We decreased the headcount, cut tens of thousands in part time salaries by putting in self-checkout machines, launching a mobile app for self service in the building, and creating an online chat to streamline the ways we can communicate. We also converted the collection to RFID, to keep staffing costs in line permanently. In the future library we have planned for even further automatic material handling to allow us to process even greater volumes of materials.

In 2023, we built off these years of effort and took the step to create an additional Library Administration role, an Assistant Library Director position. Our budget-working group, who identified the opportunity to create the role without asking for additional funding from taxpayers, completed a thorough budget analysis and reallocation of funding needs to support this position. We now have this this critical #2 position, which will allow for improvements in our operations and servicing. As 2023 came to a close, Lauren Pfindner, our library's Coordinator of Reference and Public Services, was selected by a search committee and appointed by the Library Director and Trustees as the first Assistant Director in over 30 years.

2023 Annual Report

Library Building Project

After the positive votes of 2022 it was clear that 2023 would be a year spent on planning and Design Development. Our Building Committee set out to take the work completed in our Schematic Design Phase and bring it forward through final design.

At this point, while preliminary efforts had been made, we dedicated ourselves to an honest search for temporary housing. Working with Trustees Kathy Keohane and Mary Stearns, with support from now Assistant Director Lauren Pfendner, we looked extensively for commercial space in Belmont. The reality set in quickly that we did not have any “extra” funding in the lean project budget, and that any dollars that could be saved for the permanent library should be. The costs of the limited commercial real estate in town were too high for our project to afford.

In parallel, we were also searching for opportunities in private buildings or churches. While we learned that some space might be available for occasional use, there was nothing that would suit the needs for a permanent temporary location.

We also had been exploring options in town owned buildings, and here we found success. Big thanks to all who joined the effort to find homes for the library. It was determined that public services could be offered from the Benton Library and Beech Street Center, with space for staff offices to be found in the Chenery Upper Elementary School and one office in the DPW Building. Our thanks to the various town leaders and government officials, in addition to school leadership; their support was critical to finding a successful outcome.

At the end of November, the Library building closed, a small amount of equipment and materials moved to the Benton Library and Beech Street Center over the weekend after Thanksgiving, and transition services were launched on Monday November 27. As December progressed, those services grew. We began the library move out in December and concluded it in early January, and launched full services including in person programming.

The Library redeployed various equipment to other town departments, charitable organizations and other Minuteman libraries. The focus was on repurposing equipment with the focus on reallocating primarily to other town and school groups (large-scale equipment including the library boilers, water bubblers, heating and air equipment, cleaning and office supplies, furniture, bookcases, book carts and more)

Small amounts of remaining surplus items were sold to the public, with the money going to the Town’s general fund.

In early 2024, we were proud to retire the building and its colors at a ceremony, which hosted Patrice Garvin, Town Administrator and her team, The Select Board Members, Robert Upton,

2023 Annual Report

Town Veterans Agent alongside several Veterans and many residents. Trustee Corinne McCue Olmsted, The Board Vice Chair, led this ceremony, which also had members of the Library Trustees, Friends, and Building Committee present. 2023 was a historic year as we completed the action of preparing for our new library.

State Requirements

As always, we want to share the requirements that must be met annually to be certified by the State.

The Massachusetts Board of Library Commissioners outlines several criteria for operation and certification. If a library does not meet these requirements, then they face losing certification.

To be a certified by the Massachusetts Board of Library Commissioners, the library must:

1. Meet the Municipal Appropriation Requirement
2. Meet the minimum standards of free public library service
3. Remain open a minimum number of hours per week
4. Allow non-resident borrowing
5. Expend a percentage (based on population) of the municipal appropriation on materials
6. Have a Director with a Master's Degree in Library Science

By meeting these State requirements, the Town of Belmont receives the following benefits:

1. The Library is allowed continued membership to the Minuteman Library Network, which in turn allows interlibrary loans, reciprocal borrowing privileges, and free use of other libraries for Belmont patrons.
2. The Library is allowed access to grants and ensures yearly state funding.

Children's Services

The Children's Staff spent 2023 working hard to provide new services and programs while simultaneously planning a move to a temporary space as we look forward to the construction of a new library. Children's program attendance from in-person, virtual, and outreach programs totaled an estimated 6,775 participants, a nearly 30 percent increase from 2022. With the support of our patrons and our colleagues at the library, we are excited to look ahead and start planning the future while continuing our work to address the current needs of Belmont families. This is an exciting time and we are grateful for all of the opportunities ahead as well as for the generosity and kindness of our patrons.

Moving to the Benton Library

The work to find temporary space to move to while our new building is under construction started almost as soon as the citizens of Belmont voted to build a new library in 2022. A year of planning for Library Administration and Trustees, as well as the cooperation and help of the Benton Library

2023 Annual Report

Board, brought Children's Room staff, and as much of our collection as we could fit, to the E.C. Benton Library on 75 Oakley Road. Service started with patron holds as we worked to complete our move, but has expanded to browsing collections, programs, and providing study and work space. We could not ask for a better temporary home and are thankful to everyone who helped provide such a beautiful space. Children's staff, with tremendous support from Library Administration, worked very hard to make the space comfortable and welcoming for families.

Staffing

Many children's staff members were presented with new professional and personal opportunities and sought new careers in other communities. Long-time Library Assistant Mary Woods retired after over twenty years of work at the Belmont Public Library. While they are missed, we are grateful for their years of service to the Library in Belmont.

Library of Things Children's Collection

Families of Belmont have always been able to find great books and movies in the Children's Room, but now there are even more options. Toy food for pretend play, microscopes for making discoveries, reading pens to help readers pronounce new words, Rubik's Cubes for puzzle fans, a robot you can program yourself, and much more are all-available for our community to explore at home, thanks to the generosity of the Friends of the Belmont Public Library. We are looking forward to adding even more to our collection.

Programs for All Ages

We expanded programming in 2023. From infants to middle school kids, we had something for everyone.

For infants through preschoolers, we had a full schedule of story times organized by age, including summer visits to the Underwood Pool and the Belmont Farmers' Market. Monthly concerts from Belmont favorite musician Matt Heaton returned as did Music and Movement with Rubi and Puppet Story time with Leigh Baltzer. Parents were also able to gain some insight into their child's sleep behaviors with a presentation by Lynne Caldwell, a registered nurse and a pediatric sleep consultant.

The Children's Room has once again built a partnership with Watertown Family Center. We hosted a new program called Little Bookworms where Belmont and Watertown families learned about authors and illustrators such as Mo Willems or Ezra Jack Keats and created art inspired by the books. Participants also learned details about the author's life, and had fun with friends while adults learned about important resources and literacy tips.

Children's staff also incorporated patron feedback and created a new monthly Monday Meet and Play program. Families had expressed a desire for a program where they could socialize with other families and where adults could have a much-needed chance to chat while their children enjoy the

2023 Annual Report

library's toys and other activities. This program helped families have an informal activity where they could make friends and have fun.

Our school-aged patrons also had plenty of fun at the library to choose from. The Children's Department and the Young Adult Department collaborated on our first ever Tween Dungeons and Dragons campaign. Participants worked together to complete their quest and enjoy an adventure together. Library staff also helped kids learn about the basics of role-playing games and how to create characters. Pokémon fans had plenty of opportunities for fun with regular card trading days. Crafty kids enjoyed several opportunities to create; 60 adults and kids attended our Glow in the Dark Crafternoon. Families used elements of nature to create homes for fairies in Underwood Park. Beads were turned into backpack charms for forty children.

Fun for all ages came due to the hard work and generosity of the Friends of the Belmont Public Library. Thanks to their STEAM program initiative, kids ages eight and up had the opportunity to learn how to design their own 2D video game with Empow Studios.

The Friends also provided two Halloween events full of spooky fun. 150 adults and kids came together on a rainy Saturday to dance along to a special Halloween version of Music and Movement with Rubi while collecting treats at stations throughout the library. On Halloween Day, 90 adults and children came to trick or treat for candy and take-home crafts.

When school is closed, families rely on the Children's Room more than ever. Our school vacation options included learning American Sign Language with instructor Marianne Molinari, an acrobatics program with world-renowned performer Li Liu, a bilingual concert with Marcos Valles from Rockabye Beats, and a balloon extravaganza with Jungle Jim.

Saturday Programs

It is not always easy for families to attend programs during the week. We worked to provide Saturday programs for all ages and interests. Children's Librarian Rosanna Clarke brought her popular weekly story time for babies to Saturdays with a Stories and Play program.

The Powers Music School attracted 130 attendees to their Musical Story time adaptation of *Elephants Cannot Dance!* by Mo Willems. New England Conservatory of Music student Honor Hickman and her quartet introduced children to elements of classical music through facts and stories about animals at our Musical Animals program.

The Boston Area Guild of Puppetry hosted a free craft program and performance from award winning puppeteer Honey Goodenough to celebrate the World Day of Puppetry. Families got together to socialize over board games at our Board Game Day and many signed up for our Learn how to Play Pokémon program presented by One Up Games.

2023 Annual Report

Summer Reading 2023

Moving Up and Moving Out, an original Summer Reading program designed just for our library, was a great success. Sign up started sweetly with ice cream for the first one hundred sign ups, courtesy of the Friends of the Library. Almost 350 kids of all ages spent their summer working on meeting a summer goal to earn a new book of their own. They also completed challenges in an activity passport full of activities that could be done at home or while traveling. The prizes and supplies were courtesy of the Friends of the Belmont Public Library.

Music, magic, science, and crafts were back in full force this summer. 1,852 attendees came to our summer reading performances, a nearly 30 percent increase from the summer of 2022. Our summer of fun included countless programs such as music and puppets with Harry and Good News Gus, yoga, a *Ratatouille* themed movie and craft day, Pizza Story time sponsored by Fiorella's Express of Belmont, a cooking demonstration with Kids' Test Kitchen, and much more.

For the first time, our littlest patrons did not have to feel left out of the summer fun. Children's staff members designed a story and play program just for infants and toddlers up to 18 months old, incorporating music, toys, and stories.

Outreach and Bringing the Community Together

Librarians continued their visits to the Wonder School, Waverly Square Daycare, and Payson Park Preschool and visited classrooms full of kids of all ages.

Budding wildlife artists found a great opportunity at the library. In a successful collaboration with Girl Scout Troop 82027, the library ran a local wildlife art contest. Kids ages 5 to 13 entered art projects of all kinds focusing on wildlife local to Belmont. Prizes included gift cards to Belmont Books and Rancatore's along with boxes of Girl Scout cookies. The contest provided an opportunity for kids to learn about creatures of all kinds who live in Belmont and members of Troop 82027 were able to use the initiative to help earn their Bronze Award.

We were able to continue our important projects with the Belmont Public Schools. 90 adults and children attended our International Valentine's Day program. Belmont Public School staff and library staff collaborated to bring a morning of crafts, stories, and learning to the English Language Learning community and beyond. Families new to the country and to Belmont came together to form friendships and find community resources while their children had fun creating and learning. In November, fifty-five second graders from Burbank Elementary came to visit the Children's Room to pick out their own books, and get library cards. Children's Room staff was also able to use the opportunity to make sure that the Burbank community was aware of the timeline for moving to temporary space and most important of all, that our brand-new library was coming soon.

2023 Annual Report

Circulation

The Circulation Dept. had a wonderful year in 2023. We were busier than ever and we continue to offer high quality service to patrons. A committed staff at Circulation made all of this happen. In 2023, we saw the departure of some wonderful staff for other opportunities, both in house and outside of Belmont. We thank them for their service, and were excited to welcome some new faces to our team.

In light of the change of service model as we moved into our temporary quarters, we did need to embrace some changes in the size of our workforce. Several positions have been left unfilled. In our new library, we will be excited to see automation as a new way to serve the public. New self-checkout machines, a self-return system, and new features yet to be invented await us in Circulation in the years to come.

A gentle reminder was sent to patrons with long overdue material, and we saw many items returned with embarrassed smiles. Proudly we have no late fees on most items, and welcomed the return of items to be shared with all library users once again. Some items having been hidden in suitcases after trips for two years, with others recovered from the abyss under the beds of youth patrons (now in college). All items were shelved for patron use, or stored for later use in the new library.

The transition into temporary space was quite the undertaking and while it seemed a daunting task, every day was an accomplishment. As Circulation continued to make adjustments and shift and move things around to ease into the temporary space and create a smooth transition for staff and patrons the help that was received from Peter and Lauren in Library Administration was impressive and very much appreciated. Anything that was asked of them was provided to us. If it was possible, they made it happen.

This year, the Circulation team handled hundreds of thousands of items, and we are looking forward to seeing those numbers increase when the new library opens. We updated close to 6,000 cards, extending the terms of use for patrons for another 3 years. Over 1,500 new library accounts were opened, and we answered over 12,000 questions for patrons at our desk. Belmont Library patrons love to use the Minuteman Network collection; over 182 thousand items came from other communities to accent all the materials we had in Belmont. With the RFID project largely completed, we look forward to utilizing this new technology to check out items this spring.

Reference and Adult Services

Community Partnerships & Programming

The library's community partnerships continue to thrive and expand in 2024. Just consider some of the following collaboration successes in 2023 that kept things moving forward.

2023 Annual Report

To ring in the New Year, The Reference Department added a LGBTQ+ Adult Book Club, RainbowLit, in January 2023. This group is co-sponsored by the LGBTQ+ Alliance; several members of the Alliance and members of BAR (Belmont Against Racism) participate. This community collaboration not only brings together folks for diverse reading experiences, but also illustrates the library's connection to community and its vision as a community center.

The library, in collaboration with The Belmont Human Rights Commission, Belmont against Racism, Network for Social Justice, and several neighboring libraries, was honored to host a talk with writer, historian, and lecturer Erica Armstrong Dunbar in February 2023. She led a discussion of her book *She Came to Slay: The Life and Times of Harriet Tubman*, which focuses on legendary abolitionist and suffragist Harriet Tubman and her various ties to the Boston area. Nearly 50 people attended the program virtually.

February 2023 also saw another intra-departmental collaboration: the library and the Belmont Light Department offered a cooking demonstration with Chef Tom Mottl to highlight the benefits of induction cooktops. This popular offering allowed for Belmont Light to illustrate the various rebates available to consumers for making the switch to induction cooktops as well as the library's newest addition to the Library of Things: two portable induction cooktops.

Belmont LGBTQ+ Alliance, Belmont Human Rights Commission, LexPride, Network for Social Justice, and the library 1 partnered to host a screening of *No Ordinary Man* in honor of Trans Day of Visibility (March 31.) *No Ordinary Man* is an in-depth look at the life of musician and Trans culture icon Billy Tipton, and was followed by a thoughtful discussion of what it means to be transgender in the United States, both during Tipton's time and today.

Our Local History Librarian, Logan Manchester, collaborated with students from Belmont High School in May 2023 for a short video on the history of the Clay Pit Pond for their weekly YouTube video channel, 5 Minutes Ago. Logan helped the students to locate informational sources on the history of the pond and was interviewed for their video. This collaboration helped to spread more historical information about a local landmark to the high school and greater Belmont community.

The Reference Department partnered with the Council on Aging for a variety of engaging programs, including a 1920's Murder Mystery Night in October 2023. The cast included Dana Bickelman, Former Director of the Beech Street Center, Assistant Director Lauren Pfendner, Librarian May Forkin, and Recreation Director Brandon Fitts. The players provided clues to the audience on who might be the murderer before the big reveal. The event was extremely successful, and both the players and the audience had a great time - another great example of Belmont collaboration!

The Reference Department also expanded technology help offerings on-site at the Beech Street Center. Reference & Public Services Librarian May Forkin provided help for the seniors with a focus

2023 Annual Report

on Libby, Hoopla, and Kanopy. These sessions were twice a month and provided the highly tailored approach that patrons have found to be most useful.

We also continued and strengthened our partnership with the Belmont Farmers' Market. The library was once again invited to table at the Market on the first Thursday of each month, in addition to the weekly story times the children's librarians provided. We brought books for children and adults about food, farming, and community that patrons could check out right at the Market. Residents could also sign up for a library card while shopping, and take home a story time related craft. Another savory collaboration between the library and Belmont Farmers Market!

Programming

The winter of 2023 saw the return of the Winter Reading program! A way to engage patrons with the library during the snowy months (January-March), the library offered activity ideas for all ages, with chances to earn gift cards to local businesses.

Collaborative programming across libraries did not end with COVID. Over the course of 2023, The Coordinator of Reference & Public Services & the Community Outreach Librarian collaborated with numerous libraries to offer 16 author talks with over 215 attendees. These events included visits from authors such as Renee Dudley and Daniel Golden, Kate Clayborn, and Isaac Fitzgerald.

2023 also brought the robust return of the Music on Saturdays concert series. Both in the spring and fall of 2023, the library was able to offer a range of musicians to satiate every musical taste from Johnny Cash fans to Celtic music lovers, with 6 concerts bringing in over 250 attendees.

Our newest book club, Book a Trip Abroad: World Literature Book Club, began in March 2023. This book club focuses on reading books both set in and by authors from countries around the world. The book club meets in a hybrid manner with options for patrons to attend either in-person or over Zoom. Ever since its creation, this book club has been well attended by a consistent and enthusiastic group of members.

Kinship for the Kinless is another new program that the Library initiated in the past year. This group was formed and is facilitated by a psychologist who is experienced with working with the senior population. Currently, there are close to a million "kinless seniors" also known as "solo agers" or "elder orphans" spread across the US. While many people want to maintain independent living as long as possible, they also want to avoid feelings of isolation and loneliness, both of which can have negative effects on emotional and physical health. This group discusses practical issues including affordable housing, estate planning, what kind of device to have if you fall or are in need of assistance, and much more. It also provides a social network for its participants, and has grown exponentially since its inception in May 2023.

2023 Annual Report

Taught by local programming expert Charles Ray Smith, the Reference Department continued to offer the 7-week class series on Programming with Python. This class brings a focus on adult lifelong learning.

The Amateur Telescope Makers of Boston joined us on the fields at Chenery Upper Elementary School in September, treating over 75 adults and kids to a telescope's eye view of the stars. Attendees were able to catch sight of Saturn, the Ring Nebula and double stars!

September 2023 also saw the beginning of a series of learning American Sign Language for Beginners. This course, taught by the ASL Institute, had great engagement and retention over the 4 weeks with a class of 20 attendees.

The Belmont Public Library Cookbook Club continued to thrive. Working from a different cookbook each month, participants selected a dish to make and brought it with them to the meeting creating a potluck meal for everyone. Participants enjoyed each other's creations while they discussed what they liked and disliked about the book. As a finale to the club's year, a true potluck was held where participants were able to share favorite recipes, regardless of the source. The club has had consistently strong attendance numbers since it started in February 2019 and showcases one of the library's most diverse print collections.

A virtual visit from Mei Mei taught the town's home chefs dumpling making techniques. Attendees learned how to create a variety of different dumpling shapes, as well as tips and tricks for fillings, pairings, and freezing and storing.

The library's monthly adult craft along program continued to be popular and well attended in 2023. This year it was held entirely in-person with occasional collaboration with guest artists such as Leslie Doherty who taught patrons how to make mosaic sun catchers and Deenie Pacik Giuliano who helped patrons learn how to make fused glass pendants. Participants of all skill levels and ages were able to register for these events and then join us for a fun and relaxing social gathering to complete the craft.

The library's Virtual Trivia Night was a continued success in 2023. Participants are asked about a wide range of topics and the questions grow more challenging as the game goes on. The questions are geared towards adults in difficulty level but are tame enough that the game is still accessible for families to play together. This monthly event has had consistently high attendance since it was first offered in July 2020, with nearly 200 participants in the 10 months that it ran. The library also held its third annual R-Rated Virtual Trivia featuring questions that are definitely for grownups only.

The Page of Enlightenment Book Club had a great second year. The club reads a historical narrative each month and meets to discuss it. The club has a small but dedicated and enthusiastic group of regular participants. The program was offered hybrid in-person/online for the first time in 2023.

2023 Annual Report

English conversation circles doubled in size in 2023 and began meeting again in person for the first time since 2020. Thanks to the wonderful volunteers who help make this invaluable service possible!

Collections & Services Highlights

Thanks to the continuing generosity of Belmont residents with their book donations, the library is able to offer much needed reading material for incarcerated populations through partnership with the Prison Book Program in Quincy, MA. To date, over 200 boxes of books have been donated to help fulfill inmate requests.

Reference & Local History Librarian Logan Manchester undertook a large digitizing project in Special Collections this year, including scanning all of the Library Board of Trustees meeting minutes and exhibits from 1970 to 2012. This project allows for this voluminous material to be easier to access for staff when responding to information requests, as well as better organization and storage of associated documents. Similarly, we were able to reconnect with the Digital Commonwealth Digitization Team at the Boston Public Library to work on the digitization of the personal diary collection of notable Belmontonian Jay Benton. The collection will soon be completely digitized, making an amazing part of Belmont history publicly available and easily accessible for the first time.

The second half of the year was spent right-sizing the entire adult collection in preparation for the move to temporary space. Reference staff spent hundreds of hours weeding and RFID tagging the collection, ultimately making the transition into temporary space and move smooth.

Young Adult

This year, the Young Adult Department flourished with the base that had been built for teen programs and community partnerships.

Between January-August 2023, the library offered 231 programs for teens with 4,620 total attendees: nearly double that of last year and quadruple that of the years prior. Major highlights included the third virtual D&D Super Dungeon, our second in-person Teen Career Fair, regular school visits, and the continuation of seasonal Study Spaces for teens. Our virtual summer reading challenge for 2023 had 45 online participants, with 11 students reading over 205 books. Other programs, such as Boba and Board Games and Play-by-Post D&D, were integral in giving teens an outlet for creative, social, and academic growth. All of our gowns for the Prom Dress Donations were given away to teens who needed them.

We had a counter-balance of active teen volunteers as the high school stopped requiring volunteer hours for graduation. While the Teen Advisory Board attracted fewer teens, our Super Dungeon

2023 Annual Report

volunteers grew even more devoted, and attended weekly meetings from January-August. The focus for teens shifted from casual volunteer projects to passion-driven ones and the quality of volunteers also changed. Our two Theme Masters for the Super Dungeon both were accepted to MIT this year with the library being their only volunteer activity on their resume. Our other volunteers were accepted into Carnegie Mellon, Columbia University, and even more prestigious universities.

Outreach efforts were strengthened by collaborations with the BHS PTSO and school clubs. This year was the first time a librarian was regularly invited to do outreach activities in the high school. Our Coloring Station was always a big hit and provided opportunities for major engagement with teens.

Partnerships with the Children's Department brought in great Tween engagement for the library. Bethany Campbell hosted numerous tween events throughout the year, with the first five Tween D&D events being led in tandem with the YA Services Librarian.

The quotes from teens about the National D&D Super Dungeon speak for themselves:

"I'd say something heartfelt about now joining the super dungeon was the second best decision I've made in my entire life, but it's late and my phone is at 19%."

Q: "What value did you find in the Super Dungeon as a whole?"

A: "You are important and that with enough time strangers can feel like family"

"It helps me understand more about myself through the characters I make. It helps me train my social skills, and make new friends. The story is good and I'm invested in a lot of other people's characters so that's nice. Gms like Dennis are a bit of a role model for me. It's something to look forward to. It's just fun man."

"Super Dungeon is such an awesome community. It's a creative space for art and storytelling, and I'm so glad that I joined."

"All chapters eventually end, this one was rather exciting and I hope the next will be even better. Thank you so much for making these wonderful stories."

Technology & Technical Services

When asked what this department does, the answer is - "If it circulates, or it gets plugged in, it's the responsibility of this department." While brief, this statement encompasses the range of roles of Technology & Technical Services. Technology handles all library IT infrastructure, from the large - maintaining separate staff & public networks, to the small - providing replacement computer mice to over 50 library workstations. Technical Services literally covers everything that circulates: sometimes with mylar, but always with barcodes, spine labels & protective covers - and new this year is the

2023 Annual Report

addition of RFID tags. It is a wide range of activities, without which the library simply would not be able to provide the more visible outward facing patron services.

Much of the year was spent on figuring out how to move all IT library services & functions to temporary spaces. It was an ongoing and fluid process as spaces were finalized.

Locations

In the end, it was determined that there would be two locations for patron-based services and two locations for staff only usage. In collaboration with Minuteman Library Network staff and Library Director Peter Struzziero, those spaces were assessed for library needs. A number of adjustments were needed to take our one building operation and set it up in 4 separate town locations. Our Department rose to meet all of these challenges, and we are proud to report that staff are settled in with all necessary technology equipment.

Transitioning

Library services began transitioning to the temporary spaces in November. Technology was moved to the Beech Street Center, and to The Benton Library.

There were innumerable technology needs that needed to be considered and planned for. Suffice it to say, moving all IT functionality that had been put in place over a number of years was a challenge that we were up to. The work continues in 2024 and beyond.

One on One Tech Help

One on One Tech Help appointments got an upgrade this year. Appointment booking was made easier and more visible for patrons with a streamlined scheduling process accessed directly through the library's events calendar. Technology Librarian Jack Clark met with patrons for dozens of appointments over the course of the year, providing assistance on a variety of topics that included how to use library apps, loading Ebooks onto Kindles, and computer/mobile device basics. The one-on-one approach has been determined to be the most useful given current staffing levels and the unique nature of most of the requests. Patrons also appreciate the individual attention and the ability to ask questions directly to a tech expert.

Library of Things

From Kindles, the first thing, to one of the latest - Induction Cooktops, the Library of Things continues to be very popular. All items combined circulated over 2,000 times in 2023.

The next expansion to the Library of Things is on the horizon: the Library of Tools. During 2023 we researched avenues for potential additions to the Library of Things, settled on a basic category of "home and auto", and acquired the items in question. The Library of Tools will include things like stud finders, outlet testers, and automotive diagnostic code readers -- things that come in handy

2023 Annual Report

when patrons need them, but may not need often enough to own: perfect candidates for the Library of Things!

Staffing

It was again a year of transition for this department, from retirements to promotions.

Key Technical Services library assistant AnnMarie Zocchi retired in June after 17 years at the library. Over her tenure, the Administrative Assistant position had been expanded to include many responsibilities. Her contributions will be greatly missed, but we wish her the best in her retirement. In June, Technical Services library assistant Smitha Prasad was promoted from her previous position within the department after having transitioned two years earlier from the Circulation Department. With little formal training, Smitha has taken to this new role and become a leader in the department.

The library was fortunate to be able to replace Smitha as Library Assistant in Technical Services with Mahmonir Pooladgar, another internal hire. Mahmonir fit seamlessly into the department, as she had been a part time employee for many years before having been hired in a full time capacity in the Circulation Department. She brings a background in Technical Services, and also an enthusiasm for developing new skills.

Projects

In spite of staff upheavals and keeping up with the regular workload, Technical Services identified and took on a number of projects over the course of the year. These include:

- **Theme-based periodical displays**
 - Belmont subscribes to over 125 periodicals from daily newspapers to weekly and monthly magazines. In collaboration with Circulation Supervisor Gráinne Griffin, three new sections were separated out to better highlight particular areas of interest: Cooking, Health, and World Languages. This brief pilot project was met with positive feedback from patrons.
- **Feedback forms for DVDs and blu-rays**
 - It is impossible to monitor the condition of circulating AV materials beyond a basic visual inspection upon check-in and periodic analysis of high circulating items. A simple feedback form, designed by the Community Outreach Librarian, is now included in all circulating DVDs, blu-rays and physical audiobooks for patrons to inform staff of any playback issues. This crowdsourcing gives patrons agency in helping to maintain the collection and further indicates the interest that Belmont Public Library has in ensuring that patrons have the best possible materials.

2023 Annual Report

- **Recataloging Children's World Languages collection**
 - As the Children's World Languages collection was expanded with additional languages and materials over the past few years, there were opportunities to recatalog the collection to maximize ease of use. A new easier to use category was created along with a new spine label to help identify the materials more easily.

RFID

The library has a long-term plan to implement RFID tagging for all circulating items. The goal this year was to convert the new and current holdings as much as possible before the planned storing of the majority of library collections. Overall, it was an overwhelming success due to the collaboration of all departments and the support of Library Administration.

Regular staff began tagging existing materials in the library stacks, literally starting with 0.00 in Adult nonfiction. This took place simultaneously in tandem with tagging in Juvenile Fiction and Adult Reference collections.

Technical Services staff continued to tag all new items along with AV materials, again as time allowed.

As progress moved through the building, returned materials for those completed collections were tagged as available. Aptly named "Grab and Tag", this enabled staff working at public service desks to continue the overall process of RFID tagging - again, as time allowed.

While tagging was moving along, it became clear that with the current availability of staff hours, the process was at a plateau. Administration opened up additional paid hours for all staff, and tagging increased substantially from May 2023 and onward.

At this point, statistics for all seven RFID stations began to be tracked on a monthly basis, and the numbers increased considerably. It is a credit to all involved from part- and full-time staff to Department Heads who moved the process along, training as needed and coordinating progress through the many library collections.

At this point the majority of the collection (over 100,000 physical items) have been tagged, with a small percentage remaining. To give a comparison, no other comparable Minuteman library has completed a RFID project within a 12-month period, not once, not ever.

The next step is to set up RFID for circulation purposes. Planning for this is underway.

2023 Annual Report

Friends of the Belmont Public Library

Executive officers in 2023 were Stephanie Cahoon and Kristen Carte-Smith, Co-Presidents; Cyndi Reitmeyer, and Anne Lougee Co-Treasurers, and Pamela Delalla, Secretary. In September, Stephanie and Anne sought new opportunities and new officers were sought. We thank Stephanie and Anne for their service.

Among the new members we drew, we vetted a dozen candidates interested in the secretary and co-treasurer positions. As a result, Kabin Shrestha filled the vacant co-treasurer position and Wendy Coup Conroy became our new secretary. Pamela Delalla was voted in as vice president. In addition, Mary Stearns, a former friend's president became Trustee/ Friends liaison; and Assistant Library Director Lauren Pfendner was named Library/ Friends Liaison. In addition, we formed volunteer, and governance committees to support our ever-expanding Library development.

Books-in-Bloom, a library program led this time by the Friends, Library Staff and the Belmont Garden Club returned as an extended celebration of our 50th anniversary celebration and collected thousands in ticket sales. We raised thousands for the Library through our annual book sales. Katie Brown, who will be attending the University of San Diego, was recipient of the newly-formed Senior Scholarship Award. Friends Annual Meeting Guest Speaker was Lucia Gates, a member of the Belmont Garden Club and advocate for sustainable and ecologically-inspired landscapes. We were happy to have her included. The Friends looks forward to supporting programs and services in the new library. We thank our members and supporters.

Fundraising for the Library Building Project

Coming on the heels of the successful vote to construct a new library, the Belmont Library Foundation in partnership with the Trustees, have focused on meeting our \$5 million goal that we set for private support for the new library.

To date, the Foundation in conjunction with the Library Trustees have raised and contributed \$2.9 million and we are on track to meet our 5 million dollar goal. Toward the costs of construction. 100% of donors have satisfied their pledges to or the town for library construction. This is an excellent indicator of the commitment that Belmont donors have to completion of this project. We continue to focus on this important priority.

The Belmont Library Foundation will continue to raise money for the library project. We want to be prepared in the event that the project experiences unexpected construction cost overruns. Publicity about the library continues to attract the attention of many who want to contribute to the project, and we have continued to build relationships with citizens, library supporters, and others who have an interest in supporting the library project.

2023 Annual Report

Thank you

In closing, we want to extend a specific note of gratitude to all Belmont Residents and Library supporters. Without you, there would be no project. We are particularly grateful for all the dedication and effort of the Trustee Chair and Building Committee Member Kathy Keohane, who has been a true leader for the organization and Belmont at large for the last decade and more. Working alongside Kathy leading the Building Project is Building Committee Chair and longtime supporter, Clair Colburn. Without these two leaders and extraordinary people, the future of the Library would be very different indeed.

Kindest Regards,

Peter Skruzziero

Library Director

BELMONT HOUSING AUTHORITY

Chair: (Charles Lavery III)

Vice-Chair: (Gloria E. Leipzig)

Secretary: (Raymond Morales, District Housing Manager)

Committee Members:

(Anne Mahon)

(Cassandra Page)

(Sarah Bilodeau)

Purpose and Duties:

The Belmont Housing Authority provides decent, safe and sanitary housing assistance for low-and moderate-income persons. At the heart of our mission at the Belmont Housing Authority is our commitment to empowering our residents. We prioritize connecting members of our community to the invaluable resources offered through our Resident Services Department. By facilitating access to a wide range of community resources, we strive to enhance the quality of life for all residents, fostering a supportive environment where individuals can thrive and achieve their fullest potential.

The Belmont Tenant Association (BTA) is a tenant run advisory board for the Belmont Housing Authority (BHA) and advocates for tenants who live in the 254 apartment homes overseen by the Belmont Housing Authority. The BTA and the BHA work together to organize events that foster a sense of belonging and community spirit among the residents.

The BHA's Board of Commissioners set policy, while the Cambridge Housing Authority manages the day-to-day operations of the Authority. Belmont Housing Authority's current portfolio includes:

State Aided Assistance

- **(154) c.667 Elderly/Disabled Housing units (80 one-bedroom units at Sherman Gardens, and 74 one-bedroom units at Waverly Oaks, of which 3 are handicap accessible units).**
- **(100) c.200 Family Housing units, (50 two-bedroom units and 50 three-bedroom units at Belmont Village)**
- **(8)-bedroom c.689 Department of Mental Health duplex at Clark Lane**
- **(18) Alternative Housing Vouchers Program (AHVP) Vouchers**
- **An additional (9) AHVP Vouchers were awarded to the BHA in 2023.**

Federal Aided Assistance

- **(47) Housing Choice Voucher Programs (Section 8)**

Summary of Activities and Accomplishments:

Cambridge Housing Authority continues to run all Operations of Belmont Housing Authority under a management contract.

The following was accomplished in 2023:

- Capital Improvement Projects: Repainting of all common hallways, entrances, and stairwells at Waverly Oaks., repainted Belmont Village Management Office space.
- Amended and ratified (6) critical Authority management policies.
- Provided Wifi services to the Community rooms at Waverly Oaks & Sherman Gardens.
- Hosted the Annual Porch Fest at Waverly Oaks for the community.
- Secure additional funding to provide sewer line upgrades at Belmont Village.
- Upgraded emergency hallway lighting at Waverly Oaks community room and residential building hallways.
- Our Resident Service Coordinator provided financial assistance to residents, conducted periodic coffee hour and holiday events with our Senior residents.
- Completed a Property Management Review (PMR) conducted by the Executive Office Housing & Livable Communities (EOHLC) with high ratings.

Goals for 2024:

In 2024, the Authority looks forward to:

- Finalizing the Sherman Gardens Revitalization Developer's Agreement between the Cambridge Housing Authority, the Belmont Housing Authority, and the Belmont Tenants Association.
- Continuing collaboration with the Town of Belmont departments and committees to best serve our residents.
- Continue to establish a strong connection between the management staff and the Tenants Association.
- Add an additional (6) Alternative Housing Voucher Program (AHVP) vouchers.

Respectfully Submitted,

Charles Lavery III,

Chair of the Belmont Housing Authority Board

2023 Annual Report

TOWN CLERK'S OFFICE

Department Head: Ellen O'Brien Cushman, Town Clerk (Elected)

Assistant Town Clerk: Meg Piccione

Purpose and Duties:

The Town Clerk's Office gathers, records, and communicates governmental vital information in a timely manner and is the first point of contact for federal and state agencies and most residents as well as the first point of contact for residents to inquire. The Town Clerk's Office consists of three programs:

- **Town Clerk:** Responsible for creating, registering and maintaining official Town records, including births, deaths, marriages, businesses, pets, meetings and filings of governmental bodies, serving as the Town's Records Access Officer for Public Records Requests, and Ethics and legal filings and is the point of contact for Town residents, and local, State and federal agencies.
- **Elections & Registrations:** Responsible for running elections and management of the Town census of voters and residents in compliance with local, State and federal laws and verifying residency for inquiring agencies.
- **Legislative:** Responsible for managing and supporting Town Meeting through the elected Moderator, submitting votes to the Attorney General, Department of Revenue and other State agencies, maintaining contact information for and sending official communications to Town Meeting Members.

Summary of Activities and Accomplishments:

- *Customer Interactions:* As forecast, these numbers settled back to the one-election normal. Telephone calls are of course not included in these numbers. Customer-reported satisfaction, trust and confidence in our department is extremely high.

Customer Interactions	2023	2022	2021	2020	2019	2018	2017	2016
Visitors	10,345	7693	3243 9/1-12/31/21 COVID closure	5011 1/1-3/15/20 COVID closure	15694	19,040	14,300	25729
Emails Sent & Received	74,012	60,676	29,403	67,252	38,182	39,175	43,878	65,366

- *Elections:* In 2023, Annual Town Election only. The Legislature passed the Votes Act in 2022 that piled many new requirements on Clerks Statewide without adding any tools or funding to accomplish the work. The Votes Act made permanent the Vote By Mail provision that was installed as a temporary measure during the COVID pandemic when voters were afraid to venture out to the polls. For the Town Election, we issued 1033 Vote by Mail ballots and a total of 6459 ballots were cast, a turnout of 36.45%. Contested races for Town Meeting Member were held in six of the eight precincts, with one having more than 20 candidates, and three others 16 candidates. We deployed successfully the new DS200 Tabulators and Poll Pad Electronic voting lists at the Town Election.
- *Fulfillment of Public Records Requests:* Our Public Records Portal, NextRequest, used to track and fulfill Public Records Requests per the MA Public Records Law in calendar 2023 totaled 1046 requests (up from 1016 in 2022), an average of 87 requests per month Town-wide. Though virtually all departments receive and fulfill requests, the lions' share of the numbers are fulfilled by the Police, Fire and Town Clerk's office. Some departments have received more complex requests. The total requests handled through our NextRequest portal is 7276 requests since inception in 2017. The Town Clerk's office fulfilled directly 105 of the total requests, 75 in 2023. The portal allows centralized viewing and depository of documents as well as requests; currently 15,477 documents are contained in the system that have been downloaded 47,831 times. All Town departments use this utility, which saves a tremendous number

2023 Annual Report

of email and coordination effort; the NextRequest system continues to be a major laborsaving utility, allowing coordination, tracking, automated timelines, in-system redaction and legal information to allow Town employees to easily and quickly respond to requests within the law. The Town Clerk's office provides oversight, consulting and monitoring to ensure that departments are properly addressing the requests in a timely manner.

- *Community Preservation Act Project to Digitize and Preserve Belmont's Records:* We continue to depend upon our digitized records to issue certified copies of vital records and provide documents in response to requests for vital records, Town Meeting votes and transcripts, Town Annual Reports, and Board of Selectmen minutes from 1859 to the present, etc. Though we have not completed the preservation work on some of our original books, we hope to turn back to that task in 2024.
- *Town Meeting Actions:* Since 2020, we have run 21 sessions of Town Meeting using remote-access technology. In May of 2023, we returned to all in-person Town Meetings with consistently high attendance. For the November 2023 three-night Special Town Meeting we embarked on another experimental path to offer hybrid Town Meetings. The coordination efforts with the IT Department, Belmont Media and Belmont Schools and the Town Meeting Team of employees ultimately made the hybrid work, but the additional work and demands for video and sound in the new High School Auditorium was daunting.. Annual Town Meeting met six nights and acted on 22 articles, plus three additional Special Town Meetings totaling five nights and 14 articles. Approval by the Attorney General of five of the six amendments to the General By-laws and Zoning By-law has already been received.
- *Minutes for Town Boards, Commissions and Committees:* Committees continue to thrive online with notable increases in resident attendance/participation. The Town Clerk's office posted 1423 meeting postings and minutes in 2023.
- *Online Ordering and Payments:* Our in-office visitors are down slightly because many customers are making their requests and online using our online ordering and payment systems for Business Licenses, Pet Licenses and Certified Copies of Vital Records, totaling \$30,000 or 26% of our total revenue. The customers find the online services convenient and use them; more importantly, these online systems allow the Town Clerk's office to control our time and tasks so we can fulfill requests quickly and when convenient for us to do so.
- *Some additional Statistics:* 2503 pet licenses issued, more than 3100 other fee-based requests fulfilled, 221 births, 247 deaths and 94 marriages were recorded for Belmont residents.
- During 2023, we were so fortunate to have dedicated volunteers return to assist us, both newly retired residents and Belmont High School students. They allowed us to be ready for the onset of voting, census, etc. in 2024.
- I'll tell anyone and everyone who'll listen - Belmont is lucky to have the employees of the Town Clerk's office who each have the "whatever it takes" attitude required to respond to everchanging demands put on us, most often by the MA legislature. All four of our employees are residents of the Town and they work tirelessly to provide an extraordinary level of service to all who ask for or need our help. Meg Piccione, Nancy Casale and Dan Cane, along with our election workers, volunteers and Town Meeting Team Members, are again my unsung heroes.

Continuing Goals for 2024:

- In 2024 we hope to acquire a high-speed vote tabulator using money from the State Early Voting fund to allow us to reasonably manage the expected onslaught of Vote By Mail ballots during the four elections in 2024.
- We have our sights on 2024 and will be planning to make the next Presidential Election year one that the Town Clerk's staff survives and thrives. We look forward to the introduction of the State's updated Central Voter Registry in hope that it is a tool that improves processes and workflow, decreasing required manual tasks.

2023 Annual Report

- Continue CPA project indexing Town Meeting Transcripts & Annual Reports and Select Board minutes, preserving fragile record books. In addition, we'll continue to update our Town Meeting votes database, currently containing votes from the present back to 1879, closing in on 1859!
- We hope to participate in the updating of the website to make the Town Clerk's services even more available to all who need or request them.
- The Town Clerk's Office staff will continue to strive for efficiency by tracking and improving our process throughput. Policies and procedures are developed thoughtfully to minimize effort and maximize results. We strive to address a customer's problem in the first contact with complete and accurate information. Touch a piece of paper once. Enter data once. Make information accurate and accessible so it's not a time-consuming hunt when asked to produce a document.

Respectfully Submitted,

Ellen O'Brien Cushman
Town Clerk

2023 Annual Report

ELECTED TREASURER, COLLECTOR AND PARKING CLERK: Floyd S. Carman

TREASURER'S OFFICE STAFF:

Assistant Treasurer and Assistant Collector: Richard Arria

Administrative Assistant: Elaine Tripoli

Real Estate Technician: Janine Doumanian

Excise Technician: Celina Corbo

Accounts Payable: Odalys Torres

Purpose and Duties:

The Treasurer/Tax Collector Office has responsibilities to oversee the Town investments, cash management, and revenue collection activities, manage the issuance of General Obligation Bonds, prepare and file debt service compliance reports and administration of payroll and employee benefits. They also directly support the Parking Clerk, Permanent Audit Committee, Capital Endowment Committee, Town of Belmont Scholarship Fund Committee, Community Preservation Committee, Belmont Employees Credit Union and Belmont Cultural Arts.

FY22 ACCOMPLISHMENTS:

- ***PAPERLESS TAX BILLING SOLUTION:***

As of 12/31/2022 Belmont was 1 of 185 communities offering the optional paperless solution. The future benefits for a paperless solution should reduce paper cost and postage.

As of 12/31/2022 these are the metrics for Belmont Taxpayers using the on-line features:

	12/31/2020	12/31/2021	12/31/2022
Real Estate bills Issued:	8,366	8,615	8,635
Personal Property bills Issued:	485	385	444
Excise Tax bills issued:	<u>20,682</u>	<u>20,991</u>	<u>20902</u>
Total:	29,533	29,991	29,981
On-line Users	11,102	11,375	11,525

The Department also offers the ability to pay on-line with a credit card. It is anticipated that as time moves on the next generation of Belmont homeowners will sign up for paperless billing in larger numbers.

- ***FY22 ISSUED DEBT***

Water Bond (MWRA) \$0.5 Million

Sewer Bond \$0.5 Million

BHS Bond \$1.3 Million

- ***REAL ESTATE TAX LIEN CLEAN UP PROJECT***

- Engaged outside attorney, KP LAW, P.C.
- During calendar year 2022 closed 7 liens totaling \$759,000.

- ***RATING AGENCY UPDATE***

- FY2022 Financial Audit completed on time.
- All financial disclosure documents filled on time.
- Updated \$1.0M Water Main and Sewer Projects.

2023 Annual Report

- April 2022 Moody's and Standard & Poor's AAA rating reaffirmed for Belmont. We are 1 of 11 communities out of 351 in Massachusetts with AAA rating from both.

Miscellaneous Accomplishments:

Treasury Management

The balance of Governmental earnings \$392,517 decreased by \$2,292,325 from the previous years. The FY22 weighted annual interest rate was .25%. Our cash flow continues to be steady with a 99.5% tax collection rate.

Debt Management

As of 6/30/22 the current year Net Debt Service Cost was \$18,465,817 with total outstanding debt remaining of \$244,546,664. This represents thirteen projects which include Belmont High School, DPW/Police, Blair Pond Electric Substation, Wellington Elementary School, Town Hall Complex, Fire Station, BHS Athletic Field and Town Water/Sewer projects.

Tax Collection

The Town continues to enjoy a high collection rate, 99.5% for FY22. A number of properties are delinquent with back taxes and the appropriate tax title taking documents were filed to establish a lien and protect the Town's interest in collecting delinquent taxes. Taxpayers experiencing financial hardship are encouraged to consult with the Board of Assessors to determine eligibility for deferrals and exemptions as options to allow them to remain in their homes. While properties in deferral accrue interest on outstanding taxes at 4.5% annually, overdue tax and lien amounts incur 14% interest and 16% when in Tax Title. All taxes, liens, and accrued interest are ordinarily collected when the property is sold or refinanced.

Parking Clerk

The parking revenue for FY22 was \$186,326.

Respectfully Submitted,

Floyd S. Carman

Treasurer, Collector and Parking Clerk

CAPITAL ENDOWMENT FUND
Fiscal Year 2022

The advisors for the Capital Endowment Fund are:

- Jonathan B. Treat
- Ernest E. Fay
- S. Warren Farrell, Jr.
- Roy Epstein, Ex-Officio, Select Board
- Floyd S. Carman, Ex-Officio, Town Treasurer
- John J. Olohan, Ameriprise Financial Services, Inc.

The Capital Endowment Fund was established to fund and facilitate innovations in town government and to assist with long range capital planning. This fund was enacted by the state legislature and signed into law by the Governor of the Commonwealth in April of 1995.

\$2,000,000 was received from the proceeds of the sale of Belmont's cable system. An additional \$943,949.24 was appropriated into the fund by Town Meeting in 2001. All proceeds from the voluntary tax bill check-off for capital projects are deposited into this account.

Capital Endowment Fund Activity

Opening Balance 7/01/2021	\$4,969,104
Withdrawal per TMM Vote***	(150,000)
Income Earned	<u>(245,790)</u>
Closing Balance 6/30/2022	<u>\$4,573,314</u>

Capital Endowment Fund Asset Allocation
As of 6/30/2022

Cash & Cash Investments	\$363,303
Equities	2,825,581
Fixed Income	<u>1,384,430</u>
Closing Balance 6/30/2022	<u>\$4,573,314</u>

***Note: Distribution of \$150,000 in FY2022 to Capital Budget

Respectfully submitted,
Floyd S. Carman, Town Treasurer

Purpose and Duties:

In 2016 the Building Committee was formed after the MSBA [Massachusetts School Building Authority] accepted Belmont into their Grant program to partially fund the design and construction of a new or renovated Belmont High School. The Building Committee's responsibility is to oversee the execution of this task with the MSBA. In 2018 the School Committee approved the school to be a Middle and High School consisting of grades 7-12.

In 2018 the Schematic Design was approved for a single four-story school building consisting of a separate Middle School area serving grades 7 and 8 and a separate High School area servicing grades 9-12. The total square footage of the building is 445,100 square feet with approximately 56,000 square feet being a renovated portion of the existing High School consisting mainly of the Field House, lockers, pool and Small Gym. The remaining area is all new construction.

The Belmont Middle and High School was designed to allow the Town to achieve ZNE (Zero Net Energy) status. It takes a community to get this project over the ZNE finish line. The Building Committee's role is to provide design components such as building orientation, window to wall ratio, sun shading, high performance building envelope, efficient MEP systems, geothermal wells, no fossil fuels, and a rooftop photovoltaic system that provides approximately 1/3 of the total annual energy needs. The School Department is responsible for establishing a program to achieve ZNE by setting policy and engaging the right guidance to operate the building. The Building Occupants (administration, teachers, students, community users) participate by being aware of energy usage and striving to change typical habits to more energy-conscious behavior such as using less plug loads, adjusting to warmer interior temperatures in the summer and cooler interior temperatures in the winter, and adopting proper window ventilation protocols. And the Belmont Community contributes by continuing to foster an awareness as a regional leader in energy change and to advocate for choices necessary to achieve project ZNE.

Construction was broken into two main phases with Phase 1 being the construction of the High School portion with occupancy planned for the fall of 2021 and Phase 2 consisting of the construction of the Middle School portion with occupancy planned for the fall of 2023. In 2018 the Voters of Belmont approved the Project for funding based on a budget of \$295,159,189 with a potential grant of \$80,644,278 of that cost being funded by MSBA.

Summary of Activities and Accomplishments:

In 2019 the Construction Documents were complete. Prior to that three separate rounds of estimating occurred to ensure that the estimated cost of construction, based on the design, was within the construction cost budget. Value engineering was completed in two of the estimating rounds to align the design with the construction cost. Construction on Phase 1 was started in the summer of 2019 through the release of early bid packages consisting of site work, foundations, and the building superstructure.

Bidding for the remainder of the Project was completed in 2020. In the summer of 2020, the construction agreement for the entire project was completed through the execution of the GMP [Guaranteed Maximum Price] which is the Owner's mechanism to define the project scope, cost, and schedule for Contractor execution under MGL Ch149a. With this agreement in place, the MSBA reviewed the Project Funding Agreement executed in 2019 between MSBA and Belmont and in 2021 modified their agreement to align with the details of the GMP committing to funding the project to a maximum of \$79,436,265.

With the onset of COVID-19 the project was impacted in multiple ways including meetings and site access, the construction means and methods, costs, and schedule. Per the decision of the Belmont Select Board, the Building Committee switched to conducting its business via remote Public Zoom meetings starting in March 2020 and is continuing with Public Zoom meetings for the foreseeable future. Protocols were implemented for site worker safety that incurred additional cost to the project. These costs were funded through Project's contingency budget. The Building Committee worked with the Town Administration Office to offset these unanticipated COVID-19 costs in 2020 through funding from the CARES Act and continued to track and allocate costs directly associated with COVID-19 to Federal funding mechanisms rolled out in 2021 as ARPA funding. Further funding from ARPA was realized in 2022 to offset a portion of the COVID-19 costs.

Construction delays from COVID-19 caused by supply chain impacts and working protocols were managed by working longer days and 6-day work weeks. These efforts incurred additional costs which were funded through the contingency budget and the Committee received funding resources to offset some of these costs. The project estimates the final COVID-19 cost impacts to be in the range of \$4,500,000 if not higher, particularly because some COVID-19 cost impacts are not clearly evident in all pricing.

Phase 1 was substantially completed by September 2021 with the successful opening of the high school portion of the new school welcoming students and staff into the new facility on schedule. That allowed for the demolition of the original high school to commence on time over the summer of 2021 and made way for construction of Phase 2, which is the middle school portion, which started in 2021 as scheduled. Phase 2 was substantially completed by September 2023 with the successful opening of the middle school portion of the school completing the entire project construction cycles on the schedule originally planned in 2018 and presented to the Belmont voters. A Ribbon Cutting Ceremony

2023 Annual Report

for students and staff was celebrated on the first day of school on September 6, 2023, and a Town Dedication Ceremony was celebrated on October 21, 2023 with open house and public tours for all that came.

The selection of Furniture, Fixtures and Equipment began in 2020 and concluded in 2021 with delivery of Phase 1 FF&E being mostly completed by the time the school opened in September 2021. Similarly, the bidding of Technology consisting of computers, classroom monitors, and similar equipment was completed in 2020 for Phase 1, and technology was installed and operating in support of the first day of High School in September 2021.

Bidding of FF&E components for Middle School not purchased in 2020 was started in 2022 and concluded in 2023 in support of the Phase 2 Middle School opening in September 2023. Similarly the technology purchase for Phase 2 took place in 2022 to achieve the latest in technology for the Middle School opening in 2023. Both FF&E and Technology purchases for this entire project concluded within budgets established in 2018.

Solar panel system installation was a focus of Committee effort in late 2021 and early 2022. Early in 2022 the Committee retained a solar system design consultant to provide expertise in design of a rooftop solar panel system solution and to guide the Committee through the bidding, construction and commissioning of a solar panel system. In April 2022 the Committee voted in favor of committing to install a solar panel system throughout the entire roof of the new building consistent with the original design intent of the project dating back to 2018 when presented to the Belmont voters. Bidding of the solar panel system took place in the fall of 2022, and although escalation costs through the bidding effort exceeded the original budget established in 2018, additional financial recourses from contingency and ARPA funding helped finance the full rooftop solar panel solution committed to at the start of this project.

As a result of COVID-19 impacts, construction cost escalation, project changes, and site latent conditions, costs for the project rose dramatically with a concern that final project costs may exceed the budget. The Building Committee spent a good amount of time in early 2022 working on various ways to reduce the costs of the project and ensure all projected costs remain in line with the budget. A refresh and thorough look was taken with all items that had not been finished in an attempt to find savings. With these updates, the project finished construction on budget and this proactive effort continued into 2023 to ensure that the project remained on budget,

Goals for 2024:

In 2024 the Committee continues to focus on providing direction and oversight of the project team to complete the pending punchlist. Issues have been itemized and costs have been monetized to ensure the Town retains adequate resources to perform the necessary remaining corrective work should a subcontractor decide not to follow up. Full construction completion is expected to be achieved in March 2024, allowing monetized values to be released for payment. Payment in full is contingent on receiving all warranties, as-built documents, operation and maintenance manuals, and proper training of systems.

The solar system was activated in March 2024 following successful signoffs by stakeholders. Production of renewable resources for the building will continue at a level that is expected to achieve 1/3 of the total building energy needs through these renewable resources. Mechanical system commissioning and operation will continue with contract oversight from Interval Data Systems of Waltham, who tracks trends and advises on possible solutions that will reduce the building energy demands.

2023 Annual Report

The Committee continues to close out permit obligations with Conservation Commission, Planning Board, and Office of Community Development. Once permits are closed out and obligations with subcontractors are fulfilled, the construction contract with Skanska will be closed out. The project will file for LEED certification in 2024. Minimum LEED certification is required to receive State Grant obligation however, the project is aiming for LEED Gold status which demonstrates design above and beyond the traditional building standards.

The State continues to evaluate the Project costs and respond with eligible reimbursement. In 2024 the project summary report will be submitted to MSBA to initiate their final financial audit. Once submitted, the process from the State side is expected to take approximately 12 months. Release of the remaining grant money from the State is expected next year following completion of the audit.

In 2024 the Committee expects to complete a small list of work outside the agreement with the construction manager, Skanska. These are small-scale tasks required to fulfill the building program and will be executed outside the Skanska contract to ensure costs will be minimized, with resources from the Owner's Project Manager overseeing the work. The Committee intends to perform a one-year warranty walkthrough following the completion of the 2024 school year.

The Building Committee continues to hold regular monthly business meetings to receive updates on the progress of the project closeout process, review the Project budget, pay bills, and discuss building issues that may be relevant to the Committee. The Project remains on budget and was delivered on schedule, and the Building Committee continues to monitor the closeout schedule to ensure the final audit is completed and payment from the MSBA is received in 2025.

Respectfully Submitted,

Bill Lovallo, Chair
Belmont Middle and High School Building Committee

Bylaw Review Committee

Chair: Robert E. McGaw

Committee Members:

Elizabeth Goss

Joseph Hicks

Robert Schafer

Ellen O'Brien Cushman, Town Clerk- Ex-officio member

Two members of the Committee, Joseph Hicks and Robert Schafer, resigned because they relocated out of Belmont. The Committee members are grateful for their diligence, collaboration and drafting skills. The Committee will welcome new members Roger Read and Thomas Foley in 2024.

Purpose and Duties.

The Bylaw Review Committee is a permanent committee established under §40-400 of Belmont's General Bylaws and its members are appointed by the Town Moderator. The principal function of the Committee is to review proposals for amendments to the General Bylaws to ensure that the proposed changes do not conflict with existing Bylaws or State Laws. The detailed responsibilities of the Bylaw Review Committee are set forth in Section §40-400. Members of the Committee also assist citizens in drafting proposed amendments to the General Bylaws to fulfill a specific purpose as determined by the citizens. In addition, amendments to the proposed language, offered by Town Meeting Members, are also reviewed by the Committee. The Committee has no responsibility to review amendments to the Belmont Zoning By-Law.

In 2023, and the Committee reviewed four proposed amendments to the General Bylaws:

- A. Adoption of Specialized Energy Code, § 60-310 to replace the Stretch Energy Code
- B. Amending the Revolving Funds Bylaw § 50-2020 to include a new Recreation Revolving Fund.
- C. Amendment to § 60-800, expanding definitions regarding obstructions to sidewalks.
- D. Amendment to waive certain fees for public events, § 40-325.E

Proposals A, B, and C were adopted at the 2023 Town Meeting and approved by the Massachusetts Attorney General. Proposal D was defeated by Town Meeting.

Respectfully submitted,

Robert E. McGaw, Chair

Purpose and Duties:

(See Department of Public Works/Belmont Police Department Building Committee reports to Annual Town Meeting dated May 30, 2018; May 1, 2019; June 2, 2021)

The DPW/BPD Building Committee was authorized by Town Meeting on November 13, 2017 and subsequently appointed by the Town Meeting Moderator. The Building Committee was tasked with forming a schematic design with cost estimates and ultimately construction documents for renovations and additions to the DPW facility at the Town Yard and the police station on its present location on Concord Avenue. The work done on the DPW is intended to last for ten years until a completely new facility can be constructed. The work on the police station is intended to be a permanent, fifty-year solution to the needs of the Police Department.

Summary of Activities and Accomplishments:

2023 has been spent waiting for minor follow-up repairs and adjustments to be completed on the Police Station HVAC system. The work is overseen by the Facilities Department. Supply chain delays in obtaining equipment along with delayed response from vendors created a year long delay in finalizing this work.

Goals for 2024:

The Committee expects to hold a close out meeting in March, 2024 at which time they will vote to dissolve the Committee. If there are any remaining funds they will be turned back to the Town at this time.

Respectfully Submitted,

Anne Marie S. Mahoney, Chair

Ex-Officio and Liaisons:

Roy Epstein, Select Board

Meghan Moriarty, School Committee

Purpose and Duties:

The Warrant Committee (many towns use the label “Finance Committee”) consists of up to seventeen members appointed by the Town Moderator for staggered three-year terms. One representative from the Select Board and one from the School Committee serve as ex-officio members. The Warrant Committee elects its officers: Chair, Vice-Chair and Secretary. The Town By-Laws give the Warrant Committee responsibility for reporting and making recommendations to the Town Meeting on any article that involves the appropriation of money. The most significant is the annual Town budget where the Warrant Committee representing the Town Meeting will present its annual budgetary and capital positions to the Town Meeting. The Warrant Committee also reports on any matter that in the Committee’s judgment significantly impacts the Town’s financial interest. In addition, the Warrant Committee reviews and approves all requests for transfers from the Reserve Fund. Established by Town Meeting, the \$400,000 Reserve Fund is designed for unbudgeted, emergency expenditures that arise during the year.

Disclosure on uses of timelines:

The Town fiscal year follows a July 1 to June 30 timeline with the Fiscal Year being represented for the June 30 date of the following year. However, activities reported follow a calendar year and are represented using Spring, which we are in at the time of this report, Fall and Winter.

Summary of Activities and Accomplishments:

The Warrant Committee worked with the Select Board, the School Committee (responsible for the school budget), Town Administrator (municipal budget) and various town and school departments to present a Fiscal Year 2024 (FY24) budget to Town Meeting under tight time constraints in the Spring of 2023. This work included the annual Warrant Committee Report on the Town Budget which provides an executive summary of the budget for Town Meeting Members, as well as more detailed department budget analyses.

2023 Annual Report

Examples of other warrant articles we examined included projects recommended by the Community Preservation Committee and the zoning reforms presented at the Fall Town Meeting. The collaborative committees and departments implemented a new process for the FY24 budget process.

Beginning in the fall of 2022 and through the winter of 2023, there were five FY24 Budget Summits that resulted in further refinement for an improved budgeting process for the FY25 budget. Below represents the process followed, where early on it was clear that a significant override was necessary:

- Host a series of Budget Summits with increasingly precise revenue projections. Discussion to inform later iterations.
- Develop budget projections for “core services” that are funded first – refined alongside revenues.
- Identify remaining revenue that the Town Administrator and School Superintendent use to inform their recommended budgets given determined needs.
- Determine and agree to the level of one-time funding (or lack thereof) and potential override amounts used to supplement revenues.
- Create two sets of budgets for both the municipal and school budgets: one modeled for a successful override in April 2024 and one if the override were not successful.
- Review multi-year budget forecasts and the impact of one-time funds, reserve balances, successful or unsuccessful override for FY25 and projected future budget challenges.

In the Fall of 2023, there was significant attention and analysis on the continued use of one-time funds (which, when received, flows to Free Cash for Town Meeting to appropriate later) and a multi-year financial outlook in light that a sizable operating override would be needed for the FY25 budget to maintain the current level of services. A detailed analysis was completed to determine that the amount of one-time funds to be utilized from one year to the next should be increased from \$2 million to \$3 million based on expected annual turnbacks and Free Cash replenishment of \$3 million. This is a significant reduction in the amount in one-time funds that have been used over the last several budget cycles, which had ranged from \$5-\$10 million. Any additional one-time funds received above the \$3 million that is mandated to be used in operating expenses will be used for capital projects or put into a General or Capital Stabilization Fund.

The Warrant Committee also developed high level concepts to guide the Committee through meeting its responsibilities to the Town specified in the Town bylaws for the Warrant Committee. The following are these concepts:

- Balance the level of community services with our dependence on residential property tax revenue.
- Maintain and adhere to the town's Comprehensive Financial Policies.
- Plan sustainable budgets with a multi-year focus.
- Advise Town Meeting on the budget and other matters that affect the financial interests of the town.

Goals for 2023:

The main responsibility of the Warrant Committee is to recommend and present the annual Town Budget to the Town Meeting. The Warrant Committee does so through the work of a series of subcommittees, namely:

2023 Annual Report

Education, General Government, Human Services, Shared Services, Public Safety, and Public Services – with additional liaisons to the Comprehensive Capital Budget Committee, the Structural Change Implementation Committee, and the Belmont Middle and High School Building Committee. The Committee also meets with the Select Board, School Committee, Comprehensive Capital Budget Committee, and School Committee from time to time to consider relevant financial issues. The Chair is a member of the Town Meeting planning group that discuss the articles, motions and reports that will come before Town Meeting as well as the overall timeline for the Annual Town Meeting and any Special Town Meetings.

The Warrant Committee uses a framework it developed to evaluate appropriations and Warrant Articles. Specifically, for all projects coming before Town Meeting where a Warrant Committee recommendation is appropriate, the framework includes:

- 1) questions about project scope, costs, and justification and requests for clarifying data.
- 2) assessment of future financial impacts such as effects on operating revenues and costs; and
- 3) assessment of broader economic effects on the Town such as growth, distribution/equity, and efficiency.
- 4) The Committee may also consider the longer-term consequences and tradeoffs of pursuing capital projects.

The Warrant Committee relies on its collective professional expertise in legal, finance and economics as well as its experience in Town affairs.

In 2024, the Warrant Committee will continue to implement and improve the new budgeting framework for the final FY25 budgeting season but more importantly for FY26 and beyond. Even with a successful override, the long-term structural deficit exists and the override has only bought time for Belmont to get its financial house in order. Considering this, the Warrant Committee is leading the development of a Fiscal Compact with the residents of Belmont to address the underlying fiscal challenges. The Committee established guiding principles for a Fiscal Compact that a newly formed advisory group will follow in the development of a formal Fiscal Compact in the spring and summer of 2024 ahead of the FY26 budgeting process. The following are those principles for the advisory group which has representatives from the Select Board/Town Administrator, School Department, Warrant Committee and School Committee.

Belmont Fiscal Compact Guiding Principles

To strengthen our long-term fiscal planning, effectively balance the needs of all residents and minimize future tax increases, a Fiscal Compact Advisory Group will be established to develop a long-term fiscal strategy to help guide current and future town leaders. The guiding principles and commitments below are aimed at setting a foundation for advisory working group members to further refine and develop a more formal fiscal compact with taxpayers. The Fiscal Compact will be completed in advance of the Fall FY26 budget summits.

- No additional Proposition 2½ override request for at least three years after a successful override.
- Reduce annual expense growth rates to bring expenditures in closer alignment with revenue.

- Develop policies to spur revenue and growth, diversify our tax base and promote economic development and business growth.
- Reduce the reliance on one-time sources to fund the operating budget and place excess Free Cash generated each year by turnbacks or excess revenue into specific stabilization funds and capital projects.
- Protect against future fiscal shocks by maintaining adequate financial reserves and a strong bond rating.
- Pursue key initiatives to reduce ongoing expenses and generate operating efficiencies through enhancements in municipal and school organizational structures.
- Bolster Town services, including replacing the aging school curriculum and expanding discretionary capital.
- Provide transparent budgeting and formalize multi-year financial planning, including the potential creation of a long-term financial planning committee with representation from town boards/committees, town and school administration, and town residents with a goal of achieving financial stability and sustainability.
- Develop new senior economic tax relief programs (to the extent permitted by Massachusetts Law).

The Warrant Committee looks forward to working collaboratively with the Select Board, School Committee, and Comprehensive Capital Committee to strengthen the budget process and address longer-term challenges. The goal is to use this framework to ensure that budgets are balanced with limited use of one-time funds and operating overrides to create a fiscal environment of stability and sustainability that will allow for all of Belmont's residents to benefit from the services the Town provides.

Belmont Library Building Committee

Library Building Committee

Chair Clair Colburn

Secretary Stephen Sala

Treasurer Sally Martin

Committee Members

Marty Bitner

David Blazon, Director of Facilities

Steve Engler

Kathleen Keohane

Christina Marsh

Robert McLaughlin

Marcie Shorr Hirsch

Peter Struzziero, Library Director

CHA Owner's Project Manager

Oudens Ello Architecture Architect

Purpose and Duties

In 2016, the Town commissioned a library feasibility study at the request of the Library Trustees. The feasibility study concluded that a new library building would most effectively meet the Town's library needs, as the current building, built in 1965, was a poor candidate for renovation. In 2017, Town Meeting voted to appoint a Library Building Committee (LBC) to proceed with the Schematic Design Phase for the project.

The Library Building Committee hired CHA as the Owner's Project Manager and Oudens Ello Architecture as the Architects and then spent two years evaluating the current library building's infrastructure and usage data, interviewing library staff and patrons, conducting wide-reaching community surveys, facilitating focus groups, meeting with community members, town organizations and other key stakeholders, and holding multiple community forums to develop the schematic design for the new Library.

In 2019, the Library Building Committee and architects from Oudens Ello Architecture presented final schematic designs for a new, all-electric, 40,460 gsf library. These designs reflected extensive research, feedback, and input and exemplify a library that will meet the needs of Belmont residents for years to come.

Fundraising and Cost

After a pause during the first year of the Covid-19 pandemic, the Belmont Library Foundation (BLF) orchestrated a very successful fundraising drive in the Fall of 2021. On October 4th, 2021 the Select Board committed to a community wide vote in November of 2022, which kickstarted a 2nd fundraising drive in the spring of 2022. Together, the fundraising effort raised funds exceeding \$5M. In November 2022, the public confirmed their support for the project by voting for the debt exclusion for the new

2023 Annual Report

Belmont Library Building Committee

Library which was estimated to cost \$39.5M. In September of 2022, Town Meeting voted to borrow \$34.5M which, combined with the \$5M raised by the BLF, covers the full cost of the new Library.

Library Design Process

The extensive community outreach (seven Community Forums, two community surveys, Town Meeting and Select Board reports) provided feedback for the new Library which includes input on sustainability goals, usage, accessibility, and the desired types of spaces.

One of the overarching drivers for the design has been a focus on sustainability. The new Library will be fully electric, highly efficient and will have rooftop photovoltaic panels. The site significantly reduces impervious paving by consolidating parking on the west side of the site. Rain gardens naturally filter pollutants from Concord Avenue and the parking lot, EV charges are located within the parking lot, and the landscaping consists of native plant species.

Notable upgrades from the current Library include universal accessibility, gathering spaces, improved natural light and views, a larger community room with acoustical treatments, numerous group study rooms, an upgraded Young Adult room, a larger Children's Room with dedicated crafting and story time spaces, a media room, a quiet reading room and a reading porch. The site has walking paths, benches and gathering spaces.

Timeline and Schedule

Final Construction Documents were submitted in December of 2023 finalizing the design phases. The LBC voted to bid the abatement and demolition phases separately from the construction phase so that demolition-specific contractors could bid the project and then the project could be bid independently by general contractors, in an effort to yield more favorable bids and reduce the overall schedule. The early bid package for demolition also allows for the building to be demolished during the winter months and foundations to be installed in the spring, helping to reduce winter condition's costs during the winter spanning 2024-2025.

The Library moved out books and media for storage and temporary services in December of 2023 and donated furniture and equipment to the Town, neighboring libraries and to the public in an effort to reduce material entering the waste stream. Slate tiles, the boiler, the granite steps and granite curbs have been salvaged for reuse for the new Library or other Town buildings.

In March 2024, building demolition commenced after the abatement of hazardous material which began in February 2024. The bids will be finalized in early April and construction will start shortly after the General Contractor's contract has been finalized. Construction is expected to be complete in the Summer of 2025 and the Library will open in the Fall of 2025 after the books and other media have been moved back in from their temporary locations.

The LBC partnered with the Town for the use of the 'Golden Bowl', adjacent to the Library site, for contractors parking to reduce cost to the project. The General Contractor will prepare the Golden Bowl with gravel for parking and will return the site to its original condition after work is complete. The entire site, including the Golden Bowl contractor parking area, will be fenced off from the public, while allowing use of the public sidewalks and DPW access to the Wellington Brook debris grate.

Temporary Services

2023 Annual Report

Belmont Library Building Committee

Temporary library services are occurring entirely through Town amenities which means that no additional taxpayer funds were spent on temporary services. These temporary services are spread throughout town in the following locations: Benton Library – Children’s Services; Belmont Middle School - Young Adult Service; Beech Street Center – Adult Services, Online – databases, reference, virtual programming, and museum passes.

The Library Building Committee continues to hold bi-weekly meetings and update Town Meeting and the Select Board. Members of the Committee meet regularly with the Town’s Treasurer and the Town Administrator. The Chair meets monthly with the School and Rink Committee Chairs and the Town Administrator to coordinate the efforts of the three projects as well as to capitalize on synergistic opportunities. After construction begins, the Library Building Committee will periodically tour the construction site.

The project is currently on budget, on schedule and highly sustainable and the Committee will continue working to achieve these goals.

Sincerely,

A handwritten signature in black ink, appearing to read "Clair Colburn", with a long horizontal flourish extending to the right.

Clair Colburn, AIA, LFA, LEED AP+C
Chair of the Library Building Committee

2023 Annual Report

Age Friendly Action Committee:

Chair: Judy Morrison, COA board representative

Committee Members:

Tim Flood – Special Needs Task Force Member
TBD - Housing Representative
May Forkin – Library Representative
Lt Kristin Daley, BPD - Public Safety Representative
Jeff Liberty – School Representative
Paul Cowing - Recreation Representative
Susan Polit – Resident Representative
TBD - Resident Representative
Dana Bickelman (Director COA) – Ex-Officio Member

Purpose and Duties:

Name of Plan	Goal #1	Goal #2
Housing	Develop guide for homeowners wishing to make age friendly home modifications	Allow Accessory Dwelling Units (ADUs)
Transportation/ Walkability	Create safe walkways, free of tripping hazards and snow/ice impediments, for older adults.	Create transportation options
Outdoor Spaces	Expand number of age friendly recreational spaces	All planned outdoor space designs will incorporate age friendly features
Communications	Expand avenues for communications among various groups and media forums with older adult community	Acquire communications consultant to develop new and improved avenues of communications

Summary of Activities and Accomplishments:

For activities and **accomplishments in 2023 and Goals for 2024 (next steps)** by each of the four goal areas noted above, please see the charts below.

2023 Annual Report

HOUSING:

Goal	2023 Activity	2024 – Goals/Next Steps
Create and Distribute HomeFit guide	✓ COMPLETE • Use Free AARP guide + • created /printed companion BELMONT specific guide. • All FUNDED by AARP ✓ Beech street Event sponsored by AARP and highlighted Police, Fire, social worker support for seniors	• Expanding successful event • Resource Fair for Aging in place to be held April 30th with town and over 25 vendors who support seniors aging well in place. • All home fit guides reprinted!
Assess need/ use of ADUs	✓ Complete research and recommendation for specific ADU policy. ✓ Presented to Housign Trust, and new head of planning board ✓ Included in town Housing plan. • Researched neighboring towns Q1 • Share across groups Q2	• Work with Planning Board to recommend specific zoning changes allowing ADUs. FALL 2024

TRANSPORATION AND WALKABILITY:

Goal	2023 Activity	2024 – Goals/Next Steps
Transportation		
• Create Seniors Parking Permits • Volunteer Driver and Ride share program • Advocate for safe walk/ bikeway Long term: • Explore intra Belmont transit	✓ Successfully expanded. ✓ Relaunched post covid 2022 • Partner with TAC and Community Path to insure Seniors' input 20 • 24 Initiative	• 385 total parking permits given last year. 106 as of 1/18/23. • medical rides Funded via grants, Friends of COA and donations
Walkability		
• Organize walking groups • Ice/ Snow Removal • Coordinate safe walking routes. Long term: • Evaluate wasy to expedite sidewalk repairs • Operationalize guidelines in future projects.	✓ COA re-starting walking groups ✓ Volunteer Coordinator managed 100% of seniors Snow removal • Initiated discussions with Transportation Advisory Committee and Safe walks to school	2024 Goal/Activities: • Survey seniors on most used facilities (Sr Center, PO, retail centers) • Leverage census and School Maps • GIS – software to map routes • Partner with TAC, Safe Schools, etc. to set priorities that include Seniors needs.

2023 Annual Report

OUTDOOR SPACES:

Goal	2023Activity	2024 – Goals/Next Steps
OVERALL GOAL: Expand number of age friendly recreational spaces		
• Define Age Friendly Components of outdoor space • Advocate for Age Friendly Features in outdoor space projects	A 2023 initiative ✓ Tim Flood researched and wrote recommended guidelines. ✓ Shared with Rec Commission, Community Path, COA, TAC, Safe Routes to School etc.	• Leverage AARP to help define age friendly features” • Get list of all outdoor space initiatives and coordinate input from Seniors as possible
Long Term:		2024 and beyond
• All outdoor spaces to include age friendly features. • Institutionalize age friendly features via town guidelines	✓ Research, write and recommend Belmont Age Friendly Guidelines ✓ Public review – December ✓ Input from groups across town	✓ Gain Select Board Agreement to Age Friendly Outdoor Space Guidelines - Now - Integrate guidelines, processes in town policy and implementation

COMMUNICATIONS:

Goal	Status/2023 activity	2024+/ Next Steps
Expand Communication among various groups and media forums with older adult community		
• Representation on Town Website redesign; include Connections across town websites • Support Seniors adoption of digital resources • Participate integration of Volunteer clearing house	• TBD • Sr. Center Volunteer Coordinator supports volunteers for digital adoption. Both Library and COA provide digital support. • Volunteer clearing house -Hold until town able to activate.	• The Belmont Voice has significantly improved communication across all ages, particularly with the in-home paper version.
Long Term - Acquire communication consultant to plan ways to reach aging adults.	2024 – 25 initiative BELMONT VOICE has already improved commutations	Explore non-municipal funding options (AARP, Umass Gerontology)

Respectfully Submitted,

Judy Morrison
Age Friendly Action Committee

2023 Annual Report

Cable Television Advisory Committee:

Chair: Mark Carthy

Vice-Chair: Chet Messer

Secretary: Chet Messer

Committee Members: Jonathan Birge

Ex-officio and Liaisons:

Jeffrey Hansell, Executive Director, Belmont Media Center

David Petto, Director of Information Technology, Town of Belmont

Steve Mazzola, Director of Technology, Belmont Public Schools

Patrice Garvin, Town Administrator

Purpose and Duties:

The Cable Television Advisory Committee advises the Select Board in their role as Issuing Authority when negotiating the cable TV franchise agreements with the Town's cable TV providers (currently Comcast and Verizon).

Summary of Activities and Accomplishments:

- Started Comcast renewal process – current agreement expires October 2, 2024
- Completed Community Ascertainment process (survey of community needs and community feedback)
- Drafted new Comcast contract – sent to Comcast for review

Goals for 2024:

- Manage existing Cable TV franchisee holders.
- Manage renewal of Comcast license

Respectfully Submitted,

Mark Carthy

Cable Television Advisory Committee

2023 Annual Report

Community Path Project Committee

Chair: Holly Muson

Vice-Chair: Bonnie Friedman

Secretary: Mark Kagan

Committee members:

Steve Engler

Philip Lawrence

Eric Perkins (Representative appointed by the School Committee)

Vincent Stanton, Jr.

Ellen Sugarman

Purpose and Duties:

The Committee works with Town staff, the Select Board, consultant engineers and designers, state agencies, and other town committees to oversee the design and funding of the Belmont Community Path. The project has been divided into two phases, which are progressing on different tracks. Phase 1 (Cambridge border to Clark Street Bridge) is approaching completion of 25% design, while Phase 2 (Clark Street Bridge to the Waltham border) design started in 2023. General duties include:

1. Work with Town staff to recruit, evaluate, and recommend qualified design consultants to the Select Board via the RFP process (i.e. specifying scope of work and evaluation criteria, issuing RFPs, and subsequently scoring proposals and interviewing candidate design firms). Nitsch Engineering was hired in 2019 to lead design of Phase 1; Pare Corporation and Toole Design were hired at the end of 2022 to design Phase 2.
2. Work with Town staff to secure funding for the design and construction of the path. (Design and right of way acquisition are the responsibility of the Town, and have been funded by a mix of Community Preservation Act appropriations, state grants and state earmarks. Construction will be 100% funded by the state and federal governments via the competitive Transportation Improvement Program (TIP); in spring 2022 \$21 million in TIP funds was allocated for construction of Phase 1 in 2026.)
3. Work with Town staff and other Town committees to coordinate the development of the Belmont path with other intersecting Belmont projects (e.g. construction of the new middle-high school).
5. Work with Town staff to oversee and assess the work of the design consultants.
6. Communicate with Belmont residents about the path, including its present status and ways in which they can provide suggestions, and by providing an annual report to Town Meeting on the Community Path and its progress.

Summary of Activities and Accomplishments in 2023:

The CPPC meets regularly to review the progress of each consultant, ensure continued outreach to coordinate with other Belmont committees and boards, and review consultant billing.

Phase One: 25% Design documents submitted to MassDOT and the MBTA in November 2021 have been under review for two years. Final comments on these documents were received by Nitsch Engineering in October, 2023. The CPPC applied for additional Community Preservation Act funds in November, 2023 to cover changes and additions to the project design mandated by the state agencies during their review, mainly relating to a change in construction method for the Alexander Avenue underpass. Nitsch responded to the review comments in preparation for a public hearing to be held by MassDOT in spring of 2024.

Phase Two: In the winter and spring CPPC worked with Pare Corporation and Toole Design to launch a study of potential routes for Phase Two. The CPPC facilitated interviews, meet and greet events, an online community survey and a site walk. Pare collected and analyzed soil borings, met with relevant Town department and committee heads, interviewed senior MBTA and MassDOT officials, developed several alternative route options and constructed a new route evaluation matrix based on the current Boston MPO project scoring rubric. In May the Pare team presented a route recommendation, which the CPPC unanimously voted to recommend to the Select Board. In August, the Select Board asked for additional preparatory work, including a site survey along the south side of the Fitchburg Line west of Clark Street Bridge, including the northern border of Belmont Village, to fully understand the land parcels required for the recommended route. Over the course of the fall, a contract amendment was negotiated with Pare to enable this survey work to be undertaken.

Goals for 2024:

Phase One: 25% Design Public Hearing to be held in March. The CPPC and Nitsch will meet with path abutters to review design plans in advance of the submission of 75% project design documents, targeted for June 30, 2024. Subsequently MassDOT will review 75% design, after which Nitsch will prepare 100% design drawings and construction documents. The Town will perform appraisals of the properties requiring temporary or permanent easements (one property) necessary for the project, and begin to negotiate the acquisition of these easements. The CPPC will assist in communicating with these neighbors. Construction of Phase One of the Community Path is expected to begin in 2026.

Phase Two: Pare will present the findings of survey work for evaluation to inform which route can proceed into design. Design is expected to run through 2024, progressing through 25, 75 and 100% as with Phase One. The CPPC will assist with design input, coordination with other town departments and committees, community outreach and meetings with abutters.

2023 Annual Report

COMMUNITY PRESERVATION COMMITTEE

Chair: Elizabeth Harmer Dionne (Board of Parks Commissioners)

Vice-Chair: Margaret Velie (Conservation Commission)

Secretary: Juliet Jenkins (Select Board nominee)

Committee Members:

Jacqueline Appel (Historic District Commission)

Carol Berberian (Planning Board)

Gloria Leipzig (Housing Authority)

David Lind (Recreation Commission)

Anne Marie Mahoney (Select Board nominee)

Aaron Pikilingis (Select Board nominee)

Purpose and Duties:

The Community Preservation Committee (CPC) was formed to evaluate the community preservation needs of Belmont and make recommendations to Town Meeting for appropriations from Belmont's CPA Fund as part of the annual budget process. The CPC is responsible for reviewing applications for funding under the Community Preservation Act (CPA). The CPA Fund is a powerful resource that can be used to build community in Belmont, but doing so requires active members of the community to sponsor CPA-eligible projects. With this in mind, the CPC encourages Belmont residents to spearhead community-based projects, in line with the policies, priorities, and procedures set forth in the town's CPA Plan (updated annually and posted on the CPC page of the town's website).

The CPA allows towns to preserve Open Space, including Recreational Lands; preserve Historic Resources; and create and support Community Housing. There are two sources of revenue for Belmont's CPA Fund: a 1.5% surcharge on our annual property taxes and a partial match on that amount from the state.

Summary of Activities and Accomplishments:

The CPC received six regular funding applications in the fall of 2022. In addition, in spring 2023 the CPC received an off-cycle funding application for the Homer House. The CPC received three additional off-cycle funding applications in fall 2023. The CPC determined that all four off-cycle applications met the off-cycle funding criteria, and Town Meeting ultimately approved all ten CPA funding applications.

In May 2023, Annual Town Meeting (ATM) approved and appropriated a total of \$2,109,814 for seven of the projects listed below for FY2024.¹ In November 2023, Special Town Meeting (STM) approved and appropriated a total of \$695,868 for three additional off-cycle projects, bringing total FY2024 appropriations from the CPA Fund to \$2,805,682.

Community Housing

- ***Fund to Support the Creation of New Affordable Housing.*** The Belmont Housing Trust requested \$250,000 to establish readiness for opportunities that arise in town for creating affordable housing for individuals and families whose annual income is less than 80 percent of the areawide median income. Prior appropriations include
 - \$250,000 approved for the identical purpose for FY2022. The project includes use of an updated grant agreement between the Community Preservation Committee, the Town, and the Housing Trust.

¹ This includes a \$75,000 appropriation for annual administrative expenses of the Community Preservation Committee.

- The FY2022 project replenished funds approved for the identical purpose for FY2019, which were then repurposed by Town Meeting to establish an Emergency Rental Assistance Program in FY2021.
- **Predevelopment Planning for Rejuvenation of Sherman Gardens.** The Belmont Housing Authority requested \$400,000 in development funding to support the redevelopment and expansion of Sherman Gardens. Prior appropriations include:
 - \$173,200 (FY2018) and
 - \$400,000 (FY2022). These awards provided funding for consulting, feasibility analysis, architectural work, and engineering work at Sherman Gardens.

Historic Resources

- **Library Historic Objects Preservation Plan.** The Belmont Library Board of Trustees requested \$86,787 to remove, protect, preserve, and restore specific historic artifacts that were removed from the former Belmont Public Library Building and reinstall them in the new library upon completion of construction.
- **Belmont Woman's Club Request for Homer House.** (Off-cycle funding request, spring ATM) The Belmont Woman's Club requested an additional \$31,500 to complete restoration of the windows at the historic Homer House. When the restoration contractor went to reinstall restored windows on the third floor, she determined that the existing window frames were unstable due to rot. Prior appropriations to the Woman's Club include
 - \$10,000 (FY2014) building survey and exploration of the William Flagg Homer House;
 - \$100,000 (FY2016) for cupola repair and restoration; and
 - \$100,000 (FY2021) for window repair and restoration.
- **Town Hall Retaining Wall.** (Off-cycle funding request, November STM) The Town of Belmont Facilities Department requested \$160,000 to hire an engineer to analyze and design a new stone retaining wall that supports the driveway up to the historic front doors of Town Hall. The historic stone wall has failed, and the engineer will need to determine if water coming off Town Hall is causing further deterioration.
- **School Administration Building Roof Restoration.** (Off-cycle funding request, November STM) The Belmont Historic District Commission (BHDC) on behalf of the Town of Belmont requested \$160,000 (increased on further consultation to \$200,000) to design and construct repairs to the roof of the Belmont School Administration Building (SAB) to stop active leaks and ongoing water damage. The BHDC has identified the SAB as one of Belmont's most important town-owned historic assets.

Open Space/ Outdoor Recreational Land

- **Conservation Fund.** The Belmont Conservation Commission requested \$200,000 to establish a dedicated account as a source of readily accessible funds to be used to facilitate the purchase of open space and/or deed restrictions. The creation of this fund will allow the Town to react quickly to opportunities to expand open space in town.
- **Grove Street Baseball and Basketball Reconstruction.** The Town of Belmont, with Friends of Grove Street Park and Belmont Youth Baseball and Softball, requested \$941,935 to reconstruct the baseball fields and basketball court, as indicated by the design plans completed during the prior fiscal year. Reconstruction will remediate unsafe conditions on both the fields and the court. Prior appropriations to Grove Street Park include:
 - \$35,000 (FY2018 for walking path site plan);
 - \$336,000 (FY2018 for tennis court reconstruction);
 - \$780,087 (FY2019 for walking path construction); and
 - \$40,000 (FY2022) to create design plans to reconstruct the three youth baseball fields and basketball court and to address drainage issues in those areas.
- **PQ Basketball Court Replacement.** The Town of Belmont, Recreation Department, requested \$124,592 to replace in-kind the current basketball court, which is closed due to dangerous conditions on the court.

2023 Annual Report

- **Belmont Community Path Phase I Design.** (Off-cycle funding request, November STM) The Community Path Project Committee requested \$335,868 for additional design funds made necessary due to changes in project scope and additional, unanticipated work requested by the MBTA and Mass DOT, which control the site and any proposed design or construction. Both MBTA and Mass DOT support this project. This is a continuation of prior appropriations to cover all design and acquisition expenses of Phase I of the project (Brighton St. to Clark St. Bridge), which the town must cover to be eligible for state and federal funding of full construction costs. Prior appropriations include:
 - \$400,000 (FY2019 for Phase 1a design);
 - \$1,000,000 (FY2020 for Phase 1b design); and
 - \$200,000 (FY2022 for right-of-way acquisition).

Goals for 2024:

The CPC has voted to recommend five projects, including one off-cycle funding request, that have requested CPA funding for FY2025. These projects will be presented before Segment B of Annual Town Meeting in June 2024. In preparation for Town Meeting, the CPC will convene with the Select Board, the Warrant Committee, and the Comprehensive Capital Budget Committee. It will also hold a public forum with the League of Women Voters and the Warrant Committee to consider any questions or concerns the community may have regarding the proposed projects.

Ongoing Projects

Throughout the year, the CPC will continue to monitor the progress of approved projects to ensure they are completed on time and within their allotted budgets. All FY2014 through FY2016 CPA projects have been completed. In addition to the FY2024 projects outlined above, the following FY2017 through FY2023 projects are expected to continue through calendar year 2024. (Please note that some of these projects are close to completion but have not yet closed out final invoices.)

FY2017

Historic Resources

- **Preserving Belmont's Original Vital Records** - \$80,000 to preserve the original vital records of births, deaths and marriages in Belmont that was started as part of the FY14 Preserving and Digitizing Belmont's Vital Records Project. The Town Clerk's office will select which books to preserve of the original documents, per the preservation survey, and engage a vendor to conduct the prescribed preservation. Due to pandemic-related delays, the CPC voted to extend the deadline for completing this project.
- **Digitizing Belmont's Town Meeting Records** - \$85,000 to digitize the images of the Town Meeting and Annual Report documents from their many forms and index them topically into the existing Paper Vision database software the Town Clerk's office licenses for managing Belmont's vital records. Indexing by topic will make them accessible and usable to the Town Clerk's staff utilizing the existing database software, cutting the research time certainly, but more importantly, it will allow the staff to obtain a complete picture of all the transactions or items involving that topic. Due to pandemic-related delays, the CPC voted to extend the deadline for completing this project.

FY2018

Community Housing

- **Assessment and Project Redevelopment of Sherman Gardens** - \$173,200 to complete an assessment and project redevelopment plan of Sherman Gardens Apartments. The plan will focus on the feasibility of new construction on the site to provide elevator access for the elderly and disabled residents of Belmont and also the creation of additional affordable apartments on the site. This is part of the overall redevelopment plan for

Sherman Gardens that received an additional appropriation for FY2023. (Please see further explanation on page 2 above.)

FY2019

Open Space / Recreational Land

- **Community Path Alexander Avenue Underpass** - \$400,000 to design Phase 1a of the Community Path, the Alexander Avenue Underpass, under the MBTA rail lines joining Channing Road/Alexander Avenue with the Belmont High School property. This is part of the overall planning for and design of the Community Path. (Please see further explanation on pages 2-3 above.)

FY2020

Open Space/ Outdoor Recreational Land

- **Clay Pit Pond, Preservation and Restoration of Vegetation** – The Conservation Commission requested \$20,000 to help restore the vegetative buffer around the bank of the pond. The project's goal is to remove non-native and invasive vegetation to improve the health of the native trees and shrubs. This should also improve vistas into the pond as exotic bittersweet vines seasonally screen much of the pond from view. The project will be conducted over three years. This project is a result of an earlier CPA funded Master Plan for Clay Pit Pond Park which was completed in 2015. Due to pandemic-related delays, the CPC voted to extend the deadline for completing this project.
- **Community Path Phase 1b Design (Brighton Street to Clark Street Bridge)** – The Select Board requested \$1,000,000 to design Phase 1b of the Community Path. The project will create a new recreational path in Belmont from Brighton Street to the Clark Street Bridge. This is part of the overall planning for and design of the Community Path. (Please see further explanation on pages 2-3 above.)
- **Rock Meadow Habitat Preservation** -The Conservation Commission requested \$24,400 to preserve Rock Meadow by removing non-native and invasive plants. This is a three-year project with the bulk of the work in the first year. The exotic species of greatest concern in the meadow is Black Swallowwort. Due to pandemic-related delays, the CPC voted to extend the deadline for completing this project.

Historic Resources

- **Town Hall Complex Slate Roofs Restoration** – The Belmont Facilities Department requested \$100,000 to rehabilitate and restore the slate roofs and associated internal water damage at Town Hall and the Homer and School Administration Buildings. The repairs are essential for preservation of Belmont's historically significant municipal core. Due to pandemic-related delays, the CPC voted to extend the deadline for completing this project. (Please see further explanation on page 2 above.)

FY2021

Historic Resources

- **Homer House Window Restoration Project** – The Belmont Women's Club requested \$100,000 to restore 43 windows (currently inoperable and energy inefficient) in the 1853 William Flagg Homer House, located in the Belmont and Pleasant Street Historic Districts. Restoration work will include: restoration of sashes, frames, glazing, and hardware; weatherization; restoration of stained glass; replacement of missing exterior trim; and repair of pulley systems. In keeping with CPC requirements for private project sponsors, the Belmont Women's Club will contribute an additional \$10,000 to fund the restoration project. (Please see further explanation on page 2 above.)

2023 Annual Report

Community Housing

- ***Feasibility Study for the Redevelopment and Creation of New Affordable Housing Units*** – The Housing Authority requested \$173,000 to complete an assessment and project redevelopment plan of Belmont Village. This assessment and redevelopment plan will focus on the feasibility of new construction of 1-, 2-, and 3-bedroom units, with accessibility access for families and disabled residents of Belmont and the creation of additional affordable housing apartments on the site.

FY2022

Open Space/ Outdoor Recreational Land

- ***Community Path Right of Way Acquisition*** - The Community Path Project Committee (CPPC) requested \$200,000 to fund the initial processes related to right of way (ROW) acquisition for Phases 1a and 1b (Brighton Street to Clark Street Bridge plus the underpass at Alexander Avenue and connecting links to Channing Road and Concord Avenue) of the Community Path project. (Please see further explanation on pages 2-3 above.)

Community Housing

- ***Transfer to Belmont Housing Trust*** – The Belmont Housing Trust requested \$250,000 to establish readiness for opportunities that arise in town for creating affordable housing for individuals and families whose annual income is less than 80 percent of the areawide median income.

FY2023

Community Housing

- ***Pre-Development Funding for Revitalization of Sherman Gardens***. The Belmont Housing Authority requested \$400,000 to fund ongoing pre-development activities necessary to update, reconstruct, and expand the number of housing units at Sherman Gardens. This is a state public housing development of eighty one-bedroom units housing elders and persons with disabilities, owned and managed by the Belmont Housing Authority. In its current condition, it is outdated and inaccessible for many residents. This is a continuation of \$173,200 appropriated to the same project from the CPA Fund in FY2018. (Please see further explanation on page 2 above.)

Historic Resources

- ***Town Hall Slate Roof Repairs***. The Facilities Department requested \$266,300 to fund necessary repairs to the slate roofs on Town Hall. In June 2019 Town Meeting approved and appropriated \$100,000 (FY2020) for this project. However, with the departure of the prior Facilities Director and the advent of Covid, the project did not go out to bid until the spring of 2022. The single bid came in at \$333,000. With additional funding from Town Meeting, the project will go out to bid again this spring.
- ***Restoration of Benton Library Chimney and Building Repairs***. The Friends of the Benton Library, Inc., requested \$150,000 to repair the building's stone chimney, which collapsed on February 10, 2022, damaging elements of the roof, one rafter, and the bulkhead. Funds are necessary to rebuild the chimney, repair the roof and other areas of damage, and remove non-historic, non-functioning ventilation fans.
- ***Benton Library Building Envelope Study***. The Friends of the Benton Library, Inc., requested \$20,000 to hire a consultant to identify any required maintenance so that they can conduct necessary repairs and maintenance and avoid further damage, such as the collapse of the chimney.
- ***Belmont Cemetery Preservation Master Plan***. The Department of Public Works and the Board of Cemetery Commissioners requested \$60,000 to hire a qualified consulting firm to research, prepare, and

present a comprehensive preservation and restoration master plan with treatment recommendations for both the hardscape and landscape elements of the Belmont Cemetery, which dates from the town's incorporation in 1859.

- **Restoration of Belmont's Historic Tower Clock.** Belmont Citizen's Forum and The First Church in Belmont Unitarian requested \$26,100 to restore the historic clock in the tower of the First Church in Belmont Unitarian Universalist so that it will tell the correct time and ring on the hour. Towns and cities in the Commonwealth have used CPA funds for exterior improvements of religious buildings of historic significance.

Open Space/ Outdoor Recreational Land

- **Payson Park Revitalization, Phase II—Construction.** The Friends of Payson Park requested \$1,190,529.83 to provide the necessary construction and administrative costs to implement the design plan (funded with \$35,000 from the CPA fund in FY2022) of the landscape architectural design firm, Activitas, Inc. The park reconstruction will keep the original design of the park, while making it safer and more accessible by: clearing and leveling playing fields, replacing crumbling foundation walls, replacing broken fencing, repairing or replacing all entrances, adding accessible walkways, replacing picnic tables and benches, and replacing playground equipment.
- **Town Field Playground Restoration.** The Friends of Town Field Playground requested \$343,409 to augment funding of \$25,000 (FY2019 for design funds); \$60,000 (FY2020 for construction and bid documents; and \$680,624 (FY2021 for construction funds). Due to supply chain issues and inflation during and after the Covid-19 pandemic, all bids to construct the project came in higher than the appropriated funds. These are the additional funds required to complete the project that Town Meeting approved in June 2020.
- **Belmont Community Path Phase 2.** The Community Path Project Committee requested \$200,000 to begin planning for Phase 2 of the Belmont Community Path (Clark St. Bridge to Waltham).
- **Grove Street Baseball and Basketball Reconstruction.** The Recreation Department, Friends of Grove Street Park, and Belmont Youth Baseball and Softball requested \$40,000 to create design plans to reconstruct the three youth baseball fields and the basketball court and to address drainage issues in those areas. Prior appropriations to Grove Street Park include \$35,000 (FY2018 for walking path site plan); \$336,000 (FY2018 for tennis court reconstruction); and \$780,087 (FY2019 for walking path construction).

Respectfully Submitted,

Elizabeth Harmer Dionne

Chair, Community Preservation Committee

2023 Annual Report

CULTURAL COUNCIL

Chair: Vicki Amalfitano

Secretary: Gloria Pimentel

Treasurer: Annette Goodro

Committee Members:

Evelyn Corsini (through December 2023)

Katherine Creagh

Emily Kennerley

Sue Morris

Vera Savage

Non-voting members:

Nancy Linde;

Rebecca Richards

Purpose and Duties:

The Belmont Cultural Council (BCC) is a permanent committee appointed by the Select Board and is part of a network of local and regional cultural councils which receive funding through a central state agency, the Massachusetts Cultural Council (MCC). Funds are regranted by the BCC through the MCC Grant Application Process. In conjunction with the MCC processes, we accept grant applications that are due on or about October 15 on an annual basis for cultural projects and events designed to enrich the lives of our community. The Cultural Council meets publicly several times each year depending on the number of applications received, after the October 15 deadline, to make grant decisions. Applicants are informed no later than mid-January via email as to the disposition of their application.

The purpose of the BCC is to support public programs that promote excellence, education, diversity, and inclusion in the arts, humanities, and sciences, in order to foster a rich cultural life in Belmont. The BCC's primary responsibility is to regrant its annual allocation of funds from the Massachusetts Cultural Council. Local council funds may only be used to support programs in the arts, humanities, and sciences in Massachusetts. This definition includes the study, pursuit, performance, exhibition, and appreciation of cultural activities in the broadest sense --

- Arts: The creation of work in the crafts, performing, visual, media, folk, design, literary, and interdisciplinary arts.
- Humanities: Types of learning that deal with human thought and culture, language, and creativity. Examples include, but are not limited to, history, social studies, philosophy, criticism, and literature.
- Sciences: Types of learning that deal with nature, science, and technology in ways that explain how they relate to people's lives. Some examples of organizations that conduct interpretive science activities are arboretums, botanical gardens, nature centers, natural history, and anthropology museums, planetariums, and science and technology centers.

2023 Annual Report

Council Priorities

The Council prioritizes funding applicants from Belmont and cultural events and activities that benefit the Belmont public. Our July 2023 Community Input Survey indicated that town residents had the greatest preference for community-wide gatherings (festivals, farmers' market activities), the performing arts (concerts and plays), programs that celebrate cultural diversity, educational programs and events in Belmont schools, public art, and nature, science, and environmental education. The population segments of highest importance were families, senior citizens, and teens.

Priority is given to events that occur in Belmont, and that are in collaboration with Belmont-based organizations. Applicants based outside of Belmont are required to secure sponsorship of a Belmont public or non-profit organization and include a sponsorship letter endorsing the project in their online application. The Council places a priority on programs that occur after January of the grant cycle for the upcoming grant year. All grant recipients are expected to present a publicity plan as part of their application, which includes acknowledgement of the BCC and MCC as funding sources. Field trips and funds for food or drink cannot be awarded grants.

Summary of Activities and Accomplishments:

The Belmont Cultural Council received grant applications in 2023 requesting a total of \$21,600.

We approved the following 11 grants, totaling \$9,000, for cultural programs in Belmont during 2023:

- Belmont Art Association (Transforming Belmont 2024), \$1,500
- Belmont Porchfest, \$1,500
- Belmont World Film's 21st Family Festival, \$500
- Biodiversity Builders (Student Plant Sale 2024), \$750
- Francis Hart (The "ME" Decade - A Cultural Review of the 1970s Through Music), \$300
- Wellington Multicultural Night Chinese Table 2024 \$300
- Boston International Asian Music Festival – Belmont, \$1,000
- Payson Park Music Festival, \$1,500
- Powers Music School (Community Irish Céilí), \$750
- The Dorothy and Charles Mosesian Center for the Arts (Arts Storytime and Story Explorers Project), \$600
- Matt York (Songs & Stories: Willie Nelson), \$300.

2023 Community Input Survey

The Cultural Council is required by the MCC to gather community input on needs and priorities around cultural activities. The Cultural Council conducted an electronic survey in July 2023, promoted by the Town,

2023 Annual Report

Belmont Cultural Council, and other venues in Belmont. With 133 responses collected, our Community Input Survey indicated some important considerations for the Council.

- **Awareness and Familiarity:** These indicators continue to be a challenge for the BCC. 55% of 2024 respondents were either very or somewhat aware of grants funding, down from 75% of respondents in the prior year, so we do need to improve our awareness and familiarity among Belmont residents. 45% of respondents were aware of our Local Cultural Council funding grants. All that said, 60% had attended Porchfest, 50% of respondents had seen one of the Belmont Art Association Transformer Boxes, and 50% had attended a Payson Park Music Festival concert, all of which received partial funding from the Belmont Cultural Council.
- **Funding Priorities:** Respondents had the greatest preference for community-wide gatherings (festivals, farmers' market activities), programs that celebrate cultural diversity, the performing arts (concerts and plays), public art, and nature, science, and environmental education. The population segments of highest importance were families, senior citizens, and teens.

Goals for 2024:

As indicated by the results of our 2023 Community Input Survey, the Council still needs to raise awareness of its work and the programs of our grantees. Each grant is assigned a BCC member as a liaison, and these Council members will work closely with grant recipients on promotional advice as well as initiating more publicity for our grant-funded events. We will continue to use the BCC Facebook site as an economic tool to increase visibility as well as updating BCC content on the Town and MCC websites. We intend to expand the reach of our press releases as well.

We will continue to monitor the cultural needs and priorities of Belmont residents with our next Community Input Survey in July 2024.

2023 Annual Report

Diversity, Equity, and Inclusion Implementation Committee

Chair: Kimberly Haley-Jackson and Julie Wu

Vice-Chair:

Secretary: John Davis

Committee Members:

David Destefano

Andrew Poulsen

John Davis

Kimberly Haley-Jackson

Purpose and Duties:

The Committee will discuss and advise on the implementation of the final recommendations of the Diversity Task Force. The committee will consider priority, length of time to implement, cost to implement and public and employee input on those recommendations. The committee will work with the Town's Human Resources Department, School Department, Public Safety Departments and any other Town department that will be able to assist in informing the committee on a realistic implementation timeline. The committee will also work with Belmont's community to bring forth the recommendations of the DTF. The committee will hold public input sessions for recommendations. Finally, the committee will bring to the Select Board their implementation plans with any and all costs implications for a final vote of the Select Board.

Summary of Activities and Accomplishments:

We have created a spreadsheet of the Diversity Task Force recommendations, ordering the recommendations into short, medium, and long-term projects and identifying, with the Town Administrator's help, the necessary channels for implementation. We have met with the BPS Diversity Director and the Belmont Human Resource Director to discuss DTF recommendations, what actions are being currently taken and what are planned.

Goals for 2024:

We will follow up with the Human Resource Director and talk with the School Department to continue to discuss implementation of the DTF recommendations. We will outreach to other departments and committees, such as the Economic Development Committee. We will also hold a public input session.

Respectfully Submitted,

Julie Wu and Kimberly Haley-Jackson

Diversity, Equity, and Inclusion Implementation Committee

Belmont Economic Development Committee

Chair: Paul Joy

Secretary: Wendy Etkind

Communication Coordinator: Erin Brown

Committee Members:

Paul Joy: Chair, Engagement Manager. Ducker Carlisle

Wendy Etkind: Secretary, Product Management, Oracle Retail Global Business Unit

Erin Brown: Communications Lead, Owner Blue Butterfly, Freelance Writer

Deran Muckjian: Member, Owner, Toy Shop of Belmont

Marie Warner: Member, CEO & Founder, Boston Women Connect and Warmer Professional Sales

Jack Sy: Member, Owner, Number One Taste

Rui “Renee” Guo: Planning Board Representative, VHB

Armine Humphrey: Member, Owner, Valentina Day Spa

Schuyler Wiggin: Member, Owner, Quebrada Baking Company

Purpose and Duties:

- Advise the Select Board and other town boards on issues concerning bylaws, policies, regulations, and zoning that foster commercial growth, strengthen the local economy, and are consistent with maintaining the character of our community
- Focus efforts on activities that maintain or expand the commercial & industrial tax base
- Identify changing economic trends and develop recommendations to maximize interest in our community and attract these potential new businesses
- Advocate for state and federal grants, incentives, or for improvement in regulations that help advance our economic priorities
- Establish relationships and improve communication with local businesses

Summary of Activities and Accomplishments:

Charge 1: Advising the Selectboard & Town Departments

- Presented 2022-23 achievements to the Select Board in February 2023, created an EDC Mission Statement, and submitted required Annual Report
- Town committee outreach included Vision 21 Implementation Committee, the Planning Board, Zoning Board of Appeals, Long-Term Capital Budget Committee, School Committee, Community Path Project Committee, Energy Committee, Diversity Task Force & DEI Implementation Committee, Website Renewal Committee, the MBTA Multifamily Zoning Committee, and many others
- Joint external organizational outreach included the Belmont Business Center Association, Belmont Media Center, the Belmont Citizens Forum, the Belmont Voice, numerous town meeting caucuses and meeting members, and Work-Based Learning Alliance (successfully handed off to School Committee and Administration)
- Researched opportunities to change restaurant zoning, hotel zoning, sign zoning, parking regulations, permitting, and networked with Belmont landlords and members of the public to better inform challenges and opportunities, and overall execution

- Advocated (alongside VIC) and helped pass Restaurant Zoning Bylaw Reform at Special Town Meeting 2023 (November 2023)
- Successfully recruited two full new members in 2024 (Armine Humphrey and Schuyler Wiggin) with a full competitive vetting process
 - Demand for economic development membership, involvement, and connection remains incredibly high

Charge 2: Focus efforts on activities that maintain or expand the commercial & industrial tax base

- Followed the Direction of the Select Board and Worked Alongside VIC to Pass Restaurant Reform
 - Numerous meetings on a wide number of ideas and key questions, as detailed in the following slides
 - Held two joint meetings with VIC, including a meeting that saw five key recommendations pass without a dissenting vote
 - Advocated for Town Meeting Member support and passage of restaurant reform, including definition simplicity and the elimination of special permits for non-formula based Food Service Establishments
- Feedback from Local Business & Commercial Property Owners
 - Conducted a survey of local restaurants and also solicited primary feedback from a range of existing Belmont restaurant owners
 - Have also increased engagement with Have had additional conversations with other Leonard St. property owners as well as reach out to current and former businesses owners about the challenges of opening and operating a business in Belmont
- Analyze Belmont's Current Challenges and Opportunities
 - Hosted a wide number of speakers and experts at our committee meetings to better understand and discuss Belmont's fiscal challenges
 - Continued to stay informed on critical zoning issues such as MBTA 3A
- Recommendations to Select Board
 - We strongly feel that an economic development position within the newly established Department of Planning and Building will help attract and retain small businesses to Belmont
 - We also strongly recommend adding hotels as a by-right business type up to 35 rooms within LB 1 and 2
 - We also strongly agree that Belmont should conduct a town-wide economic development market analysis and working group in preparation for a new Master Plan

Charge 3: Identify changing economic trends and develop recommendations to maximize interest in our community and attract these potential new businesses

- Wayfinding: We are pursuing external fund sources with support from the Garden Club to finally fund Trapelo Rd Wayfinding. This includes an updated price sheet from our 2022 consultant, Favermann Designs

Charge 4: Advocate for state and federal grants, incentives, or for improvement in regulations that help advance our economic priorities

- We urge the town to re-engage with the One Stop for Growth state grant program to pursue state grant funds pertinent to core economic development growth, including funding for a new Master Plan and Zoning Bylaw Re-write to better position the town for future commercial growth

- Examples of Other Town’s successfully utilizing One Stop Community Grant Program funds for economic development:
 - Action – Economic Development Strategic Plan (\$90k)
 - Acushnet – Master Plan Update (\$100k)
 - Concord – Economic Feasibility Analysis for 3A compliance (\$25k)
 - Norton – Comprehensive Zoning update (\$60k)
 - Easton – Master Plan update (\$60k)

Charge 5: Establish relationships and improve communication with local businesses

- Communication Coordinator Role: We continue to send monthly newsletter to Belmont businesses with updates and surveys to get feedback on ways to improve
- Business Database: Continue to update our online business database and directory
- Small Business Networking: In 2023, we hosted two additional networking events at Savinos (Cushing Square) and Patou Thai (Belmont Center), with generous support from Cambridge Savings Bank
- EDC and Belmont Town Day: Once again had a table at September 2023 Town Day, enabling us to have robust conversations on economic development ideas with community members
- Business Outreach: We continue to track, advocate, and celebrate new business openings, as well as monitor existing business health and ongoing operational success
- Media: Continue to engage all media outlets in Belmont including the Belmont Voice, Belmont Media Center, Belmont Citizens Forum, and others to advocate for economic development

Goals for 2024

- Strongly recommend that Belmont establish and fully fund a permanent economic development coordinator position established in the Office of Planning and Building
- Support businesses that are already here and encourage the growth and development of new businesses
- Push to restart state grant funding to Belmont and bring in alternative funds to support local business
- Refresh our survey data to understand “leakage” and what businesses and landlords want to see accomplished
- Seek to understand how Belmont can better become a draw for people living in other communities? What can we offer that those communities want? What gaps does Belmont currently have that would prove to be economically profitable for entrepreneurs and landlords to begin or attract to Belmont?
 - Hypothesis: Attract a medical services building – they pay property tax and draw lots of people into town
- Buy Local programs – partner with groups doing this, and also tie in with sustainability initiatives
- Parking Policies – including senior and commuter parking within all business districts
- Encourage business association growth and expansion
- Continue to push for an updated Master Plan and engage with the Planning Board and Select Board on issues pertinent to economic development

Respectfully Submitted,

Paul Joy, Chair

Economic Development Committee

EDUCATION SCHOLARSHIP COMMITTEE
Fiscal Year 2022

The members of the Education Scholarship Committee are Leslie Aitken, Daniel O'Brien, Floyd Carman, Zhenzhen Sun, Stephanie King, Mary McCormick, and Xin Yu.

Chair: Floyd Carman

The Belmont Education Scholarship Committee was established under MGL 60 §3C by the April 1995 Town Meeting. The Education Scholarship Committee awards scholarships to residents of Belmont who are pursuing higher education. Awards are based on the applicants' financial need, academic achievement, community involvement and school activities. The Committee also makes an annual award to the Belmont Public Schools. Funding is provided by Belmont Taxpayer's contributions to the voluntary Education and Scholarship check-offs on Belmont's real estate, personal property and motor vehicle excise tax bills.

The 2022 Town of Belmont Scholarship was awarded to the following recipients totaling \$10,000. Checks were mailed on 8/19/2022 to be applied to the recipient's second semester.

Recipient	College/University	City and State	Awarded
SCALI, SPENCER V	PROVIDENCE COLLEGE	PROVIDENCE, RI	1,000.00
YOUCHANG HU, TIFFANY	YALE UNIVERSITY	NEW HAVEN, CT	1,000.00
MANJIKIAN, CHRISTIAN	UMASS AMHERST	AMHERST, MA	1,000.00
DUFFY, NOLAN D	BENTLEY UNIVERSITY	WALTHAM, MA	1,000.00
HUANG, ANDREW	STANFORD UNIVERSITY	STANFORD, CA	1,000.00
SHEN, AGNES M	NORTHEASTERN UNIVERSITY	BOSTON, MA	1,000.00
ZARKADAS, ALEXANDRA ZOY	FAIRFIELD UNIVERSITY	FAIRFIELD, CT	1,000.00
ABUTAYYOUN, OMAR AMJAD	UMASS BOSTON	BOSTON, MA	1,000.00
PETERSON, OLIVIA C	CLARK UNIVERSITY	WORCESTER, MA	1,000.00
PETERSON, SAMANTHA J	UNIVERSITY OF NEW ENGLAND	BIDDEFORD, ME	1,000.00

Activity Report for the Town of Belmont Scholarship Check-Off Fund for Fiscal Year 2022

Opening Balance 7/1/21	\$291,687
Plus Tax Check-Off Donations	992
Plus Income Earned	3,613.18
Plus Transfer From Closed TF Accts	0
Less Scholarship 2022/mailed December 2022 (FY23)	(13,200)
Less Admin Fee	(0)
Closing Balance 6/30/2022	\$283,092

In Fiscal Year 2022, twenty-six residents contributed to the Town of Belmont Scholarship Check-Off Program.

Activity Report for the Town of Belmont Education Check-Off Fund for Fiscal Year 2022

Opening Balance 7/1/21	\$99,568
Plus Tax Check-Off Donations	1780
Plus Income Earned	1278

Energy Committee

Chair: James Booth

Vice-Chair:

Secretary: Claus Becker

Committee Members:

Claus Becker
Marty Bitner
James Booth
John Kolterman
Brian Kopperl
Ellie Lesser
Greg Piotrowicz
Ben Thivierge
Alex Thurston

Purpose and Duties:

The Special Town Meeting held in the fall of 2009 voted to adopt a climate action policy committed to reducing greenhouse gas (GHG) emissions in the Town of Belmont by 80% by the year 2050. In furtherance of that commitment, Town Meeting voted also to create the Belmont Energy Committee. The Energy Committee was appointed by the Board of Selectmen in the Spring of 2010. The charge of the Energy Committee is to “facilitate, enable and help” the community of Belmont to engage in actions that help the Town achieve its emissions reduction objective.

Summary of Activities and Accomplishments:

For the last several years the work of the Energy Committee has been guided by the goals laid out in its Belmont Climate Roadmap, which focuses on strategic electrification of transportation and heating.

Members of the Energy Committee have continued to move forward conversations with the School Committee and Town staff to support further electrification of Belmont’s fleet, including in particular steps needed to make possible the adoption of electric school buses. This has included drafting an “electric first” vehicle policy for the Town that was shared with the Town Administrator and putting forward a motion that was adopted by Town Meeting in May 2023 to allow the longer-term contracts that are necessary to allow adoption of electric vehicles in light of their different characteristics compared to fossil-fuel vehicles (higher upfront costs that are offset by operational savings).

In terms of electrification of buildings, with the Committee’s support a committee member put forward a motion that was approved by Town Meeting to adopt the state’s new Opt-In Specialized Stretch Code, a new level of building code introduced by the state to promote electrification. This adoption positions Belmont with other towns that are aligned at the forefront of the state’s efforts to accelerate building electrification.

The Energy Committee has continued its long-standing relationship with the Light Board, meeting in July to discuss their next steps on a new Power Purchase plan and how this plan can best support the electrification goals of the Climate Action Roadmap.

2023 Annual Report

Belmont's greenhouse gas inventory was previously updated through 2014. In July 2023, this inventory was updated to analyze the emissions from the four major sources of emissions — gasoline, natural gas, fuel oil, and electricity — over the period from 2014 through 2021. This analysis revealed that while emissions from use of electricity, fuel oil and gasoline have all declined, emissions from combustion of natural gas remained largely flat over the entire period, underscoring home heating as a major challenge.

The Energy Committee has maintained its Belmont Climate Action website (BelmontClimateAction.org) to facilitate communication with Belmont residents interested in the Town achieving its Town Meeting-approved climate action goals.

Goals for 2024:

The Energy Committee will investigate the steps needed for Belmont to apply for Climate Leader designation, and provide support to Town staff in pursuing that designation. This is a new program introduced by the state that grows out of the Green Communities program to which Belmont has belonged for many years.

The Energy Committee will partner with the Facilities Department to provide input to assist with selection of energy-related capital investments (e.g. heating systems for Chenery Middle School). The Committee will also continue its productive conversations with the Light Board around topics such as possible rate structures that would further drive electrification. The Energy Committee will also continue to drive conversations about electrified Town vehicles and possible aligned uses of the Incinerator site. Finally, the Energy Committee looks forward to celebrating the milestone of the activation of the solar array on the Middle and High School building.

Respectfully Submitted,

James Booth
Chair, Belmont Energy Committee

2023 Annual Report

HISTORIC DISTRICT COMMISSION:

Co-Chair: Carl Solander and Carol Moyles, January to December 2023

Secretary: Rotates each meeting amongst committee members

Committee Members:

NAME	EXPERTISE	REPRESENTATION	TERM EXPIRATION
Michael Chesson	Historian	Belmont Historical Society	2024
Jacqueline Appel	Resident	Resident	2025
Komal Mahjan	Architect	Resident	2026
Carol Moyles	Landscape Architect	BSLA	2025
Drew Nealon	Realtor	Board of Realtors	2026
Carl Solander	Architect	BSA	2024
Matt Schonewald	Resident	Resident Pleasant Street Historic District	2024

Purpose and Duties:

The Historic District Commission (HDC), appointed by the Select Board (SB), is charged with reviewing modifications to properties located within the Town's four local historic districts as well as those properties on which the Town holds preservation restrictions. The HDC offers advice to those property owners considering alterations to their historic properties. The HDC holds public hearings to review proposed projects on protected properties to determine the appropriateness of such alterations and issues Certificates of Appropriateness or Non-Applicability to those projects that meet the HDC's Guidelines.

The HDC also holds public hearings related to demolition applications for buildings subject to the Demolition Delay Bylaw and addresses Town-wide historic preservation issues. As part of the Town's 1999 Memorandum of Agreement with McLean Hospital regarding the rezoning of the McLean Hospital campus, the HDC acts as the historic preservation authority regarding changes proposed for the exterior of historic buildings, historic landscapes, and historic landscape elements of the hospital campus and its adjacent McLean zones 1A, 1B, 2, 3 and 4 as well as land and historic resources that were transferred to

the Town (McLean Barn and Lone Tree Hill open space). The HDC serves as the principal local contact for the Massachusetts Historical Commission and responds to Section 106 notifications. The HDC also serves as the Town's Historical Commission, advising the town on matters related to historic resources in Belmont, including buildings, structures and landscapes. The HDC appoints members to two other Town committees: Community Preservation Committee and Land Management Committee for Lone Tree Hill.

Summary of Activities and Accomplishments:

From January until December of 2023, administrative support was provided by Gabriel Distler in the Office of Planning and Building. Matt Schonewald and Komal Mahjan were appointed and became voting commission members. Nushin Yazdi, Stefan Ahlbad, Meg Reilly, Mary Perry resigned from the HDC. The Commission had several empty seats during 2023 which has reduced our productivity and slowed our progress on some longer-term initiatives.

Reviewed nineteen (19) applications for projects within the Pleasant Street Historic District

One of the HDC's most critical functions is technical assistance to property owners and project review and approval in the four local historic districts (Pleasant Street, Common Street, Richardson Farm and Thaddeus Frost Local Historic Districts). In 2023, HDC conducted nineteen public hearings for applications for Non-Applicability and Certificate of Appropriateness in the Pleasant Street Historic District.

Additional activities included:

- The HDC developed, wrote and completed the Belmont Historic Buildings Envelope RFQ which led to the conditions assessment of Town Hall, Homer Building, and School Administration Building and provides a basis for planning and budgeting short term and long-term repair projects.
- HDC commission members participated in temporary town committees including the Housing Production Plan Subcommittee and MBTA Communities Advisory Board.
- A joint meeting with the HDC and the Land Management Committee was held to discuss next steps for the McLean Barn.
- The HDC Reviewed repair work completed on the Benton Library which was completed satisfactorily.
- The HDC reviewed proposed and ongoing repair work to town buildings including roof repairs at Town Hall.
- The HDC continued to work on revising and updating the Design Guidelines.
- The HDC reviewed the permit submission for the Zone 3 McLean Subdistrict B development by Northland Residential Corporation for compliance with the Design Review Agreement of 11/30/2021. This review resulted in a Memorandum issued to the Office of Planning and Building.

2023 Annual Report

Goals for 2024:

- Continue timely review, advice, and action on applications and requests for technical assistance from property owners in the four historic districts;
- Provide review, advice and action as needed related to other properties in Belmont with preservation restrictions and/or agreements.
- Provide timely response to Section 106 notifications as they are received;
- Continue participation on the Community Preservation Committee, providing historic preservation input on projects and applications.
- Continue participation on the Land Management Committee of Lone Tree Hill.
- Continue participation on the MBTA Communities Advisory Committee, providing historic preservation input on M.G.Lc. 40A Section 3A.
- Provide input to the Planning Board and other committees related to proposed zoning changes and other matters affecting historic resources in Belmont.
- Participate and provide input into major Town capital projects
- Conduct a review of and develop potential amendments as necessary for the General Bylaws;
- Update the HDC's Design Guidelines;
- Maintain and enhance HDC website; and
- Continue to integrate files and coordinate administrative responsibilities with the Office of Planning and Building and
- Identify and recruit new HDC alternate members

Respectfully Submitted,

Carol Moyles and Carl Solander, Co-Chairs
Historic District Commission

2023 Annual Report

Housing Trust

Chairs: Judie Feins and Gloria Leipzig (new co-chairs as of 2024)

Secretary: Mark Kagan

Committee Members:

Madeline Fraser Cook
Judie Feins
Rachel Heller (co-chair through December 2023)
Mark Kagan
Betsy Lipson (co-chair through June 2023)
Tommasina Olson
Michael Marotta
Benjamin Meshoulam
Thayer Donham, Ex-Officio, Planning Board representative
Gloria Leipzig, Ex-Officio, Housing Authority representative

Purpose and Duties:

The Belmont Housing Trust was enacted by the Massachusetts Senate and House of Representatives and is supervised by the Board of Selectmen. Chapter 126 of the Acts of 1999 details the establishment of this nonprofit corporation. The Trust's duties are to investigate and implement alternatives for the provision of and providing affordable housing for persons of low, moderate and middle income, and others in the Town of Belmont whose needs may be identified from time to time.

Increasing the number of deed-restricted affordable homes in Belmont is the Trust's primary focus. In 2023, DHCD's subsidized housing inventory listed Belmont as having 10,839 housing units, of which 673 count as affordable. This is 6.2%, and the state benchmark Belmont needs to reach and exceed is 10%. In addition, the Trust seeks to expand more types of "missing middle" homes in Belmont, such as a duplexes, townhouses, and small apartment or condo buildings. Denser development is more sustainable and less polluting, and it allows for homes that fit more sizes and types of households.

Summary of Activities and Accomplishments:

1. The Trust began 2023 continuing work on Belmont's new Housing Production Plan. Recognizing that the 2018 Housing Production Plan (HPP) was set to expire in May 2023, the Trust worked closely with the Planning Department on a proposal that was awarded state funds for technical assistance. The Metropolitan Area Planning Council (MAPC) provided this technical assistance to the HPP effort. In addition to support from MAPC, the Trust leveraged local residents' tax-deductible contributions to Metro West Collaborative Development (MWCD) for work on the HPP. MWCD focused on local community engagement and resident input during plan development. The HPP was approved by the Planning Board, the Select Board, and the Executive Office of Housing and Livable Communities (EOHLC; formerly Department of Housing and Community Development) in May 2023.
2. As part of the process of approving rent increases for affordable housing that is part of the regulatory agreements established as part of the affordable housing development process, the Housing Trust requested that the Toll Brothers (owners of The Bradford in Cushing Square) limit rent increases to 10% for residents in

the affordable apartments who moved in under rents based on the 2019 Area Median Income (AMI). The regulatory agreement allows for rent increases each year based on the Area Median Income and in accordance with state and federal laws. Because the AMI has increased significantly since 2019, while Bradford affordable unit rents were frozen during the pandemic, a group of residents were facing increases of nearly 30% since they moved in and an increase of more than 20% over last year. Toll Brothers agreed to limit the increase for this set of residents and then notified the Housing Trust that they reversed course and the full rent increases would be in effect for all residents in affordable apartments.

3. A representative of the Trust has been serving on Belmont's MBTA Communities Multifamily Zoning advisory committee and bringing the Housing Production Plan into the process of establishing multifamily zoning districts in Belmont. This rezoning will be in accordance with the state law requiring the 177 communities served by the MBTA to establish districts with multifamily zoning by right.
4. Using CPA grant awarded funds, the Housing Trust established a Fund to Support the Creation of New Affordable Housing. These funds will be awarded to developers that have site control and that commit to increasing affordable housing beyond the standard under the Town's inclusionary zoning bylaw. Developers that commit to reducing the affordability level for at least one unit from 80% AMI to at or below 60% AMI can be awarded \$125,000 towards the project; or, developers that commit to creating at least one additional affordable unit (at or below 80% AMI) more than required by the inclusionary zoning bylaw can be awarded \$125,000. The Trust will continue to seek CPA grants to expand this Fund and its potential.
5. The Trust held two community meetings to engage neighbors in shaping the Housing Production Plan. More than 100 people attended the meetings, providing feedback and contributing to the proposed sites for future affordable housing and mixed income housing development.

Goals for 2024:

- Incorporate Housing Production Plan recommendations into the MBTA Communities multifamily zoning to ensure that affordable housing is part of Belmont's growth;
- Launch Fund to Support the Creation of New Affordable Housing and promote to developers;
- Update Belmont's Inclusionary Zoning bylaw to apply to all multifamily housing production and not only multifamily zoning developments that go through special permit processes;
- Review regulatory agreements for affordable housing in Belmont and assist with oversight of the agreements. Develop recommendations for future regulatory agreements for the purpose of increasing affordability while ensuring the healthy operation and maintenance of affordable and mixed income housing developments;
- Increase participation on the Age Friendly Action Committee and support accessory dwelling zoning in Belmont; and
- Work with the Planning Director and Staff Planner to ensure Belmont benefits fully from HOME program participation and funding.

Respectfully Submitted,

Judie Feins and Gloria Leipzig
Belmont Housing Trust

2023 Annual Report

Information Technology Advisory Committee

Co-Chair: Daniel Ellard, Select Board Appointee

Co-Chair: David Goldberg, School Committee Appointee

Secretary:

Committee Members:

James Berets, School Committee Appointee

Jonathan Birge, Select Board Appointee

Jonathan Green, School Committee Appointee

Phillip Lawrence, School Committee Appointee

Kristin Nelson-Patel, Select Board Appointee

Paul Roberts, Library Trustees Appointee

Charles Smart, Select Board Appointee

Purpose and Duties:

The stated role of the Information Technology Advisory Committee (ITAC) is to provide guidance to the Select Board, Town departments, and other Town committees on technology matters. The ITAC's mandate is broad. The Committee routinely considers matters of information delivery, ensuring access to communications technology, increasing the efficiency of transactions involving the Town departments, and deploying infrastructure for the Town departments and citizenry. In addition, the ITAC engages in strategic planning and provides advice to the Town's various departments and committees, including the Select Board, the School Committee and the Library Board of Trustees.

Summary of Activities and Accomplishments:

In 2023 ITAC elected new co-chairs and Kristen Nelson-Patel was appointed to the ITAC by the Select Board.

In 2023 ITAC continued its focus on cybersecurity across the various town departments that have IT functions. Notably:

- ITAC met with the Select Board, Town Administrator and Town IT Director to advocate for the adoption of an incident response plan. The Town initiated a project with a consultant to develop that plan, with an expected delivery in 2024.
- ITAC met with the Belmont Municipal Light Department (BMLD) General Manager, IT Director, one member of the Light Board and the vendor the BMLD uses for cybersecurity support to discuss the state of cybersecurity at BMLD and how it can continue to be improved.
- After an incident at an event at the High School in which someone used Apple's Air Drop capability to spread a racist image, ITAC introduced the School IT director to a vendor who might be able to help track down the source of the offensive message.
- ITAC met with the architect for the new Library along with Library administration and a member of the Library Trustees to discuss IT needs in the new Library building.

2023 Annual Report

Goals for 2024:

- Continue to advocate for improvements in Belmont's cybersecurity posture
- Improve ITAC visibility across Town government and offer consultation on IT matters

Respectfully Submitted,

Daniel Ellard
David Goldberg
Information Technology Advisory Committee

2023 Annual Report

LAND MANAGEMENT COMMITTEE FOR LONE TREE HILL CONSERVATION LAND: (FORMERLY McLEAN OPEN SPACE)

Co-Chair: Tom Grimble; Radha Iyengar.

Committee Members

Carl Solander, Belmont Historic District Appointee
Ellen O'Brien Cushman, Belmont Board of Cemetery Commissioners
Mark P. Smith, Belmont Conservation Commission Appointee
Radha Iyengar, Belmont Resident, Select Board Appointee
Adriana Bobinchock, McLean Hospital Appointee
Michael Macht-Greenberg, McLean Hospital Appointee
Stephen Kidder, McLean Hospital Appointee
Tom Grimble, McLean Hospital Appointee

Purpose and Duties:

The McLean Land Management Committee, created by the Memorandum of Agreement between the Town of Belmont and McLean Hospital, consists of nine members Radha Iyengar (co-chair) Ellen O'Brien Cushman, Mark Smith, Carl Solander and from Belmont, Adriana Bobinchock, Tom Grimble (co-chair), Steve Kidder and Michael Macht-Greenberg from McLean Hospital). The ninth member is a representative of The Trustees (formerly The Trustees of Reservations). The work of the Committee to manage and maintain the Lone Tree Hill Belmont Conservation Land, acquired from McLean Hospital in 2005, is funded by the McLean Open Space Maintenance Fund created by the McLean transaction, by the monthly revenue from the cell tower located on the inactive cemetery land as well as by generous grants from local land preservation/conservation groups; it is not funded by property tax.

Summary of Activities and Accomplishments:

Ecological Restoration

Parterre Ecological Services was engaged again in 2023 to continue the restoration of certain woodland and meadow areas by controlling invasive plant species. In the spring, Parterre's technicians treated garlic mustard with targeted herbicide applications. In summer, invasive woody species were treated in and around the meadow while knotweed colonies were kept from spreading. In the fall, woody invasive species including tree of heaven (*Ailanthus altissima*), white mulberry (*Morus alba*), and common buckthorn (*Rhamnus cathartica*) were remediated at multiple locations surrounding the Great Meadow and in the Eastern Woods. The Land Management Committee is very grateful to the Judy Record Conservation Fund for sharing the cost of all the work conducted by Parterre and to Joseph Hibbard for his guidance for the ecological restoration

The LMC retains other vendors to mow the Great Meadow and the trails. In the fall, the arborist firm Tree Specialists conducted maintenance work for the trees along the Pine Allee, including crown reduction pruning on 55 white pines and removing miscellaneous invasive trees and brush encroaching on the southeast border of the Allée. This work was made possible by a generous Judy Record Conservation Fund grant.

Volunteer efforts

On April 22, the Belmont Citizens Forum (BCF) and the Judy Record Conservation Fund held their ninth annual Lone Tree Hill Volunteer Day. The volunteers included Girl Scouts Troop 82027, Cityside Subaru employees, M&T Bank employees, the Sai group employees, and citizens from Belmont and the surrounding communities. Many hands made light work. Efficient volunteers planted forty white pine saplings along the Pine Allee. These new trees completed the replacement of the Allee's missing pines and some of the saplings from the 2017-2019 and 2022 volunteer day plantings that did not prosper. At the adjacent meadow, the volunteers planted native wildflowers including slender-leaf mountain mint, short-toothed mountain mint, wild bergamot, white wood aster, blue wood aster, New England aster, and butterfly weed (70 plant plugs of each species). By season's end, these plants were starting to bloom.

At the other Pleasant Street end of the property, the volunteers collected twenty bags of trash, including rusted metal sheets and an old bed frame. Garlic mustard was pulled up and bagged in the same effort. The volunteers also closed an unauthorized bike trail and dismantled an abandoned improvised shelter.

On May 19, as part of the Belmont Day School Service Day, students pulled and bagged 16 bags of garlic mustard, supervised by Leonard Katz and Nancy Kougeas from the Belmont Conservation Volunteers group.

On November 5, 13 volunteers from BCF, LMC, and other Belmont citizens spread white pine wood chips along the Pine Allee. The wood chips were material from the white pine pruning work that was processed and left on site.

Most weekends in the spring and summer, Belmont Conservation Volunteers, a Sustainable Belmont working group, removed garlic mustard and other invasive plants at Lone Tree Hill, the McLean Barn and at an abutting area at Rock Meadow. They also pulled knotweed after rain storms, when the wet soil allows volunteers to pull the plant up to remove the roots with the stalks, thereby reducing the odds that the plant will resprout.

McLean Barn

The McLean Barn, also known as the Brick Barn at Rock Meadow, was conveyed to the town in 2005 by McLean Hospital following the 1999 agreement that created the conservation land now known as Lone Tree Hill. The barn has been largely unused since that time. On February 10 and March 3, the Committee gave tours of the McLean Barn to interested citizens in preparation for public discussions about the disposition of the barn and the best community uses of the space as allowed under the conservation restriction governing Lone Tree Hill land. A request for proposals for a facilitator to structure a public process for generating ideas for the reuse of the barn has not yet been issued. The LMC expects to issue this RFP in the coming year.

In response to several unsuccessful attempts to break into the barn by prying open the doors, the Committee engaged a security services vendor to close and lock the barn doors better. The Committee gave approval to the town to temporarily store lockers from the White Field house which are to be used by the town in the future. In early 2024 the Town informed the Committee that they had decided to store the lockers elsewhere.

2023 Annual Report

Signage

The Department of Public Works has installed new *no parking: fire lane* signs at the bottom of the fire lane Coal Road turnout on Pleasant Street. This signage was approved by the Fire Department, Police, and Select Board because unauthorized vehicles were parking in that area.

The Greater Boston New England Mountain Biking Association has donated new rule signs and signs for closing rogue trails. These signs will be installed in early 2024ly.

Goals for 2024

We implement the overall goals, objectives and outline of work highlighted in the ecological management plans developed by BSC and Audubon Extension Service and trails plan prepared by Pressley Associates.

1. We will enforce the conditions of the Conservation Restrictions with abutting neighbors, particularly the Kendall Gardens neighborhood to ensure compliance and limit “bleed-over” effects both onto and from the property and the Belmont Day School along the landscape buffer to ensure that it has been appropriately planted and maintained.
2. We continue to employ our budget strategy when considering one-time endeavors and repetitive costs.
3. Working our multi-phase program to manage the invasive and competitive plants onsite more aggressively.
4. Continue to restore and revitalize and expand the meadows following the 2014 recommendations by Jeff Collins and Parterre, to restore meadows by mowing and selectively use herbicides.
5. We will work with the McLean Hospital to control the erosion along the Coal Road and to improve the surface of the Coal Road.
6. We will complete the review and installation of the new signage to assist in way-finding on the property for those walking/hiking and riding mountain bikes on clearly designated trails.
7. We will engage the Historic District Commission regarding possible future uses for the McLean Barn followed by broad community conversation and outreach, when appropriate.

We would welcome having more visitors to the property; drive to Mill Street and park in the lot, walk or bike to the property and enjoy the trails, the nature, the sunsets, the peace and the vistas! Please “take a walk in the wild” at Lone Tree Hill, Belmont Conservation Land.

Respectfully Submitted,

Radha Iyengar

Co-Chair, Land Management Committee for Lone Tree Hill, Belmont Conservation Land
(Formerly known as the McLean Land Management Committee)

2023 Annual Report

Municipal Skating Rink Building Committee

Chair: Mark Haley
Vice-Chair: Dante Muzzioli
Anthony Ferrante
Secretary: Stephen Sala
Committee Members:
Thomas Caputo
Frank French
Daniel Halston
Dynelle Long
Anne Marie Mahoney
Meghan Moriarty
Katherine Oates
William Shea

Architect: Ted Galante, The Galante Architecture Studio, Cambridge
OPM: Thomas Gatzunis and Donald White, CHA Solutions, Boston
Contractor: Skanska USA, Inc., Boston

Purpose and Duties:

Approved at the June 13, 2022 Annual Town Meeting:

That the Town establish a new Municipal Skating Rink Building Committee to be appointed by the Town Moderator to oversee the design and construction of a new public skating rink to be located west of Harris Field in a location approved by the School Committee and the Select Board and to authorize said Committee to enter into contracts and take all actions necessary to carry out said project, subject to funding. Further, that said Committee be directed to develop and recommend a design to the School Committee and Select Board for the public land adjoining the West border of Harris Field, including all costs associated with the design and construction of playing fields, and the evaluation and possible demolition of the White Field House, that take into account the needs of the School Department.

Summary of Activities and Accomplishments:

Following a failed debt exclusion for a new municipal skating rink in November 2022, the Building Committee revised and reengineered their schematic design. New cost estimates brought the project down to \$29.9 minus fundraising which reduced the cost to the taxpayer to just over \$27.0. A debt exclusion for the rink was successful at the annual Town election on April 4, 2023. The Committee immediately went to work on design development and construction documents.

Following interviews with three firms the Building Committee chose Skanska USA, Inc. as the Construction Manager (CM) for the project.

The design for the new rink includes one sheet of ice in a pre-engineered building. Also included are locker rooms for fall, winter and spring high school sports teams as well as dressing rooms and bathrooms for various teams and groups using the rink. A concession stand and skate rental spaces highlight the front of the building which features glass walls to allow sheltered viewing of playing fields. The design features photovoltaic panels on the roof to generate electricity and translucent windows along the east and west walls for natural light. The facility can be used by the Recreation Department during the summer for camps and other indoor activities.

The Paul White Field House was emptied and demolished in December 2023. This work was funded by the Middle and High School Building Committee. Demolition of the rink began in January 2024.

Demolition of the old rink and construction of a new rink requires close cooperation between the Rink Building Committee, the OPM, the CM, and various Town departments. All parties are working closely with Belmont Light to relocate transformers and cables. Wiring for Harris Field and the softball field are affected by the rink project. Also, the parties are working with the Department of Public Works on placement of water and sewer pipes.

It should be noted that among the members of the Building Committee are contractors, engineers, an architect, energy specialist, lawyer, financial analyst and those with ice rink experience. Meghan Moriarty represents the School Committee and Tom Caputo represents the Select Board. Half of the members have served on prior successful building committees.

Goals for 2024:

Complete the demolition of the rink and any hazardous materials mitigation.

Complete and approve construction documents.

Do necessary site preparation.

Begin construction of the new municipal skating rink.

Closely monitor project budget and timeline.

Respectfully Submitted,

Mark X. Haley, Chair

Municipal Skating Rink Building Committee

2023 Annual Report

Permanent Audit Committee:

Chair: Robert Keefe

Committee Members:

Frank Caruso
Glenn Logan
Robert Forrester

Ex-Officio Members:

Roy Epstein, Select Board
Leslie Davidson, Town Treasurer
Donna Tuccinardi, Town Accountant

Purpose and Duties:

The Permanent Audit Committee (PAC) was established pursuant to Article 16 of the Town's General By-Laws. The Committee is charged with assisting the Selectmen in the selection of an independent auditor to perform an audit of the Town's financial statements, monitoring the work of the auditor, and participating in a review and discussion of the audit's results and findings. Town By-Laws require that an audit be carried out not less than triennially. The Town, however, undertakes an annual audit to comply with federal regulations which call for an annual audit for recipients of certain federal funds. Additionally, it is important that audits be completed in a timely fashion in order to meet annual bondholder required disclosures and help ensure the maintenance of the Town's Aaa credit rating, which is the highest rating category of Moody's and Standard & Poor's Investor Services. The Town's credit rating has resulted in favorable interest rates and lower borrowing costs.

Summary of Activities and Accomplishments:

The Town's basic financial statements for the fiscal year ended June 30, 2022 were audited by Powers & Sullivan, LLC. The Town received an unmodified opinion on its basic financial statements dated January 26, 2023. The Town also received a report that it was in compliance on each of its major federal programs for the year ended June 30, 2022.

The Belmont Light Department's financial statements for the year ended December 31, 2022 were audited by Goulet, Salvidio & Associates, P.C. The Light Department received an unmodified opinion on its financial statements dated April 26, 2023.

The Committee met twice with the auditors for both the Town and the Light Department during calendar year 2023. One meeting covered the audit plan and schedule as well as accounting developments with the second meeting discussing the results of the audit and reviewing the financial statements. As mentioned above, both the Town and Light Department received unmodified audit opinions which means the respective financial statements are fairly and appropriately presented and in compliance with generally accepted accounting principles. Both

audits were completed on schedule. Chair Keefe reported separately to the Select Board in May 2023 on the audit results as well as related observations.

The Committee also reviewed the Collins Report recommendations specific or relating to the appointment and duties of the PAC. In February 2023, Chair Keefe presented the comments and observations of the

2023 Annual Report

Committee to the Select Board. Upon further review and discussion, no changes to the appointment process or duties of the Committee were made in 2023.

Goals for 2024:

Consistent with past practices, the Committee plans to meet with the auditors for both the Town and the Belmont Light Department during calendar year 2024 for the respective audits.

The Committee plans to work with both the Town and Belmont Light Department and their respective auditors to help ensure the audits are completed on schedule.

The PAC Chair will also report separately to the Select Board on the results of each audit as well as related recommendations.

Respectfully Submitted,

Robert Keefe

2023 Annual Report

Planning Board:

Chair: Jeff Birenbaum

Vice-Chair: Carol Ann Berberian

Members:

Thayer Donham,

Taylor Yates,

Andrew Osborn,

Rui “Renee” Guo

Purpose and Duties:

The primary goal of the Planning Board is to protect and preserve the character and the quality of life that defines Belmont. The Board addresses issues that may affect the future of Belmont. These may include drafting zoning proposals, studying land-use patterns, reviewing traffic concerns, and evaluate specific development projects. The Board is responsible for holding public hearings on all zoning amendments as well as for applications for certain Special Permits and for Design and Site Plan Review.

Summary of Activities and Accomplishments:

The below cases were heard and decided upon.

Case #	Address
23-01	130 Common Street
23-06	768 Pleasant Street
23-02	57 Burnham Street
23-03	59 Burnham Street
23-04	Belmont Hill School
23-07	103 Brookside Avenue
23-08	64 Hoitt Road
23-10	55 Warwick Rd
23-09	55 Munroe Street
23-12	14 C Street
23-16	81 Fairview Avenue
23-11	147 Lexington Street
23-15	76 White Street
23-22	17 Cutter Street
23-19	87 Goden
23-23	196-198 Beech Street
23-20	59 Burnham Street
23-24	11 Brighton Street
23-18	BHS Dugouts DSPR (221 Concord Ave)
23-21	Library DSPR (336 Concord Ave)
23-17	Rink DSPR (297 Concord Ave)

Case #	Address
24-03	36 Tobey Road
23-05	Belmont Middle High School
24-02	30 Church Street (Sign)

Goals for 2024:

1. Zoning By-Law Revisions:
 - Conduct a review of the current Zoning By-Laws to identify areas for improvement and alignment with the town's long-term vision.
 - Engage with residents, stakeholders, and experts to gather feedback and insights on potential revisions to the Zoning By-Laws.
 - Prioritize revisions that enhance community character.
 - Explore zoning changes to support mixed-use developments, promote walkability, and encourage commercial development for growth of the commercial tax base.
2. MBTA Communities Act:
 - Evaluate and recommend to Town Meeting MBTA Communities Act approach/plan
3. Community Engagement and Education:
 - Foster active engagement and participation from Belmont residents in the planning process, ensuring that diverse perspectives and voices are heard and considered.

Respectfully Submitted,

Jeff M. Birenbaum, Chair

Town of Belmont, MA Planning Board

2023 Annual Report

BOARD OR REGISTRARS OF VOTERS

Chair: Robert E. McGaw

Committee Members:

Stephen Shestakofsky, Vice Chair

Paul Minor

Ellen O'Brien Cushman, Town Clerk- Ex-officio member

Purpose and Duties.

The responsibilities of the Board of Registrars of Voters and the Town Clerk's office acting on behalf of the Board include the following, all in accordance with Massachusetts General Laws and Regulations:

Voter Registrations and Reporting

- Preparing the annual listing of residents
- Conducting voter registrations
- Publicizing voter registration and voting opportunities
- Making the voter list available to candidates, campaigns, and interested parties

Elections Oversight

- Ensuring compliance with voting laws and procedures
- Recruiting, training, and supervising poll workers
- Ensuring that all persons qualified to vote in Belmont are allowed to do so
- Responding to allegations of election irregularities
- Counting overseas, military, absentee, and vote-by-mail ballots
- Certifying election results

Election Recounts

- Conducting re-counts of cast ballots
- Determining validity of a ballot, when there is a questionable or ambiguous ballot cast
- Determining validity of a challenge, if made, to a person's right to vote
- Deciding validity of signatures on petitions and nomination papers

2023 Annual Report

Summary of Activities and Accomplishments:

The Board of Registrars conducted one election in 2023. The turnout for the election was as follows

Election Date	Type of Election	Number of Registered Voters	Total Votes Cast	Provisional Votes Rejected	Turnout Percent
April 4, 2023	Annual Town Election	17,719	6,459	0	36.45 %

In 2023, 1182 new voters were registered and 1083 were removed from the voter list, although the voting list changes every day. There was a total of 18,218 registered voters as of December 31, 2023. Due to the planned renovation of the Belmont Public Library, the Zonis Auditorium in Beth El Temple was selected to be temporary polling place for Precinct 1. The Town obtained and deployed new ballot tabulating machines, DS200, which were used with great success.

The Town Clerk and her staff work many late evenings and weekends to ensure that Belmont's voters are registered and the elections are run properly, according to the Election Laws. The Automatic Voter Registration Law that became effective January 2022 and Votes Act of 2022 have added many new requirements that mandate additional tasks and steps in the election process, including formalizing the Vote By Mail system. The Town should be awed and impressed and proud to have such dedicated and committed election workers, who were all updated, trained, and deployed in 2023. We have a continual need for more election workers, and we encourage any resident who is interested to contact the Town Clerk's Office. To encourage more people to be poll workers, they half-day shifts are available.

Four elections are scheduled for 2024:

Presidential Primary Election, March 5, 2024

Town Election, April 2, 2024

State Primary, September 3, 2024

Presidential Election, November 5, 2024

We will be continue making concerted efforts to accomplish the following:

- to ensure that all residents who want to vote are informed of registration requirements
- to ensure that qualified voters can vote and have their vote counted accurately
- to ensure that the polls have adequate voting machines, ballots, staffing, and security
- to ensure that no voter experiences intimidation en route to, while at, or while leaving the polling place
- to ensure that all campaign workers know the laws and regulations and follow them
- to ensure that display and placement of political signs do not violate the no electioneering law
- to ensure that unregistered voters who seek to vote are treated fairly and courteously

2023 Annual Report

- to ensure compliance with CDC and State health guidelines on preventing spread of COVID-19, to protect the health of voters and poll workers
- to assist the Town Clerk in the purchasing and deployment of new electronic vote tabulators by offering our perspectives on the options presented.

We hope to continue to recruit and train more poll workers, and continue to make the voting process even easier, even more transparent, and more efficient. We want to support the continuing efforts of the Town Clerk and her staff to update, verify, and make available via the Town's website, the resident lists and the voting lists so that, especially on Election Days, the records are accessible, accurate, and complete.

We are especially grateful to the staff of the Town Clerk's office—Meg Piccione, Nancy Casale, and Dan Cane—for their amazing work, great attitudes, and accuracy every day, every election, every year.

Respectfully submitted,

Robert E. McGaw, Chair

2023 Annual Report

Shade Tree Committee

Chair: Eva Hoffman

Secretary: Michelle Oishi

Committee Members:

Molly Aalyson,
Vicki Amalfitano,
Lucia Gates,
Adam Howe,
DeNee Reiton Skipper,
Glen Valentine,
Jay Marcotte,
Mike Santoro

Purpose and Duties:

The Shade Tree committee is an advisory committee. Our primary duty is the protection of public street trees in the town. We work closely with the Town Tree Warden and the Highway Department on choosing and planting new trees. We are also called on to help with projects that require advice and expertise involved in planting around public buildings, parks, and other public spaces.

Summary of Activities and Accomplishments:

In 2023, the committee reviewed the findings from the town tree inventory with acting tree wardens Jay Marcotte and Mike Santoro. 8,284 trees were identified along public streets, in public parks, around public buildings, and in cemeteries throughout the town of Belmont. The inventory resulted in an online map of our trees that will be updated by the DPW and will inform maintenance and growth of our tree canopy.

One finding from the inventory was that 45% of Belmont's trees are maples. To reduce susceptibility to pests, the report recommended increasing planting of other genera until maples make up less than 20% of the public tree resource. In response, the shade tree committee began development of a preferred trees list for residents, contractors, and public officials who are selecting trees to plant on public or private property. We consulted a variety of sources, including recommendations from the Massachusetts Department of Public Works, the Native Plant Trust, the Wild Seed Project, and neighboring municipalities. The list, to be released in early 2024, will include a wide variety of native species to promote biodiversity in Belmont.

In the summer, the committee updated the notable trees list. Committee members toured around Belmont to locate especially large, beautiful, or unusual trees growing in town. The updated list is available on the shade tree committee's page on the town website.

The Commemorative Tree Program founded by Jay Marcotte in 2022 continued to be a huge success. A steady stream of donations resulted in fall and spring plantings. Any person, business, or group may sponsor a tree in honor of a person or event. \$500 covers the tree, its planting and maintenance, and a plate on a commemorative plaque located in Town Hall.

We continued to consult and monitor new projects affecting trees. One example is the Belmont Cemetery Preservation Master Plan, a Community Preservation Act project. In 2022, the shade tree committee helped initiate a CPA proposal to study the cemetery's historic features, both natural and manmade, with the goal of

2023 Annual Report

developing a plan to maintain, preserve, and enhance the cemetery. In December 2023, committee members attended a Cemetery Commission meeting to hear what was learned about trees and vegetation.

We welcomed several new members in 2023. There was great interest in the committee so the Select Board expanded our membership from 7 to 9.

Goals for 2024:

The committee will continue to monitor new projects in town which impact trees. Upcoming projects include the library and the community path. We have been following the MBTA communities planning process and are interested in exploring zoning requirements affecting trees, with the goal of increasing tree density and preventing heat islands.

We will release our preferred trees list in late winter or early spring 2024. We plan to hold informational events to educate our town partners and residents about the list and the importance of planting more native trees.

Respectfully Submitted,

Eva Hoffman
Shade Tree Committee Chairperson

2024 Annual Report

Structural Change Implementation Committee

Chair: Paul Rickter

Vice-Chair: Vicki Amalfitano (through February 2024)

Committee Members:

- Tim Bucciarelli (Town Resident)
- John Kolterman (Energy Committee member)
- Larry Link (Comprehensive Capital Budget Committee member)
- Paul Rickter (Warrant Committee member)
- Vicki Amalfitano (Town Resident - through February 2024)

Purpose and Duties:

The purpose of the Structural Change Implementation Committee is to build off of the work done by the Structural Change Impact Group (SCIG) to review the recommendations from the Executive Summary of the SCIG report, work with Town staff to understand next steps in order to implement the recommended changes, prioritize the recommendations and develop a realistic timeframe to achieve them, and recommend necessary changes to bylaws with Town Meeting members and other stakeholders to ensure the Town is able to achieve the desired outcome.

Summary of Activities and Accomplishments:

The committee reviewed the ideas documented in the 2022 Structural Change Impact Group report and selected the following ideas as having the best combination of significant impact and potential for implementation. In this analysis, the committee put an emphasis on ideas that the SCIG determined would have financial impact.

The ideas that the committee chose were:

- Idea #23 - Increase Revenues from Grants
- Idea #33 - Civil Service
- Idea #36 - Review Town Owned/Used Property for Best Use
- Idea #39 - Establish Budget Guidelines
- Idea #101 - “Payments In Lieu Of Taxes” for Non-Profits and Private Schools
- Idea #107 - Reevaluate Town Zoning with Master Plan
- Idea #268 - Pension Liabilities/Retirement Board Savings
- Idea #269 - Transfer Health Care Insurance to the GIC
- Idea #275 - Real Estate Transfer Fees
- Idea #378 - Supplemental Tax Assessment on New Construction
- Idea #391 - Allow Hotels and B&Bs in Bylaws
- Idea #413 - DLS Recommendations on Form of Government

During 2024, the committee met with town staff and the Select Board to discuss the potential for implementing these ideas. The Structural Change Implementation Committee itself is not responsible for implementing these ideas, but rather to encourage progress to be made on these ideas by the relevant bodies.

As of March 2024, we can report complete or partial progress on the following ideas:

- Idea #33 - Civil Service (complete)
- Idea #39 - Establish Budget Guidelines (complete)

- Idea #101 - “Payments In Lieu Of Taxes” for Non-Profits and Private Schools (identified priority of Select Board)
- Idea #391 - Allow Hotels and B&Bs in Bylaws (identified priority of Select Board)
- Idea #413 - DLS Recommendations on Form of Government (some portions of idea implemented)

Goals for 2024:

- Refine and add to list of ideas to prioritize and continue to advocate for implementation of these ideas.
- Identify SCIG ideas that have been fully or partially implemented since the SCIG report was completed.
- Determine how to make implementation of structural change a permanent part of town governance.

Respectfully Submitted,

Paul Rickter

Structural Change Implementation Committee

2023 Annual Report

ENTER COMMITTEE NAME HERE:

Chair: Yates, Taylor

Vice-Chair:

Secretary:

Committee Members:

Antonellis, Brian

Barry, Dan

Bernard, Joe

Colice, Max

Lenk, Allison

Lubien, Erin

Zhao, Gang

Purpose and Duties:

The Belmont Vision 21 Implementation Committee was established by the Select Board to facilitate, enable, and help the Town achieve the Working Vision for the Town of Belmont approved by Town Meeting on April 23, 2001. It is a permanent committee.

Summary of Activities and Accomplishments:

In 2023 the Vision21 Implementation Committee (VIC), at the behest of the Select Board, worked in conjunction with the Economic Development Committee (EDC) to review Belmont's zoning Bylaw and identify reforms that would improve our commercial districts, with a special focus on:

- Restaurants
- Hotels
- The "Sign Law"
- General Business

The VIC and EDC presented a jointly-endorsed set of 16 reforms across the four categories to the Select Board, after which we were encouraged to select one category to develop and present to the fall Special Town Meeting. Selecting restaurants, we worked with a professional consultant, the Town Planner, and the Planning Board to propose two zoning bylaw changes. One of which was placed before Town Meeting and adopted. The remaining reforms are now in the hands of the Planning Board, which is developing several of them.

Goals for 2024:

The Town has asked us to look into three additional areas that would ultimately build into a Master Planning process:

1. Identify "parcels of interest" for the Town
2. Recommend what to do, if anything, with the Town-owned parcels identified by the Structural Change Impact Group
3. Develop a long-term commercial vacancy policy, possibly similar to Arlington's

2016 Annual Report

Respectfully Submitted,

Taylor Yates
Vision21 Implementation Committee

2023 Annual Report

Accounting Department:

Department Head: Donna Tuccinardi

Assistant Department Head: YePain Leong

Purpose and Duties:

The Town Accountant maintains fiscal records and internal controls for all departments of the Town and School.

The Accounting Department has four primary responsibilities:

Accounting:

- Preparation and maintenance of key financial records for all funds, including General Ledger and Financial Statements.
- Submit a) Balance Sheets for Free Cash Certification, b) Schedule A c) assists in the Preparation and Submission of TAX RECAP sheets to Department of Revenue for Certification of the Annual Tax Rate.

Auditing:

- External: - The Town Accountant works with external auditors to obtain the annual audited financial statements in conformity with GAAP and GASB.
- Internal: -The Town Accountant regularly audits health insurance, salary and other benefits expenses on a quarterly basis. The Department reviews internal procedures of all departments and performs fraud risk assessments.

Budget/ Reporting: As part of the Budget Team, the Town Accountant attends budget meetings for departmental operating and capital budget requests. The Town Accountant provides financial information to all departments, assists in the review of annual budgets as part of the Town Administrator's team and monitors all revenues and expenditures. Town Accountant coordinates with the Human Resources, Retirement System, School and Treasurer to prepare data for the biennial Actuarial Studies for Pensions and for Other Post-Employment Benefits (OPEB).

Payroll:

- Process payroll payments for over 1,500 employees weekly.
- Manage employee databases including pay rates, deductions and direct deposits.
- Process W-2's annually.

Other – Committees: The Town Accountant is an ex-officio member of both the Permanent Audit Committee, the Belmont Retirement Board and the Capital Budget Committee.

Staffing: The Accounting Department had 4 full time equivalent employees at 6/30/2023.

Summary of Activities and Accomplishments:

- Free Cash was certified November 7, 2023.
- RECAP Certified December 19, 2023 by DOR.
- Decentralized payroll process and implemented approval workflow.
- Documented payroll process.

Goals for 2024:

Accounting is implementing the first phases of employee self-serve, allowing employees to access advices and W-2's. Payroll is working with the Treasurer's office automate reporting for quarterly tax filings. We are also implementing Contract Manager, a module in Munis (accounting software), enabling contracts to be linked to purchase orders and invoices. Finally, we will continue to work on updating policy documentation.

2023 Annual Report

Respectfully Submitted,

Donna Tuccinardi

2023 Annual Report

Human Resources Department

Department Head: Kelli King

HR Generalist: Mitchell Carolan

HR Coordinator: Kerrie Clark

Purpose and Duties:

The Town of Belmont Human Resources office consists of a team of three staff members. Serving under the full time Director is a full time HR Generalist, and a part-time (30 hours) HR Coordinator. Together, our team is responsible for administering benefits for all Town and School employees (inclusive of the Belmont Municipal Light Department) and eligible retirees. Administration includes all billing and deductions, reconciliation of the Health Insurance Trust, and handling questions and concerns from employees, retirees and prospective employees.

The Human Resources staff is also responsible for recruitment of all new employees (exclusive of the Belmont Municipal Light Department). Once hired, our staff seeks out relevant, applicable training for our employees to ensure they remain current in their skills, often utilizing resources available through our partnerships with the Massachusetts Municipal Association (M.M.A.) and the Massachusetts Interlocal Insurance Agency (M.I.I.A.). The Human Resources staff is responsible for creation and maintenance of all Town job descriptions, and is also responsible for the administration of pay plans for all non-union and union employees (exclusive of the Belmont Municipal Light Department).

Our staff also manages worker's compensation issues and unemployment, in collaboration with the School Human Resources office. The Director is also responsible for the negotiation of all Town union contracts seven (7) in total, excluding IBEW Union, and the handling of any grievances and labor related issues. Lastly, our staff manages employee concerns, performance issues/management, drafting and enforcement of policies, and administration and maintenance of the Employee Handbook.

In addition to the aforementioned, the Human Resources staff provides informational assistance to residents, prospective applicants, and other municipalities, upon request, regarding our benefits, compensation and staffing. Collaboration and information sharing between municipalities ensures fair and consistent policies and practices, and assists us with recruiting and retaining the best talent possible.

Summary of Activities and Accomplishments:

- Continued to update and implement numerous employment policies.
- Regular involvement with the Town Safety Committee, to discuss training opportunities, workers compensation cases, and grant opportunities.
- Collaborated with the School Human Resources office on a regular basis.
- Collaborated extensively with the Belmont Retirement Board office on various issues.
- Collaborated with the payroll office and worked with our software vendor (MUNIS) to complete the extensive filing requirements relative to the Affordable Care Act and EEO-4.
- Continued ongoing negotiations with various unions.
- Responded to various public records requests.
- Completed performance reviews on various staff positions

Goals for 2024:

2024 will certainly be a transition year for our office. Now that the department is fully staffed, we will be able to fulfill our core mission responsibilities. We will strive to maintain a level of efficiency and excellence in all areas of service.

Our staff expects to be very busy in 2024. Some of the goals we hope to accomplish are below:

2023 Annual Report

- Involvement in a new round of contract negotiations with our various unions.
- Collaborate with Accounting to implement the accrual system and the Employee Self Service in MUNIS Town-wide.
- Continue exploring “paperless” opportunities to streamline processes and reduce costs.
- Update outdated/obsolete job descriptions.
- Make further updates to the Employee Handbook.
- Continue fulfilling the various reporting requirements of the Affordable Care Act.
- Continue to accurately and efficiently administer all benefit plans for eligible employees and eligible retirees.
- Continue to maintain compliance with all applicable Federal and State laws.
- Continue to recruit and retain top talent when openings occur.
- Provide formal training to staff at all levels.

Respectfully Submitted,

Kelli King
Human Resources Director

2023 Annual Report

INFORMATION TECHNOLOGY:

Department Head: David Petto:

Assistant Director: Todd Consentino:

Purpose and Duties:

The Information Technology Department has five primary responsibilities:

- *Desktop Services.* The Department provides Computer Help Desk, Printer, PC replacement and Mobile (laptop, tablet and smartphone) services for all Town Departments. The department currently services 245 desktop computers, 75 laptops, 30 Tablets and 45 Smartphones. These are distributed throughout 22 departments and divisions in ten buildings. Also serviced are 85 printers. Servicing involves software installations and updates, virus scans, repairs and replacements. The department maintains and administers approximately 40 departmental specific software applications in addition to Town-wide applications such as Microsoft Office, Adobe Acrobat, LastPass, MUNIS, Zoom, LogMeIn, etc. Industry standard for computer replacement is three years. Our replacement schedule is five years. Printers are replaced on an as needed basis, typically six to eight years. Maintenance of software licensing is also a component of this function.
- *ERP System Administration.* The Department provides Enterprise Resource Planning (ERP) System administration for the Town's MUNIS system. The ERP (Enterprise Resource Planning) system is provided by Tyler Technologies and is called MUNIS. It provides a common repository for the entire Town's financial assets and personnel data. The MUNIS system is used by all departments and is a vital and critical component of the technology infrastructure. The ERP system is a 'Cloud' based system, meaning the server/network infrastructure is located in Tyler Technologies datacenters. Administration is performed by the Systems Administrator and involves version upgrades, weekly updates, database backups, user account maintenance, support help desk service call resolution, monthly file maintenance, system integration, and security.
- *GIS and Database Administration.* This Department is responsible for maintaining the Town's Geographical Information System (GIS) including the Master Address Table (MAT) and also maintains the several Databases developed by all Town Departments. A GIS (Graphical Information System) has become a critical component in municipal planning. The ability to spatially display information provides a substantial increase in efficiency for Planning, Utility work, Property analysis, Pavement management and Public Safety. Our GIS utilizes open-source software and hosting provided by SchneiderGIS. We also use software provided by Environmental Systems Research Institute (ESRI). The main challenge in maintaining the GIS is keeping data updated. Parcel information is derived from the Assessors appraisal system and manipulated to update a Master Address Table (MAT) which is utilized by other systems. This is accomplished through the efforts of the Assistant Director using custom written, as well as 'off the shelf,' utility programs. We are constantly finding new uses to address data gathering needs in various departments. Included in this function is the maintenance of all databases in the Town. Although the main platform for the Town is Microsoft SQL Server, we do have several other databases to maintain. Maintenance involves monthly updates, performance analysis, table modifications, and system integration.
- *File Server and Communications Administration.* This Department maintains the Town's Email System (MSOffice 365), systems security (anti-virus, anti-malware and encryption), Intrusion Detection System (IDS), Identity Management System, Enterprise Network Immune System, User Behavioral Analytics, Security Information and Event Management (SIEM), Browser services, File storage, Fire Dispatch System, Fire Staff Management System, Backup Systems, Cloud Based Systems, Remote Access Management and Security Systems and Virtual Machines. The Town server infrastructure currently contains 46 servers (40-Virtual, 6 Physical). Maintenance involves monthly updates, configuration modifications, virus scans, log file analysis, and performance monitoring. Also included in this function is the Storage Network which allows critical data replication of Town data in two locations for redundancy.

2023 Annual Report

purposes. Data backup to Cloud storage is performed every three hours to ensure no loss of data for any reason. The Town utilizes Microsoft Office 365 in the 'Cloud' for email. There are currently over 185 mailboxes which are constantly scanned for viruses and SPAM. We have an on-premise email archiving system (Barracuda) which provides eDiscovery capability. In addition, there are several layers of security that are constantly monitored. These include, a Security Information and Event Management (SIEM) system, Account Behavioral Analytics System, Email Filtering System, Enterprise Network Immune System which utilizes Artificial Intelligence (AI), Anti-Virus System, Intrusion Detection and Endpoint Detection and Response (EDR). These systems are maintained by the Senior Systems Administrator.

- *Technical Training.* The Department is responsible for providing training in the use of a number of the Town's systems such as Email, GIS, File Storage and Remote Access (Zoom, LogMeIn VPN). Also, to provide training in proper security measures for protection of personal information for residents and staff. The IT Department conducts training classes, when possible, to assist other Town departments to properly utilize technology to reduce costs. These classes include GIS, ERP, Email, Security, and Policy training. As systems are changed or added, 'one on one' training is performed as much as possible. We also have online training available on a request basis with 10 licensed seats through LinkedIn Learning. In addition, we are using Computer Based Training (CBT) for security awareness through KnowB4.

Summary of Activities and Accomplishments:

- Provided Zoom administration for Town Committees.
- Replaced 40 Desktop Computers, 12 Laptops, and 4 Printers.
- Maintained Computer Imaging System to latest version of Windows 10.
- Expanded Security Information and Event Management (SIEM) and Intrusion Detection System.
- Expanded Data Auditing & Protection, Identity Management, and User Behavioral Analytics System for increased Cyber-attacks.
- Increased Ransomware detection and mitigation for Security Systems.
- Completed implementation of Multi Factor Authentication (MFA).
- Upgraded server operation systems (OS).
- Upgraded on premises SQL servers.
- Updated Belmont GIS parcel data to MassGIS standard and submit to state.
- Enhanced Patch management system to handle increase in vulnerability software updates.
- Added Managed Threat Response (MTR) to security systems.
- Added Artificial Intelligence (AI) to email scanning and threat mitigation.
- Added a managed Security Operations Center (SOC).
- Evaluated additional security systems.
- Began Town -wide replacement of Telephone system to Unified Communications as a Service (UCaaS).

Goals for 2024:

- Consolidate several security systems into one for cost savings.
- Implement a new Security Operations Center (SOC).
- Complete implementation of Multi Factor Authentication (MFA) for additional Town Departments.
- Complete Telephone System Replacement.
- Maintain membership in the Multi-State Information Sharing and Analysis Center (MS-ISAC), Center for Internet Security (CIS), Department of Homeland Security (DHS), the Cybersecurity and Infrastructure Security Agency (CISA) and several other organizations. Through information sharing with these various organizations, we are constantly adjusting our Data Auditing & Protection, Identity Management, User Behavioral Analytics and Intrusion Detection Systems.
- Maintain network and system security despite the continuing rise in Cyberattacks.

2023 Annual Report

- Enhance our cybersecurity posture by fine tuning security systems and implementing 'best practices'.
- Increase Security Awareness training.

Respectfully Submitted,

David Petto

David Petto

Town IT Director

Emergency Management Agency Roster

Director

Andrew Tobio

PURPOSE AND DUTIES

The Belmont Emergency Management Agency (BEMA) serves the Town as the local extension of the Massachusetts Emergency Management Agency (MEMA), an organization of the Commonwealth of Massachusetts. The emergency management agency is a mandated function at the State and Federal levels. BEMA is responsible to mitigate, prepare, respond, and recover from natural and human induced hazards impacting the Town of Belmont. MEMA assists BEMA as necessary in coordinating with federal, state, and local government agencies, preparing for, responding to, and recovering from emergencies and other disasters. On a local level, BEMA collaborates with agencies including but not limited to the fire department, the police department, the health department, schools, department of public works, private stakeholders, Town administration, and a multitude of other organizations.

PROGRAM OUTCOME AND COMPLIANCE

BEMA ensures compliance with objectives of the National Incident Management System (NIMS), a requirement to be awarded federal preparedness grants. State and federal requirements must be satisfied for the Town to receive and ultimately expend specific grants. The state requires annual review of the Comprehensive Emergency Management Plan (CEMP), an all-hazards plan developed to address natural, and person caused hazards that threaten the community. The CEMP plan defines emergency management activities and preparedness within the community.

ACTIVITIES AND RESPONSES

During an incident emergency management coordinates activities with the Town Administrator, fire chief, and police chief, determining the need to activate the Emergency Operations Center (EOC). The Town's EOC is located in Belmont Fire Department Headquarters, with a backup EOC at the Chenery School. The Director serves at the primary liaison to MEMA, providing and collecting situational awareness while disseminating public information in collaboration with the Town Administrator, senior officials, incident command, and the public information officer. Recommendations are also provided to the Town Administrator, senior officials, and incident command if and when evacuations or shelter operations become necessary. With the completion of the Belmont Middle and High School, the facility can now serve as a primary shelter location if needed, with a small office space designed for emergency management staff.

Infrastructure within the EOC is consistently updated through funding within the operating budget. A significant amount of the budget is appropriated for maintenance of the communications and technology within the EOC. Portable options for infrastructure is paramount, to allow for the possibility of deploying operations in different locations throughout the community. Training, both virtual and in person, throughout Massachusetts, and often New England continue to be attended. Some training examples from 2023 that members participated in include preparation for shelter operations, a hurricane preparedness symposium at the Massachusetts Maritime Academy, and a CEMP workshop. Additionally, BEMA will work to renew its Storm Ready status, issued by the National Weather Service, to continue as one of the now twenty-two communities in the Commonwealth.

In February of 2023, BEMA began the process of coordinating the opening of a shelter at the Chenery Upper Elementary School following a power outage during historically cold temperatures. Similar preparation for shelter options as a result of cold weather continued to be discussed throughout the winter. The agency also prepares for similar shelter operations during extremely high temperatures in the summer months. This information of available shelters is disseminated to the community as necessary through various mediums that include the Town's new community notification system and social media outlets. The Town of Belmont also became a member of the Mystic Regional Emergency Planning Committee (Mystic REPC). This

partnership benefits the Town in numerous ways, strengthening planning and providing the connection to additional planning resources and training opportunities.

In 2024, BEMA is hopeful to coordinate Incident Command System (ICS) 402, ICS overview for executives and senior officials, through the MEMA Training and Exercise Unit. After a couple years it is necessary to reach new employees in Town and also new members on the Local Emergency Planning Committee (LEPC). BEMA will continue to participate in meetings and exercises focused on a unified incident response. By June of 2024, the expectation is that there will be another opportunity for an Active Shooter/Hostile Event Response (ASHER) tabletop exercise and full-scale practice incident in conjunction with the Belmont Police Department, and the Belmont Public Schools. In December of 2023, BEMA was fortunate enough to acquire an additional Emergency Management Performance Grant (EMPG) to assist with the upfitting of a current fire department vehicle. These changes to the fire department vehicle will assist BEMA should there be a need to deliver essential commodities and equipment to impacted areas in the community or potential relocation sites. Emergency management items stored in the fire station, such as shelter infrastructure, could be transported to one of our shelter locations.

The CEMP plan is in its final stages and should be nearing completion prior to the end of fiscal year 2024. It has been an extremely detailed process, requiring a multitude of data from various departments, internally and externally. This plan is the framework for emergency management in Town, assigning responsibilities for action when operations are required. Once this updated plan is rolled out, the plan will necessitate annual review to ensure pertinent data remains accurate.

OUTREACH

In August of 2023, BEMA members held a hurricane preparedness class at the Beech Street Center. This course was quite well received. In the future, BEMA would like to provide or schedule courses for the community on a semiannual or quarterly basis. Additionally, The Department hopes to roll out an anticipated communication plan as part of the CEMP plan. This completed contact information is for key leaders not only in public safety, but in all departments within the Town. As part of the CEMP plan, this data will be revisited at specific times throughout the year to ensure that the information is up to date, simplifying the notification process of key officials, as appropriate, during emergency incidents.

Chief's Message

January 2024

The Belmont Fire Department is honored to be “Partners for Life” with our community. We take the mission of service to residents, businesspeople, and visitors to the Town of Belmont as a duty, an honor, and a privilege. Our firefighters not only protect the fire and life safety of the community when called for service, we actively assess and work to reduce risks in the community.

Our community-based approach to assessing and reducing risk from fire and other life safety emergencies encompasses enhanced inspectional and pre-planning, combined with community interactions that center around education and awareness. We embrace the diversity of Belmont and work to lessen the impact of emergencies to populations disproportionately affected by fire and medical incidents. Our all-hazards service model strives to create a safer community that is more resilient when challenges occur.

Providing an adequate standard of coverage is the key to success when fire and medical emergencies occur. In the Town of Belmont, we are able to respond efficiently to mitigate fires while many are still in the incipient stage, and treat life-threatening medical emergencies with the best possible outcome. This lifesaving response is due to the strategic location of our fire and EMS assets. The availability of advanced life support care provided by our fire companies, transport by our own ambulance, and our cross-trained firefighter EMTs and paramedics means that whether there is a fire or medical emergency Belmont firefighters are at the scene promptly, ready to provide our award-winning level of service.

I am proud to lead a department of dedicated professionals who provide excellent service and embrace the challenges of prevention, education and service delivery in the 21st century. I also greatly appreciate the assistance of the Select Board, Town Administrator, and fellow department heads. The Town of Belmont is well served by its government as well as the many residents who participate in the numerous boards and committees that are actively engaged with the fire department, making our community a more fulfilling and safer place live and work.

Respectfully Submitted,

David DeStefano
Chief of Department

Organization

The Belmont Fire Department is organized around divisions that perform specific activities. All uniformed members of the department are either Firefighter /Paramedics or Firefighter/EMTs, meaning that everyone is capable of a functional assignment during incident response. Using fully trained dual role responders helps to boost the deployment model for the BFD during hours when members of the department may be assigned to administrative, training or inspectional functions and a major incident occurs or numerous smaller incidents are reported simultaneously.

Fire Prevention Division

The Fire Prevention Division is located on the second floor of the FF Roland A Weatherbee Fire Headquarters at 299 Trapelo Road. Captain Robert K. Wollner has served as the department's Fire Prevention Officer since 2022.

In October, Lt. Michael MacNeil assumed the Assistant Fire Prevention Officer responsibilities, in addition to his primary assignment as the Department's Training Officer.

Ms. Maureen Sevene, was hired as the part time the administrative assistant to the Fire Prevention Division in February 2022. Ms. Sevene brings several years of administrative experience to Fire Prevention from the private sector.

The Fire Prevention Division delivers a well-structured inspection program of commercial occupancies, residential properties, schools, institutions, municipal buildings, and other places of assembly. These buildings are inspected with the intention of removing hazards and correcting unsafe conditions. In addition, the Fire Prevention Division works to ensure compliance with Massachusetts General Law, the Code of Massachusetts Regulations, and By-Laws of the Town of Belmont that are under the authority of the Belmont Fire Department. The Fire Prevention Division works to provide fire and life safety protection to the public by confirming code compliance and enforcing fire prevention laws and codes. Working towards this goal, the Division provides plan consultations with architects, contractors, lessees, business owners, property owners, and legal representatives in an effort to review all life safety systems. This review includes the inspection and testing of any installation, alteration, modification, or repair to any fire alarm, sprinkler system, or other suppression system. General questions and specific concerns from residents regarding fire and life safety are addressed successfully through various mediums.

In calendar year 2023, the Fire Prevention Division continued to track the processing times for permitting and plan reviews. The intent of this data collection was to help provide our customers with the best possible service, and identify any problem areas. This data was generated from the

issuance of 724 permits and 88 plan reviews. The processing time for both permits and plan reviews averaged less than one day.

PROCESSING TIMES FOR PERMITS

AVERAGE	0.10 DAYS

PROCESSING TIMES FOR A PLAN REVIEW

AVERAGE	0.10 DAYS

Projects throughout the community require a substantial time commitment from the Fire Prevention Division to ensure that all fire codes and regulations are being followed. The most common construction projects comprise renovations or construction of residential dwellings and commercial buildings, but there are other major construction projects under the supervision of the Fire Prevention Division.

Some notable new projects undertaken by the Fire Prevention Division in 2023 include:

1. Working with the Town's Facilities Department and alarm contractors at the Winn Brook Elementary School to install a modern fire protection system which replaced and significantly upgraded an outdated/antiquated system. This new system at the Winn Brook, went on line in the summer of 2023.
2. The Belmont High School/Middle School construction project was completed with the Middle School side of the building wrapping up construction in time for the start of the 2023-2024 academic year. Fire Prevention oversaw the installation and testing of fire alarm, sprinkler and life safety systems within the building.
3. Fire Prevention is working with stakeholders on the proposed residential complex that is planned to be built on the McLean Zone III property off of Olmsted Drive. This project, the Residences at Bel Mont, plans to build multiple town houses and apartment buildings on the property.

4. Fire Prevention is working with the building committee, general contractor and architect on the construction of the new skating rink on Concord Avenue which is to be built on the site of the previous rink, once the existing rink is demolished.
5. The Fire Prevention Division has also been working with stakeholders on the plan design of the proposed public library that is slated to be built on the site of the existing library at 336 Concord Avenue once the existing library is demolished.
6. The owners of Cityside Subaru located at 790 Pleasant Street have begun construction of a new facility on the land that abuts the current dealership. Fire Prevention has been working with them on the plan design and fire protection systems for the new building.
7. Fire Prevention and the Chief Officers have been working with the Town IT Department and an outside vendor to create an on-line platform where Fire Prevention permits can be applied and paid for remotely. We are hopeful that the platform will be ready to go live in the first quarter of 2024.

During calendar year 2023 the Fire Prevention Division issued 28 Orders of Notice. These orders were issued in response to documented fire code violations that were deemed significant enough

to warrant immediate action to be taken by the property owner and/or tenants to remedy unsafe situations that may pose a threat to the safety of occupants. Often times these violations are not done

maliciously, but rather by a lack of understanding of the requirements of the state fire code. The Fire Prevention Bureau works with those affected to help mitigate those issues as soon as possible.

There were 179 code enforcement activities that the Fire Prevention Division was involved in helping to remedy.

In calendar year 2023, the Fire Prevention fulfilled 33 public records requests that involved records that are maintained by the Division.

In 2023, the Fire Prevention Division began its second year of overseeing an expanded and more robust inspection program for businesses and organizations who seek the renewal of Liquor Licenses, Business Licenses or Common Victualler Licenses. The license renewal process for these businesses include a safety

inspection of the occupancy seeking licenses, and requires the business owner to provide supporting documentation for fire alarm system maintenance and testing, sprinkler system maintenance and testing, along with cleaning inspection and testing reports for restaurants with hood and/or Ansul systems. This program has added a significant time and manpower burden on the Fire Prevention Bureau by adding over 70 inspections annually, but with that having been said, it has already proven its worth by identifying several safety violations, that have since been mitigated, and are now keeping both the public and the business' employees safer.

Beginning in January 2023, the Fire Prevention Division expanded our risk reduction program to include inspections of all Town owned buildings, with the exception of the structures under control of the Belmont Housing Authority.

Continuing education on current and changing fire prevention laws and codes is always a top priority for the Fire Prevention Bureau. The fire officers assigned to Fire Prevention are also members of the Fire Prevention Association of Massachusetts (FPAM). These members attend monthly meetings and seminars presented by FPAM and the Department of Fire Services.

The Fire Prevention Division works in conjunction with the Department of Fire Services to obtain the latest information for compliance with and enforcement of Chapter 148 of the Massachusetts General Laws, 527 CMR 1.00 (Massachusetts Comprehensive Fire Safety Code - based on the 2021 edition of NFPA 1), and fire protection sections of the Massachusetts State Building Code 780 CMR.

Working together to promote life safety and property protection, citizens of the Town are encouraged to contact the Fire Prevention Division with any concerns that pertain to fire protection and fire safety. As part of public education, the Fire Prevention Division works with public schools, private schools, and various other children's groups to schedule visits at both of the Belmont Fire Department stations. The Fire Prevention Division hopes to continue to address the needs of the community, responding to identified risks, as staffing allows, while maintaining the best possible customer service.

Members of the Fire Investigation Unit receive training on auto fire investigation techniques

Division of Training

The Belmont Fire Department (BFD) Division of Training (DOT) is staffed by a single

Lieutenant who is responsible for planning, coordinating and implementing training department-wide. The position also assists with staff support and fire prevention. Members of the department are faced with dynamic challenges each shift. Beyond fire suppression, members must be proficient in

rescue operations, extrication, hazardous material response and emergency medical services. In order to meet these challenges, members continuously train to be proficient in their skills.

Fire suppression is a complex and labor-intensive practice. New hires receive preliminary training during their first weeks on the department and are ultimately sent to the Massachusetts Firefighting Academy for a period of twelve weeks to become proficient in suppression duties. This is valuable training and by the time the recruits return to the department they are certified as Firefighter I/II and Hazardous Materials Operations Level First Responders. All of our hires are also practicing emergency medical technicians or paramedics.

The modern fire service is tasked with responding to all manner of hazards. Our members routinely respond to structure and vehicle fires, car accidents, medical emergencies, hazardous material leaks / spills, carbon monoxide alarms and many other challenging situations. In order to maintain

proficiencies, the DOT issues trainings on a monthly basis. Most of our training is conducted by

company officers and shift commanders in order to develop cohesive and efficient strategies and tactics. These trainings range from dynamic practical evolutions to learning about new pieces of equipment.

Maintaining proficiency and expanding knowledge to include new material, practices and techniques is a constant challenge. The National Fire Protection Agency (NFPA) and the Code of Federal Regulations (CFR) continuously update their training requirements. The steady growth of the Town of Belmont presents numerous challenges for operations and training alike. New building designs, modern construction methods and increasing density combine to present unique challenges to our firefighters. The DOT takes advantage of numerous training resources to provide up-to-date theories of practice and tactical information.

The majority of training at the BFD is conducted as part of our members normal workday along with occupancy inspections, fire drills and emergency response. In addition, the DOT expands on basic operations to include many high-risk, low-frequency events such as water and ice rescue, confined space, firefighter survivability and rescue (RIT), auto-extrication and other specialized operations. These topics are presented as part of monthly, in-house training throughout the year. Training also covers newly issued equipment and novel techniques and strategies.

The BFD welcomed five new members to our ranks in 2023. Four have completed their in-house training and are currently operating on shifts. One member will be attending the

Massachusetts Fire Academy in February. In addition, the department is hiring three more members in early 2024.

The DOT will continue to prepare our members for the challenges they face each shift. Training is a vital component in the modern fire service. Fire suppression is a complex and challenging discipline that requires continuous training. The modern fire service continues to evolve to incorporate more emergency response capabilities. The DOT strives to keep our members apprised of new methods, tactics and strategies in all of our response fields and will continue to do so in 2024.

In 2023 our firefighters participated in a total of 437 training sessions. This includes individual, company level, shift level, and department-wide activities.

Respectfully submitted,

Lt. Michael MacNeil

Training Officer

Emergency Medical Services Division

It is our pleasure to present the 2023 Annual Report of the Belmont Fire Department's

Emergency Medical Services Division. The EMTs and Paramedics who staff our fire apparatus are a remarkable team of dedicated professionals who are trained to the highest level available to provide superior care to the members of the public and the Town of Belmont. Every member of the department is truly committed to serving our

community. This commitment is evident through the conduct and professionalism that they demonstrate every time that they provide service. During calendar year 2023, the department responded to 2,101 calls for emergency medical services. The Belmont Fire Department utilized Advanced Life Support (ALS - Paramedic Level) care to 1,373 patients while the remaining patients, 728 received care at the Basic Life Support (BLS) level.

A total of 1,693 patients were transported to the hospital. Of the 2,101 medical calls, our Rescue (Ambulance) responded to 1,524 and transported 1,361 sick and injured individuals to the hospital. Outside EMS agencies transported 318 patients.

It is important to note that Belmont fire companies have the capability to provide first response care at both the ALS (advanced life support) and the BLS (basic life support) levels when the Rescue unit is not available. These first response Fire Companies are able to evaluate patients, provide care, and perform lifesaving interventions while awaiting the arrival of an outside transporting agency. These interventions could be as simple as providing pain management or administering a medication to begin the treatment process; or as complicated as interpreting a 12-lead electrocardiogram and mobilizing the cardiac catheterization team, obtaining intraosseous access, or intubating and securing a patient with an unstable airway. In addition, a demographic that is not shown in the graph above is the patients that require minor treatment on scene and make the decision to refuse to be transported to the hospital.

It is not possible to include every aspect of the Belmont Fire EMS program in this report, but the goal is providing a snapshot of the structure, capabilities, value, function, and contributions the program makes. With the continued support of the Select Board, Town Administrator, and citizens of the Town of Belmont, we look forward to continuing to provide award-winning and superior pre-hospital care.

The Fire Department provides both Basic Life Support (BLS) and Advanced Life Support (ALS) transporting service responses for the community of Belmont. By having this level of service on our first response units it means that patients are able to receive faster access to basic level care from EMTs and advanced care from Paramedics. This advanced care includes advance airway control, (endotracheal intubation and king laryngeal tube),

intravenous access (IV), intraosseous access (IO), cardiac monitoring (interpretation and treatment/defibrillation), and medication administration. Our highly trained Paramedics with our Emergency Medical Technicians (EMTs) and our medical control doctors work together to provide the highest level of pre hospital care and transport to area hospitals.

The Belmont Fire Department continues to be a leader and innovator in out-of-hospital care. All of our in-service companies operate at the ALS level when staffed with a paramedic, and are always equipped to at least the at the BLS level. This includes: Defibrillator, Oxygen, Basic First-Aid supplies, Epi-Pens, Albuterol, Aspirin, Narcan, Glucose, Glucometers, Pulse Oximetry as well as the Lucas2 CPR devices, Basic airway management and CPAP. The Rescue (transporting ambulance) operates at the ALS level and carries: Cardiac Monitor, a large compliment of medications (including cardiac medications, respiratory medications, and pain management), CPAP (an advanced airway care procedure), capnography monitoring, and video laryngoscopy, 24 hours a day / 7 days a week / 365 days a year. In addition to Rescue 1 always being staffed at the ALS level, during 2023, Engine 1 and Engine 2 were virtually always staffed at the ALS level, while Ladder 1 operated at the Paramedic (ALS) level when staffing allows, meaning advanced level care is more readily available to the community.

All of our EMTs and Paramedics are licensed through the Massachusetts Department of Public Health, Office of Emergency Medical Services and also hold certifications in Basic Life Support (BLS). These EMTs are required to complete a minimum of 40 hours of continuing education every two years. The Paramedics are also required to maintain a certification in Advanced Cardiac Life Support (ACLS) as well as Pediatric Advanced Life Support (PALS), and Tactical Combat Casualty Care Course (TCCC). In addition to these certifications, they must attend a minimum of 60 hours of continuing education every two years. In 2023, all EMTs and Paramedics received training to provide medical care and transport to working police dogs, this training was conducted with the help of local veterinarians as well as the Belmont Police Department. All members of the Belmont Fire Department also received training for an ASHER

event (Active Shooter/Hostile Environment Response). This training was foundational for future training and response to an ever-increasing threat throughout the country.

The Belmont Fire Department consistently exceeds the minimum training standards - such as providing quarterly HALO – High Acuity, Low Occurrence Training to our staff, utilizing our in-house simulation lab. This training includes, intubation, transcutaneous pacing, cardioversion, needle decompression, and surgical cricothyrotomy. In the event of the most critical and life-threatening emergency, a cardiac arrest, all the members of the Belmont Fire Department use the latest approach and equipment (the LUCAS CPR Compression Device). This is coupled with quarterly training on “pit crew” CPR, which has been proven to be successful if delivered by highly trained practitioners. Emergency Medical Service providers also have access to our Handtevy mobile app. This application is formatted to assist all of our EMTs and Paramedics in delivering care to the pediatric population with age and weight-based interventions quickly available for reference.

Medical Directors, Dr. Gary Setnik and Dr. William Porcaro, of Mount Auburn Hospital, are proactive in their direction of the best pre-hospital care possible. They use the latest science and technology to oversee all EMS activity in conjunction with the EMS Coordinator. They

also provide morbidity and mortality rounds for all EMS members to attend monthly. One hundred percent of the medical emergency calls that the Belmont Fire Department responds to are reviewed for quality assurance. This assists members in being able to provide the best possible care, as well as review the most critical incidents that have occurred and where, if any, improvements can be made.

The Belmont Fire Department will continue to train our EMTs and Paramedics to the highest level of care with the support of the community. This will allow us to remain on the cutting edge of prehospital emergency medical care and increase the availability of Advanced Life Support as additional Paramedics join the ranks of the Belmont Fire Department.

Respectfully Submitted,

Lieutenant Michael F. Dayton

Paramedic, EMS Coordinator

Firefighter/Paramedics display the newly delivered Rescue 1 to attendees at the Beech St. Center

Community Liaison / Public Educator

It is a sincere pleasure to present the 2023 Community Liaison Report of the Belmont Fire Department. Chief David DeStefano created this position in January of 2023 to better serve the community. As a community liaison, my job is to specifically target community risk and reduce it whenever or wherever possible. The best way to understand our risks is to conduct an assessment which is a process to find our biggest risks and to come up with a plan to reduce those risks effect the most vulnerable populations. By this assessment, we have concluded that the three most vulnerable populations in Belmont are: our seniors (people who are 65+), they make up approximately 17.3% of Belmont's population; children under the age of 18 (24.7%) of which 6.3% are under the age of five; and those of whom live below the poverty line (5.38%).

During calendar year 2023, members of the Belmont Fire Department and our stakeholders were uniquely positioned to make a positive impact in our community and to target our at-risk populations. In doing so, the department has implimented programs such as Student Awareness of Fire Education and the Senior SAFE Program; cardio pulmonary resuscitation (CPR); automated external defibrillation (AED), first aid classes; home safety assessments; Hot Topics (T.V. and YouTube show) ; and the EMS Bike Unit.

The Student Awareness of Fire Education (SAFE) Program. Since the adoption of the program

in 1996, thousands of children have been instructed in life safety lessons in grades pre-k – 4th grade. As a direct reflection of this training Belmont can proudly boast of its successes and tell of its **five (5) children** who were recognized by the Commonwealth of Massachusetts, Department of Fire Services, as Young Heroes for their bravery during a fire or medical related emergency.

The Senior SAFE Program – Trained firefighters work with the Council on Aging and the Belmont Health Department to target the health and welfare of seniors in the community. Members of the SAFE team place smoke alarms and carbon monoxide alarms in the homes of seniors and speak with them and offer materials on home safety, carbon monoxide awareness, slip and fall prevention, cooking safety, seasonal safety, electrical safety, smoke alarms, and other safety concerns.

Home Safety Assessments – At the request of a Senior citizen or any Town resident, a trained representative from the fire department along with a social worker from the Council on Aging

conduct a home safety survey. In 2023, approximately **16 home safety visits** were conducted. While at their home, the firefighter looks for home safety hazards, brings them to the attention of the

homeowner, and offers advice and solutions to combat the hazard(s).

During the assessment, when necessary, smoke alarms and carbon monoxide alarms, Knox Boxes (access door key), are installed in the homes of Seniors. In 2023, approximately **25 smoke and carbon monoxide alarms have been installed in homes**. House numbers are checked for

visibility and File of Life Forms (medical forms) are also offered to Seniors. These forms are instrumental in obtaining medical information and speak for the person when they cannot speak for themselves during a medical emergency. The social worker from the Council on Aging offers programs such as meals on wheels, home and social care, as well as medical alert systems that automatically call for help when needed. The program also works with the Belmont Fire Prevention office and with Joint Public Safety Communications (9-1-1 center) to facilitate information gathering. This information enables successful outcomes during emergency responses.

CPR/AED/First Aid – Members of the fire department who are American Heart Association instructors provided classes in cardio pulmonary resuscitation, automated external defibrillation, and first aid to **53** citizens in Belmont. Seconds count in the chain of survival and many citizens have been trained to offer assistance in the event of an emergency. Positive outcomes have been directly associated by immediate recognition, notification of an emergency (calling 9-1-1), and citizen CPR/AED intervention. This coupled with the arrival of fire

department emergency medical services and advanced medical care.

Hot Topics – Chief David DeStefano and Captain David DeMarco co-host a popular educational show filmed by the Belmont Media Center <https://www.belmontmedia.org/hot-topics>. Since the show started in 2022, there have been **seven (7) shows** that that aired on You Tube and Channel 28: Home Escape Planning; AED's and CPR; Cooking Safety; Senior Safety; Ceiling fan fires; Summer Safety; and Winter Safety.

Bike Unit – State funds were used to train and certify 10 members of the fire department in public safety skills. These funds were also used to purchase three bicycles that have been outfitted with EMS supplies. This Special Operations unit was formed for the purpose of commuting in close proximity with the public during large events. In 2023, the unit was deployed approximately **five (5) times**. Firefighters ride in pairs during these events and offer the highest quality of basic and paramedic level care. Firefighters have been trained to circumnavigate safely through crowds in order to provide a response, that is more rapid than that of the larger fire apparatus. This enables them to stabilize a patient and provide immediate EMS care prior to the arrival of the ambulance.

Automated External Defibrillator (AED) – Five AED’s have been placed in

the following parks around Town for use by citizens in the event of a cardiac arrest : Pequotsette, Grove Street, Payson, Winn Brook, Town

Field. **Each month** a member of the fire department performs a routine

check of the AED’s. Each AED is secured in an all weather cabinet. If a citizen witnesses a person in cardiac arrest he or she can go to the

cabinet, call 9-1-1 and speak with the dispatcher who will provide a code to access the AED

while simultaneously dispatching the fire department to the scene. The Town has contracted

with Life Support Systems Company and twice-a-year a certified technician performs a function and diagnostic check of the AED’s.

Community Engagements – In 2023 firefighters conducted **93** community engagements. These events are used to interact with the Belmont community and explain the missions of the fire department, introduce our firefighters to residents, and residents to our firefighters. They may be neighborhood block parties, touch-a-truck events, summer camp visits, informational displays at the farmer’s market or other educational venues.

Child Safety Seat Inspections/Installations

The Belmont Fire Department has a certified child safety seat technician that will assist with proper installation of children’s car safety seats. This activity is in keeping with our mission of community risk reduction. Our firefighter/technician is currently assigned to the Operations Division, and is available during his work shift by appointment. During 2023 **47** child safety seats were installed.

Respectfully Submitted,

Capt. David DeMarco

Community Liaison / Public Educator

Partners for Life in the Community

Grant Projects

The Belmont Fire Department was recently awarded funds for a grant application that was filed in 2023. The grant award for \$19,000.00 for safety equipment will be used to purchase each Belmont firefighter a pair of leather firefighting boots. These boots were placed on a high priority list by the Executive Office of Public Safety & Security. The newer design and construction afford a true fit for the wearer. Walking, climbing ladders, working on roofs, and overall traction is greatly improved over older versions of rubber boots previously issued by the department. The result will be improved safety, comfort, and reduced fatigue.

New Equipment/Initiatives

The Belmont Fire Department continually assesses emerging risks in the community and works to obtain the appropriate equipment, training, and policies to mitigate any potential incidents. Recent developments involving fires and crashes involving electric vehicles have led the fire department to be among the first in the nation to employ an “EV plug” for use in preventing an electric vehicle from shifting into a drive gear after a crash. This device causes the vehicle system to believe that it is being charged and disables it from shifting into drive.

The Belmont Fire Department has also purchased a fire blanket designed to help smother and contain the thermal runaway that may take place when electric vehicle or other lithium-ion batteries are damaged or exposed to a high heat source. Not only will the blanket help to contain a fire to the point of origin, it will also assist in preventing re-ignition after the original fire is extinguished.

With the ever-increasing use of photovoltaic (PV) panels, the Belmont Fire Department was among the first to obtain a product that has been in use in Europe, but is new the United States. “PV Stop” is a polymer that blocks out a light source from providing power to a PV panel. When firefighters need to operate around these panels there is always the danger of contacting a panel that is retaining power due to sunlight or other lighting in the area. This product is sprayed on the PV panel and forms a coating which may later be removed without permanent damage to the panel.

A Look-Back to 2022 Goals

- Community Education

The fire department has delivered Stop the Bleed Training in cooperation with Belmont Schools Nursing staff. In addition, firefighter/instructors will present public training that includes CPR/Stop the Bleed/Narcan administration in conjunction with funding provided by the Opioid settlement fund established by Town Meeting.

- Risk assessment & Reduction

The Fire Prevention Division and Operations Division have begun a more robust schedule of inspection activities in order to reduce the potential for emergencies and lessen the impact of those that may occur. The fire department continues to offer child car safety seat inspections. We are looking to the possibility of increasing the number of child safety seat technicians in order to improve of service delivery. We have begun a program of home safety surveys in partnership with the Council on Aging. We would like to increase the number of safety surveys by offering this service to all Belmont residents. We have made substantial progress installing smoke/CO alarms in the homes of residents in need.

- Service Metrics

We have begun to track additional fire prevention activities, including orders of notice, code enforcement activities, and records requests made specifically for fire prevention issues. We continue to strive to initiate an online portal for permit applications.

- Workplace Diversity

Our firefighters have engaged potential applicants for the fire department before they take an entrance exam. Meeting one-on-one to discuss the aspects of a career in the fire service. In 2023 we were able to add significantly to the diversity of the fire department. We continue to engage internal and external stakeholders to garner more interest in a fire service career among a diverse group of candidates.

- Training

The fire department trained using newly acquired equipment and policies adopted to address several emerging risks, including lithium-ion battery fires, photovoltaic panel incidents and response to incidents involving electric vehicles.

- Leveraging Regional Resources

We are networking with other members of Metrofire in order to increase our training, EMS, and fire prevention resources. Sub-committees for these important specialties have been formed and are collaborating on training and resource availability.

Summary & Goals

The Belmont Fire Department, with the support of our community, will continue to provide an exceptional standard of coverage for mitigating all types of fire and life safety emergencies. Our dedicated firefighter EMTs and paramedics are committed to reducing hazards in Belmont through comprehensive public education and inspectional programs. We are proud to be community-focused and prepared to use our skills and equipment to respond your calls for service.

- Present a FEMA sponsored program called, “Before help Arrives” to strengthen the resilience of the community when small or large emergencies occur.
- Work toward a robust “Community EMS” out of hospital care system. This care model requires a community investment that will improve the quality of life for many at-risk populations. It will also reduce usage of emergency medical services and hospital emergency facilities by providing care before the level of acuity requires hospitalization.
- Maintain our standard of coverage and provide incident response times within nationally accepted standards for fire and EMS incidents.
- Provide opportunities for the public to engage fire department leadership to better understand the missions of the modern fire service and the level of service provided by the BFD.
- Continue to invest in training our firefighters in current best practices, while providing opportunities for enhancement of leadership skills for the future of the department.
- Continue to support and embrace diversity in the community and within the BFD.

2023 Annual Report

Belmont Police Department:

Department Head: James MacIsaac, Police Chief

Assistant Director: Mark Hurley, Assistant Police Chief

Purpose and Duties:

The Belmont Police Department exists to serve the public, enforce the laws, maintain order, and to protect the constitutional rights of all people. The members of the Belmont Police Department are thereby committed to working in partnership with all citizens of our community in the delivery of police services, raising the quality of life for all. We promote transparency, dignity, respect and a safe atmosphere by recognizing our responsibility to maintain order, fairly enforce laws and to protect individual rights. The Department strongly believes in collaborating with the community and outside agencies to meet our goal of understanding and serving the needs of the Belmont community by promoting positive values through equitable and impartial policing constant with and reflective of the shared values of the community.

Summary of Activities and Accomplishments:

In 2023, our department reached a notable achievement by effectively finishing the Active Bystandership for Law Enforcement (ABLE) Project training, a program overseen by the prestigious Georgetown University Law Center. This feat is particularly significant as only sixteen law enforcement agencies in Massachusetts are partaking in this impactful initiative, and we take immense pride in being one of them. Our participation in ABLE highlights our steadfast commitment to reform and our dedication to adhering to the highest standards in law enforcement. We are pleased by the enthusiastic backing we've garnered from local community groups and elected representatives for our involvement in this endeavor.

Our involvement in the ABLE Project demonstrates our unwavering dedication to continual advancement and our firm commitment to maintaining the utmost standards of professionalism and integrity within our department. The training provided by ABLE equips us with the necessary knowledge and skills to excel in our roles as law enforcement officers, emphasizing our pledge to serve and protect our community. By implementing the principles and techniques learned through this program, we are enhancing our ability to fulfill our mission while ensuring the welfare of our department personnel.

The Department, in partnership with Advocates, appointed Emily Bartlett to serve as a Co-Responder alongside our officers. Advocates, a behavioral health organization, pioneered a Co-Response approach where clinicians and law enforcement collaborate to address the needs of community members experiencing crises. In Belmont, police officers and Advocates' care providers share common objectives, focusing on de-escalation, stabilizing situations, and exploring alternatives to arrest and involuntary hospitalization. The Co-Responder role is supported by a grant from the Massachusetts Department of Mental Health. Through our active participation in the Co-Responder Jail Diversion Program, we have secured an additional \$25,000 in vital grant funding to support the operations of our Communications Division, particularly in addressing overtime expenses.

This initiative has proven invaluable, with the Co-Responder team consistently conducting an average of 16 evaluations each month. Notably, a substantial 70% of these evaluations have resulted in successful client diversions away from arrests and emergency room admissions. This accomplishment not only underscores the effectiveness of the Co-Responder program but also emphasizes our dedication to innovative approaches that enhance the well-being of our community while optimizing resource allocation within our department. The acquired funding will undoubtedly contribute to the ongoing success of our operations and the overall welfare of those we serve.

Goals for 2024:

Enhancing Accreditation Standards: Our continual dedication to developing and enacting robust policies and procedures is in harmony with our objective to meet accreditation standards. In FY2022, we initiated a partnership

2023 Annual Report

with a specialized firm to closely collaborate with our Accreditation Manager. We will persevere in these endeavors to guarantee our department's adherence to industry benchmarks.

Strengthening Information Technology Management: We aspire to significantly enhance our Information Technology (IT) management capabilities. This aspiration mirrors our commitment to optimizing IT infrastructure, security, and operations, thereby enabling us to better serve our community and streamline our internal processes.

Emergency Medical Dispatch Calls: Our primary focus is to uphold an unwavering commitment to reviewing and upholding the highest quality control standards for all emergency medical dispatch calls. Ensuring the precision and efficiency of these critical operations remains paramount.

Community-Centered Traffic and Parking Solutions: We pledge to effectively address the community's concerns regarding traffic and parking. We will actively engage with our community to comprehend their needs and collaborate to implement solutions that ameliorate traffic flow and parking challenges, thereby enhancing the overall quality of life for our residents.

Efficiency amidst Staffing Challenges: Despite potential staffing gaps, our dedication to efficiency and excellence in all programs remains steadfast. We will deploy strategies to optimize resources and uphold high standards across our department's initiatives, ensuring our community receives the quality services they merit.

Expanding C4RJ: The Belmont Police Department is not only continuing its collaboration with C4RJ, but it has initiated a pilot program to extend its coverage to include incidents where individuals facing a court summons will now have the option to participate in C4RJ. Previously, participants were typically those involved in an arrest. C4RJ, a community-police partnership, provides restorative justice services to those impacted by crime. The organization is driven by a team of trained volunteers and overseen by a 14-member board that recognizes crime as a breach of individuals and relationships, not just a violation of the law.

Communities for Restorative Justice (C4RJ) is a nonprofit dedicated to fostering resilient, respectful communities through responses to crime that promote healing, accountability, and reconciliation. C4RJ prioritizes listening to victims, holding offenders responsible, and rebuilding trust within communities. Its primary focus is on supporting both victims and offenders of crimes through a reparative approach that operates outside of the traditional court system.

These objectives underscore our commitment to continuous improvement, community engagement, and the highest standards of service delivery. We eagerly anticipate collaborating to realize these goals for the advancement of our community.

Finally, I remain deeply proud of the collaborative efforts exhibited by all members of our team, including school crossing guards, parking clerks, administrative/civilian staff, dispatchers, and police officers. The paramount asset of our organization lies in the professionalism and selflessness demonstrated by its personnel. Our departmental staff understands that numerous achievements and acts of kindness often go unnoticed, yet their genuine dedication to their duties remains steadfast and untroubled by the challenges that they face.

Respectfully Submitted,
James MacIsaac

Conservation Commission

The Office of Community Development has a part-time Conservation Agent on staff, Mary Trudeau, who works closely with the Conservation Commission. The agent administers the Victory Garden's at Rock Meadow, manages the Rock Meadow conservation land and provides technical assistance on all matters relating to the Wetlands Protection Act. The Conservation Agent also began issuing permits for 3-4 Beekeepers, as well as promoting a grazing pilot program. The Conservation Agent also reviews various proposals including hosting 4-5 Cross Country Road Races each year and applications for the Blue Bird Nesting program. The Conservation agent oversees botanical walks and astronomers' nighttime use of the meadows.

Police Department:

The Engineering Division worked closely with the Traffic Division in 2023 on traffic related issues. The Traffic Division providing technical assistance to the Town Engineer who works closely with the Transportation Advisory Committee. The Department also works with the Traffic Division reviewing and approving requests for handicapped parking spaces.

Sanitary Sewers:

During 2023 private contractors made 26 new connections or repairs to the sanitary sewer services. The Department continued to provide various information as requested.

Storm Sewers:

Private contractors made 7 new connections to residential properties and the Department took measurements and locations of the sewers for permanent records.

Town Clerk:

Restriction lines, 150 feet from election polling places, were marked out at each of the eight precincts at the request of the Town Clerk.

The Department also assisted the Town Clerk in selecting the proper house number for new or converted dwellings by providing technical assistance and plot plans of the property.

Transportation Advisory Committee:

In 2023 the Town Engineer attended several meetings as staff liaison to the Transportation Advisory Committee. Parking restrictions and traffic studies as well as many other concerns were discussed at these meetings. Information and support was given to the Committee by this department as needed.

Public Works - Water Division:

The Engineering Division performed various functions for the Water Department including locating sanitary sewers and storm drains for repair and/or replacement of domestic water lines and main lines.

Additionally, all phases of the Water Department's 30-Year Plan are closely coordinated with the Engineering Division in order to ensure coordination of utility replacements or upgrades as well as pavement restoration.

BUILDING DIVISION

2023 Annual Report

During 2023, Building Division approved 943 building permits for which all necessary inspection and re-inspections were made. Total income received was \$1,469,970.

During 2023, Building Division approved 122 Sheet Metal permits for which all necessary inspection and re-inspections were made. Total income received was \$52,575.

During 2023, 530 plumbing permits were issued for which all necessary inspection and re-inspections were made. Total income received was \$33,715.

During 2023, 315 gas permits were issued for which all necessary inspection and re-inspections were made. Total income received was \$11,438.

During 2023, 665 electrical permits were issued for which all necessary inspection and re-inspections were made. Total income received was \$179,310.

Code Enforcement

The Building Division received 27 possible zoning violation complaints, 10 possible building code complaints and 12 general bylaw violation complaints. All alleged zoning and building code violation complaints received during the year were investigated and notifications were sent to the parties involved. Through the cooperation of the Fire Department, the Building Division is notified of every fire in which possible structural damage is evident. Immediate inspections are made and recommendations given to the owners or builders. The division also proactively enforces the Residential and Commercial Snow removal bylaw when snow events dictate.

State Building Code:

During 2023, as part of the duties required by the Massachusetts State Building Code, this division inspected 109 public buildings and spaces, (schools, hospitals, restaurants, public halls, day care centers etc.) for compliance with safe egress, emergency lighting and maximum capacity. The Code requires on-site inspections. Mandatory fees collected during 2023 totaled **\$3,486**. As a means of keeping informed with the State Building Code and its ongoing changes and amendments, representatives from the Building Division division attended several state sponsored workshops during 2023.

Health Department:

The Office of Community Development continued to work very closely with the Health Department in 2023. Many of the public safety issues that are addressed by the Building Inspector also involve the Health Department. The Department also works closely with the Health Department to review plans for new restaurants.

PLANNING DIVISION

Zoning Board of Appeals:

During 2023, the Zoning Board of Appeals heard 32 cases. Several cases include multiple Special Permits:

TOTAL CASES	32
Special Permits	28
Variances	1

Total application fees for both the Zoning Board of Appeals and Planning Board were \$11,975.

Summary of Activities and Accomplishments:

In 2023 the Office of Community Development was reorganized. The Office of Planning and Building was created and the Engineering Division was added to the Department of Public Works. Three positions from Community Development have been reassigned to the DPW Engineering Division.

During 2023, the Planning Division was engaged in the following:

- Drafting and facilitating the approval of several Zoning Bylaw amendments
- Worked with the MBTA Communities Zoning Advisory Committee on developing zoning and a map to comply with state law.
- Worked with the Building Division and other agencies to explain the impact of the specialized energy code that was passed at Special Town Meeting 2023.
- Engaged in annual reporting for Green Communities and the One Stop for Growth grant received for MBTA Communities.
- Provided technical and administrative support to the Planning Board, Housing Trust, Economic Development Committee, and Historic Districts Commission.
- Attended trainings and workshops on a variety of planning-related topics.
- Provided general customer service in-person, by phone and zoom, and via email to answer questions, address complaints, and conduct research.

DPW ENGINEERING DIVISION

Town Engineer: Glenn R. Clancy, P.E., C.B.O

Resident Engineer: Thomas Hodgson (started December 5)

Part Time Staff:

Mary Trudeau, Conservation Commission Agent

Goals for 2024:

1. The Office of Planning and Building will continue to manage the transition from Community Development to the new department.

2023 Annual Report

2. Transition to adapt to the new specialized energy code through training, processes and procedures, and forms. Also need to consider an addition to the fee schedule.
3. Help the MBTA Communities Advisory Committee and the Planning Board to successfully pass compliant zoning at Special Town Meeting 2024 and have it submitted to the state before December 31, 2024. This shall include completion of all ancillary requisite tasks including the EFA, Mixed Use, and preliminary state reviews.
4. Continue to work with the Planning Board and other Town boards and committees to draft and pass important zoning amendments related to restaurant parking, site plan review, inclusionary zoning, residential zoning modifications, and others that may emerge during 2024.
5. Continue to advocate for a new comprehensive plan and for zoning reform to be funded and initiated as soon as practicably possible.
6. Initiate and complete the market and fiscal analysis projects by August 30, 2024.

Respectfully Submitted,

Glenn R. Clancy, P.E., C.B.O.
Director of Community Development

Christopher J Ryan, AICP
Director of Planning and Building

DEPARTMENT OF PUBLIC WORKS:

Department Head: Jay Marcotte, MPA

Public Works Administration:

Herewith I submit the Department of Public Works (DPW) report for the year ending December 31, 2023 covering the following: Public Works Administration, the Highway Division, Sanitary Sewer and Stormwater Division, Parks and Cemetery Division and the Water Division.

During 2023, Public Works Administration procured and administered 42 contracts for vehicles, supplies and/or services under Chapter 30B; the Uniform Procurement Act and Chapter 30 section 39M. Administrative time was spent working with the Acting Tree Warden, Executive Safety Committee, Massachusetts Water Resources Advisory Board, Arlington – Belmont - Cambridge (ABC) Stormwater Board, Water Advisory Board, Transportation Advisory Committee, Community Path Project Committee, DPW/BPD Building Committee, High School/Middle School Transportation Committee, Community Preservation Committee, Board of Cemetery Commissioners, Shade Tree Committee and the Energy Committee. DPW personnel assisted with the following community projects: Belmont Veterans Memorial at Clay Pit Pond, Voting, Belmont Garden Club Community Planting Program, Belmont Serves Day and assisted with improvements to the Conservation Land at Rock Meadow. Supported & assisted the DPW/BPD Building Committee's requests with labor, material, space or equipment that was needed, Supported & assisted the Belmont Middle/High School Building Committees requests with labor, material, space or equipment that was needed.

Under the Public Works Capital Program, the DPW/Highway Division was authorized to contract out Sidewalk Repair at a cost of \$320,963.00, Front End Loader for the Parks Division at a cost of \$112,450.00, 1 Ton Pick-Up for the Parks Division at a cost of \$58,310.00, 1 Ton Pick-Up for the Cemetery Division at a cost of \$ 58,310.00, Electric Vehicle for the Water Division at a cost of \$44,195.00 while working with the MA EVIP Fleets Program receiving a grant of \$7,500.00, Trailer Mounted Vacmachine for the Water Division at a cost of \$ 86,850.00, Electronic Sign Board at a cost of \$20,850.00, Tag Along Compressor at a cost at \$ 30,000.00. The Sewer Capital Program was authorized to purchase one Front End Loader at a cost of \$220,625.00, 1 Ton 4WD Pick-up Truck at a cost of \$ 58,310.00, Hybrid Vehicle at a cost of \$ 56,765.00.

On December 31, 2023, the Division of Public Works had 3 significant retirements that combined over 100 years of institutional knowledge!! For 24 years, Judi Carmody was the Business Manager and played a key role in the newly consolidated Public Works in 2005. We are still working on finding her replacement. For 38 years of dedicated service, Richard Bemis was the Operations Manager and has been replaced by Steven Mosca. Steven's knowledge and outside the box thinking is what will get us ready for the Public Works of the future. And finally, after 42 years dedicated service, Michael Santoro has retired as the Assistant Director of Public Works. Michael played an instrumental role in the evolutions of Public Works in Belmont and will be sorely missed. We are still searching for Michael's replacement. On January 8th, 2024, Michael was appointed the Town of Belmont's Tree Warden. We wish all of the above luck in their new ventures.

2023 Annual Report

Annual Report of the Highway Division:

Street Maintenance:

The Highway Division maintained, cleaned and signed Belmont's 77.86 miles of public roads. In addition, we cleaned, signed and performed minor maintenance work on 8.18 miles of private ways.

During 2023 various sidewalk locations throughout town were repaired by Highway Division personnel and by the town sidewalk contractor N. Sacca & Sons totaling 50,205 square feet.

43 Street signs, 74 regulatory/traffic signs were purchased, prepared, erected and maintained by the Highway Division personnel.

Crosswalks, center and parking lines were repainted by Highway Division personnel during the year. The Highway personnel painted blue and white handicap markings on 65 various designated parking spaces throughout town. A total of 1,960 gallons of white traffic paint, 400 gallons of yellow traffic, 15 gallons of blue traffic paint, 35 gallons of green traffic paint and 13,600 pounds of reflective glass beads were used during 2023.

During 2023, Highway Division personnel responded to 12 overtime snow or ice calls ranging from one inch to \twelve inches. All snow and ice storms were cleared and treated for ice control by DPW personnel. Contractors assisted with the treatment of roadways during four snow events in 2023. The total snowfall for calendar year 2023 was 19.1 inches. Belmont's 1995 By-Law allowing a Snow Emergency Parking Ban was put into effect one time during 2023. The Highway Division is responsible for providing emergency service response for this program at all times for public safety as well as for the continuity of services. We would like to thank all personnel, Contractors and residents for all efforts getting through New England winters. The Community worked together to make sure safety was the number one concern.

The deterioration of the roads and sidewalks continues to be a major concern. With each passing year additional staff time and funding is required to maintain the public ways. The Pavement Management Program, administered by the Office of Community Development Department, continued to address the serious condition of the roads with limited available funding. A coordinated approach working with the Community Development Department and DPW continues to coordinate the replacement and repair of utilities in advance of the road and sidewalk improvements.

Sanitary Sewer Maintenance:

Belmont has four sanitary sewer pumping stations, one located on Stony Brook Road, one located on Woodbine Road, one located on Common Street and the other is located on Channing Road. The Highway Division routinely maintains these stations on a weekly basis. The Division is responsible for 76 miles of main lines, appurtenances and about 6,700 building services. The Highway Division also maintains and cleans selected main lines throughout the Town as part of

a regular maintenance program. This maintenance program has been significantly reduced because of staffing limitations. The Highway Division is responsible for providing emergency service response at all times for this program for public safety and health as well as for continuity of service.

During 2023, 25 individual building connections were televised to determine the condition and priority for repair. As a part of our maintenance program 25 sanitary sewer lines were repaired. The Highway Division responded to 195 building service pipeline blockages during the year.

The Select Board voted to increase metered sewer charge at 8.0% to \$13.98/CCF (hundred cubic feet) with a minimum service charge of \$6.00 per monthly billing. The “lifeline” rate was also increased by 8.0% at \$9.79/CCF. All Sewer charges are based off metered water.

Storm Drain Maintenance:

The annual cleaning of approximately 1,915 catch basins was completed during the spring by a private contractor. The Highway Division repaired 10 catch basins. An ongoing program of maintenance and cleaning of main lines was continued during 2023. This maintenance program has been significantly reduced because of staffing limitations. Maintenance and cleaning are also provided for storm drain connections to buildings. The Highway Division is responsible for maintenance of all catch basins, manholes, 54 miles of main lines and the storm water pumping station that was installed on Pleasant Street in 2010. The Highway Division is responsible for providing emergency service response at all times for this program for public safety and health as well as for continuity of service.

Central Fleet Maintenance Facility:

Since 1981 the Highway Division has managed a Central Fleet Maintenance facility at the DPW Yard on C Street. Most Town owned vehicles and equipment are serviced and fueled at this location. Gasoline, diesel fuel, preventive and general maintenance along with extensive equipment repair is available to all Town Departments. The Central Fleet Maintenance Facility staff is available to repair all Town vehicles as needed at all times. This facility is the base of operations and provides equipment storage for all Highway Division programs.

Deltas and Grounds Maintenance:

The Highway Division is responsible for 60 separate deltas, islands and grounds including most of the land around Clay Pit Pond. During the spring all areas were cleaned and for the balance of the growing season the property was mowed and maintained. Because of budget constraints, no seasonal staff was authorized to be employed during the growing season to assist with maintenance.

The Belmont Garden Club has, once again, provided labor and plantings to enhance several public areas throughout the Town. Their generosity and public spirit have helped enormously to beautify the town and is especially appreciated given recent budget and staffing limitations.

2023 Annual Report

Solid Waste Collection and Disposal:

Residential solid waste continues to be collected once per week at each household, with recyclables collected every other week. Waste Management is the Contractor for collection of solid waste and collection and disposal of recycling.

Curbside collection consists of weekly residential trash and every other week residential recycling of containers (plastic containers that are bottles, jars, tubs, jugs, & metal), corrugated cardboard, and mixed paper.

Yard Waste is collected every other week from April to mid-October and during the fall leaf season.

The Town is under separate contract with the WIN Waste Innovations Resource/Recovery Facility in North Andover, MA until 2025 to dispose of its solid waste.

During Fiscal Year 2023, the Town recycled & composted 4,221 tons and disposed of 5,820 tons of trash from residences and municipal buildings. The Town realized \$1,805 from the sale of overflow bags, \$225 from the sale of compost bins along with \$27,000 from the sale of appliance stickers.

To date the DPW has secured \$18,000 in grant money from the Massachusetts Department of Environmental Protection. These grants help the town achieve waste reduction goals by maximizing reuse and recycling, which includes educational events, educational materials and outreach.

Transfer Station Operation and Site:

Asphalt, concrete, tree stumps and logs from operations continue to be stored at this site before being recycled.

Working with the Office of Community Development the Town has retained Langdon Environmental to provide an engineering assessment of the former Incinerator Site and ash landfill at 1130 Concord Avenue to comply with The Massachusetts Department of Environmental Protection's (DEP) regulations. The initial site assessment and comprehensive site assessment have been completed. We continue to work with the DEP to comply with the regulatory process to cap the ash landfill. The Select Board has chosen Belmont Light Department programs for the post-closure use. The incinerator building was demolished in 2021. Within the next year or two we expect to complete the environmental assessment and design a cap for the ash landfill meeting DEP regulations.

Annual Report of the Tree Warden:

Prepared by Michael A. Santoro, Town of Belmont Tree Warden

Asplundh Tree Expert Company is serving the third year of a three-year contract for tree care during fiscal year 2023.

Arbor Day was April 28, 2023.

During 2023, the Town purchased & planted 136 trees, The Town continued the Commemorative Shade Tree Planting Program where residents can purchase a shade tree, 66 trees have been purchased and planted under the new program

The Town removed 224 dead and dangerous trees during 2023.

The contractor maintained public shade trees predominantly in response to requests from citizens for service. In addition to maintenance work performed on these larger public shade trees, many small, young trees were pruned as part of our pro-active program to assure good form, structure, health and vigor as they develop towards maturity. Storm damaged trees also were routinely repaired to insure the long-term health of the affected trees.

As one of the Tree Warden, I express my appreciation and thanks to the Select Board, Town Administrator, Director of Public Works, Department and Division Managers, Shade Tree Committee and employees of the Town for their support, cooperation and assistance during the past year.

Annual Report of the Parks and Cemetery Division:

Prepared by Frank Sartori, Parks and Cemetery Division Manager

Parks and Facilities provides for the cleaning, maintenance, repair and improvement of the resources for recreational enjoyment. These include; the Skip Viglirolo Skating Rink, Underwood Pool and adjacent park, Concord Avenue Athletic fields and facilities, Hittinger Street Field and facilities, Town Field, Pequossette Field, Chenery Middle School Field, Grove Street Field, Payson Park Playground and Winn Brook Field. In addition, this group maintains the tennis courts at the Grove Street Field, Pequossette Field and Winn Brook Field as well as basketball courts at Town Field, Grove St. Field, Pequossette Field and Harris Field along with the many Tot Lots and Playgrounds in Town.

Current or completed projects in 2023:

- Hittinger Street Field is currently under construction as part of the new High School build.
- Town Field is completed
- Payson Park has had some delays and is expected to be finalized mid-summer 2024
- PQ Basketball court and drainage improvement project is expected to be completed by mid-summer 2024
- Grove Street Playground Basketball court and Baseball field renovation Project is expected to be completed by fall of 2024

The DPW Parks Division maintains the Underwood Pool. This pool has become a tremendous asset for the Town. The filtering system has been greatly improved and has become more efficient.

2023 Annual Report

Again in 2023, the athletic fields and facilities had many improvements thanks to the generous donations from many organizations to the Field Maintenance Fund.

- As in the past the Brendan Grant Foundation has generously contributed to many projects for all the baseball and softball programs in town. The Foundation has supplied a new infield mix conditioner for the Grove Street Park. The batting cages on the girls' softball field.
- We are grateful to the Frank E. French Company for once again donating a generous amount of infield mix.
- Plans are underway for renovating the Town Field play area and basketball/pickelball courts utilizing CPA funding and donations by the Friends of Town Field. The demolition and new construction are underway, we are hoping that this will be completed in the summer of 2023.
- The Belmont Youth Baseball Association has graciously donated each year to the upkeep and preservation of not only the Grove Street little league fields, but also the Washington Street U-11 infields and the Concord Avenue multi use softball field. New batting cages at the Grove St. LL Fields.
- Thank you to the Boosters, Youth Hockey and Frank E. French for donating time and funds to help with the upkeep of the Viglirolo Skating Rink.

The many generous contributions add great value to the recreational facilities and are enjoyed by the staff, participants and spectators alike. We thank all of these organizations for their tireless continued financial support at a time of great need and for donating their time to improve and maintain these important facilities. The Parks staff works closely with all of the Town organizations in the care and maintenance of all athletic facilities for the benefit of all. We would like to thank everyone for their help and support throughout what has been another very difficult year.

Prepared by Mark Mancuso, Water Division Manager

Significant Information and Statistics:

All water consumed in Belmont is supplied by the Massachusetts Water Resources Authority (MWRA) from reservoirs owned and operated by the Massachusetts Division of Conservation and Recreation (DCR). The Town is under contract with the MWRA and is required to pay for all drinking water supplied to the Town.

Safe Drinking Water Act:

During 2023 the water supplied to the Department of Public Works Water Division by the MWRA was in compliance with all Maximum Contaminant Levels (MCL'S) as established by the Safe Drinking Water Act (SDWA). The SDWA defines water quality parameters which are considered safe for human consumption. The SDWA is administered by the U.S. Environmental Protection Agency (USEPA) and enforced by the Massachusetts Department of Environmental

Protection (DEP). Water samples are analyzed on a weekly basis for microbiological contamination and on a periodic basis for organic compounds, heavy metals and pesticides. All tests are performed by the MWRA laboratory or a certified laboratory under contract with the MWRA. Reports are on permanent file both at the MWRA and the Water Division Office. The Division has identified all water service pipes which are either all or partial lead. A program designed to replace these lead pipes was started in 1992 and will continue in 2023. As of December 31, 2023 there are only two partially lead lined water service lines in Belmont.

Water Distribution System:

System Composition

Water Distribution System:

System Composition

Types of Pipe:	Ductile Iron, Cast Iron, Galvanized Iron, Copper
Size Range:	¾" to 16" diameter
Number of Hydrants:	827
Number of Services:	7,748
Types of Services:	Copper, Brass, Cement Lined Iron, High - Density Polyethylene, Galvanized Iron, Wrought Iron, and Cast Iron. Percentage of Services Metered: 100%
Total Water Main:	487,161 Feet (92.07 miles)

Water Main Replacement Program: Scope of Work

The 2023 Water Main Replacement Project is the “Cushing Ave”. This project consists of Cushing Ave. being replaced with an 8” ductile water main with new valves and hydrants and Knox St. Where a new 8” ductile water main with new valves and hydrants will be installed. This project will begin in spring of 2024.

Respectfully submitted,

Jay Marcotte, MPA
Director of Public Works

David Blazon – Director

Ian King – Manager

Dana Gillis – Systems Manager

Marcus Batista – Facilities Supervisor

Cheryl DiRocco – Administrative Assistant

Purpose and Duties:

The Facilities Department cares for both the Town and School Buildings. The staff is comprised of custodians, tradespersons, and multi-level management. Facilities is responsible for the day-to-day maintenance, inspectional compliances, cleaning, landscaping, and all construction and building improvement.

In addition to the custodial and trades personal, the department has a deep inventory of service contracts that helps keep the various systems and technologies running. Facilities has somebody on call 24/7 to respond to emergencies.

Accomplishments January 2023 through December 2023

Police Headquarters

- Installed a new HVAC rooftop unit in the sally port area
- Installed a new ductless heat pump for the IDF room
- New controls for the roof top integration

Fire Headquarters

- Replaced a gas oven with a commercial electric oven
- Completed major repair on the emergency generator
- Repaired a number of fire suppression deficiencies
- Replaced the failed fire alarm panel
- Made several garage-door repairs
- Replaced the compressor to ACCU32
- Upgraded the building management JACE

Fire Substation

- Completed the roof and building envelope renovation
- Made several garage-door repairs
- Repaired windows with water infiltration issues

DPW

- Replaced old windows with energy efficient windows in the sign shop
- Repaired several garage-door issues
- Repaired several generator issues

Beech Street Senior Center

- Purchased electric lawnmower
- Repaired broken stove
- Assisted the Belmont Library with moving into BSC spaces
- Repaired several roof leaks
- Re-established the irrigation system

Benton Branch Library

- Installed new flue for furnace in the new chimney
- Completed the rebuild of the chimney
- Replaced the bulkhead
- Installed new rain gutters

Public Library

- Assisted with the move out and preparation for demolition
- Purchased a new Movin Cool for temp AC

Town Hall

- Upgraded emergency lights
- Upgraded to energy-efficient lights in auditorium
- Completed the renovation of key slate roof areas
- Painted open areas of first and second floor
- Installed new carpet in the TA's office
- Completed an exterior building assessment
- Performed an air balancing study

Homer

- Upgraded emergency lights
- Completed the installation of a new electric vehicle charging station
- replaced some distorted exterior video cameras
- Installed new carpet in the second-floor departments
- Completed an exterior building assessment
- Upgraded the building management JACE
- Replaced water heater
- Replaced fan coil controller
- Installed a new electric charging station for the town fleet

School Administration Building

- Completed an exterior building assessment
- Cleaned up the exterior caulking to the windows that contained ACM
- Painted all the exterior windows and wooden trim
- Carpeted the main floor
- Replaced all outdoor gas-powered equipment with electric battery equipment
- Upgraded the building management JACE

Belmont High School

- Collaborated and coordinated with construction personnel on daily basis
- Conducted extensive training on building systems
- Installed perimeter fence around Harris Field
- Moved athletics storage container from Rink to corner of high school field
- Replaced air purifier filters per CDC guidelines
- Trained custodial personnel to be certified pool operators

Chenery Middle School

- Continuously repaired roof leaks
- Removed and sold the Chenery Modular Classrooms
- Repaired circuit boards to auditorium lights
- Facilitated the move of the 7th and 8th grade classes to the new Middle School
- Repair the hot water pump
- Performed a major repair to the cafeteria rooftop unit

Mary Lee Burbank Elementary School

- Added playground-safe woodchips to the park
- Completed numerous roof repairs
- Replaced the Gym lights with new LED fixtures
- Completed the installation of new perimeter LED lighting
- Paint school exterior
- Installed security vestibules with remote door locks
- Installed all new cameras inside main corridors and outside perimeters
- Cleaned and removed old storage materials in crawl spaces

Mary Lee Burbank Elementary School – cont.

- Tinted windows in the classrooms to minimize solar glare and heat infiltration
- Replaced exhaust fan units
- Removed old boilers and abated asbestos in the boiler room

Daniel Butler Elementary School

- Installed security vestibules with remote locks
- Installed a new Public Address System with an IP phone system
- Resurfaced the gymnasium floor
- Installed a new Kalwall window system in gymnasium
- Upgraded security cameras
- Removed old boilers and abated asbestos in the boiler room

Roger Wellington Elementary School

- Replaced grease trap to the kitchen.
- Commissioned the HVAC systems.
- Assisted the PTA with the deliver and erection of two storage sheds.
- Reprogrammed the automated lighting controls.
- Upgraded the building management JACE
- Replaced the compressor to the RTU-2 administration
- Insulated chilled water piping

Winn Brook School

- Installed new fire alarm system
- Installed new public address system and IP phone system
- Repaired/repointed window lentils at front entrance
- Installed new Vestibules with remote locks
- Upgraded and installed new cameras in main hallways and exterior perimeter
- Recarpeted section of the second floor

White Memorial Field House

- Removed oil fired boiler to be repurposed at the Cemetery Office
- Assisted with the demolition preparations

Cemetery

- Repaired roof
- Repaired several garage-door issues

Workorders

- In 2023 we were able to complete 2,986 work tickets which was 392 more than the 2022 total. That is a 14 percent increase with a limited staff. *Hats off the hardworking facilities employees.*

2024 Goals and look ahead

Finding and hiring qualified candidates to fill open positions has been challenging and the goal is to fill six more positions this year. There has been significant turnover and the six open positions represents about 25 percent of the working staff. We are hopeful about filling these positions throughout the coming year because we know we can be even more successful when fully staffed.

We are looking to start a major boiler replacement the latter part of this year at the Chenery School. The slate roof at the Butler school will undergo a complete replacement this summer. Recoating the gym floors at the Burbank and Winn Brook along with more LED light conversions at the Winn Brook gym. Move the 4th grade classes from the elementary schools to the Chenery Upper Elementary School.

Facilities strives to provide quality work and service for the Town of Belmont. We are constantly making sure our infrastructure is properly maintained, all inspections are carried out, and repairs are being prioritized. We continue to monitor our heating and cooling systems daily to make sure the occupants of the buildings are getting the best possible care. Health and safety are paramount as we are constantly changing filters and keep our systems in tip-top shape.

As we enter into 2024, we are will continue to be vigilant about making conscious decisions that help lower our carbon footprint. For example: replace gas fired cooking equipment at some of the schools and Beech Street Center, when feasible convert natural gas water heaters to electric when they expire. We always strive to make the right choice for the environment while respecting the Town's budget.

2023 Annual Report

Council On Aging:

Department Head: Brandon Fitts

Assistant Director: Pierce Ellinwood

Purpose and Duties:

The Belmont Council on Aging serves the needs of Belmont's senior citizen population. According to the federal census of 2020 the number of Town residents aged 60 and over is 4,922. Using a combination of Town-provided funds, state, federal and foundation grants, user fees, donations from individuals and organizations, and volunteer services, the COA efficiently provides a wide-range of services to seniors. They include transportation, nutrition, health and wellness, social, arts and educational programming, as well as social support for seniors and their families.

The primary purpose and responsibilities of the department are the following:

Transportation

The COA provides and coordinates transportation services for Town seniors and persons with disabilities. This includes operating the Belder Bus and other means of transportation to support quality of life and allow seniors to continue to live an active life in town. Transportation is critical if seniors are to remain independent. The service enables seniors to perform instrumental activities of daily living such as food and medication shopping, and banking. The rides also make it possible for seniors to access medical care.

Social Services

The COA provides social work evaluations, on-going case management, resource identification and assistance with financial, social and safety needs. Our social workers and interns also provide groups to address varying needs of our participants including a living alone support group, decluttering, and art therapy.

Nutrition

The COA sponsors on-site and home-delivered meals and provides other nutritional resources. While the meals are provided by and funded through Springwell, a regional and state funded non-profit organization, the lunch is served at the center. The COA is responsible for the administration of meal reservations.

Health and Wellness

The COA provides an array of user-funded fitness activities such as aerobics, Tai Chi, yoga, water aerobics, walking, fitness room program, bocce and dance classes, do you want add something about Pickleball? a variety of health education opportunities including evidence-based programs, as well as direct health services such as weekly blood pressure clinics and podiatry services.

Socialization, Adult Education & Arts

The COA sponsors a variety of recreational, educational and arts programs. Most of these programs are user funded and/or rely on volunteers. Programs included our French conversation group, scrabble, card games, and book club. Along with informal groups, the center offers special events which include music, historical lectures, education series, and more.

Volunteer Services

The COA recruits, screens and places volunteers. These volunteer services not only benefit the COA and its operations, but also provide an opportunity for the volunteers to give back to the community and keep them engaged in meaningful activities.

Rentals & After-Hour Use of Facility

The coordination of all after-hours use of the building has been centralized through the COA for the past six years. This includes use by Town departments (such as the Recreation Dept. and Library) for programs, by Town committees for meetings and public hearings, and by outside renters. The administrative tasks of the rentals involve meeting with potential renters, handling the applications, arranging for custodial care of the building during rental events, tracking and processing payments and ensuring that renters properly arrange for alcohol licenses and permits from the Board of Health and Fire Departments.

The following is a list of just select accomplishments over the past year:

Summary of Activities and Accomplishments:

- In December of 2023, the Belmont Council on Aging was awarded a \$98,000 grant by the Massachusetts Executive Office of Elder Affairs to increase hybrid programming in order to better serve the needs of socially isolated and homebound seniors. The grant award includes a collaborative effort between the COA and the Belmont Media Center to purchase and install several systems to help this effort: a TV monitor on a rolling cart equipped with a Zoom-enabled camera and microphone system to easily convert in-person groups to hybrid meetings; a comprehensive camera system in the Beech Street Center's multipurpose room that will allow the COA to broadcast special events; and a collection of Apple iPads, keyboards, and styluses to provide seniors with an opportunity to more easily access programming outside the bounds of our current computer lab. Some of these iPads will be given away to homebound seniors with demonstrated need while the remainder will be used to create an iPad "bank" from which patrons can check them out to use them in the Center.
- Assisted seniors and community members with access to COVID-19 testing and vaccinations through a tandem effort with the Belmont Board of Health. The Center continually stocked and provided seniors with test kits and masks to manage the illness. In addition, the COA worked with the OSCO Pharmacy to set up vaccination clinics throughout the year for COVID-19, flu, shingles, pneumonia, and RSV. There were six such vaccine clinics held at the Beech Street Center in 2023.
- The Beech Street Center restarted its Tuesday evening hours, staying open until 7:00pm instead of the usual 4:00pm beginning in February 2023. These extended hours had been cancelled during the COVID-19 pandemic and seniors eagerly awaited their return. These extended hours have allowed the Council on Aging to provide programming targeted at younger seniors who are pre-retirement and are not typically able to attend our events.
- 2023 saw a revamping of the Council on Aging's communications in an effort to centralize branding, messaging, and community outreach. This included a redesign of the COA's monthly newsletter, the Senior Notes, and the website. By better utilizing our existing software, integrating Constant Contact into our regular communications, and cross-posting events to the new Belmont Voice events calendar, we are now better able to keep seniors abreast of programming, schedule changes, and community updates.
- In December of 2023 The Beech Street Center Staff welcomed the Library to the center. This transitioned came during a change in leadership at the Beech Street Center as well. The Library transition was overall smooth and all the staff are working well together to ensure a consistent delivery of services.

2023 Annual Report

Goals for 2024:

- Repair, replace, and fix all facility related issues, specifically related to ADA codes and the kitchen.
- Navigate the ongoing transition of hosting the Library during their temporary construction period.
- Modify and revise the Beech Street rental process.
- Guide the COA through the various changes that will occur following the override vote.
- Communicate and develop the COA budget so it better understood by the town and public.
- Grow and adjust our volunteer opportunities both in and outside the center - having more volunteers would bring more people to the center.
- Implement the Federal Hybrid Grant and associated programming.

Finally, the department's work would not be possible without our dedicated staff, volunteers, and the guidance, support, and wisdom of the Friends and COA Board.

Respectfully Submitted,

Brandon Fitts

Recreation Director, Interim COA Director

2023 Annual Report

RECREATION

Department Head: Brandon Fitts, CTRS, CPRP

Assistant Director: Heidi Barberio

Purpose and Duties:

The mission of the Recreation Department is to enhance the quality of life for people of all ages in the Belmont community by offering a full range of safe, high-quality recreational programs, activities and events. In doing so, we strive to be responsive to residents' changing needs and to manage our resources prudently.

Summary of Activities and Accomplishments:

Departmental Enhancements

- The Recreation Department worked hard to begin to transition it's budget from the General Fund to Revolving Fund. The establishment of this fund was approved at town meeting and is set to take effect on July 1, of 2024. This fund will enable to be more flexible in offering programing while removing the budget from the tax impact of the overall town's budget
- The Department was able to restructure it's full time staff to revive the Assistant Director role and promote internal staff to more senior level positions. This promotes longevity within the department and makes Belmont more competitive comparable to other towns.
- The Belmont Recreation Department was featured in a video at the National Recreation and Parks annual conference highlighting the great work completed at Town Field.

Summer Programs

- The Department's summer camps continue to grow. In 2023, the camps were divided into three parts, based on age, to plan ahead for future growth. In total, 825 camper registrations were served in the summer of 2023
- Approximately \$9210 of financial aid was given by the Recreation Department for summer camp.
- The popular summer movie series has continued at Town Field with record attendance in 2022. Seven movies were shown and the Department was able to secure a food truck for the events.

School Year Programs

- The Department was able to facilitate the annual of the Nashoba Valley ski program. 48 students registered the program.
- Upon collaborating with the School and Facilities Department's, Recreation was able to host Dolphins swim team meets at Belmont High School. Five meets were hosted total. 198 Swimmers participated on the swim team this year.
- 2023 marked another run of our popular T-Ball program. Recreation was able to secure seven team sponsors from local Belmont organizations and businesses. The season kicked off with a party and ended with great success.
- Pickleball has continued to grow and expand in Belmont. The Department was able to offer Pickleball lessons throughout the year and when Town Field completed construction, turned into a hub for the sport.
- The Department worked closely with the schools and athletic director to bring adult sports back to the BHS Field House. The adult sports programs are well attended and much loved. 145 individual residents participated in Adult sports over the winter months.
- The Youth Coordinator was able to implement open gym nights at the field house in the winter of 2023.
- The department has worked hard this past year to increase programming and services offered to the Town of Belmont. In all, 552 programs ran in 2023, 4906 memberships were sold, and 8073 registrations were processed.

2023 Annual Report

Underwood Pool

- The Underwood Pool had one of its most successful summers to date. Membership revenue equaled \$379,710 and day passes revenue was \$52,548. 1314 Pool memberships were sold and 4221 day passes were sold. In total, Underwood Pool members scanned into the pool 28,168 times. Total summer revenue for 2023 was \$478,982.
- In 2023, the Department expanded group swim lessons and refined the private swim lesson program. These lesson programs were extremely popular.
- The Recreation Department partnered with the Library to offer a pool-side story time program for patrons. These programs were very well attended.

Skip Viglirolo Skating Rink

- Despite the challenges that the rink faced, The 2023 season was very successful.
- The end of season Ice Melter was a great way to end our time with the old rink.

Special Events

- **Family Campout:** The Department coordinated a first of its kind camping experience for families at Rock Meadow. Over 30 families signed up to camp in Rock Meadow and enjoy the outdoors.
- **Puzzle Palooza:** The Department hosted an intergenerational puzzle building competition at the Beech Street Center.
- **Trick or Treat at Town Hall:** The Department coordinated an extremely well attended Trick or Treat event at Town Hall with many Belmont town departments. Hundreds of people attended the event which included candy, a food truck, music, and costumes.
- **Halloween at the Women's Club:** The Department partnered with the Belmont Women's Club, Police, and Library to offer a pumpkin carving/painting and movie event on the Homer House hill.
- **Halloween House Decorating:** The Department secured generous donations from local Belmont businesses and offered prizes to the best decorated houses in Belmont.
- **Candy Cane Hunt:** The Department hosted a candy cane hunt at the COA for children in December of 2022
- **Sweetheart Dance:** The Department hosted its first ever Valentines Days dance at the Beech Street Center!
- **Summer Movie Series:** The Department hosted its popular summer movie series at Town Field. This year the events were sponsored by DARE, Belmont Youth Activities.
- **5th and 6th Grade Dance:** The Department hosted a middle school dance with 200 teens at the COA in 2023.
- **Boston Bruins Floor Hockey:** Members of the Boston Bruins came to the Beech Street Center to play Floor Hockey with some of our amazing Special Olympics athletes.
- **Goat Yoga:** The Department held a cute, Goat Yoga event for residents on the Underwood Hill!

S.P.O.R.T.

- In 2023 the S.P.O.R.T. program continued to revive in person programming. Friday Night Socials were back in full swing and all normal activities resumed.
- The S.P.O.R.T. program continued to have in person Special Olympics programs and tournaments in 2023. These programs are consistently well attended and it takes many volunteers to make these events possible.
- The S.P.O.R.T. Program is home to 173 individuals who participated in multiple programs in 2023.

2023 Annual Report

Fields/CPC

The Department processed a high volume of fields rentals in 2023. There was close collaboration with the youth sports organizations in town to coordinate field space in all seasons.

- Town Field Construction
 - Town Field construction was completed in the Fall of 2023. The park came out great and residents are enjoying the new park!
- Grove Street Park
 - Construction began on the Grove Street Park baseball fields and basketball court in the Fall of 2023. The project is set to be wrapped up in the Summer of 2024
- PQ proposal
 - Construction began on the PQ basketball court in the fall of 2023. The project is set to be completed in the Summer of 2024.
- Payson Park
 - Payson Park is under construction and will be completed in 2024.
- Chenery
 - The Chenery Park complex is set to undergo Design and Engineering in 2024. The process began in 2023 and a Friends of the Chenery Park Project formed to support the work.

Goals for 2024:

1. Guide the Recreation Department through the various changes that will occur following the override vote.
2. Expand Summer Camp Programming at Belmont Middle High School.
3. Lead the Chenery Park Complex project through the various stages of development.
4. Work on coordinating field space more equitability throughout town.
5. Be the hub for volunteering in Belmont.
6. Begin a Recreation Master Plan.
7. Navigate the change in budget style from General to Revolving.

Respectfully Submitted,

Brandon Fitts

2023 Annual Report

Leadership:

Municipal Light Board:

Chair: David Beavers

Vice Chair: Travis Franck

Member: Stephen Klionsky

Member: Andrew Machado

Member: Michael Macrae

General Manager: Craig Spinale

Assistant General Manager: Sam Osmancevic

Purpose and Duties:

Belmont Light has powered the community of Belmont since 1898. The utility strives to provide reliable, safe electricity for Belmont's residents, businesses, and municipal buildings by embracing new technology and providing superior customer service. In addition to supporting the community's power needs, Belmont Light provides other essential services, including:

- Street and area lighting;
- Traffic signal and fire alarm systems maintenance;
- Fiber-optic infrastructure construction and maintenance;
- Customer support and billing for DPW Water Division;
- Lighting and other logistical support for community events; and
- General support to other town departments.

Belmont Light visited the Belmont Co-Op Nursery School in May 2023.

Belmont Light is a member of the American Public Power Association, Northeast Public Power Association, Municipal Electric Association of Massachusetts, and the Solar Electric Power Association.

Summary of Activities and Accomplishments:

125 Years of Serving the Town of Belmont

2023 marked Belmont Light's 125th year of serving the Town of Belmont. To celebrate this milestone, Belmont Light invited all residents to an open house event at our Prince Street headquarters, which included safety demonstrations, a Touch-a-Truck with our bucket trucks, a chance to dress like a line worker, and more. A big number of Belmont residents young and old attended the event, played games, and celebrated their community-owned utility.

2023 Annual Report

PHOTOS TO LEFT:

Mike Hyland, Executive Director of the Northeast Public Power Association (NEPPA) (front center, gray jacket), presented a plaque honoring Belmont Light's 125th year serving the Town in October 2023. Accepting the plaque was General Manager Craig Spinale (front center, dark jacket), Belmont Municipal Light Board Chair Dave Beavers (front, second from left), Light Board Member Steve Klionsky (front, farthest left), and several Belmont Light staff members.

Community Involvement

Belmont Light staff worked closely with the community throughout 2023 to spread awareness about the benefits of public power and safe electricity usage, with an emphasis on bill management and energy efficiency. In 2023, Belmont Light participated in and supported:

- The Belmont Farmers' Market
- Belmont Town Day
- Induction Stove Cooking Demo event in partnership with the Belmont Public Library
- Air Source Heat Pump Buyer's Guide webinar
- Hurricane Preparedness Event with Belmont Fire Department and Emergency Management
- Touch A Truck Event
- Trick or Treating at Town Hall
- Annual "Light Up the Town" Tree Lighting Ceremony
- Various virtual presentations and forums

In addition to events, Belmont Light aided other Town departments and community groups by lending labor and equipment in a number of ways, including:

- Continuing our lighting project for the Veterans Memorial Park
- Installing a new power supply for the Payson Park Music Festival's temporary new home
- Assisting DPW in the installation of a new sign for the Pleasant Street Historic District
- Removing banners from the rafters of the Skip Viglirolo Ice Rink ahead of its closing
- Lending our electric vehicle to the BFD for their training on response to fires and accidents with EVs

In December 2023, Belmont Light continued the tradition of hanging holiday lighting in Belmont Center, Waverley Square, and Cushing Square.

2023 Annual Report

Engineering & Operations

The Engineering and Operations team made significant progress this year pertaining to capital improvements and maintenance on its electrical distribution system where some of the specifics can be seen below:

LED Street Light Project: Our street light conversion initiative was completed this year, ahead of schedule, with the replacement of the remaining 823 sodium-vapor style streetlights with LED style fixtures. With the completion of this project, all approximately 2,400 streetlights throughout the Town have been converted to LEDs, which will lead to significant savings for the Town going forward.

Voltage Conversion Project: Also known as “Project C”, Belmont Light’s voltage conversion project is a long-term initiative to convert existing circuits along with associated equipment and devices from 5kV to 15kV class, thereby enabling us to retire older infrastructure, which correlates to increased reliability.

In calendar year 2022 we converted approximately 1.028MW of load (approx. 1.25MVA connected load) in the Town. Parts include Belmont St, Trapelo Rd, Horne Rd, Harding Ave, Statler Rd, Hoitt Rd, Barnard St, Poplar St and Vincent Ave.

Civil upgrades were performed with the modification/installation of a manhole and duct system in preparation for future conversion work at the Hill Estates that consisted of installing approx. 2500 linear feet of conduit along with switchgear manhole and transformer foundations.

Overall, our organization installed and removed approximately 9,000 circuit feet of underground cable and 8000 circuit feet of overhead cable. A significant number of transformers and switches/protective devices were also installed/replaced in order to aid in our ongoing initiatives and to support customer-driven projects.

2023 Annual Report

Belmont Light completed some high-level maintenance projects with the continuation of our Pole Inspection Program along with maintenance of the Concord Ave and Hittinger St substations. The second phase of the Pole program entailed the inspection of 575 poles in the central west portion of Town, utilizing non-destructive ultrasonic testing to identify any poles nearing end of life. As a result, any poles that were identified as deficient, were then scheduled for replacement.

In total, Belmont Light replaced 113 wooden poles and 16 aluminum street light poles throughout parts of the Town with the majority being related to Project C – Capital improvement upgrades.

Complete maintenance of the Concord Road and Hittinger Street substations were performed via testing of all equipment per NETA (Inter-National Electrical Testing Association) specifications along with other necessary device replacement upgrades to ensure that we can continue to provide a high level of service.

Financials

In 2023, Belmont Light provided a total of 122,373,365 kWh of electricity to 11,825 customer accounts. Electric revenue for the year totaled \$29,119,805. Belmont Light purchased 126,738,937 kWh of power for a total of \$16,191,294, including 1,638,001 kWh rooftop credits provided to 424 Belmont Solar customers for the total of \$215,510. Belmont's highest system peak demand was 32.756 kWh, which occurred on September 7, 2023.

Belmont Light's Payment In Lieu of Tax (PILOT) is \$450,000 for 2023.

Detailed information on Belmont Light's rates is available at <https://www.belmontlight.com/customer-services/residential-rates/> or <https://www.belmontlight.com/customer-services/commercial-municipal-rates>.

Supply-Side Management & Renewable Energy

Belmont Light purchases electricity from the Independent System Operator-New England (ISO-NE) marketplace and maintains a diversified power supply portfolio that enables Belmont Light to offer its ratepayers stable electricity pricing.

Belmont Light's 2023 purchased power expenses totaled nearly \$16 million. Energy was the largest spending category, followed by Transmission, Capacity, and purchase of Renewable Energy Certificates (RECs).

PHOTO ABOVE:

Belmont Light line workers worked underground in December 2023.

2023 Annual Report

2023 Power Supply Expenses

Energy	\$	8,217,868
Fixed & Ancillary	\$	933,715
Capacity	\$	1,878,622
Transmission	\$	3,839,990
Renewable Energy Certificates	\$	1,095,110
Total Energy Costs	\$	15,965,305
Total MWh Purchased	\$	126,739
Cost per MWh	\$	125.97

*Includes Fixed Contract, ISO Ancillary, and ISO Scheduling Costs

**Does not include Green Choice RECs Costs

***Does not include Rate Stabilization funds

During 2023, Belmont Light maintained its goal of a “100% renewable power supply by 2022” by achieving a 100% renewable supply mix for the 2023 portfolio year. By finishing the year at 100%, Belmont Light marked its fifth consecutive year of exceeding minimum annual renewable targets set forth in its Power Supply Policy. See the chart to the right.

The chart below shows Belmont Light’s 2023 energy supply mix. To achieve a “100% renewable power supply,” we purchase Renewable Energy Certificates (RECs) to offset carbon emissions in the energy we purchase.

Year	Minimum Percent of Belmont Light Power Supply Portfolio to be Non-Emitting	Percent Achieved
2018	33	34
2019	50	50.6
2020	66	66.3
2021	83	83.3
2022	100	100
2023	100	100*

ENERGY SUPPLY MIX - 2023

Demand-Side Management & Energy Conservation

For 2023, Belmont Light saw increased interest and activity across multiple programs. With each customer that we helped, we continually and strategically boosted electrification to both help achieve Belmont's Climate Action goals and keep rates stable into the future. In total, our incentives, administration, and marketing costs associated with the residential and commercial programs totaled \$510,949.

RESIDENTIAL INCENTIVES INCLUDING ADMIN/MARKETING

2023 Annual Report

Residential Incentive Programs

Air-Source Heat Pump Rebate

Due to the continued demand for heat pump technologies, Belmont Light has maintained its efforts to promote the installation of air-source heat pumps (ASHPs). Over the course of 2023, 139 rebate applications were processed, resulting in \$166,234 of rebates. More customers are taking advantage of both Belmont Light and Mass Save incentives to install air-source heat pumps in their homes. These applications include both partial-home and whole-home systems.

Abode Energy Management Consulting

In 2020, Belmont Light signed an agreement with Abode Energy Management (Abode) to offer technical support to Belmont Light staff and our customers in the adoption of air-source heat pumps. Abode's Heat Pump Specialists are available for residents at different stages, from those just starting out to those who have already received quotes, to answer questions and help ensure the project scope is correct. Abode works with HVAC contractors to answer questions about the rebate program and to resolve any issues with a customer's project scope of work or design, acting as a third-party review. At the conclusion of the installation, contractors are required to submit photos from the install and answer some questions to ensure a good installation. Belmont Light and Abode can use this documentation to go back if the resident feels like the ASHP system is not performing like it should.

During 2023, Abode spoke with, exchanged emails, or had video conferences with customers 178 times, spending 184 hours working with them to answer questions. Many customers that call in to Belmont Light reference the 2021 Heat Pump 101 webinar offered by Abode to educate Municipal Light Plant customers about the benefits of air source heat pumps. A copy of this webinar is on Belmont Light's website and has been cited by residents as a very good source of information.

Appliance and Smart Device Rebate Program

For the 2023 program year, Belmont Light continued to offer the Appliance Rebate Program to encourage residents to purchase devices that may use electricity instead of a fossil fuel or will use electricity in a more efficient manner than an alternative device. Belmont Light issued 227 rebates for appliances and smart devices in 2023, for a total of \$29,890 in bill credits to customers.

Cordless Yard Equipment Rebate Program

In 2021, Belmont Light initiated the Cordless Yard Equipment Rebate Program, which gives rebates for yard equipment that is electric-based and does not require a cord. In its third year, we applied \$11,888 in bill credits for 152 devices.

Electric Vehicle Charger Rebate Program

In 2023, Belmont Light customers who installed eligible electric vehicle charging equipment at their residence were eligible for a rebate of up to \$250 through Belmont Light. Customers with participating brands could receive an additional \$250 for enrolling in our demand response program Connected Homes. In 2023, Belmont Light issued 72 rebates for EV charging equipment installations for a total of \$16,435 in rebates.

Home Energy Assessments

Belmont Light offers no-cost, comprehensive energy assessments to all residential customers. Participating residents receive a digital report of their assessments, including a Home Performance Energy Scorecard. With social distancing, Belmont Light and its contractor, Energy New England (ENE), adapted practices to perform virtual assessments via smart devices and video calls. Continuing through today, both options are available to customers.

In 2022, Belmont Light representatives completed 100 home energy assessments of residences in Belmont.

Weatherization Rebate Program

Beginning in 2021, Belmont Light launched the Weatherization Rebate Program allowing all customers to access incentives for installing insulation and performing air sealing in their homes. During the third year of the program in 2023, Belmont Light processed 47 applications and granted \$29,147 in rebates, allowing for a significant improvement for our customers' comfort in their homes.

Demand Response Program "Connected Homes"

Beginning in 2021, Belmont Light modified the implementation of its demand response program and signed onto the Connected Homes program. This program, administered by the Massachusetts Municipal Wholesale Electric Company (MMWEC), uses Virtual Peaker, the same software platform Belmont Light used in its previous program, but gives more control and events for its customers. Under Connected Homes, participants receive up to five notifications per month during peak hours. A customer does have the choice to opt-out but does relinquish the ability to receive the incentive for that month.

Belmont Light has continued to actively recruit customers for the program, which now has 330 devices enrolled.

MLP Solar Rebate Program

Starting in 2019, Belmont Light partnered with the Department of Energy Resources (DOER) to aid customers in installing photovoltaic solar systems on their homes. This program was a joint effort with all 41 MLPs across the state, who were in talks with the DOER to create a program for MLP customers who did not qualify for the SMART program, the State's new solar incentive program. The MLP partnership was a 50/50 cost-share program in which the MLPs contribute half of the funding and the DOER matches the other half. Customers were rebated at a rate of \$1.20 per watt for their PV solar system installations.

Over the course of the program, Belmont Light kept increasing the amount of incentive available to customers. Under the DOER program, 48 residential customers and one municipal customer received rebates totaling \$520,566. Due to the program popularity across all MLPs, some customers were not able to complete applications with the DOER matching incentive. Belmont Light decided to honor the rebate for its four remaining customers and all customers were paid in 2022 with their incentives totaling \$34,380.

In 2023, Belmont Light did not provide solar rebates. We increased the solar buyback rate to \$.13 per kilowatt hour paid to customers for excess solar electricity sent back to Belmont Light. This is a much higher rate than we pay for wholesale electricity.

At the end of 2023, Belmont had 3641.45 kW of distributed solar.

2023 Annual Report

EV Charging

Belmont Light maintains 8 level 2 EV chargers: four at the Claflin Street lot and four at McLean Hospital. In 2023, they provided a total of 14,362 kilowatt hours of energy to EV drivers over 1182 sessions. In August, 2023, we installed a level 3 charger in the Claflin street lot, partially funded by the state. From August 10th through December 31st, the level 3 chargers provided a total of 14,316 kilowatt hours of energy to EV drivers over 487 sessions.

Commercial Rebate Programs

In 2023, commercial programs comprised only a small fraction of our demand side management budget. Eight customers, including A church, several offices, and several storefronts, took part in our program. They received a \$3,400 value in energy audits, a \$6,800 value in lighting inspections and replacement LED equipment, and \$32,732 in electrification rebates.

Our 2024 budget includes major increases in commercial programs, including a new demand response initiative.

General

Belmont Light staff appreciates continued support from other Belmont town departments. We would also like to thank members of the Municipal Light Board, the outgoing Light Board Advisory Committee, and the Belmont Energy Committee for their expertise, support, and dedication throughout 2022. The General Manager also extends his gratitude to Belmont Light's staff for their hard work and commitment, which is the foundation of Belmont Light's ability to provide outstanding and reliable electric service year after year.

2023 Annual Report

MBTA Communities Advisory Committee

Co-Chairs: Roy Epstein and Rachel Heller

Vice-Chair: n/a

Secretary: Thayer Donham

Committee Members:

Thayer Donham, Planning Board Appointment

Roy Epstein, Select Board Appointment

Rachel Heller, Housing Trust Appointment

Paul Joy, Economic Development Committee Appointment

Patrick Murphy, Board of Assessors Appointment

Drew Nealon, Historic District Commission Appointment

Julie Wu, Diversity, Equity and Inclusion Implementation Committee Appointment

Purpose and Duties:

The MBTA Communities Advisory Committee was created by the Select Board in May 2022 to develop multi-family as-of-right zoning to enable Belmont to comply with the requirements under M.G.L c. 40A Section 3A. The deadline for adopting such zoning is December 2024.

Summary of Activities and Accomplishments:

The committee made a presentation to the January 2023 Belmont Special Town Meeting and submitted the required Action Plan to the Department of Housing and Community Development (DHCD) in January 2023.

Patrick Murphy was appointed in September 2023 to round out the committee membership. The arrival of Chris Ryan as Town Planner in September 2023 was an invaluable aid to the work of the committee. Gabe Distler, Staff Planner, resigned in December 2023 to pursue an opportunity outside Belmont.

Throughout the year the committee met and worked with its consultant, the Metropolitan Area Planning Council (MAPC), to devise compliant zoning districts, known as “3A Districts.” The districts must zone for at least 1,632 by-right housing units that are suitable for families and satisfy various technical criteria related primarily to minimum size and proximity to the two commuter rail stations in Belmont. The committee also drafted and adopted a “Goals and Principles” statement. The committee identified different parts of Belmont as candidate locations for 3A Districts, including Waverley Square, Belmont Center, Brighton St near the MBTA rail crossing, Concord Ave near Bright St, and Pleasant St near Route 2. The committee also considered affordability requirements and whether the 40R housing program should be included as part of the zoning proposal.

As of December 2023, MAPC calibrated a 3A “compliance model” and prepared several preliminary maps. The maps generated extensive comment by the committee and the attendees from the public. The comments principally addressed the number of units contemplated in the MAPC maps, which were all substantially in excess of the 1,632 requirement. Other comments concerned district location, parking requirements, affordability requirements, and whether Belmont should attempt to comply at all.

None of the MAPC maps was adopted by the committee by the end of the year and the plan was for work to continue. The deadline for compliance is for Town Meeting to adopt the relevant zoning by December 2024.

Goals for 2024:

To submit one or more compliant 3A District maps to the Planning Board by April 1. In addition, appropriate zoning language must be developed. The ultimate proposal for Town Meeting will come from the Planning Board and the committee will endeavor to accomplish as much as possible before the handoff to the Planning Board and its own hearing process.

Joseph Martin, Assistant Director

Purpose and Duties:

The Belmont Retirement Board is the statutory overseer of the Belmont Retirement System. The Retirement Board is an independent governmental unit that administers the defined benefit pension plan for employees and retirees of the Town of Belmont, the Belmont Light Department and the Belmont Housing Authority, by investing assets and providing benefits in accordance with the provisions of Chapter 32 of the Massachusetts General Laws. The Retirement Board's operations and administration of benefits are subject to the regulatory supervision of the Commonwealth's Public Employee Retirement Administration Commission (PERAC).

Summary of Activities and Accomplishments:

During 2023, the Retirement Board held regular monthly meetings and special meetings when necessary, both remotely and in-person, at its offices at 90 Concord Avenue. In addition to monthly investment reviews with the Board's investment consultant, NEPC, the Board conducted annual reviews with each investment manager to ensure that the managers' performance remained consistent with the Retirement Board's investment goals and policies, and to discuss the investment managers' current investment forecast and future strategy. The Retirement Board reviews and acts upon pension funding and benefit issues at its monthly public meetings, which are regularly attended by Town officials and members of the Select Board, Warrant Committee and Town Meeting.

As of December 31, 2023, the market value of the assets of the Belmont Retirement System was \$158,074,685, an increase from the prior year's value of \$148,676,266. The 2023 rate of investment return reported by NEPC was 10.04%, net of fees. The Belmont Retirement System's bi-annual valuation as of January 1, 2024 will be commenced by Segal Consultants. As of the most recent January 1, 2022 valuation, there were 406 active members and 357 retired members and beneficiaries of the System, with an average gross monthly retirement allowance of \$2,904.00, and an average age of 73.7 years. The funded ratio (the actuarial value of assets to accrued actuarial liability) was 70.42%. The System's funding schedule plans for full funding by 2031.

During the year, the Retirement Board and the Select Board together accepted a local option to grant a one-time 2% increase to the FY2023 COLA provided to qualifying retirees and beneficiaries. The Board continued to focus on cybersecurity issues and was recently approved for a training grant provided by the Commonwealth's Executive Office of Technology Services and Security. Staff continued to work with employer payroll and HR specialists to improve timely enrollment of members into the System. The Retirement Board acknowledged the System's audited financial statements for 2021 and 2022 as reported by the independent audit firm of Powers & Sullivan. The Board met with its actuary, Segal Consultants, and communicated frequently with PERAC officials, including its Executive Director, John

Parsons, and its Actuary, John Boorack. The Board interacted regularly with officials of the Pension Reserves Investment Management Board, which included an in-person meeting with officials of PRIM.

In 2023, Retirement Board members and staff successfully completed required training sessions and filed annual Statements of Financial Interests.

Goals for 2024:

The Retirement Board's paramount goal is to succeed in its mission to provide secure retirement benefits lawfully earned through public service to the members and beneficiaries of the Belmont Retirement System, and to administer those benefits with the highest degree of prudence, integrity and fiscal responsibility. In 20243, the Retirement Board will continue to monitor and implement changes to the public employee retirement law. The Board will to continue to embrace transparency and communication with all stakeholders.

Respectfully submitted,

Thomas F. Gibson

Thomas F. Gibson, Chair
Belmont Contributory Retirement Board

INDEX OF WARRANT ARTICLES

Article 1: Reports.....	3
Article 2: Transition From Elected To Appointed (Hired) Treasurer/Collector	3

**TOWN OF BELMONT
WARRANT FOR 2023 SPECIAL TOWN MEETING
January 30, 2023
COMMONWEALTH OF MASSACHUSETTS**

Middlesex, ss.

To any of the Constables of the Town of Belmont in said County:

Greetings:

In the name of the Commonwealth of Massachusetts you are required to notify and warn the Inhabitants of the Town of Belmont, qualified as the law requires to vote in elections and Town Affairs, to convene on **January 30, 2023 at 6:30 p.m.** by means of the audio/video conferencing platform described more particularly below, and to notify and warn the Town Meeting Members to convene by said method and act at said time on the Articles set forth on pages 2 through 4 of this Warrant.

The Town Meeting shall be held remotely by the means requested by the Moderator, as follows:

Interested members of the public may see and hear the proceedings by tuning in to the Belmont Media Center's live broadcast of the proceedings on Belmont cable television (Comcast channel 8, Verizon channel 28) or by live-streaming at www.belmontmedia.org.

Town Meeting Members will attend and vote by logging into a web page portal operated by the Town's electronic voting vendor with unique credentials that will be issued to each Town Meeting Member before the meeting.

Town Meeting Members and other participants approved by the Moderator who wish to address the meeting will participate in the meeting through the "Zoom" videoconferencing service. Login credentials will be provided to all Town Meeting Members. Registered voters who wish to address the meeting as approved by the Moderator may contact the Town Clerk's office for login credentials, 617-993-2603.

For more information, see the January 9, 2023 Moderator's letter to the Select Board appended to this Warrant as Appendix A.

ARTICLE 1:

REPORTS

To hear the report of the Select Board and other Town Officers, any Committee heretofore appointed and to act thereon.

This article allows the Select Board and other Town officers, boards and committees to report orally to Town Meeting on appropriate matters not otherwise appearing on the Warrant. This article stays "on the table" throughout Town Meeting to allow Town officials and committees to report at the call of the Moderator.

Majority vote required for passage.

ARTICLE 2:

**TRANSITION FROM ELECTED TO APPOINTED (HIRED)
TREASURER/COLLECTOR**

To see if the Town will (1) vote to convert the Town's elected Town Treasurer and Collector of Taxes from an elected position to an appointed position pursuant to M.G.L. c. 41 sec. 1B; and (2), request and authorize the Select Board, in accordance with M.G.L. c. 41 sec. 1B, to place the following question on the 2023 Annual Town Election Ballot: "Shall the Town vote to have its elected Town Treasurer and Collector of Taxes become an appointed Town Treasurer and Collector of Taxes of the Town? Yes _____ No _____"; or in any way act thereon.

Massachusetts General Law, chapter 41, section 1B, provides a process to convert elected local positions to appointed (hired) positions. This petition will take the first step in that process, to ask Town Meeting to approve the transition, and authorizes the second step, for a townwide vote in the next annual town election.

Submitted by the Select Board

The Select Board will report on this Article.

Majority vote required for passage.

Given under our hands this 9th day of January, 2023

BELMONT SELECT BOARD

455 Concord Avenue
Belmont, MA 02478

Re: 2023 Special Town Meeting – Request to Call Meeting to be Held by Remote Participation

Dear Mr. Paolillo and Members of the Select Board:

I am hereby requesting, in my capacity as Town Moderator, that the Select Board call for the January 30, 2023 Special Town Meeting to be held through remote participation because of the public health and safety risk presented by holding a physical meeting with 300 people. This letter is intended to conform to the requirements of Chapter 22 of the Acts of 2022, Section 26 and Chapter 107 of the Acts of 2022.

Such a meeting would be conducted using a combination of technologies, described in more detail below, that will allow Town Meeting Members (TMMs) to see and hear the Moderator and all other participants, to be recognized and address the meeting, and to vote securely. This combination of technologies will allow non-TMMs to see and hear the proceedings and, when authorized in advance by the Moderator, to address the meeting in the same manner as is the practice in Belmont. It will allow TMMs to signal the Moderator when they wish to address the pending question and be put in line to speak, as is customary at live Town Meetings, to determine whether a quorum is present, to raise a point of order where appropriate, and to determine whether their votes have been properly recorded. The technologies will allow interested members of the public to watch the meeting remotely for purposes of witnessing the meeting and it allows for the meeting to be recorded so that the proceedings can be heard and viewed at a later time. Lastly, our court reporter would be creating the word-by-word transcript as required by Belmont General Bylaw §20-210.

The combination of technology methods I am proposing includes the following:

- TMMs will attend the meeting and vote using “TurningPoint,” a secure online application operated by Turning Technologies, the same company that provides

the electronic voting system acquired by the Town and used at Town Meetings since 2014. Each TMM will be assigned unique login credentials to use the system. TMMs who are logged in through TurningPoint will be deemed present at the meeting and will be able to vote using its features. All votes will be recorded electronically and the vote of each TMM will be displayed on the screen so that each member can verify that his or her vote was correctly recorded, as a roll call vote.

- Active participation in the meeting will be conducted through “Zoom,” a proprietary video conferencing platform (<https://zoom.us/>). The Town currently has a license to conduct a Zoom meeting with up to 500 participants. This number is sufficient to accommodate the 288 TMMs from the Town’s 8 precincts, the at-large members, and town officials and staff, with more than sufficient additional capacity for additional speakers if necessary. All approved speakers and TMMs will be issued an invitation allowing them to log in to the meeting from a desktop or laptop computer, tablet or smartphone, or to call into the meeting with any telephone (audio only). For security and clarity of presentation, the screen and the audio will be controlled by Town staff acting under my direction, as is our custom. All speakers will be muted until recognized by the Moderator. TMMs may use the “raise hand” feature of the software to get in line to speak, and will be recognized in order, unless I choose to recognize a town official to answer a question or address a particular point. Any non –TMM who has made arrangements with me in advance of the meeting to speak can be recognized in a similar manner.
- Town officials and staff will participate by logging in to the Zoom meeting in the same manner.
- If a TMM has a point of order, it can be raised by using the “Q&A” feature, which will be monitored by one of my staff assistants so that any such point of order can be brought to my attention promptly. This same feature would allow a TMM who does not have a microphone to contribute to the meeting, as above, with a member of the staff reading the comments and questions submitted through the Q&A feature so that they may be entered into the record.
- The Zoom video and audio feed will be simultaneously broadcast by Belmont Media on local cable stations and by livestreaming on the internet. It will also be simultaneously recorded for future viewing. Any member of the public, whether or not a Belmont resident, will be able to view the proceeding live. TMMs may choose to listen to and view the proceedings in the same manner, but will not be considered present unless also logged in to TurningPoint.

With the assistance and cooperation of the Town Clerk’s office and the Town’s Information Technology Department, I have tested these platforms and am satisfied that they will allow the conduct of a Town Meeting that will function in substantially the same manner as a Town Meeting conducted in a physical location and in accordance with the operational and functional requirements set forth in Chapter 92. Furthermore, Belmont has held nineteen successful sessions of Annual and Special Town Meeting in 2020,

Belmont Select Board
Request for the 2023 Special Town Meeting by Remote Participation

2021 and 2022 that were attended by between 250 and 260 Town Meeting Members, using the combination of technologies described in this letter.

We will conduct further testing of these platforms in addition to training sessions and a warrant briefing which we propose to hold in the same manner prior to Town Meeting. Those training sessions and tests will allow us to ensure that all TMMs have the training and equipment necessary to participate fully, and to determine whether any adjustments are needed to the process to make sure it runs as smoothly as possible. I hereby confirm that I have conferred with the Chair of the Belmont Disabilities Access Commission about accessibility to the Town Meeting.

I appreciate your consideration of this request. Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael J. Widmer". The signature is fluid and cursive, with a long horizontal stroke at the end.

Michael J. Widmer
Town Moderator

**2023 SPECIAL TOWN MEETING
BELMONT, MASSACHUSETTS
January 30, 2023
Motions and Votes**

PRELIMINARY MOTION

REMOTE ACCESS TOWN MEETING

MOVED: That the Town Meeting will meet and act on all matters on the warrant for this special town meeting by means of the video and audio conferencing and voting technologies described in the Moderator's September 21, 2023 letter to the Select Board posted with the warrant.

The Motion: Was approved utilizing electronic voting devices, by a roll call vote: Yes 219 ; No 3; Abstain 1 at the Special Town Meeting session held January 30, 2023 by remote access technology.

ARTICLE 1:

REPORTS

MOVED: That the reports of the Select Board and other Town Officers, departments and committees be accepted.

The Motion: Was approved by unanimous consent of the Town Meeting at the Special Town Meeting session held January 30, 2024 by remote access technology.

ARTICLE 2: TRANSITION FROM ELECTED TO APPOINTED (HIRED) TREASURER/COLLECTOR

MOVED: That the position of Town Treasurer and Collector of Taxes be converted from an elected to an appointed position, subject to the approval by the voters of a question to be placed on the 2023 Annual Town Election Ballot as follows:

"Shall the Town vote to have its elected Town Treasurer and Collector of Taxes become an appointed Town Treasurer and Collector of Taxes of the Town? Yes _____ No _____".

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 193 ; No 53; Abstain 1 at the Special Town Meeting session held January 30, 2023 by remote access technology.

All Motions under Article 1 were accepted with Unanimous Consent

Red = Emergency Vote Counted

**TOWN OF BELMONT
WARRANT FOR 2023 ANNUAL TOWN MEETING
MAY 1, 2023
COMMONWEALTH OF MASSACHUSETTS**

Middlesex, ss.

To any of the Constables of the Town of Belmont in said County:

Greetings:

In the name of the Commonwealth of Massachusetts you are required to notify and warn the Inhabitants of the Town of Belmont, qualified as the law requires to vote in elections and Town Affairs, to meet at the Belmont High School Auditorium on **MONDAY, MAY 1, 2023, at 7:00 P.M.**, and to notify and warn the Town Meeting Members to meet and act at said time and place on the following Articles:

ARTICLE 1

REPORTS

To hear the report of the Select Board and other Town Officers, any Committee heretofore appointed and to act thereon.

This article accepts the reports of Town departments appearing in the Annual Town Report and allows the Select Board and other Town officers, boards and committees to report orally to the Town Meeting on appropriate matters not otherwise appearing on the Warrant. This article stays "on the table" throughout the Town Meeting to allow Town officials and committees to report at the call of the Moderator.

Majority vote required for passage.

ARTICLE 2 AUTHORIZATION TO REPRESENT THE TOWN'S LEGAL INTERESTS

To see if the Town will authorize the Select Board to bring and defend actions for and against the Town, to submit any such claims to arbitration and to enter into settlement on account of the same on behalf of the Town, as and when they deem it for the best interest of the Town, or in any way act thereon.

This is a standard article that authorizes the Select Board to represent the Town's legal interests and to settle legal claims.

Submitted by the Select Board

The Select Board will report on this Article.

Majority vote required for passage.

ARTICLE 3 AMEND UTILITY EASEMENT 778-782-790 PLEASANT STREET

To see if the Town will authorize the Select Board to enter into an agreement to modify easements located on land now owned by Empire Management Corporation granted to the Town of Belmont, recorded at the Middlesex South District Registry of Deeds, Land Court Division, as Book 9549 Page 383 and Book 9541 Page 289, for the purpose of relocating existing water and sewer utility pipes, as shown on the plan entitled "Easement Plan 778-782-790 Pleasant Street Belmont, Massachusetts" dated April 7, 2023 by Brennan Consulting, a copy of which is on file in the Office of the Town Clerk, or take any other action relative thereto.

This article will amend existing utility easements by allowing the creation of a new sewer and water easement on the property at 778-782-790 Pleasant Street.

Submitted by the Select Board

The Select Board will report on this Article.

Majority vote required for passage.

ARTICLE 4 AMEND ZONING BY-LAW - INSPECTOR OF BUILDINGS

To see if the Town will clarify certain terms in the Zoning By-law by amending Section 1.4 to add this definition:

Inspector of Buildings – The person holding the title "Inspector of Buildings" for the Town of Belmont, who shall be deemed the "zoning administrator" and a "permit granting authority" under M.G.L. c. 40A, § 1A. The terms "Building Commissioner" and "Building Inspector" in this Zoning By-law are deemed to be the same as "Inspector of Buildings."

or in any way act thereon.

The article is to correct the terminology in the Zoning By-Law to "Inspector of Buildings" as well as to define this phrase.

Submitted by the Select Board

The Select Board and Planning Board will report on this Article.

Two-thirds majority vote required for passage.

**ARTICLE 5 AMEND GENERAL BYLAW §50-2020: ESTABLISH RECREATION
REVOLVING FUND**

To see if the Town will vote to establish a Recreation Revolving Fund under M.G.L. chapter 44, § 53E½ by amending § 50-220 of the Town Bylaws to add a new subsection I., as follows, or in any way act thereon:

I. Recreation Revolving Fund: funds derived from recreation programs and activities to be expended by the Director of the Recreation Department for costs associated with recreation programs, including part-time wages, for FY2025 and subsequent years.

The article is to establish a Recreation Revolving Fund to allow the Recreation Department to transition their self-sustaining programs from the General Fund budget to a revolving fund, beginning in FY2025.

Submitted by the Select Board

The Select Board and Warrant Committee will report on this Article.

Majority vote required for passage.

**ARTICLE 6 CITIZEN PETITION: Sidewalk Safety – Amend General Bylaws: §60-800. D(2)
and D(3) Public Ways, Sidewalks and Rights-Of-Way. Obstructions**

To see if the Town will vote to amend the General Bylaws with a goal of calling specific attention to the problem of obstruction of sidewalks especially by the parking of vehicles on sidewalks that interfere with the safe use of sidewalks by pedestrians, persons using wheelchairs, persons using carriages to transport children, elderly persons, and students walking to school, by amending § 60-800.D(2) "Obstructions," by inserting the words "(including, without limitation, the parking of vehicles of any type)" after the words "man-made materials" and by inserting the following words at the beginning of § 60-800.D(3) "Fines for violations of subsections D(1) and D(2) shall be on the following schedule: first offense: written warning; second offense: \$50; third and successive offenses: \$100 each. The Town will communicate at least annually to the residents of the Town the requirements of this §60-800.D, but failure to do so shall not affect its enforceability." so that it reads:

§ 60-800. Public ways, sidewalks and rights-of-way.**D. Obstructions.**

1. No person shall permit a tree, branch thereof, hedge, bush or shrubbery growing on his/her land to extend over or overhang any street, sidewalk or highway so as to interfere with the free and full use of such street, sidewalk or highway.
2. No person, other than an authorized agent of the Town, may place or cause to be placed or maintained any permanent or temporary structure or any natural or man-made materials (*including, without limitation, the parking of vehicles of any type*) on any public street, sidewalk or highway in such a manner as to obstruct or otherwise interfere with the free and full use of such public street, sidewalk or highway for the passage of vehicles or pedestrians, except upon written permit or authorization from the Select Board or its designee, which the Board or its designee may in its discretion issue subject to such terms and conditions, including a bond, as may be deemed necessary and appropriate to protect the public safety.
3. *Fines for violations of subsections D(1) and D(2) shall be on the following schedule: first offense: written warning; second offense: \$50; third and successive offenses: \$100 each. The Town will communicate at least annually to the residents of the Town the requirements of this §60-800.D, but failure to do so shall not affect its enforceability. In addition to other penalties applicable to violation of these bylaws, in the event the Town undertakes to remove any obstructions described in Subsection D(1) and (2), the Town may charge the landowner for the reasonable cost thereof.*

or in any way act thereon.

Submitted by Gi Yoon-Huang, Town Meeting Member - Precinct 8

The Petitioner will report on this Article.

Majority vote required for passage.

ARTICLE 7 CITIZEN PETITION: Amend Section 7.5.2(a) of the Belmont Zoning Bylaw to Require Development Impact Report (DIR)

To see of the Town will vote to amend the Town of Belmont Zoning By-Law by adding this provision to Section 7.5.2(a)

A DIR shall be required if such application is for a proposed project that involves any of the following:

- i. the total land area affected by the alteration, regrading, landscaping, and construction of the proposed project exceeds 35,000 square feet;
- ii. the removal of more than 50 trees that each have a caliper exceeding 4 inches (measured 4.5 feet above the surface of the adjacent ground); or
- iii. an alteration that will result in land disturbance of more than 10,000 square feet of land, whether or not the land is substantially restored to its previous grade and surface coverage; or
- iv. the addition or relocation of 40 or more parking spaces.

or in any way act thereon.

Submitted by Ralph Jones, Town Meeting Member - Precinct 3

The Petitioner and the Planning Board will report on this Article.

Two-thirds majority vote required for passage.

ARTICLE 8 CITIZEN PETITION: Amend General Bylaw §40-325E: Fees for Special Event permits for use of the park sites

To see if the Town will Amend § 40-325.E by adding the following:

"Fees for Special Event permits for use of the park sites shall be waived if the permittee is a 501(c)(3) non-profit organization based in Belmont, the event is open to the public, and attendees are not charged a fee to attend."

or in any way act thereon.

Submitted by the Tommasina Olson, Town Meeting Member - Precinct 5

The Petitioner will report on this Article.

Majority vote required for passage.

ARTICLE 9 CITIZEN PETITION: Authorizing 10 Year Terms for Town Leases & Procurement Contracts for Electric Vehicles, Buses and Trucks

To see if the Town will vote to adopt the following binding resolution:

In recognition of the growing availability of electric-powered cars, buses, trucks, vans, and other classes of vehicles (each an "EV", together "EVs"), as well as the increasing availability of federal and state public grants to support their procurement, it is fiscally prudent to authorize the Town to enter into long-term leases, rentals, subscriptions, or similar vehicle procurement contracts (each an "EV Contract") for EVs whenever an EV Contract is an appropriate alternative to outright EV purchase.

The upfront procurement cost of EVs, especially buses and large trucks, when combined with the purchase and installation of dedicated charging equipment, may make it financially beneficial to the Town to enter into a multi-year EV Contract in order to amortize those upfront costs over a longer term and allow the annual cost of an EV to be economically competitive with gas and diesel alternatives.

The 2009 Town Meeting adopted Belmont's Climate Action Plan, which calls for an 80% reduction in the Town's carbon emissions by 2050 (compared to 2007). The 2019 Town Meeting adopted the Climate Action Roadmap, which laid out a plan to reach that goal, including reducing vehicle emissions. The procurement of EVs across the Town's fleet is consistent with both the Climate Action Plan and the 2019 Climate Action Roadmap.

Statewide procurement law limits any municipal contract to a term of not more than three years, unless authorization for a longer term of contract is approved by the governmental body, i.e., Town Meeting. M.G.L. c. 30B, § 12(b) provides: "Unless authorized by majority vote, a procurement officer shall not award a contract for a term exceeding three years, including any renewal, extension, or option. Such authorization may apply to a single contract or to any number or types of contracts, and may specify a uniform limit or different limits on the duration of any such contracts."

NOW, THEREFORE, BE IT RESOLVED, that the Town of Belmont hereby authorizes Belmont Schools and all other Town Departments (each a "Town Department") to enter into EV Contracts for municipal vehicles as follows:

(1) Any EV Contract hereafter entered into by any Town Department may be for a term of up to 10 years, including any term renewals, extensions, or options (the "10-Year Term"); provided, that nothing herein shall require any Town Department to procure EVs at any time, nor for any particular term of years; and

provided further, that any Town Department may enter into an EV Contract with a term shorter than a 10-Year Term, if a shorter term is deemed to be in the best financial or operating interests of the Town;

(2) The foregoing maximum 10-Year Term authorization shall be deemed hereby granted for any EV Contract entered into by any Town Department from this date forward, unless and until this authorization is revoked by action of a subsequent Town Meeting; and

(3) This authorization is intended to and shall be interpreted to implement the authorizations contemplated by M.G.L. c. 30B, § 12(b), or in any way act thereon.

Submitted by the Brian Kopperl, Belmont Registered Voter - Precinct 6

The Petitioner, the Warrant Committee, and the Comprehensive Capital Budget Committee will report on this Article.

Majority vote required for passage.

ARTICLE 10 CITIZEN PETITION: Replace General Bylaw § 60-310 with Specialized Energy Code

To see if the Town will vote to replace § 60-310 of the Town of Belmont General Bylaws, titled "Stretch Energy Code" with a new § 60-310 titled "Specialized Energy Code," for the purpose of regulating the design and construction of buildings for the effective use of energy and reduction of greenhouse gas emissions, pursuant to the entirety of 225 CMR 22 and 23 including Appendices RC and CC, including future editions, amendments, or modifications thereto, with an effective date of January 1, 2024, so that it reads as follows:

§ 60-310 Specialized Energy Code**A. Purpose**

The purpose of the Specialized Energy Code is to provide a more energy-efficient and low greenhouse gas emissions alternative to the Stretch Energy Code or the baseline Massachusetts Energy Code, applicable to the relevant sections of the State Building Code for new construction.

B. Applicability

This § 60-310 applies to residential and commercial buildings.

C. Specialized Energy Code

The Specialized Energy Code codified by the entirety of 225 CMR 22.00 and 23.00 including Appendices RC and CC, and including any future editions, amendments, or modifications, is herein incorporated by reference into this § 60-310.

D. Enforcement

The Specialized Energy Code is enforceable by the Inspector of Buildings. This section § 60-310 shall be effective January 1, 2024.

or in any way act thereon.

Submitted by the Roger Wrubel, Town Meeting Member - Precinct 5

The Petitioner will report on this Article.

Majority vote required for passage.

ARTICLE 11**FY2024 COMMUNITY PRESERVATION COMMITTEE BUDGET & PROJECTS**

To see if the Town will vote to act on the report of the Community Preservation Committee on the Fiscal Year 2024 Community Preservation Budget and to appropriate or reserve for later appropriation monies from the Community Preservation Fund annual revenues or available funds for the administrative and operating expenses of the Community Preservation Committee, the undertaking of Community Preservation Projects as summarized in the table below, and all other necessary and proper expenses for the year, or in any way act thereon.

Amount	Project Name	Category	Funding Source
\$ 200,000	Conservation Fund	OS	Open Space Recreation
\$ 250,000	Fund to Support the Creation of New Affordable Housing	CH	Community Housing
\$ 941,953	Grove Street Baseball and Basketball Reconstruction	RC	Open Space Recreation
\$ 86,787	Library Historic Objects Preservation Plan	HP	Historic Preservation
\$ 124,592	PQ Park Basketball Court Replacement - In Kind	RC	Open Space Recreation
\$ 400,000	Rejuvenation of Sherman Gardens	CH	Community Housing

Off-Cycle Funding Applications			
\$ 31,500	Belmont Womans' Club Window Restoration Installation Project for 3rd Floor	HP	Historic Preservation

This is a standard article that appropriates funds to support the operations of the Town's Community Preservation Committee and its approved projects. The Community Preservation Fund receives revenues from a 1.5% property tax surcharge to fund the program. The state provides limited matching grant funds to the Town based on the surcharge collections.

Submitted by the Community Preservation Committee

The Select Board, Community Preservation Committee, Warrant Committee, and Comprehensive Capital Budget Committee will report on this Article.

Majority vote required for passage.

ARTICLE 12

SALARIES OF ELECTED OFFICIALS

To see if the Town will vote to fix the salary and compensation of each and all the elected officers of the Town, appropriate a sum of money for that purpose, determine how the same shall be raised, or in any way act thereon.

Elected Officials of the Town	FY2023 Salary	FY2024 Salary	Change
Town Moderator	\$ 450	\$ 450	\$—
Chair of the Select Board	\$ 5,000	\$ 5,000	\$—
Select Board (2)	\$ 4,500	\$ 4,500	\$— (each)
Town Clerk	\$ 106,556	\$ 106,556	\$—
Chair of the Board of Assessors	\$ 3,030	\$ 3,030	\$—
Assessors (2)	\$ 2,200	\$ 2,200	\$— (each)

This is a standard article to comply with the provision in M.G.L. c. 41, §108 requiring the compensation levels of all elected officers to be fixed at the Annual Town Meeting, and to appropriate the funds necessary for FY2024. Please note that Town Meeting will establish and appropriate the compensation of other municipal employees under Article 22.

Submitted by the Select Board

The Select Board and Warrant Committee will report on this Article.

Majority vote required for passage.

ARTICLE 13 ENTERPRISE FUNDS FOR WATER, SEWER AND STORMWATER SERVICES

To see if the Town will vote to appropriate a sum of money from the accounts classified as an "Enterprise Fund", pursuant to Chapter 44, Section 53F½ of the General Laws for water service, and for sewer and stormwater service; or in any way act thereon.

This is a standard article to appropriate funds to support the operations of the Town's water and sewer functions from enterprise funds that receive revenues from user fees. Enterprise funds are entirely self-supporting from user fees and do not receive any funding from property taxes.

Submitted by the Select Board

The Select Board, Warrant Committee, and Comprehensive Capital Budget Committee will report on this Article.

Majority vote required for passage.

ARTICLE 14 ESTABLISH EXPENDITURE LIMITATION FOR REVOLVING FUNDS

To see if the Town will vote, pursuant to Chapter 44, Section 53E½, of the General Laws, to establish expenditure limitations for FY2024 for the revolving funds authorized in § 50-220 of the Town Bylaws;

Fund Title	Entity/Dept.	Spending Limits
Senior Programs	Council on Aging	\$ 150,000
Art Gallery	Belmont Cultural Council	\$ 15,000
Rock Meadow Maintenance	Conservation Commission	\$ 15,000
Copying/Lost Books	Library Trustees	\$ 15,000
Stormwater Improvements	Community Development	\$ 100,000
MLK Day Breakfast	Human Rights Commission	\$ 5,000
Non-School Property Maintenance	Facilities	\$ 60,000
Stormwater Consulting	Community Development	\$ 50,000
Total		\$ 410,000

or in any way act thereon.

This is a standard article that sets a limit on the amount of fee revenue that can be expended from the various revolving funds listed in §50-220 of the Town Bylaws during the upcoming fiscal year.

- A. *Senior Programs Fund: funds derived from Council on Aging course and program fees, charges or other receipts to be expended by the Council on Aging to fund courses and programs for Fiscal Year 2018 and subsequent years.*

- B. *Art Gallery Fund: funds derived from commissions on art sales, to be expended by the Belmont Cultural Council for gallery exhibits and event expenses, including administrative costs and part-time wages, for Fiscal Year 2018 and subsequent years.*
- C. *Rock Meadow Restoration and Maintenance Fund: funds derived from rental fees from garden plots, to be expended by the Conservation Commission for costs associated with the restoration and maintenance of the Rock Meadow conservation area, including part-time wages, for Fiscal Year 2018 and subsequent years.*
- D. *Library Lost Book and Copying Fund: funds derived from lost book fees and fees for printing and copying, to be expended by the Board of Library Trustees for the replacement of lost books and for copier and printer supplies and maintenance for Fiscal Year 2018 and subsequent years.*
- E. *Stormwater Improvement Fund: funds derived from payments made in lieu of on-site stormwater facilities, under the Stormwater Management and Erosion Control Bylaw, to be expended by the Director of the Office of Community Development for design, construction, and maintenance of public or shared stormwater facilities, for Fiscal Year 2018 and subsequent years.*
- F. *Martin Luther King Day Breakfast Fund: funds derived from ticket sales for the annual Martin Luther King Day Breakfast, to be expended by the Human Rights Commission for event expenses for Fiscal Year 2018 and subsequent years.*
- G. *Non-School Property Maintenance Fund: funds derived from the rental of Town properties not under the control of the School Department, to be expended by the Select Board for the maintenance and repair of such properties.*
- H. *Stormwater Consulting Fund: funds derived from consultant fees paid by applicants for stormwater permits, to be expended by the Director of the Office of Community Development for peer review consultant services for Fiscal Year 2018 and subsequent years.*

Submitted by the Select Board

The Select Board and Warrant Committee will report on this Article.

Majority vote required for passage.

ARTICLE 15

TRANSFER TO THE GENERAL STABILIZATION FUND

To see if the Town will vote to transfer a sum of money from unappropriated available funds in the Treasury to the General Stabilization Fund, or in any way act thereon.

This article is to transfer a portion of the Town's certified Free Cash balance to the General Stabilization Fund.

Submitted by the Select Board

The Select Board and Warrant Committee will report on this Article.

Majority vote required for passage.

**ARTICLE 16 RENAME AND REPURPOSE THE CAPITAL/DEBT STABILIZATION FUND
AS THE CAPITAL STABILIZATION FUND**

To see if the Town will vote to rename and repurpose the Capital/Debt Stabilization Fund established via Article 19 at the 2015 Annual Town Meeting and replace it with a new Capital Stabilization Fund as follows, or in any way act thereon:

Article 19 from 2015 Annual Town Meeting:

That the Town create a Capital/Debt Stabilization fund in accordance with Section 5B of Chapter 40 for the purpose of defraying the capital costs, or the costs of borrowing, associated with the engineering and design (including feasibility studies), construction, reconstruction, renovation, furnishing and equipping of any of the four following building projects (not in any order of priority): (1) the Belmont High School, (2) the Belmont Public Library, (3) the Department of Public Works facility, or (4) the Belmont Police Station, or any combination thereof.

Revised Capital Stabilization Fund:

That the Town create a Capital Stabilization fund in accordance with Section 5B of Chapter 40 of the Massachusetts General Laws for the purpose of funding capital projects as recommended by the Comprehensive Capital Budget Committee. Any funds received by the Town from the sale of surplus property, refunds, rebates and reimbursements from energy efficiency projects, solar installations, and other capital investments, shall be dedicated to the fund.

This article updates the Capital Stabilization Fund and dedicates future funding to the fund for later appropriation by Town Meeting, as recommended by the Comprehensive Capital Budget Committee.

Submitted by the Select Board

The Select Board, Warrant Committee and the Comprehensive Capital Budget Committee will report on this Article.

Two-thirds vote required for passage.

ARTICLE 17 APPROPRIATION OF TRANSPORTATION GRANT

To see if the Town will vote to appropriate a sum of money received from the Commonwealth Transportation Infrastructure Fund for the purpose of funding improvements to the Town's transportation infrastructure or any other public purpose substantially related to the operation of transportation network services, or in any way act thereon.

*This article is to appropriate **\$10,394.60** received from the Commonwealth as the Town's share of the Transportation Infrastructure Enhancement Trust Fund. The funds will provide additional support for transportation related projects.*

Submitted by the Select Board

The Select Board and the Warrant Committee will report on this Article.

Majority vote required for passage.

**ARTICLE 18 ESTABLISH OPIOID SETTLEMENT STABILIZATION FUND AND
DEDICATE OPIOID SETTLEMENT FUNDS TO THE OPIOID SETTLEMENT
STABILIZATION FUND**

To see if the Town will vote to create an Opioid Settlement Stabilization Fund in accordance with Massachusetts General Laws, Section 5B of Chapter 40, for the purpose of funding prevention, harm reduction, treatment and recovery programs as further detailed in the Massachusetts State-Subdivision Agreement for Statewide Opioid Settlements, and further to dedicate the amounts received from Statewide Opioid Settlements between the Massachusetts Attorney General and non-bankrupt opioid industry participants to the Opioid Settlement Stabilization Fund, or in any way act thereon.

This article is to establish a Stabilization Fund to dedicate funds received from the Opioid Settlement for later appropriation by Town Meeting.

Submitted by the Select Board

The Select Board and the Warrant Committee will report on this Article.

Majority vote required for passage.

ARTICLE 19 APPROPRIATION OF OPIOID SETTLEMENT DISTRIBUTION

To see if the Town will vote to appropriate the proceeds from the Opioid Settlement distributions to the Opioid Settlement Stabilization Fund to allow the Town to meet its requirements under the Opioid Settlement agreement, or in any way act thereon.

This article appropriates the Opioid Settlement distribution payments received in FY2023 to the Opioid Settlement Distribution fund. Without this dedication, the funds would become General Fund revenues, and the Town would be unable to use them to meet the requirements of the Opioid Settlement and would be out of compliance. No funds can be spent from the fund until appropriated by Town Meeting.

Submitted by the Select Board

The Select Board and the Warrant Committee will report on this Article.

Majority vote required for passage.

ARTICLE 20

APPROPRIATION OF FY2024 CAPITAL EXPENDITURES

To see if the Town will vote to appropriate sums of money to purchase public safety equipment, computer equipment (including consulting work), public works equipment and furnishings and equipment for Town facilities, construct public ways, and for building and facility and public works construction, major maintenance and alterations (including design work); to determine whether these appropriations shall be raised by borrowing or otherwise, or in any way act thereon.

This is a standard article to appropriate funds for capital budget expenditures. While the article is general as to the categories of capital expenditures, the motion will be explicit. The recommendations of the Comprehensive Capital Budget Committee for FY2024 capital expenditures will be distributed to Town Meeting Members prior to the Annual Town Meeting.

Submitted by the Select Board

The Select Board, Warrant Committee, and Comprehensive Capital Budget Committee will report on this Article.

Majority vote required for passage unless bonding authorization is required.

ARTICLE 21

**APPROPRIATION TO OTHER POST-EMPLOYMENT BENEFITS (OPEB)
STABILIZATION FUND**

To see if the Town will vote to appropriate, or transfer from available funds in the Treasury, a sum of money to the Other Post-Employment Benefits ("OPEB") Stabilization Fund; and to determine whether the money shall be provided by the tax levy, by transfer from available funds, by transfer from the Departmental Enterprise Funds, or by any combination of these methods; or in any way act thereon.

This article seeks to appropriate from available free cash or other available funds for future Town liabilities for Other Post-Employment Benefits.

Submitted by the Select Board

The Select Board and Warrant Committee will report on this Article.

Majority vote required for passage.

ARTICLE 22

**FY2024 BUDGET APPROPRIATION AND AUTHORIZATION TO
TRANSFER BALANCES TO FUND THE FY2024 BUDGET**

To determine what sums of money shall be granted to pay Town expenses for the fiscal year beginning July 1, 2023, and to make the necessary appropriations for the same for the support of schools and for other Town purposes; and to raise, appropriate, transfer money from available funds, and change the purpose of the unexpended balance of prior appropriations to fund the ensuing year's operations, or in any way act thereon.

This is a standard article that appropriates the Town's FY2024 budget, commencing on July 1, 2023. The budget consists of several categories of expenditures; each such category, and the transfer of balances from various sources necessary to fund the General Fund Budget, will be presented for a separate vote of Town Meeting. The Warrant Committee Report contains the budget summary and supporting information and will be distributed to Town Meeting Members in advance of the Annual Town Meeting.

Submitted by the Select Board

The Select Board and Warrant Committee will report on this Article.

Majority vote required for passage.

Given under our hands this 11th day of April, 2023

BELMONT SELECT BOARD

Mark Paolillo, Chair

Roy Epstein, Vice Chair

Elizabeth Dionne, Member

A True Copy, Attest

Town Clerk of Belmont, MA

PRELIMINARY MOTION**ORDER OF THE ARTICLES**

MOVED: That the Town Meeting hear the motions in the following order:

1, 2, 3, 11, 6, 8, 9, 5, 10, 4, 7, 12-22

The Motion: was approved by unanimous consent at the Annual Town Meeting held May 1 at the Belmont High School Auditorium.

ARTICLE 1**REPORTS**

MOVED: That the Annual Report be accepted, and that the written and video reports to Town Meeting be accepted and made a part of the record of this Town Meeting.

The Motion: was adopted by unanimous consent at the Annual Town Meeting held May 1, 2023 at the Belmont High School Auditorium..

ARTICLE 2**AUTHORIZATION TO REPRESENT THE TOWN'S LEGAL INTERESTS**

MOVED: That the Select Board be, and it hereby is, authorized to bring and defend actions for and against the Town, to submit any such claims to arbitration and to enter into settlement on account of the same in behalf of the Town, as and when they deem it for the best interest of the Town to do so; said power shall be vested solely in the Select Board.

The Motion: Was approved by unanimous consent at the Annual Town Meeting session held May 1, 2023 at the Belmont High School Auditorium.

ARTICLE 3**AMEND UTILITY EASEMENT 778-782-790 PLEASANT STREET****SUBSTITUTE MAIN MOTION BY ROBERT McGAW, PRECINCT 1**

MOVED: To see if the Town will authorize the Select Board to enter into an agreement to modify easements located on land now owned by Empire Management Corporation, recorded at the Middlesex South District Registry of Deeds, in Book 9549, page 383, and Book 9541, page 289, for the purpose of relocating all or a portion of existing water, stormwater, and sewer utility pipes, as shown on the plan entitled "Easement Plan 778-782-790 Pleasant Street, Belmont, Massachusetts" dated April 7, 2023, by Brennan a copy of which is on file in the Office of the Town Clerk, such agreement to be on such terms and conditions as the Select Board deems appropriate, including without limitation, requiring the owner to perform such relocations at the owner's sole cost and expense and in compliance with the Town's specifications, or take any other action relative thereto.

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 207 ; No 0 ; Abstain 2 at the Annual Town Meeting session held May 8, 2023 at the Belmont High School Auditorium.

ARTICLE 4 **AMEND ZONING BY-LAW - INSPECTOR OF BUILDINGS**

MOVED: That the Town approve Article 4, as printed in the 2023 Annual Town Meeting Warrant.

The Motion: Was approved unanimously utilizing electronic voting devices, by roll call vote: Yes 198 ; No 0 ; Abstain 0 at the Annual Town Meeting session held June 7, 2023 at the Belmont High School Auditorium.

TEXT OF WARRANT ARTICLE

To see if the Town will clarify certain terms in the Zoning By-law by amending Section 1.4 to add this definition:

Inspector of Buildings – The person holding the title “Inspector of Buildings” for the Town of Belmont, who shall be deemed the “zoning administrator” and a “permit granting authority” under M.G.L. c. 40A, § 1A. The terms “Building Commissioner” and “Building Inspector” in this Zoning By-law are deemed to be the same as “Inspector of Buildings.”

or in any way act thereon.

ARTICLE 5 **AMEND GENERAL BYLAW §50-220: ESTABLISH RECREATION REVOLVING FUND**

MOVED: That the Town approve Article 5, as printed in the 2023 Annual Town Meeting Warrant, including the correction in the Scrivener’s Error issued to all Town Meeting Members May 1, 2023.

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 185; No 18; Abstain 3 at the Annual Town Meeting session held May 3, 2023 at the Belmont High School Auditorium.

TEXT OF WARRANT ARTICLE

To see if the Town will vote to establish a Recreation Revolving Fund under M.G.L. chapter 44, § 53E½ by amending § 50-220 of the Town Bylaws to add a new subsection I., as follows, or in any way act thereon:

I. Recreation Revolving Fund: funds derived from recreation programs and activities to be expended by the Director of the Recreation Department for costs associated with recreation programs, including part-time wages, for FY2025 and subsequent years.

ARTICLE 6 CITIZEN PETITION: Sidewalk Safety – Amend General Bylaws: §60-800. D(2) and D(3) Public Ways, Sidewalks and Rights-Of-Way. Obstructions

SUBSTITUTE MAIN MOTION BY GI YOON-HUANG, PRECINCT 8

MOVED: That § 60-800(D) "Obstructions," of the General Bylaws be amended by inserting into § 60-800(D)(2) the words "(including, without limitation, the parking of vehicles of any type)" after the words "man-made materials," and by inserting the following sentence at the beginning of § 60-800.D(3): "The Town will communicate at least annually to the residents of the Town the requirements of this §60-800.D, but failure to do so shall not affect its enforceability."

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 176; No 41; Abstain 6 at the Annual Town Meeting session held May 3, 2023 at the Belmont High School Auditorium.

TEXT OF WARRANT ARTICLE

ARTICLE 6 CITIZEN PETITION: Sidewalk Safety – Amend General Bylaws: §60-800. D(2) and D(3) Public Ways, Sidewalks and Rights-Of-Way. Obstructions

To see if the Town will vote to amend the General Bylaws with a goal of calling specific attention to the problem of obstruction of sidewalks especially by the parking of vehicles on sidewalks that interfere with the safe use of sidewalks by pedestrians, persons using wheelchairs, persons using carriages to transport children, elderly persons, and students walking to school, by amending § 60-800.D(2) "Obstructions," by inserting the words "(including, without limitation, the parking of vehicles of any type)" after the words "man-made materials" and by inserting the following words at the beginning of § 60-800.D(3). "Fines for violations of subsections D(1) and D(2) shall be on the following schedule: first offense: written warning; second offense: \$50; third and successive offenses: \$100 each. The Town will communicate at least annually to the residents of the Town the requirements of this §60-800.D, but failure to do so shall not affect its enforceability." so that it reads:

§ 60-800. Public ways, sidewalks and rights-of-way.

D. Obstructions.

1. No person shall permit a tree, branch thereof, hedge, bush or shrubbery growing on his/her land to extend over or overhang any street, sidewalk or highway so as to interfere with the free and full use of such street, sidewalk or highway.
2. No person, other than an authorized agent of the Town, may place or cause to be placed or maintained any permanent or temporary structure or any natural or man-made materials (including, without limitation, the parking of vehicles of any type) on any public

street, sidewalk or highway in such a manner as to obstruct or otherwise interfere with the free and full use of such public street, sidewalk or highway for the passage of vehicles or pedestrians, except upon written permit or authorization from the Select Board or its designee, which the Board or its designee may in its discretion issue subject to such terms and conditions, including a bond, as may be deemed necessary and appropriate to protect the public safety.

3. Fines for violations of subsections D(1) and D(2) shall be on the following schedule: first offense: written warning; second offense: \$50; third and successive offenses: \$100 each. The Town will communicate at least annually to the residents of the Town the requirements of this §60-800.D, but failure to do so shall not affect its enforceability. In addition to other penalties applicable to violation of these bylaws, in the event the Town undertakes to remove any obstructions described in Subsection D(1) and (2) , the Town may charge the landowner for the reasonable cost thereof.

or in any way act thereon.

FINAL TEXT AFTER ADOPTION

ARTICLE 6 CITIZEN PETITION: Sidewalk Safety – Amend General Bylaws: §60-800. D(2) and D(3) Public Ways, Sidewalks and Rights-Of-Way. Obstructions

§ 60-800. Public ways, sidewalks and rights-of-way.

D. Obstructions.

1. No person shall permit a tree, branch thereof, hedge, bush or shrubbery growing on his/her land to extend over or overhang any street, sidewalk or highway so as to interfere with the free and full use of such street, sidewalk or highway.
2. No person, other than an authorized agent of the Town, may place or cause to be placed or maintained any permanent or temporary structure or any natural or man-made materials (including, without limitation, the parking of vehicles of any type) on any public street, sidewalk or highway in such a manner as to obstruct or otherwise interfere with the free and full use of such public street, sidewalk or highway for the passage of vehicles or pedestrians, except upon written permit or authorization from the Select Board or its designee, which the Board or its designee may in its discretion issue subject to such terms and conditions, including a bond, as may be deemed necessary and appropriate to protect the public safety.
3. The Town will communicate at least annually to the residents of the Town the requirements of this §60-800.D, but failure to do so shall not affect its enforceability. In addition to other penalties applicable to violation of these bylaws, in the event the Town undertakes to remove any obstructions described in Subsection D(1) and (2) , the Town may charge the landowner for the reasonable cost thereof.

ARTICLE 7 CITIZEN PETITION: Amend Section 7.5.2(a) of the Belmont Zoning Bylaw to Require Development Impact Report (DIR)

MOVED: That Article 7 be dismissed.

The Motion: To dismiss was approved utilizing electronic voting devices, by roll call vote: Yes 195 ; No 4 ; Abstain 0 at the Annual Town Meeting session held June 7, 2023 at the Belmont High School Auditorium.

ARTICLE 8 CITIZEN PETITION: Amend General Bylaw §40-325E: Fees for Special Event Permits for Use of the Park Sites

SUBSTITUTE MAIN MOTION BY TOMMASINA OLSON, PRECINCT 5

Moved: that General Bylaw §40-325.E be amended by adding the following sentence:

"Fees for Special Event permits for use of the park sites for musical or cultural events shall be waived if the permittee is an Internal Revenue Code § 501(c)(3) nonprofit organization, which is also listed by the Massachusetts Attorney General as a charity, with its principal office in Belmont, the event is open to all communities, and attendees are not charged a fee to attend."

The Motion: Was defeated utilizing electronic voting devices, by roll call vote: Yes 41 ; No 174; Abstain 3 at the Annual Town Meeting session held May 8, 2023 at the Belmont High School Auditorium.

ARTICLE 9 CITIZEN PETITION: Authorizing 10 Year Terms for Town Leases & Procurement Contracts for Electric Vehicles, Buses and Trucks

MOVED: That the Town approve Article 9, as printed in the 2023 Annual Town Meeting Warrant.

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 212 ; No 5 ; Abstain 5 at the Annual Town Meeting session held May 8, 2023 at the Belmont High School Auditorium.

TEXT OF WARRANT ARTICLE

To see if the Town will vote to adopt the following binding resolution:

In recognition of the growing availability of electric-powered cars, buses, trucks, vans, and other classes of vehicles (each an "EV", together "EVs"), as well as the increasing availability of federal and state public grants to support their procurement, it is fiscally prudent to authorize the Town to enter into long-term leases, rentals, subscriptions, or similar vehicle procurement contracts (each an "EV Contract") for EVs whenever an EV Contract is an appropriate alternative to outright EV purchase.

The upfront procurement cost of EVs, especially buses and large trucks, when combined with the purchase and installation of dedicated charging equipment, may make it financially beneficial to the Town to enter into a multi-year EV Contract in order to amortize those upfront costs over a longer term and allow the annual cost of an EV to be economically competitive with gas and diesel alternatives.

The 2009 Town Meeting adopted Belmont's Climate Action Plan, which calls for an 80% reduction in the Town's carbon emissions by 2050 (compared to 2007). The 2019 Town Meeting adopted the Climate Action Roadmap, which laid out a plan to reach that goal, including reducing vehicle emissions. The procurement of EVs across the Town's fleet is consistent with both the Climate Action Plan and the 2019 Climate Action Roadmap.

Statewide procurement law limits any municipal contract to a term of not more than three years, unless authorization for a longer term of contract is approved by the governmental body, i.e., Town Meeting. M.G.L. c. 30B, § 12(b) provides: "Unless authorized by majority vote, a procurement officer shall not award a contract for a term exceeding three years, including any renewal, extension, or option. Such authorization may apply to a single contract or to any number or types of contracts, and may specify a uniform limit or different limits on the duration of any such contracts."

NOW, THEREFORE, BE IT RESOLVED, that the Town of Belmont hereby authorizes Belmont Schools and all other Town Departments (each a "Town Department") to enter into EV Contracts for municipal vehicles as follows:

(1) Any EV Contract hereafter entered into by any Town Department may be for a term of up to 10 years, including any term renewals, extensions, or options (the "10-Year Term"); provided, that nothing herein shall require any Town Department to procure EVs at any time, nor for any particular term of years; and

provided further, that any Town Department may enter into an EV Contract with a term shorter than a 10-Year Term, if a shorter term is deemed to be in the best financial or operating interests of the Town;

(2) The foregoing maximum 10-Year Term authorization shall be deemed hereby granted for any EV Contract entered into by any Town Department from this date forward, unless and until this authorization is revoked by action of a subsequent Town Meeting; and

(3) This authorization is intended to and shall be interpreted to implement the authorizations contemplated by M.G.L. c. 30B, § 12(b)., or in any way act thereon.

ARTICLE 10 **CITIZEN PETITION: Replace General Bylaw § 60-310 with Specialized Energy Code**

MOVED: that Article 10 be dismissed.

The Motion: was dismissed by unanimous consent at the Annual Town Meeting session held May 3, 2023 at the Belmont High School Auditorium.

ARTICLE 11 **FY2024 COMMUNITY PRESERVATION COMMITTEE BUDGET & PROJECTS**

MOVED: That the Town reserve for appropriation the following amounts from FY2024 estimated receipts of **\$1,500,000** as recommended by the Community Preservation Committee:

1. **\$150,000** for acquisition, creation and preservation of open space and for recreational use, or for the rehabilitation and restoration of land for recreational use;
2. **\$150,000** for acquisition, preservation, rehabilitation and restoration of historic resources;
3. **\$150,000** for the creation, preservation and support of community housing;
4. **\$975,000** to the budgeted reserve; and
5. **\$75,000** to be appropriated for the Administrative Expenses and all other necessary proper expenses of the Community Preservation Committee for FY2024.

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 227 ; No 7 ; Abstain 0 at the Annual Town Meeting session held May 1, 2023 at the Belmont High School Auditorium.

MOVED: A. That a total of **\$200,000**, whereby **\$140,000** be appropriated from the Fund Balance reserved for Open Space and Recreation, and that the remaining **\$60,000** be appropriated from the Undesignated Fund Balance of the Community Preservation Fund for the **Conservation Fund**.

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 227 ; No 9 ; Abstain 1 at the Annual Town Meeting session held May 1, 2023 at the Belmont High School Auditorium.

MOVED: B. That a total of **\$250,000**, whereby **\$140,000** be appropriated from the Fund Balance reserved for Community Housing, and that the remaining **\$110,000** be appropriated from the Undesignated Fund Balance of the Community Preservation Fund for the **Fund to Support the Creation of New Affordable Housing**.

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 215 ; No 13 ; Abstain 1 at the Annual Town Meeting session held May 1, 2023 at the Belmont High School Auditorium.

MOVED: C. That **\$941,935** be appropriated from the Undesignated Fund Balance of the Community Preservation Fund for the **Grove Street Baseball and Basketball Reconstruction**.

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 220 ; No 3 ; Abstain 0 at the Annual Town Meeting session held May 1, 2023 at the Belmont High School Auditorium.

Failed Motion to Amend, Article 11, Motion C by Kate Bowen Town Meeting Member, Precinct 4

Moved: To remove the portion of the motion that reads “C. That \$941,953 be appropriated from the Undesignated Fund Balance of the Community Preservation Fund for the Grove Street Baseball and Basketball Reconstruction.” and replace with the following:

“C. That \$298,370 be appropriated from the Undesignated Fund Balance of the Community Preservation Fund for the Grove Street Baseball and Basketball Reconstruction.”

The Motion: Was defeated utilizing electronic voting devices, by roll call vote: Yes 10; No 224; Abstain 3 at the Annual Town Meeting session held May 1, 2023 at the Belmont High School Auditorium.

MOVED: D. That **\$86,787** be appropriated from the Fund Balance reserved for Historic Preservation of the Community Preservation Fund for the **Library Historic Objects Preservation Plan**.

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 214 ; No 4 ; Abstain 0 at the Annual Town Meeting session held May 1, 2023 at the Belmont High School Auditorium.

MOVED: E. That **\$124,592** be appropriated from the Undesignated Fund Balance of the Community Preservation Fund for the **PQ Park Basketball Court Replacement - In Kind**.

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 221 ; No 0 ; Abstain 0 at the Annual Town Meeting session held May 1, 2023 at the Belmont High School Auditorium.

MOVED: F. That **\$400,000** be appropriated from the Undesignated Fund Balance of the Community Preservation Fund for the **Rejuvenation of Sherman Gardens**.

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 214 ; No 2 ; Abstain 0 at the Annual Town Meeting session held May 1, 2023 at the Belmont High School Auditorium.

MOVED: G. That **\$31,500** be appropriated from the Fund Balance reserved for Historic Preservation of the Community **Preservation** Fund for the **Belmont Woman's Club Window Restoration Installation Project for 3rd Floor**.

All said projects being more particularly described in the Final Applications on file with the Community Preservation Committee.

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 205; No 8; Abstain 3 at the Annual Town Meeting session held May 1, 2023 at the Belmont High School Auditorium.

ARTICLE 12 SALARIES OF ELECTED OFFICIALS

MOVED: That the elected officers of the Town be paid as salaries for the fiscal year commencing July 1, 2023 the amount set forth opposite the name of each office as listed below:

Elected Officials of the Town	FY2024 Salary
Town Moderator	\$ 450
Chair of the Select Board	\$ 5,000
Select Board (2)	\$ 4,500 (each)
Town Clerk	\$ 106,556
Chair of the Board of Assessors	\$ 3,030
Assessors (2)	\$ 2,200 (each)

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 199 ; No 0 ; Abstain 1 at the Annual Town Meeting session held June 7, 2023 at the Belmont High School Auditorium.

ARTICLE 13 ENTERPRISE FUNDS FOR WATER, SEWER AND STORMWATER SERVICES

MOVED: A) That \$7,557,067 be appropriated from Water Revenues and \$114,249 from Water Retained Earnings to fund the expenses of the Water Department pursuant to Chapter 44, §53F½ of the General Laws as follows:

FY2024 Water Enterprise Fund Operating Budget	\$	6,731,216
Water Department Capital Expenditures	\$	940,100
Total Water Enterprise Fund Appropriation	\$	7,671,316

The Motion : A) Was approved utilizing electronic voting devices, by roll call vote: Yes 198 ; No 11 ; Abstain 0 at the Annual Town Meeting session held May 3, 2023 at the Belmont High School Auditorium.

MOVED: B) That \$9,546,360 be appropriated from Sewer and Stormwater Revenues to fund the Sewer and Stormwater Enterprise Fund pursuant to Chapter 44, §53F½ of the General Laws as follows:

FY2024 Sewer and Stormwater Enterprise Fund Operating Budget	\$	8,846,360
Sewer and Stormwater Capital Expenditures	\$	700,000
Total Sewer and Stormwater Enterprise Fund Appropriation	\$	9,546,360

The Motion: Was approved utilizing electronic voting devices, by roll call vote: Yes 203 ; No 8 ; Abstain 0 at the Annual Town Meeting session held May 3, 2023 at the Belmont High School Auditorium.

Article #

- 1 APPROPRIATION BELMONT RINK AND SPORTS FACILITY, AUTHORIZATION
TO BORROW

Page 2

The Select Board, Warrant Committee and Municipal Skating Rink Building Committee will report on this Article.

Two-thirds vote required for passage for borrowing.

Given under our hands this 11th day of **April, 2023**

BELMONT SELECT BOARD

Mark Paolillo, Chair

Roy Epstein, Vice Chair

Elizabeth Dionne, Member

MOVED: That the Town appropriate the amount of twenty-eight million six hundred and fifty-three thousand and thirty-two dollars (\$28,653,032) for the purpose of paying costs of designing, demolishing, constructing, originally equipping, and furnishing the Belmont Rink and Sports Facility, located at 345 Concord Avenue in Belmont and all costs incidental or related thereto (the "Project"), said amount to be expended under the direction of the Belmont Municipal Skating Rink Building Committee. To meet this appropriation the Treasurer with the approval of the Select Board, is authorized to borrow said amount under M.G.L. Chapter 44, or pursuant to any other enabling authority.

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 210; No 9; Abstain 9, at the Special Town Meeting held May 3, 2023 at the Belmont High School Auditorium.

**TOWN OF BELMONT
WARRANT FOR 2023 SPECIAL TOWN MEETING
NOVEMBER 6, 2023
COMMONWEALTH OF MASSACHUSETTS**

Middlesex, ss.

To any of the Constables of the Town of Belmont in said County:

Greetings:

In the name of the Commonwealth of Massachusetts you are required to notify and warn the Inhabitants of the Town of Belmont, qualified as the law requires to vote in elections and Town Affairs, to convene on **MONDAY, NOVEMBER 6, 2023, at 7:00 P.M.** in person and remote at the Belmont High School Auditorium or by audio/ video conferencing platform described more particularly below,, and to notify and warn the Town Meeting Members to meet and act at said time and place on the following Articles.

Interested members of the public may see and hear the proceedings by tuning in to the Belmont Media Center's live broadcast of the proceedings on Belmont cable television (Comcast channel 8, Verizon channel 28) or by live-streaming at www.belmontmedia.org.

Town Meeting Members participating remotely will attend and vote by logging into a web page portal operated by the Town's electronic voting vendor with unique credentials that will be issued to each Town Meeting Member before the meeting.

Town Meeting Members and other participants approved by the Moderator who wish to address the meeting are encouraged to appear in person or may participate in the meeting through the "Zoom" videoconferencing service. Login credentials will be provided to all Town Meeting Members. Registered voters who wish to address the meeting as approved by the Moderator may appear in person or contact the Town Clerk's office for login credentials, 617-993-2603.

ARTICLE 1

REPORTS

To hear the report of the Select Board and other Town Officers, any Committee heretofore appointed and to act thereon.

This article accepts the reports of Town departments appearing in the Annual Town Report and allows the Select Board and other Town officers, boards and committees to report

orally to the Town Meeting on appropriate matters not otherwise appearing on the Warrant. This article stays "on the table" throughout the Town Meeting to allow Town officials and committees to report at the call of the Moderator.

Majority vote required for passage.

ARTICLE 2 COMMUNITY PRESERVATION COMMITTEE (CPC)-OFF CYCLE REQUEST(S)

To see if the Town will vote to appropriate from Fiscal Year 2023 Community Preservation Fund(s) as follows; or in any way act thereon.

Amount	Project Name	CPA Category	Funding Source
\$ 360,000	Community Path Phase 1 Design	RC	Open Space Recreation, Undesignated Fund
\$ 160,000	Town Hall Retaining Wall	HP	Historic Preservation Fund, Undesignated Fund
\$ 200,000	School Administration Building Roof Restoration	HP	Historic Preservation Fund, Undesignated Fund

This article will authorize the funds needed to complete critical projects that cannot wait until the regular funding cycle at Annual Town Meeting.

Submitted by the Select Board

The Select Board, Warrant Committee and Community Preservation Committee will report on this Article.

Majority vote required for passage.

ARTICLE 3 TRANSFERS TO STABILIZATION FUNDS

To see if the Town will vote to raise and appropriate, or transfer from available funds, a sum or sums of money to the Capital Stabilization Fund, the General Stabilization Fund, or both; or in any way act thereon.

This article will authorize transfers to the Capital or General Stabilization Funds for later appropriation by Town Meeting.

Submitted by the Select Board

The Select Board and the Warrant Committee will report on this Article.

Majority vote required for passage.

ARTICLE 4 CAPITAL APPROPRIATION SECURITY CAMERAS AT WELLINGTON & CHENERY SCHOOLS

To see if the Town will vote to raise and appropriate or transfer from available funds \$160,000 for the purpose of updating and adding security cameras at the Wellington and Chenery schools; or in any way act thereon.

At the 2023 Annual Town Meeting a total of \$1,791,681 in funding was set aside for Discretionary Capital, but only \$1,631,681 was appropriated. The difference of \$160,000.00 is being appropriated via this article. The funds will complete a project to update security cameras at all schools which was begun using ARPA funding in May 2023.

Submitted by the Select Board

The Select Board, Warrant Committee and Comprehensive Capital Budget Committee will report on this Article.

Majority vote required for passage.

ARTICLE 5 REPLACE GENERAL BYLAW §60-310 WITH SPECIALIZED ENERGY CODE

To see if the Town will vote to replace §60-310 of the Town of Belmont General Bylaws, titled "Stretch Energy Code" with a new §60-310 titled "Specialized Energy Code," for the purpose of regulating the design and construction of buildings for the effective use of energy and reduction of greenhouse gas emissions, pursuant to the entirety of 225 CMR 22 and 23 including Appendices RC and CC, including future editions, amendments, or modifications thereto, with an effective date of January 1, 2025 so that it reads as follows:

§60-310 Specialized Energy Code**A. Purpose**

The purpose of the Specialized Energy Code is to provide a more energy-efficient and low greenhouse gas emissions alternative to the Stretch Energy Code or the baseline Massachusetts Energy Code, applicable to the relevant sections of the State Building Code for new construction.

B. Applicability

This §60-310 applies to residential and commercial buildings.

C. Specialized Energy Code

The Specialized Energy Code codified by the entirety of 225 CMR 22.00 and 23.00 including Appendices RC and CC, and including any future editions, amendments, or modifications, is herein incorporated by reference into this §60-310.

D. Enforcement

The Specialized Energy Code is enforceable by the Inspector of Buildings. This section §60-310 shall be effective January 1, 2025;

or in any way act thereon.

The implementation date of this article differs from the original Citizen Petition filed in the Spring of 2023. The original date proposed was January 1, 2024. The Department of Energy & Resources (DOER) recommends an implementation date of a minimum of six months after a municipal vote to allow for an orderly transition for developers, designers and builders, as well as additional training time for municipal code officials.

Submitted by the Select Board

The Select Board will report on this Article.

Majority vote required for passage.

ARTICLE 6

AMEND ZONING BYLAW(S): RESTAURANTS

To see if the Town will vote to amend the Zoning Bylaws Section 1.4 Definitions, Section 3.3 Schedule of Use Regulations, and Section 6 (add a new Section 6.13) as follows; or in any way act thereon.

1. Amend Section 1.4 Definitions and Abbreviations as follows:

A. By Deleting the following definitions in their entirety:

Catering Service - An establishment that prepares, serves, and supplies food in large quantities to be delivered and consumed off premises. Deliveries of food products occur on a regular basis.

Restaurant - An establishment at which the principal activity is the preparation, service, and sales of food for consumption on the premises

Restaurant, Fast Food - An establishment whose primary business is the sale of food for consumption on the premises which is: (a) primarily intended for immediate consumption rather than for use as an ingredient or component of meals; (b) available upon a short waiting time; (c) packaged or presented in such a manner that it can be readily eaten outside the premises where it is sold; (d) which, because of the nature of the operation sells large volumes of food; but not including drive-up windows

Restaurant, Take Out - An establishment whose primary business is the sale of food for consumption off the premises which is: (a) primarily intended for immediate consumption rather than for use as an ingredient or component of meals; (b) available upon a short waiting time; (c) packaged or presented in such a manner that it can be readily eaten outside the premises where it is sold; (d) which, because of the nature of the operation sells large volumes of food; (e) commonly generates a large volume of vehicular traffic, but not including drive-up windows

B. by adding the following definitions in alphabetical Order:

Food Service Establishment, Formula Based – A Food Service Establishment that conforms or substantially conforms to a set of common design and operating features that serve to identify the establishment as one of a group of establishments for business, marketing, or public relations purposes. A Food Service Establishment shall be considered a Formula Based Food Service Establishment if it shares at least two (2) of the following three (3) characteristics with ten (10) or more other establishments worldwide (regardless of ownership or location)”:

1. Trademark, service mark or logo, defined as a word, phrase, symbol, or design or combination thereof that identifies and distinguishes the source of the goods or services from others;
2. Standardized building architecture including but not limited to façade design and signage;
3. Standardized color scheme used throughout the exterior of the establishment, including color associated with signs and logos.

Food Service Establishment – Any establishment at which the principal activity is the preparation, service, and sales of prepared food intended for consumption on or off the premises, and regardless of whether the establishment provides facilities for on-site consumption. This definition includes restaurants and catering services, but excludes establishments serving customers through drive-up windows.

2. Amend Section 3.3 Schedule of Use Regulations by DELETING the following ENTRIES under the heading “**BUSINESS**”

USES	DISTRICTS							
	SR-A,B,C,D	GR	AH	LB I	LB II	LB III	GB	PL
Catering Service								
• Up to 10,000 square feet	N	N	N	Y	Y	Y	N	N
• More than 10,000 square feet	N	N	N	SP	SP	SP	N	N
Note S 3.3 was amended by Article 10 of the 2003 Special Town Meeting								
Restaurants								
• Up to 10,000 square feet	N	N	N	Y	Y	Y	N	N
• More than 10,000 square feet	N	N	N	SP	SP	SP	N	N
Note S 3.3 was amended by Article 10 of the 2003 Special Town Meeting								
Restaurant, Fast Food								
Note S 3.3 was amended by Article 10 of the 2003 Special Town Meeting	N	N	N	SP	SP	SP	SP	N
Restaurant, Take Out								
Note S 3.3 was amended by Article 10 of the 2003 Special Town Meeting	N	N	N	N	SP	SP	SP	N

and inserting the following ENTRIES in their place:

USES	DISTRICTS							
	SR- A,B,C,D	GR	AH	LB I	LB II	LB III	GB	PL
Food Service Establishment	N	N	N	Y	Y	Y	Y	N
Food Service Establishment, Formula Based See Section 6.13	N	N	N	SP	SP	SP	SP	N

3. Amend Section 6 Special Regulations by adding a new section 6.13 Formula Based Food Service Establishment to read as follows:

“Section 6.13 Special Permit Review for Formula Based Food Service Establishments

6.13.1 Purpose. The purpose and intent of the Formula Based Food Service Establishments regulation is to address the adverse impact of standardized businesses on Belmont villages, commercial, and historic areas. Formula Based Food Service Establishments can detract from the overall village experience, appearance, and character, and the proliferation of Formula Based Food Service Establishments will have a negative impact on the town’s economic diversity, historical relevance, unique character, and economic vitality. These uses are therefore restricted in order to maintain the unique character of the zoning districts in which they are eligible to be located.

6.13.2 Review Criteria. The following shall be the basis for decisions on Special Permits to allow Formula Based Food Service Establishments:

- Approval of the Formula Based Food Service Establishment will not detract from the unique character of the District;
- Approval of the Formula Based Food Service Establishment will contribute to a diverse and balanced blend of businesses available to serve residents and visitors in the District;
- Approval of the Formula Based Food Service Establishment will complement those businesses already in the District and help promote and foster the local economic base as a whole; and
- The Formula Based Food Service Establishment will be compatible with existing surrounding uses, and has been designed and will be operated so as to preserve the area’s existing architecture and unique aesthetic experience.

6.13.3 Design and Site Plan Review required. Notwithstanding Section 7.3.2(c) of these By-Laws, Design and Site Plan Review under Section 7.3.2(a)-(b) shall be required for a Formula Based Food Service Establishment to the same extent as it would be for a non-formula-based Food Service Establishment.”

6.13.4 Adaptation of Characteristics. Any Formula Based Food Service Establishment may adapt its characteristics in consultation with the Inspector of Buildings so that the proposed use no longer meets the definition of Formula Based Food Service Establishment as defined in Section 1.4.

4. Conforming amendments.

A. Amend Section 1.4 Definitions and Abbreviations as follows:

By deleting the word “restaurant” from the definition of “Outdoor Seasonal Seating” and replacing it with the words “Food Service Establishment.”

B. Amend Section 5.1 Off Street Parking and Loading as follows:

By deleting the word "Restaurant" from Section 5.1.2 d) and replacing it with the words "Food Service Establishment."

C. Amend Section 8.2.1 Uses Permitted in the Cushing Square Overlay District as follows:

By deleting the words "Restaurant up to 12,000 square feet, but not including fast food or take out restaurants" from **Section 8.3.2 A)(ii)** and replacing it with the words "Food Service Establishment up to 12,000 square feet."

D. Amend Section 8.3.2 Parking Requirements as follows:

By deleting the word "Restaurant" from **Section 8.3.2 A)(ii)** and replacing it with the words "Food Service Establishment."

Submitted by the Select Board

The Select Board and the Planning Board will report on this Article.

Two-thirds vote required for passage.

ARTICLE 7

AMEND ZONING BYLAW(S): OFF STREET PARKING

To see if the Town will vote to amend the Zoning Bylaws Section 5.1 Off Street Parking and Loading as follows; or in any way act thereon.

Amend **Section 5.1.2 d)** by deleting the words "2 persons seating capacity" and replacing it with the words "4 persons seating capacity".

Submitted by the Select Board

The Select Board and the Planning Board will report on this Article.

Two-thirds vote required for passage.

ARTICLE 8

REMOVAL FROM CIVIL SERVICE: POLICE

To see if the Town will vote to remove the Police Department from the Provisions of the Civil Service Laws, and rules and regulations relating to the same, by revoking the Town's acceptance of Section 37 of Chapter 19 of the General Laws voted under Article 15 of the Warrant for the 1915 Annual Town Meeting and of Section 48 of Chapter 31 (as both have been recodified in G.L. c. 31, Section 52) with regard to the Police Department; or in any way act thereon.

This article seeks the approval of Town Meeting to remove all uniformed Police Department personnel from the provisions of Civil Service laws, which removal would become part of a negotiated agreement between the Town of Belmont and the Belmont Patrolmen's Association and Belmont's Police Superior Officers Association. Civil Service was adopted in Belmont for Police in 1915, before the existence of collective bargaining agreements.

Submitted by the Select Board

The Select Board will report on this Article.

Majority vote required for passage.

ARTICLE 9 CITIZEN PETITION: HOME RULE LEGISLATION / 61B EXEMPTION

To see if the Town will vote to authorize and request the Select Board to file Home Rule Legislation or other Special Legislation exempting the Town from the requirement to accept and grant applications for valuation, assessment, and taxation of land under the provisions of Mass. Gen. Laws Chapter 61B while maintaining the Town's first refusal option and ability to collect any and all applicable conveyance and roll-back taxes for applications previously granted under Mass. Gen. Laws Chapter 61B.

Submitted by Max Colice

The Petitioner will report on this Article.

Majority vote required for passage.

ARTICLE 10 CITIZEN PETITION: TRANSITION FROM ELECTED TO APPOINTED (HIRED) BOARD OF ASSESSORS

To see if the Town will (1) vote to convert the Town's elected Board of Assessors from an elected board to an appointed position pursuant to M.G.L. c.41 sec. 1B; and (2), request and authorize the Select Board in accordance with M.G.L. c. 41 sec. 1B, to place the following question on the 2024 Annual Town Election Ballot: "Shall the Town vote to have its elected Board of Assessors become an Appointed Board of Assessors of the Town? Yes ___ No ___" ; or in any way act thereon.

Submitted by Angus Abercrombie

Majority vote required for passage.

ARTICLE 11 APPROPRIATE FROM OPIOID SETTLEMENT STABILIZATION FUND

To see if the Town will vote to appropriate funds from the Opioid Settlement Stabilization Fund for the purpose of funding initial planning work, or in any way act thereon.

This article appropriates funds from the Opioid Settlement Stabilization Fund for use by a planning group for initial activities to be determined by the group. Future appropriations will be requested as the group gets underway and develops a more robust plan.

Submitted by the Select Board

The Select Board and the Warrant Committee will report on this Article.

Two-thirds vote required for passage.

Given under our hands this 13th day of **October, 2023**

Belmont, MA 02478

Re: November 2023 Special Town Meeting – Request to Hold Hybrid Meeting

Dear Mr. Epstein and Members of the Select Board:

I am requesting, in my capacity as Town Moderator, that the Select Board call for the November 6, 2023 Special Town Meeting to be held through hybrid participation “in which both in-person and remote participation are authorized,” as defined in Chapter 2 or the Acts of 2023.

My attached email to Town Meeting Members describes my desire to “hold in-person meetings but provide the opportunity for remote access for those individuals who have a compelling reason not to attend in person.” I hope that the vast majority of Town Meeting Members will be able to attend in person. At the same time, I respect the decisions of individual Town Meeting Members whether their circumstances, medical or otherwise, necessitate that they attend remotely.

I appreciate your consideration of this request.

Sincerely,

Michael J. Widmer
Town Moderator

cc: Patrice Garvin, Town Administrator
Ellen Cushman, Town Clerk
George Hall, Town Counsel

PRELIMINARY MOTION

REMOTE ACCESS PARTICIPATION

MOVED That the Town Meeting will Met and act on all matters on the warrant for this special town meeting by means of the video and audio conferencing and voting technologies described in the Moderator's September 21, 2023 letter to the Select Board posted with the warrant.

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 241; No 1; Abstain 0 at the Special Town Meeting held November 6, 2023 at the Belmont High School Auditorium and by remote access.

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 231; No 2; Abstain 1 at the Special Town Meeting held November 8, 2023 at the Belmont High School Auditorium and by remote access.

ARTICLE 1

REPORTS

MOVED: That the reports of the Select Board and other Town Officers and Committees be accepted.

The Motion: was approved by unanimous consent at the Special Town Meeting held November 6 and 8, 2023 at the Belmont High School Auditorium and by remote access.

ARTICLE 2

COMMUNITY PRESERVATION COMMITTEE (CPC)-OFF CYCLE REQUEST(S)

MOVED: A. That \$335,868 be appropriated from the Undesignated Fund Balance of the Community Preservation Fund for the Community Path Phase 1 Design.

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 221; No 9; Abstain 3, at the Special Town Meeting held November 8, 2023 at the Belmont High School Auditorium and by remote access.

MOVED: B. That \$160,000 be appropriated from the Undesignated Fund Balance of the Community Preservation Fund for the Town Hall Retaining Wall.

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 225; No 1; Abstain 2, at the Special Town Meeting held November 8, 2023 at the Belmont High School Auditorium and by remote access.

MOVED: C. That \$200,000 be appropriated from the Undesignated Fund Balance of the Community Preservation Fund for the School Administration Building Roof Restoration.

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 230; No 0; Abstain 1, at the Special Town Meeting held November 8, 2023 at the Belmont High School Auditorium and by remote access.

ARTICLE 3**TRANSFERS TO STABILIZATION FUNDS**

MOVED: That the Town raise and appropriate and transfer the amount of \$727,500 into the Capital Stabilization Fund.

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 242; No 0; Abstain 3, at the Special Town Meeting held November 8, 2023 at the Belmont High School Auditorium and by remote access.

MOVED: That the Town raise and appropriate and transfer the amount of \$727,500 into the General Stabilization Fund.

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 237; No 0; Abstain 3, at the Special Town Meeting held November 8, 2023 at the Belmont High School Auditorium and by remote access.

ARTICLE 4**CAPITAL APPROPRIATION SECURITY CAMERAS AT WELLINGTON & CHENERY SCHOOLS**

MOVED: That the Town raise and appropriate the amount of \$160,000 for security cameras at the Wellington and Chenery schools.

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 249; No 3; Abstain 1, at the Special Town Meeting held November 6, 2023 at the Belmont High School Auditorium and by remote access.

ARTICLE 5 REPLACE GENERAL BYLAW §60-310 WITH SPECIALIZED ENERGY CODE

MOVED: That the Town amend the General Bylaws of the Town of Belmont as printed in Article 5 of the November 6, 2023 Special Town Meeting Warrant.

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 206; No 34; Abstain 4, at the Special Town Meeting held November 13, 2023 at the Belmont High School Auditorium and by remote access.

TEXT OF THE WARRANT ARTICLE

To see if the Town will vote to replace §60-310 of the Town of Belmont General Bylaws, titled "Stretch Energy Code" with a new §60-310 titled "Specialized Energy Code," for the purpose of regulating the design and construction of buildings for the effective use of energy and reduction of greenhouse gas emissions, pursuant to the entirety of 225 CMR 22 and 23 including Appendices RC and CC, including future editions,

amendments, or modifications thereto, with an effective date of January 1, 2025 so that it reads as follows:

§60-310 Specialized Energy Code

A. Purpose

The purpose of the Specialized Energy Code is to provide a more energy-efficient and low greenhouse gas emissions alternative to the Stretch Energy Code or the baseline Massachusetts Energy Code, applicable to the relevant sections of the State Building Code for new construction.

B. Applicability

This §60-310 applies to residential and commercial buildings.

C. Specialized Energy Code

The Specialized Energy Code codified by the entirety of 225 CMR 22.00 and 23.00 including Appendices RC and CC, and including any future editions, amendments, or modifications, is herein incorporated by reference into this §60-310.

D. Enforcement

The Specialized Energy Code is enforceable by the Inspector of Buildings. This section §60-310 shall be effective January 1, 2025;

Or in any way act thereon.

ARTICLE 5 REPLACE GENERAL BYLAW §60-310 WITH SPECIALIZED ENERGY CODE

FINAL TEXT AFTER AMENDMENT

§60-310 Specialized Energy Code

A. Purpose

The purpose of the Specialized Energy Code is to provide a more energy-efficient and low greenhouse gas emissions alternative to the Stretch Energy Code or the baseline Massachusetts Energy Code, applicable to the relevant sections of the State Building Code for new construction.

B. Applicability

This §60-310 applies to residential and commercial buildings.

C. Specialized Energy Code

The Specialized Energy Code codified by the entirety of 225 CMR 22.00 and 23.00 including Appendices RC and CC, and including any future editions, amendments, or modifications, is herein incorporated by reference into this §60-310.

D. Enforcement

The Specialized Energy Code is enforceable by the Inspector of Buildings. This section §60-310 shall be effective January 1, 2025;

ARTICLE 6

AMEND ZONING BYLAW(S): RESTAURANTS

MOVED: That the Town amend the Belmont Zoning Bylaw as printed in Article 6 of the November 6, 2023 Special Town Meeting Warrant.

The Motion: as thrice amended, was approved by more than two-thirds majority, utilizing electronic voting devices, by roll call vote: Yes 239; No 9; Abstain 1, at the Special Town Meeting held November 8, 2023 at the Belmont High School Auditorium and by remote access.

TEXT OF THE WARRANT ARTICLE

To see if the Town will vote to amend the Zoning Bylaws Section 1.4 Definitions, Section 3.3 Schedule of Use Regulations, and Section 6 (add a new Section 6.13) as follows; or in any way act thereon.

1. Amend Section 1.4 Definitions and Abbreviations as follows:

A. By Deleting the following definitions in their entirety:

Catering Service - An establishment that prepares, serves, and supplies food in large quantities to be delivered and consumed off premises. Deliveries of food products occur on a regular basis.

Restaurant - An establishment at which the principal activity is the preparation, service, and sales of food for consumption on the premises

Restaurant, Fast Food - An establishment whose primary business is the sale of food for consumption on the premises which is: (a) primarily intended for immediate consumption rather than for use as an ingredient or component of meals; (b) available upon a short waiting time; (c) packaged or presented in such a manner that it can be readily eaten outside the premises where it is sold; (d) which, because of the nature of the operation sells large volumes of food; but not including drive-up windows

Restaurant, Take Out - An establishment whose primary business is the sale of food for consumption off the premises which is: (a) primarily intended for immediate consumption rather than for use as an ingredient or component of meals; (b) available upon a short waiting time; (c) packaged or presented in such a manner that it can be readily eaten outside the premises

where it is sold; (d) which, because of the nature of the operation sells large volumes of food; (e) commonly generates a large volume of vehicular traffic, but not including drive-up windows

B. by adding the following definitions in alphabetical Order:

Food Service Establishment, Formula Based – A Food Service Establishment that conforms or substantially conforms to a set of common design and operating features that serve to identify the establishment as one of a group of establishments for business, marketing, or public relations purposes. A Food Service Establishment shall be considered a Formula Based Food Service Establishment if it shares at least two (2) of the following three (3) characteristics with ten (10) or more other establishments worldwide (regardless of ownership or location)”:

1. Trademark, service mark or logo, defined as a word, phrase, symbol, or design or combination thereof that identifies and distinguishes the source of the goods or services from others;
2. Standardized building architecture including but not limited to façade design and signage;
3. Standardized color scheme used throughout the exterior of the establishment, including color associated with signs and logos.

Food Service Establishment – Any establishment at which the principal activity is the preparation, service, and sales of prepared food intended for consumption on or off the premises, and regardless of whether the establishment provides facilities for on-site consumption. This definition includes restaurants and catering services, but excludes establishments serving customers through drive-up windows.

2. Amend Section 3.3 Schedule of Use Regulations by DELETING the following ENTRIES under the heading “BUSINESS”

USES	DISTRICTS							
	SR-A,B,C,D	GR	AH	LB I	LB II	LB III	GB	PL
Catering Service								
• Up to 10,000 square feet	N	N	N	Y	Y	Y	N	N
• More than 10,000 square feet	N	N	N	SP	SP	SP	N	N
Note S 3.3 was amended by Article 10 of the 2003 Special Town Meeting								
Restaurants								
• Up to 10,000 square feet	N	N	N	Y	Y	Y	N	N
• More than 10,000 square feet	N	N	N	SP	SP	SP	N	N

Note S 3.3 was amended by Article 10 of the 2003 Special Town Meeting								
Restaurant, Fast Food <i>Note S 3.3 was amended by Article 10 of the 2003 Special Town Meeting</i>	N	N	N	SP	SP	SP	SP	N
Restaurant, Take Out <i>Note S 3.3 was amended by Article 10 of the 2003 Special Town Meeting</i>	N	N	N	N	SP	SP	SP	N

and inserting the following **ENTRIES** in their place:

USES	DISTRICTS							
	SR-A,B,C,D	GR	AH	LB I	LB II	LB III	GB	PL
Food Service Establishment	N	N	N	Y	Y	Y	Y	N
Food Service Establishment, Formula Based See Section 6.13	N	N	N	SP	SP	SP	SP	N

3. Amend Section 6 Special Regulations by adding a new section 6.13 Formula Based Food Service Establishment to read as follows:

“Section 6.13 Special Permit Review for Formula Based Food Service Establishments

6.13.1 Purpose. The purpose and intent of the Formula Based Food Service Establishments regulation is to address the adverse impact of standardized businesses on Belmont villages, commercial, and historic areas. Formula Based Food Service Establishments can detract from the overall village experience, appearance, and character, and the proliferation of Formula Based Food Service Establishments will have a negative impact on the town’s economic diversity, historical relevance, unique character, and economic vitality. These uses are therefore restricted in order to maintain the unique character of the zoning districts in which they are eligible to be located.

6.13.2 Review Criteria. The following shall be the basis for decisions on Special Permits to allow Formula Based Food Service Establishments:

- a. Approval of the Formula Based Food Service Establishment will not detract from the unique character of the District;

- b. Approval of the Formula Based Food Service Establishment will contribute to a diverse and balanced blend of businesses available to serve residents and visitors in the District;
- c. Approval of the Formula Based Food Service Establishment will complement those businesses already in the District and help promote and foster the local economic base as a whole; and
- d. The Formula Based Food Service Establishment will be compatible with existing surrounding uses, and has been designed and will be operated so as to preserve the area's existing architecture and unique aesthetic experience.

6.13.3 Design and Site Plan Review required. Notwithstanding Section 7.3.2(c) of these By-Laws, Design and Site Plan Review under Section 7.3.2(a)-(b) shall be required for a Formula Based Food Service Establishment to the same extent as it would be for a non-formula-based Food Service Establishment."

6.13.4 Adaptation of Characteristics. Any Formula Based Food Service Establishment may adapt its characteristics in consultation with the Inspector of Buildings so that the proposed use no longer meets the definition of Formula Based Food Service Establishment as defined in Section 1.4.

4. Conforming amendments.

A. Amend Section 1.4 Definitions and Abbreviations as follows:

By deleting the word "restaurant" from the definition of "Outdoor Seasonal Seating" and replacing it with the words "Food Service Establishment."

B. Amend Section 5.1 Off Street Parking and Loading as follows:

By deleting the word "Restaurant" from Section 5.1.2 d) and replacing it with the words "Food Service Establishment."

C. Amend Section 8.2.1 Uses Permitted in the Cushing Square Overlay District as follows:

By deleting the words "Restaurant up to 12,000 square feet, but not including fast food or take out restaurants" from **Section 8.3.2 A)(ii)** and replacing it with the words "Food Service Establishment up to 12,000 square feet."

D. Amend Section 8.3.2 Parking Requirements as follows:

By deleting the word "Restaurant" from **Section 8.3.2 A)(ii)** and replacing it with the words "Food Service Establishment."

**AMENDMENT #1 PROPOSED BY ROY EPSTEIN
TOWN MEETING MEMBER, PRECINCT 6**

Moved that Article 6 be amended so that in the section headed
“1. Amend Section 1.4 Definitions and Abbreviations”, last sentence of the definition of
Food Service Establishment, Formula Based:

- i) eliminate the text “(2) ”
- ii) eliminate the text “(3) ”
- iii) change the text “ten (10)” to “10”
- iv) remove the double quotation mark at the end of the definition

In the section headed “3. Amend Section 6 Special Regulations by adding a new section
6.13 Formula Based Food Service Establishment to read as follows”:

- i. remove the double quotation mark in the heading before paragraph 6.13.1
- ii. capitalize the word “town’s” to “Town’s” in the second sentence of proposed
new paragraph 6.13.1
- iii. remove the double quotation mark at the end of paragraph of 6.13.3.

In paragraph C of the section headed “4. Conforming amendments.”, change “Section
8.3.2 A)(ii)” to “Section 8.2.1 c)”.

The revised sentences and headings would then read:

A Food Service Establishment shall be considered a Formula Based Food Service
Establishment if it shares at least two of the following three characteristics with 10 or more other
establishments worldwide (regardless of ownership or location):

Section 6.13 Special Permit Review for Formula Based Food Service Establishments

Formula Based Food Service Establishments can detract from the overall village experience,
appearance, and character, and the proliferation of Formula Based Food Service
Establishments will have a negative impact on the Town’s economic diversity, historical
relevance, unique character, and economic vitality.

6.13.3 Design and Site Plan Review required. Notwithstanding Section 7.3.2(c) of these By-
Laws, Design and Site Plan Review under Section 7.3.2(a)-(b) shall be required for a Formula
Based Food Service Establishment to the same extent as it would be for a non-formula-based
Food Service Establishment.

C. Amend Section 8.2.1 Uses Permitted in the Cushing Square Overlay District as follows:

By deleting the words “Restaurant up to 12,000 square feet, but not including fast food or take out restaurants” from **Section 8.2.1 c)** and replacing it with the words “Food Service Establishment up to 12,000 square feet.”

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 240; No 1; Abstain 3, at the Special Town Meeting held November 8, 2023 at the Belmont High School Auditorium and by remote access.

ARTICLE 6

AMEND ZONING BYLAW(S): RESTAURANTS

**AMENDMENT #2 PROPOSED BY ROY EPSTEIN
TOWN MEETING MEMBER, PRECINCT 6**

Moved that Article 6 be amended so that in the section headed “1. Amend Section 1.4 Definitions and Abbreviations”, last sentence of the definition of Food Service Establishment, Formula Based:

- i) eliminate the text “(2) ” if it occurs
- ii) eliminate the text “(3) ” if it occurs
- iii) change the text “ten (10)” to “50” if it occurs
- iv) change the text “ 10 ” to “ 50 ” if it occurs
- v) remove the double quotation mark at the end of the definition if it occurs

The revised sentence in the definition would then read:

A Food Service Establishment shall be considered a Formula Based Food Service Establishment if it shares at least two of the following three characteristics with 50 or more other establishments worldwide (regardless of ownership or location):

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 144; No 99; Abstain 6, at the Special Town Meeting held November 8, 2023 at the Belmont High School Auditorium and by remote access.

ARTICLE 6

AMEND ZONING BYLAW(S): RESTAURANTS

**AMENDMENT #3 PROPOSED BY ROY EPSTEIN
TOWN MEETING MEMBER, PRECINCT 6**

Moved that Article 6 be amended so that in proposed new paragraph 6.13.1, insert the word “potential” before “adverse impact” and delete the text starting with “on Belmont villages” and ending with “negative impact.” Also, change the text “town’s” where it occurs to “Town’s”.

The revised paragraph 6.13.1 would then read:

6.13.1 Purpose. The purpose and intent of the Formula Based Food Service Establishments regulation is to address the potential adverse impact of standardized businesses on the Town's economic diversity, historical relevance, unique character, and economic vitality. These uses are therefore restricted in order to maintain the unique character of the zoning districts in which they are eligible to be located

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 229; No 3; Abstain 7, at the Special Town Meeting held November 8, 2023 at the Belmont High School Auditorium and by remote access.

FINAL TEXT OF ZONING BY-LAW SECTIONS AFTER AMENDMENT

1.4 Definitions and Abbreviations

In this By-Law, the following terms shall have the following meanings, unless a contrary meaning is required by the context or is specifically prescribed.

Accessory Building - A building devoted exclusively to an accessory use as herein defined, and not attached to a principal building by any roofed structure.

Accessory Dwelling Unit – A dwelling unit which is incidental to the use of the principal structure on the same lot and located in a Historic Accessory Building pursuant to a Special Permit issued under Section 6.11 of this By-Law.

Note: §1.4 was amended by Article 32 at the 2009 Annual Town Meeting.

Accessory Use - An activity incidental to and located on the same premises as a principal use conducted by the same person or his agent. No use (other than parking) shall be considered "accessory" unless functionally dependent on and occupying less land area than the principal use, except for institutional (religious or educational uses) parking lots used by others, with owner's consent, not conducting business within such institution.

Note: §1.4 was amended by Article 30 at the 2009 Annual Town Meeting.

Age-Restricted Housing Development - A facility intended for persons of age 55 or over within the meaning of MGL c.151B, §4, and in accordance therewith each of the dwelling units shall be owned and occupied or rented and occupied by at least one person 55 years of age or older per dwelling unit and such development shall be operated and maintained in all other respects in compliance with the requirements of such statutes and regulations promulgated pursuant thereto, and the same are currently in effect and as the same may be amended.

Note: §1.4 was amended by Article 3 at the 2018 Special Town Meeting.

Apartment House - A dwelling containing no fewer than five dwelling units.

Assisted Living Facility - Any firm or legal entity, however organized, that meets all of the following criteria:

- a) Provides room and board;

- b) Provides, directly by its employees or through arrangements with another organization that the entity may or may not control or own, personal care services for three or more adults who are not related by consanguinity or affinity to their care provider; and
- c) Collects payments or third-party reimbursements from or on behalf of residents of the facility to pay for the provision of assistance with the activities of daily living (dressing, washing, eating, walking, etc.), or arranges for the same.

Note: §1.4 was amended by Article 3 at the 2018 Special Town Meeting.

Arterial Street - Any State-numbered highway, any other street segment with right-of-way width of 60 feet or more, and the following named streets:

Belmont Street	Leonard Street
Blanchard Road	Lexington Street
Bright Road	Mill Street
Brighton Street (east of Pleasant Street)	Trapelo Road
Cross Street	Winter Street
Lake Street	

Basement - A portion of a building partially underground, but having less than 60% of its clear height below grade (see cellar).

Note: §1.4 was amended by Article 18 at the 2005 Annual Town Meeting.

Block - An area of land of one or more lots, bounded by streets or ways, but with no streets or ways within the area.

Building - A roofed structure enclosing useful space.

Note: §1.4 was amended by Article 9 at the 2003 Special Town Meeting.

Cellar - A portion of a building partially underground, having 60% or more of its clear height below grade (see basement).

Note: §1.4 was amended by Article 18 at the 2005 Annual Town Meeting.

Child Care, Large Family - A private residence which, on a regular basis, receives for temporary custody and care during part or all of the day, children under seven years of age or children under 16 years of age if such children have special needs, and receives for temporary custody and care for a limited number of hours, children of school age in accordance with regulations promulgated by the Office of Child Care Services; provided however, that the number of children under the age of sixteen in a large family child care home shall not exceed ten, including participating children living in the residence. A large family child care home shall have at least one additional approved care giver present when the total number of children participating in such child care exceeds six. Large family child care shall not mean a private residence used for an informal cooperative arrangement among neighbors or relatives, or the occasional care of children with or without compensation therefor.

Note: §1.4 was amended by Article 5 at the 1999 Second Special Town Meeting.

CMR - Code of Massachusetts Regulations.

Commercial Vehicle - A vehicle that has ladders, tools, stock or supplies, lettering or advertising that covers an area greater than 18 by 24 inches on either side visible from the outside, or any vehicle with a

GVW of 10,000 lbs. or more. Use of a tarpaulin or like cover shall not exempt a vehicle from this definition.

Note: §1.4 was amended by Article 26 at the 2001 Annual Town Meeting.

Day Care Center - Any facility operated on a regular basis whether known as a day nursery, nursery school, kindergarten, child play school, progressive school, child development center, or preschool, or known under any other name, which receives children not of common parentage under seven years of age, or under 16 years of age if such children have special needs, for nonresidential custody and care during part or all of the day separate from their parents. Day care center shall not include: any part of a public school system; any part of a private, organized educational system unless the services of such system are primarily limited to kindergarten, nursery or related preschool services; a Sunday School conducted by a religious institution; a facility operated by a religious organization where children are cared for during short periods of time while persons responsible for such children are attending religious services; a family day care home; an informal cooperative arrangement among neighbors or relatives; or the occasional care of children with or without compensation therefore provided, in the last two instances, such arrangement or care shall not be for more than five children including participating children living in the residence.

DEP - Massachusetts Department of Environmental Protection.

Note: §1.4 was amended by Article 26 at the 1995 Annual Town Meeting.

Development - Any man-made change to improved or unimproved real estate, including but not limited to buildings or structures, mining, dredging, filling, grading, paving, excavation, or drilling operations.

Driveway, Shared – A driveway shared by adjacent property owners and privately owned and maintained.

Note: §1.4 was amended by Article 11 at the 2014 Annual Town Meeting.

Dwelling - A building containing one or more dwelling units separated by side yards from any other structure or structures except accessory buildings.

Dwelling, Single-Family – A single residential building designed for occupancy by one family.

Note: §1.4 was amended by Article 14 at the 2014 Annual Town Meeting.

Dwelling, Two-Family – A single residential building designed for occupancy by two families:

- **Traditional, Two-Family (Horizontal Style)** –
 - Each unit is completely separated by a common horizontal element (i.e., interior floor-ceiling assembly), and
 - At least 75% of one dwelling unit must be directly above or below the other, or
- **Duplex (Vertical Style)** –
 - A structure containing two dwelling units that share a common vertical wall and roof, and
 - Each unit has direct access to the outside.

Note: §1.4 was amended by Article 14 at the 2014 Annual Town Meeting.

Dwelling Unit - A building or portion of a building intended as living quarters for a single family, having a single set of kitchen facilities (a stove plus either or both refrigerator and sink) not shared with any other unit; or quarters for up to five persons in a dormitory, congregate dwelling, or similar group dwelling.

EPA - U.S. Environmental Protection Agency.

Facade-Mounted Wireless Telecommunications Facility - A Wireless Telecommunications Facility, other than a Roof-Mounted Wireless Telecommunications Facility, mounted on, erected on or supported in whole or in part by an existing building or structure, occupied or used primarily for purposes other than wireless telecommunication.

Note: §1.4 was amended by Article 25 at the 1998 Annual Town Meeting.

Family - One or more persons, including domestic employees, occupying a dwelling unit and living as a single nonprofit housekeeping unit; provided that if five or more persons of the group occupying said dwelling are not kindred to each other, as defined by civil law, they shall not be deemed to constitute a family.

Family Day Care Home - Any private residence which, on a regular basis, receives for temporary custody and care during part or all of the day, children under seven years of age or children under 16 years of age if such children have special needs; provided however, in either case, that the total number of children under 16 in a family day care home shall not exceed six, including participating children living in the residence. Family day care home shall not mean a private residence used for an informal cooperative arrangement among neighbors or relatives, or the occasional care of children with or without compensation therefor.

Floodplain - The area of land susceptible to flooding or inundation from a particular body of water, including a pond, a river or a stream during a Base Flood.

Floor Area, Gross - The sum of the horizontal areas of the several floors of all buildings on the same lot, measured from the exterior face of exterior walls, including basements and any interior parking and loading areas, but not including cellars or areas having less than six feet floor-to-ceiling height.

Floor Area Ratio - The ratio of gross floor area to lot area of the premises. In determining gross floor area for these purposes only, any building area having floor-to-ceiling height in excess of 15 feet shall be counted twice.

Food Service Establishment - Any establishment at which the principal activity is the preparation, service, and sales of prepared food intended for consumption on or off the premises, and regardless of whether the establishment provides facilities for on-site consumption. This definition includes restaurants and catering services, but excludes establishments serving customers through drive-up windows.

Food Service Establishment, Formula Based - A Food Service Establishment that conforms or substantially conforms to a set of common design and operating features that serve to identify the establishment as one of a group of establishments for business, marketing, or public relations purposes. A Food Service Establishment shall be considered a Formula Based Food Service Establishment if it shares at least two of the following three characteristics with 50 or more other establishments worldwide (regardless of ownership or location):

1. Trademark, service mark or logo, defined as a word, phrase, symbol, or design or combination thereof that identifies and distinguishes the source of the goods or services from others;
2. Standardized building architecture including but not limited to facade design and signage;

3. Standardized color scheme used throughout the exterior of the establishment, including color associated with signs and logos.

Freestanding Wireless Telecommunications Facility - A Wireless Telecommunications Facility mounted on, erected on or supported by any freestanding monopole, lattice tower, or similar freestanding structure.

Note: §1.4 was amended by Article 25 at the 1998 Annual Town Meeting.

G.L. - Massachusetts General Law.

Grade - The average of the ground level adjoining the building at all exterior walls based upon the existing contour lines. Contour lines shall be illustrated on a plan and shall be established prior to any filling or earth moving/removal activities. The grade shall not be raised more than 12 inches to allow for proper drainage.

*Note: §1.4 was amended by Article 6 at the 2016 Annual Town Meeting.
§1.4 was amended by Article 18 at the 2005 Annual Town Meeting.*

Ground Floor - The floor which is nearest to the average grade of the sidewalk or ground adjoining the building.

Height, Building - The vertical distance from the grade to:

- the highest point of the roof or parapet for flat or shed roofs;
- the midpoint between the lowest and highest points of the roof for gable, hip and gambrel roofs (upper roof pitch 4" per foot or greater); or
- the point of change in roof slope for mansard roofs (upper roof pitch under 4" per foot).

*Note: §1.4 was amended by Article 28 at the 2006 Annual Town Meeting.
§1.4 was amended by Article 18 at the 2005 Annual Town Meeting.
§1.4 was amended by Article 31 at the 1991 Annual Town Meeting.*

Kennel - A pack or collection of dogs on a single premise, including a commercial boarding or training kennel, commercial breeder kennel, domestic charitable corporation kennel, personal kennel or veterinary kennel.

Note: §1.4 was amended by Article 9 at the 2014 Annual Town Meeting.

Kennel, Commercial Boarding or Training - An establishment used for boarding, holding, day care, overnight stays or training of animals that are not the property of the owner of the establishment, at which such services are rendered in exchange for consideration and in the absence of the owner of any such animal; provided, however, that "commercial boarding or training kennel" shall not include an animal shelter or animal control facility, a pet shop licensed under Section 39A of Chapter 129, a grooming facility operated solely for the purpose of grooming and not for overnight boarding or an individual who temporarily, and not in the normal course of business, boards or cares for animals owned by others.

Note: §1.4 was amended by Article 9 at the 2014 Annual Town Meeting.

Kennel, Commercial Breeder – An establishment, other than a personal kennel, engaged in the business of breeding animals for sale or exchange to wholesalers, brokers or pet shops in return for consideration.

Note: §1.4 was amended by Article 9 at the 2014 Annual Town Meeting.

Kennel, Domestic Charitable Corporation – A facility operated, owned or maintained by a domestic charitable corporation registered with the Department of Agricultural Resources or an animal welfare society or other nonprofit organization incorporated for the purpose of providing for and promoting the welfare, protection and humane treatment of animals, including a veterinary hospital or clinic operated by a licensed veterinarian, which operates consistent with such purposes while providing veterinary treatment and care.

Note: §1.4 was amended by Article 9 at the 2014 Annual Town Meeting.

Kennel, Personal – A pack or collection of more than 4 but no greater than 8 dogs, 3 months old or older, owned or kept under single ownership, for private personal use; provided, however, that breeding of personally owned dogs may take place for the purpose of improving, exhibiting or showing the breed or for use in legal sporting activity or for other personal reasons; provided further, that selling, trading, bartering or distributing such breeding from a personal kennel shall be to other breeders or individuals by private sale only and not to wholesalers, brokers or pet shops; provided further, that a personal kennel shall not sell, trade, barter or distribute a dog not bred from its personally-owned dog; and provided further, that dogs temporarily housed at a personal kennel, in conjunction with an animal shelter or rescue registered with the Department of Agricultural Resources, may be sold, traded, bartered or distributed if the transfer is not for profit.

Note: §1.4 was amended by Article 9 at the 2014 Annual Town Meeting.

Kennel, Veterinary – A veterinary hospital or clinic that boards dogs for reasons in addition to medical treatment or care; provided, however, that “veterinary kennel” shall not include a hospital or clinic used solely to house dogs that have undergone veterinary treatment or observation or will do so only for the period of time necessary to accomplish that veterinary care.

Note: §1.4 was amended by Article 9 at the 2014 Annual Town Meeting.

Interior Wireless Telecommunications Facility - A Wireless Telecommunications Facility mounted inside, erected inside or supported entirely within an existing building or structure, occupied or used primarily for other purposes, and not visible from any public way or adjoining property.

Note: §1.4 was amended by Article 25 at the 1998 Annual Town Meeting.

Lodging and Boarding - Rental of not more than three rooms without separate cooking facilities, as an accessory use within a dwelling, if not resulting in more than four unrelated persons being accommodated on the premises.

Lot - The whole area of a single parcel of land under one ownership. Whenever such a parcel is divided on a plan which has been placed on file at the Middlesex South District Registry of Deeds at Cambridge, the term lot as used in this By-Law shall mean a lot as shown on such plan.

Lot Area - The horizontal area of a lot exclusive of any area in a street or recorded way open to public use. At least 90% of the lot area required for compliance shall also be exclusive of areas subject to protection under the Wetlands Protection Act, Section 40, Chapter 131, Massachusetts General Law, for reasons other than being subject to flooding. If the distance between any two points on lot lines is less than 50 feet, as measured in a straight line, the smaller portion of the lot as divided by that line shall not be included in lot area unless the two points are separated by less than 150 feet measured along lot lines.

LOT AREA

Lot Coverage - Percentage of total lot area covered by structures or roofed.

Lot Frontage - The boundary of a lot on land coinciding with a street line if there are both rights of access and potential vehicular access across that boundary to a potential building site. Measured continuously along one street line between side lot lines. In the case of corner lots, measured on the street designated by the owner or, failing that, by the Building Inspector as the frontage street, between the side lot line and the midpoint of the corner radius.

Marijuana, Adult Use Establishment (AUME) - Collectively Marijuana Cultivator, Marijuana Independent Testing Laboratory, Marijuana Product Manufacturer, and Marijuana Retailer or any other type of licensed marijuana-related businesses.¹

Note: §1.4 was amended by Article 4 at the 2018 Special Town Meeting.

Marijuana Cultivator - An entity licensed to cultivate, process, and package marijuana, to deliver marijuana to marijuana establishments, and to transfer marijuana to other marijuana establishments, but not to consumers.¹

Note: §1.4 was amended by Article 4 at the 2018 Special Town Meeting.

Marijuana Independent Testing Laboratory - A laboratory that is licensed by the Cannabis Control Commission (Commission) and is: (i) accredited to the most current version of the International Organization for Standardization 17025 by a third-party accrediting body that is signatory of the International Laboratory Accreditation Accrediting Cooperation with a mutual recognition arrangement, or that is otherwise approved by the Commission; (ii) independent financially from any medical marijuana treatment center or any licensee or marijuana establishment for which it conducts a test; and (iii) qualified to test marijuana in compliance with regulations promulgated by the Commission pursuant to MGL c. 94G.¹

Note: §1.4 was amended by Article 4 at the 2018 Special Town Meeting.

Marijuana Product Manufacturer - An entity licensed to obtain, manufacture, process, and package marijuana and marijuana products, to deliver marijuana and marijuana products to marijuana establishments, and to transfer marijuana and marijuana products to other marijuana establishments, but not to consumers.¹

Note: §1.4 was amended by Article 4 at the 2018 Special Town Meeting.

Marijuana Products - Products that have been manufactured and contain marijuana or an extract of marijuana, including concentrated forms of marijuana and products composed of marijuana and other

¹ These definitions are based on the definitions as provided in MGL c. 94G, §1, and the regulations thereunder, as they may be amended from time to time.

ingredients that are intended for use or consumption, including without limitation edible products, beverages, topical products, ointments, oils, and tinctures.¹

Note: §1.4 was amended by Article 4 at the 2018 Special Town Meeting.

Marijuana Retailer - An entity licensed to purchase and deliver marijuana and marijuana products from marijuana establishments and to deliver, sell, or otherwise transfer marijuana and marijuana products to marijuana establishments and to consumers.¹

Note: §1.4 was amended by Article 4 at the 2018 Special Town Meeting.

Motor Vehicle Service Station - Premises devoted primarily to retail sale of fuels and lubricants and/or washing of motor vehicles, with any repair services or other sales or services of secondary importance.

NPDES - National Pollution Discharge Elimination System.

Open Space - An open area on a lot, unbuilt on, containing landscape materials, pedestrian walks, patios, recreational facilities, but excluding driveways and parking spaces.

Other Retail Sales and Services - An establishment primarily engaged in the retail sale of goods, services and/or products (including baked products, ice cream, and/or candy for consumption off site with no seating provided on site). Such uses may include incidental food service.

Note: §1.4 was amended by Article 9 at the 2003 Special Town Meeting.

Outdoor Seasonal Seating – Outdoor seating that is provided on a seasonal basis in an area contiguous to a Food Service Establishment to which the seating is associated.

Note: §1.4 was amended by Article 25 at the 2010 Annual Town Meeting.

Parking Space - An area in a building or on a lot available for parking one automobile, exclusive of passageways and driveways appurtenant thereto, and having free and unimpeded access to a street over unobstructed passageways or driveways.

Patio - A paved recreational area, not elevated above adjacent existing grade, separated by plant material or structures from all driveways and not itself to be used for parking.

Note: §1.4 was amended by Article 19 at the 2000 Annual Town Meeting.

Premises - A lot together with all structures, buildings, and uses thereon and including any water bodies and watercourses or parts thereof.

Registered Marijuana Dispensary (or “RMD”) - also known as a Medical Marijuana Treatment Center, means a not-for-profit entity properly registered with the Massachusetts Department of Public Health under 105 CMR 725.100, that acquires, cultivates, possesses, processes (including development of related products such as edible marijuana-infused products, tinctures, aerosols, oils, or ointments), transfers, transports, sells, distributes, dispenses, or administers marijuana, products containing marijuana, related supplies, or educational materials to registered qualifying patients or their personal caregivers.

Note: §1.4 was amended by Article 12 at the 2014 Annual Town Meeting.

Roof-Mounted Wireless Telecommunications Facility - A Wireless Telecommunications Facility mounted on, erected on or supported in whole or in part by the roof of an existing building or structure, occupied or used primarily for purposes other than wireless telecommunication.

Note: §1.4 was amended by Article 25 at the 1998 Annual Town Meeting.

Satellite Antenna - A device or instrument, other than a Wireless Telecommunications Facility, for the transmittal or reception of television or other electronic communications.

Note: §1.4 was amended by Article 26 at the 1998 Annual Town Meeting.

§1.4 was amended by Article 24 at the 1996 Annual Town Meeting.

School-Aged Child Care Home - Any private residence which, on a regular basis, receives for temporary custody and care during part or all of the day, school-aged children, when such children are not required to attend school; provided, however, that the total number of children in a school-aged child care home during the portion of the year when school is in session shall not exceed eight, and during the summer months when school is not in session shall not exceed six, including in each case participating children living in the residence. School-aged child care home shall not mean a private residence used for informal cooperative arrangement among neighbors or relatives, or the occasional care of children with or without compensation therefor. The phrase 'school-aged children' shall mean children age 7 and older, not to exceed 14 years of age; however, special needs children shall qualify if not more than 16 years of age.

Note: §1.4 was amended by Article 39 at the 1994 Annual Town Meeting.

Setback - An area open to the sky, located between a street or other property line and any structure or element thereof other than a fence, wall, or other customary yard accessory. Setback is measured perpendicular to the street or property line.

Note: §1.4 was amended by Article 28 at the 2006 Annual Town Meeting.

SETBACK

Setback, Front - A setback taken from a street line. Typically, corner and through lots must provide two front setbacks.

Setback, Rear - A setback taken from a rear property line, that is, typically a line or set of lines approximately parallel to the street frontage, and separating lots whose frontage is established on different streets. Setbacks on irregularly shaped lots where "side" versus "rear" is indeterminate shall be construed as rear setbacks.

Setback, Side - A setback taken from a side property line, typically a line or set of lines which intersect a street line, separating lots whose frontage is established on the same street. Corner lots commonly have one side setback and one rear setback.

Sign - Any device designed to inform or attract the attention of persons not on the premises on which the device is located, including any building surfaces other than windows which are internally illuminated

or decorated with gaseous tube or other lights. The following, however, shall not be considered signs within the context of this By-Law:

- a) flags and insignia of any government except when displayed in connection with commercial promotion;
- b) legal notices, or informational signs erected or required by government bodies;
- c) temporary signs inside display windows illuminated by building illumination only;
- d) standard gasoline pumps bearing thereon in usual size and form the name, type, and price of gasoline;
- e) carved or other integral devices identifying the building name or date of erection, but not identifying occupants, and not illuminated; or
- f) on-premises devices not exceeding four square feet, guiding traffic and parking, but bearing no advertising matter.

Note: §1.4 was amended by Article 5 at the 2017 Annual Town Meeting.

Sign, Accessory - Any sign that advertises, or indicates the person occupying the premises on which the sign is erected or maintained, or the business transacted thereon, or advertises the property itself or any part thereof as for sale or rent, and which contains no other matter. A sign on the exterior of a structure which advertises a product or service on more than 25% of the total area of the sign, which product or service does not constitute at least 25% of the gross sales made on the premises on which the sign is erected or maintained, is not an accessory sign.

Sign, Area of -

- a) The area of a sign shall be considered to include all lettering, wording, and accompanying designs and symbols, together with the background on which they are displayed, any frame around the sign and any "cutouts" or extensions, but shall not include any supporting structure or bracing.
- b) The area of a sign consisting of individual letters or symbols attached to or painted on a surface, building, wall or window, shall be considered to be that of the smallest quadrangle or triangle which encompasses all of the letters and symbols.
- c) The area of a sign consisting of a three-dimensional object shall be considered to be the area of the largest vertical cross section of that object.
- d) In computing the area of signs, both sides of V-shaped signs, but only one side of back-to-back signs, shall be counted.

Sign, Non-Accessory - Any sign not an accessory sign.

Sign, Standing - Any accessory sign that is not attached to a building.

Sign, Window - A sign posted, painted, placed or affixed in or on a window exposed to public view and is visible from the exterior of the building or a sign that is located within three feet of the glass of a window exposed to public view and visible from the exterior of the building.

Note: §1.4 was amended by Article 24 at the 2008 Annual Town Meeting.

Sign, Temporary - Any sign, including its supporting structure, intended to be maintained for a

continuous period of not more than 60 days in any calendar year, and not repeated for a period of 4 months after removal.

Note: §1.4 was amended by Article 5 at the 2017 Annual Town Meeting.

Special Permit Granting Authority (SPGA) - The Board specifically designated in this Zoning By-Law to act upon a particular Special Permit. Where no Board is specifically designated herein for a particular Special Permit, the Board of Appeals shall act as the Special Permit Granting Authority.

Note: §1.4 was amended by Article 28 at the 2006 Annual Town Meeting.

Story - That portion of a building, other than a cellar, included between the upper surface of a floor and upper surface of the floor or roof next above.

Story, Half - A space under a sloping roof where:

- a) the line of intersection of the rafter bottoms and the interior wall surface is not more than three feet above floor level on at least half the perimeter of the second floor,
- b) the potential space having headroom of five feet or more is not more than 60% as large as the second floor,
- c) provided that the length of any dormer does not exceed 75% of the length of the roofline of the side of the structure where the dormer is constructed, and
- d) for purposes of this calculation, when the height of the second floor is indeterminate, the height of the second floor (from finished floor to finished ceiling) shall be equal to 12 feet, the remaining portion of the wall shall be factored into the half-story calculation.

Note: §1.4 was amended by Article 18 at the 2005 Annual Town Meeting.

§1.4 was amended by Article 22 at the 1998 Annual Town Meeting.

Street - Either:

- a) a public way or a way which the Town Clerk certifies is maintained and used as a public way, or
- b) a way approved by the Board of Survey, or
- c) a private way that has been and is continually used as a means of vehicular access to the lots fronting on it provided said private way is shown on a subdivision plan recorded prior to September 21, 1988.

Note: §1.4 was amended by Article 27 at the 1995 Annual Town Meeting.

Structure - Anything constructed or erected, the use of which requires fixed location on the ground, including buildings, mobile homes, signs, swimming pools, and tanks, but for purposes of this By-Law not including walls, fences, or paving.

Substantial Improvement - Any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds 50% of the market value of the structure either:

- a) before the improvement or repairs is started, or
- b) if the structure has been damaged, and is being restored, before the damage occurred.
Substantial Improvement is considered to occur when the first alteration of any wall, ceiling, floor,

or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure.

The term "Substantial Improvement" does not apply to either:

- a) any improvements of a structure to comply with existing State or local health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions, or
- b) any alteration of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.

Swimming Pool - An artificial receptacle capable of containing a body of water, whether in or above ground, or created by artificial means from a natural watercourse, and all appurtenances, equipment, appliances and other facilities for its operation, maintenance or use, used or intended to be used by the owner or tenant thereof and his/her family and by friends invited to use it without payment of any fee, but not including portable or other pools incapable of containing a depth of water exceeding 24 inches at any point.

Townhouse – A one-family dwelling unit, with a private entrance, which is part of a residential structure containing three or more dwelling units that are attached horizontally in a linear arrangement, and having two or three totally exposed walls, depending on the number of units in structure, to be used for access, light, and ventilation.

Note: §1.4 was amended by Article 14 at the 2014 Annual Town Meeting.

Watercourse - The natural channel of a stream or river through which springs, surface runoffs, and rain waters are carried during normal weather conditions.

Wetland - Wet meadows, marshes, swamps, bogs, areas where groundwater, flowing or standing surface water or ice provide a significant part of the supporting substrate for a plant community for at least five months of the year; emergent and submergent plant communities in inland waters; that portion of any bank which touches any inland waters, as defined in DEP Regulations adopted for implementation of the Wetlands Protection Act.

Window Display – Any arrangement or presentation of merchandise placed within three feet of a window but not including any pricing, dollar amount or signage intended to augment the display of the merchandise. Signs associated with a window display are considered a window sign for the purposes of this By-Law.

Note: §1.4 was amended by Article 24 at the 2008 Annual Town Meeting.

Wireless Telecommunications Facility - Any tower, antenna, or appurtenant structure or equipment used to provide wireless telecommunications services to individuals or institutions, but not including an amateur radio facility used in accordance with the terms of any amateur radio service license issued by the U.S. Federal Communications Commission, provided that (1) the facility is not used or licensed for any commercial purpose; and (2) the facility shall be removed upon loss or termination of such license.

Note: §1.4 was amended by Article 25 at the 1998 Annual Town Meeting.

	SP	SP	SP	Y	Y	Y	Y	N

5.1 Off-Street Parking and Loading

5.1.1 Number of Spaces

- a) Off-street parking must be provided to service all increases in parking demand resulting from new construction, additions, or change of use to one requiring more parking, without counting any existing spaces needed to meet requirements for the existing building and use. The number of spaces indicated in Section 5.1.2, Schedule of Requirements, shall be the basis for determining adequacy of provisions. Any existing spaces removed shall be replaced in kind unless they are either in excess of the number required or removed at the request of the Town. Parking spaces also serving as loading areas shall not be credited.
- b) The number of spaces may be reduced to less than that stipulated below if, in acting on Design and Site Plan Review, the Planning Board determines that a smaller number would be adequate for all parking needs because of such special circumstances as:
 - 1. shared parking for uses having peak parking demands at different times,
 - 2. unusual age or other characteristics of site users, or
 - 3. user sponsored demand reduction devices such as carpooling.
- c) In the Local Business III Districts, legal on-street parking may be credited towards meeting these requirements if located between the premises side lot lines on the same side of the street.

5.1.2 Schedule of Requirements

- a) Dwellings: two parking spaces for each dwelling unit therein, except one parking space for each dwelling unit having fewer than two bedrooms.
- b) Places of public assembly: one parking space for each three persons capacity based on the Massachusetts State Building Code.
- c) Hotels, motels, room and board, other commercial accommodations: one parking space for each guest unit, plus one parking space for each eight units or fraction thereof.
- d) Food Service Establishment: one parking space per 2 persons seating capacity. For purposes of calculating parking requirements, up to 20 outdoor seasonal seats shall not count in total seating capacity.

Note: §5.1.2 d) was amended by Article 25 at the 2010 Annual Town Meeting.

- e) Commercial recreation: one parking space per two persons participant capacity, plus one space per three persons spectator capacity.
- f) Auto service station: three parking spaces plus three parking spaces per service bay.

- g) Other service establishments, retail businesses, and offices: one parking space per 250 square feet of ground floor gross floor area (350 square feet in the LB-I District) plus one space per 400 square feet gross floor area on other floors (600 square feet in the LB-I District), but not fewer than three spaces per separate enterprise. Excluded from these calculations shall be floor area used for parking or loading.
- h) Wholesale and industrial establishments: one parking space per 1.5 employees on the largest shift, but capable of expansion to not less than one space per 400 square feet gross floor area.
- i) Other uses: a number of spaces to be determined by the Building Inspector (or the Planning Board in cases referred to it for Design and Site Plan Review), based upon evidence from similar uses under similar circumstances.
- j) Mixed uses: requirements for each use are added, unless it is determined that a smaller number is adequate because of staggered hours.

5.1.3 Parking and Loading Area Location and Design

a) Non-residential.

- Required parking for nonresidential uses shall be either on the same premises as the activity it serves or on a separate parcel if the parcel is located within 400 feet of the building entrance to be served and is in a zoning district permitting or allowing by Special Permit the use it serves.
- Parking facilities for six or more cars serving nonresidential uses shall have no elements, other than driveways approximately perpendicular to the street and parking area plantings, located in the area between the street line and the front setback line.

Note: §5.1.3 a) was amended by Article 18 at the 2005 Annual Town Meeting.

b) Residential.

- 1) In Single Residence Districts, no parking shall be permitted within a required front yard between the side lines of the dwelling extended to the street, except on a driveway leading to, and no wider than, an attached garage, or on Special Permit from the Board of Appeals, to be granted only upon determination by the Board that:
 - i. Feasible alternatives for providing necessary parking do not exist,
 - ii. Effective use of plantings, grading, and location are employed to minimize visual impacts, and
 - iii. On-site drainage is adequately provided for.
- 2) In General Residence Districts, the following provisions shall apply to attached garages including those constructed below the ground floor and driveways and parking spaces that are created within a required front yard between the side lines of the dwelling extended to the street,
 - A. An attached single car garage opening and associated driveway leading to, and no wider than the garage, is permitted provided that:

1. The paved area (or other driveway surface material) does not exceed 25% of the front yard area as defined above,
 2. Effective use of plantings, grading, and location are employed to minimize visual impacts,
 3. The maximum width of the driveway shall not exceed 12 feet,
 4. The slope of the driveway shall be no greater than 15% (1.8" per 12"), and
 5. On-site drainage is adequately provided for.
- B. Parking spaces and/or two-car garage openings or larger below the ground floor shall not be permitted except on Special Permit from the Board of Appeals, to be granted only on determination by the Board that:
1. Feasible alternatives for providing necessary parking do not exist,
 2. Effective use of plantings, grading, and location are employed to minimize visual impacts of the paved front yard and/or garage,
 3. The garage does not create the appearance of an additional story, which would then give an overall appearance of the structure exceeding the 2-1/2 story limitation,
 4. The slope of the driveway shall be no greater than 15% (1.8" per 12"),
 5. The paved area is only as wide as the garage and tapers where possible,
 6. For buildings with more than one unit, the garages, and associated paved areas necessary to provide access to each garage, shall be separated from each other by at least 12 feet, the area between the driveways to be landscaped with trees and other plantings as provided for in Section 5.3 of these By-Laws, and
 7. On-site drainage is adequately provided for.

Note: §5.1.3 b) was amended by Article 18 at the 2005 Annual Town Meeting.

- c) Configuration. Dimensions of spaces and aisles shall adequately provide for clearance and movement, and designated spaces shall accommodate needs of the handicapped. The Planning Board shall adopt, and may from time to time amend, standards for such dimensions, reflecting current vehicle sizes.

Groups of not more than 30 parking spaces shall be separated by a six foot landscaped walk or divider.

- d) Construction. Off-street parking areas, loading areas, and access drives, if involving six or more parking spaces, shall be surfaced with at least two inches (2") of bituminous paving or comparable paving material unless the Planning Board approves an alternative surface which, because of only seasonal or periodic use, will adequately prevent dust, erosion, water accumulation, and unsightly conditions. Such parking areas shall be curbed and provide wheel stops where needed.
- e) Lighting. Lighting must comply with Section 5.4.3, Light and Glare.
- f) Backing. All parking areas having six or more spaces shall be so designed that no vehicle will be required to back on a public way or driveway serving as access to 50 or more parking spaces in order to enter or exit from a parking space.
- g) Egress Location.
 - 1) There shall be not more than two driveway openings onto any street from any single premises unless each driveway is separated from all other driveways serving 20 or more parking spaces, whether on or off the premises, by at least 250 feet (measured between centerlines at the street line) on arterial streets and 150 feet on other streets. No parcel of land shall be divided in a way precluding meeting this requirement, using deeded access easements across the lots being created for shared egresses if necessary.
 - 2) No driveway sideline shall be located within 20 feet of the street line of an intersecting way.
 - 3) Driveway egresses serving 20 or more parking spaces must have not less than 250 feet sight distance in each travel direction entering an arterial street and not less than 150 feet sight distance on other streets.
- h) Egress Design.
 - 1) No driveway opening shall exceed 30 feet in width at the street line unless necessity of greater width is demonstrated by the applicant.
 - 2) Openings shall be graded and drainage facilities provided where necessary to prevent stormwater from ponding or running across any sidewalk.
 - 3) All driveway openings serving 20 or more parking spaces shall be constructed with a minimum edge radius of five feet on both sides.
- i) Bicycle Racks. For premises requiring 40 or more parking spaces, bicycle racks facilitating locking shall be provided to accommodate one bicycle per 20 parking spaces required or fraction thereof.
- j) Loading. Loading or unloading shall not interfere with the public use of sidewalks, streets, or parking areas.

- k) Shared Driveway. In accordance with Section 7.4, and the objectives, findings and determinations, and conditions for approval set forth below, the Planning Board, acting as the Special Permit Granting Authority (SPGA), may grant a Special Permit to allow a driveway on one lot to lead to a parking space on another lot, or to allow a driveway to straddle the lot line and provide access from one lot to a principal use on an adjoining lot on not more than two lots, when both lots are in a residential district(s) provided an easement is executed and is filed in the Registry of Deeds of Middlesex County. Where the Shared Driveway is located in a Cluster Development, pursuant to Section 6.5, for which a Special Permit with Site Plan Review is required, an additional Special Permit under this Section shall not be required.

1. Objectives

Any use of land involving the arrival, departure, or storage of motor vehicles shall be designed and operated to:

- a. Promote traffic safety by assuring adequate places for storing of motor vehicles off the street, and for their orderly access and egress to and from the public street;
- b. Increase the traffic-carrying capacity of streets and highways in the Town and obtain a more efficient utilization of on-street curbside parking;
- c. Reduce hazards to pedestrians upon public sidewalks;
- d. Protect adjoining lots and the general public from nuisances and hazards such as:
 - i) Noise, glare of headlights, dust and fumes resulting from the operation of motor vehicles;
 - ii) A lack of visual relief from expanses of paving; and,
 - iii) Accelerated runoff of surface water from land covered by impervious materials;
- e. Maintain the character of the neighborhood and/or streetscape; and,
- f. Preserve historic walls, structures, and/or significant trees.

2. Findings and Determinations

Prior to granting a Special Permit, the SPGA shall make a finding and determination that the proposed Shared Driveway:

- a. Complies with the Special Permit criteria set forth in Section 7.4.3;
- b. Is consistent with the general purposes of this By-Law and its objectives;
- c. Is designed in a manner that is compatible with the existing natural features of the site and is compatible with the characteristics of the surrounding area;
- d. Does not result in the removal of mature trees or, where such trees are proposed to be removed, that the removal is mitigated through replanting or other means;
- e. Will not result in conditions that unnecessarily add to traffic congestion or the potential for traffic accidents on the site or in the surrounding area;
- f. Will not constitute a demonstrable adverse impact on the surrounding area resulting from:

- i) Excessive noise, level of illumination, glare, dust, smoke, or vibration which is higher than levels now experienced from uses permitted in the surrounding area;
 - ii) Emission or discharge of noxious or hazardous materials or substances; or
 - iii) Pollution of waterways or groundwater; and,
- g. Will be maintained through a maintenance agreement mutually acceptable by the subject property owners.

3. Conditions for Approval

The SPGA may impose conditions and limitations on the Special Permit for the Shared Driveway as it deems necessary to ensure that the findings and determinations that it must make under Section k) 2 above are complied with, including but not limited to:

- a. Screening or landscaping from view from adjoining lots or from a street, by planting, walls, fences or other devices;
- b. Regulating the number, design and location of access drives or other traffic features;
- c. Requiring a greater number of off-street parking spaces, and with greater setbacks, landscaping and screening than the minimum standards set forth in Section 5.3; and
- d. Such other limitation as may be reasonably related to reducing any adverse impact on, or increasing the compatibility of the Shared Driveway with the surrounding area.

Note: §5.1.3 k) was amended by Article 11 at the 2014 Annual Town Meeting.

SECTION 6. SPECIAL REGULATIONS

6.1 Swimming Pools

Swimming pools must be compliant with all applicable State Building Codes (780 CMR: State Board of Building Regulations and Standards).

Note: §6.1 was amended by Article 20 at the 2000 Annual Town Meeting.

Section 6.13 Special Permit Review for Formula Based Food Service Establishments

6.13.1 Purpose. The purpose and intent of the Formula Based Food Service Establishments regulation is to address the potential adverse impact of standardized businesses on the Town's economic diversity, historical relevance, unique character, and economic vitality. These uses are therefore restricted in order to maintain the unique character of the zoning districts in which they are eligible to be located.

6.13.2 Review Criteria. The following shall be the basis for decisions on Special Permits to allow Formula Based Food Service Establishments:

- a. Approval of the Formula Based Food Service Establishment will not detract from the unique character of the District;

- b. Approval of the Formula Based Food Service Establishment will contribute to a diverse and balanced blend of businesses available to serve residents and visitors in the District;
- c. Approval of the Formula Based Food Service Establishment will complement those businesses already in the District and help promote and foster the local economic base as a whole; and
- d. The Formula Based Food Service Establishment will be compatible with existing surrounding uses, and has been designed and will be operated so as to preserve the area's existing architecture and unique aesthetic experience.

6.13.3 Design and Site Plan Review required. Notwithstanding Section 7.3.2(c) of these Bylaws, Design and Site Plan Review under Section 7.3.2(a)-(b) shall be required for a Formula Based Food Service Establishment to the same extent as it would be for a non-formula-based Food Service Establishment.

6.13.4 Adaptation of Characteristics. Any Formula Based Food Service Establishment may adapt its characteristics in consultation with the Inspector of Buildings so that the proposed use no longer meets the definition of Formula Based Food Service Establishment as defined in Section 1.4.

6.2 Earth Removal

The removal from any premises of more than 50 cubic yards of sand, gravel, stone, topsoil, or similar materials within any 12 month period shall be permitted only incidental to construction on the premises under a current Building Permit or, if authorized on Special Permit by the Board of Appeals, incidental to landscaping or site improvement in cases where no Building Permit is involved.

6.3A Public Building and School Conversion

Note: §6.3A was amended by Article 5 at the 2005 Special Town Meeting.

The Board of Appeals may grant a Special Permit for the conversion of public buildings or school buildings to multi-family residential use subject to the requirements and conditions set forth below.

6.3A.1 Objectives

The general objectives of permitting such conversions are:

- a) To provide for continued use of unused public buildings or public or private school buildings.
- b) To provide additional housing units, including diversity in type and affordability.

Note: §6.3A.1 b) was amended by Article 26 at the 2003 Annual Town Meeting.

6.3A.2 Buildings Eligible for Conversion

A public building or public or private school building located in any zoning district is eligible for conversion to multi-family use, but only provided it meets all of the following tests:

- a) It was originally constructed not less than 20 years prior to the filing of the application for Special Permit.
- b) It was used for not less than 15 years for public or school purposes.
- c) It contains not less than 10,000 square feet in gross floor area

6.3A.3 Special Permit Criteria

Special Permits for building conversion shall be subject to the procedures and requirements of Section 7.3, Design and Site Plan Review. The proposal must be found by the Board of Appeals to meet all of the following, as well as complying with Section 7.3 and the Special Permit criteria of Section 7.4.3:

- a) All the tests of Section 6.3A.2 have been met.
- b) The conversion will result in not fewer than five additional dwelling units.
- c) There will be provided a minimum of 1,200 square feet of lot area per dwelling unit. However, a minimum 1,000 square feet is allowed if the developer meets the following affordable housing requirements. The fifth housing unit and every third unit thereafter shall be an affordable housing unit; except that beginning with the 23rd unit, that 23rd unit and every fourth unit thereafter shall be an affordable housing unit. Nothing in this section shall preclude a developer from providing more affordable housing units than required under the provisions of this By-Law.

Note: §6.3A.3 c) was amended by Article 26 at the 2003 Annual Town Meeting.

- d) Off-street parking shall be provided as required at Section 5.1.
- e) There will be no exterior enlargements or extensions of the building other than those necessary to comply with applicable health, building and fire codes except such incidental changes as may be approved by the Board of Appeals enhancing the residential building while being in harmony with the neighborhood.
- f) The proposed conversion will not create traffic hazards or volume greater than the capacity of the streets affected.
- g) The proposed conversion will not be detrimental or injurious to the neighborhood.
- h) Adequate and appropriate facilities will be provided for the proper operation of the converted building.
- i) The converted premises will be adequately landscaped and outdoor parking areas appropriately screened, all in harmony with the neighborhood.

6.3A.4 Additional Conditions

The Board of Appeals may attach such additional conditions and limitations to a Special Permit granted under this Section as may be necessary to protect the neighborhood surrounding the property, and as may be necessary to encourage the most appropriate use of the land and building to be converted.

6.3B Public Building and School Conversion – 10,000 Square Feet or Less

*Note: §6.3B was adopted by Article 5 at the 2005 Special Town Meeting.
§6.3B was amended by Article 18 at the 2007 Annual Town Meeting.*

Conversion of public buildings with 10,000 square feet of gross floor area or less to multi-family residential use shall be permitted by-right, subject to the requirements and conditions set forth below and those found in Section 7.3 of these By-Laws.

6.3B.1 Objectives

The general objectives of permitting such conversions are:

- a) To allow the re-use of surplus public buildings,
- b) To allow multi-family use at an appropriate scale and density,
- c) To promote the re-use and rehabilitation of historically significant structures,
- d) To promote transit oriented development, and
- e) To increase the diversity of housing.

6.3B.2 Buildings Eligible for Conversion

A public building of 10,000 square feet of gross floor area or less is eligible for conversion to multi-family use by-right, subject to Design and Site Plan Review by the Planning Board, but only provided the following criteria are fulfilled:

- a) The building was originally constructed more than 20 years prior to the filing of the application for Design and Site Plan Review.
- b) The building was used for more than 15 years for public or school purposes.
- c) The building contains 10,000 square feet or less in gross floor area.

6.3B.3 Application

The Planning Board shall hear all petitions for multi-family use through the Design and Site Plan Review process. All applications shall follow the guidelines and submittal requirements found in Section 7.3 of these By-Laws.

6.3B.4 Approval Criteria

Applications for the conversion of a public building to multi-family use shall comply with the following criteria as well as the applicable objectives listed within Section 7.3:

- a) Density shall not exceed three (3) dwelling units.
- b) Off-street parking shall be provided at a ratio of not less than 1.5 spaces per unit to a maximum of two (2) spaces per unit. For proposed increases beyond 1.5 spaces per unit, the Planning Board shall determine that the spaces can be created within the footprint of the building (i.e. no reduction in the existing open space on the lot) or that they can be provided off-site, provided that the applicant can exhibit long-term control over these spaces.
- c) Only one (1) and two (2) bedroom units or a mix of these are allowed.
- d) If applicable, the façade(s) of any building that is determined to be eligible for listing on the National Register of Historic Places will be appropriately rehabilitated, as provided for in the Secretary of the Interior's Standards for Rehabilitation (36 CFR Part 67).

- e) The conversion to multi-family use shall comply with the provisions of Section 6.10, Inclusionary Housing of these By-Laws.
- f) Open space surrounding existing buildings shall be maintained and any new outdoor parking areas shall be screened at a minimum with evergreens, all in harmony with the neighborhood. This screening shall be five (5) feet in height at the time of building occupancy and be planted not more than six (6) feet on center, provided that adequate sight lines for pedestrians and motor vehicles are maintained.

6.4 Elderly Housing

“Elderly Housing” as authorized in Section 3.3, Schedule of Use Regulations, shall comprise of multi-family dwellings operated by the Belmont Housing Authority (BHA) for occupancy by elderly persons or elderly families (as defined in Section 26J, Massachusetts General Law, Chapter 121 (Ter. Ed.) or 42 U.S. Code, Section 1402, both as amended, and equivalent provisions of law from time-to-time in force).

6.5 Cluster Development

The Board of Appeals may grant a Special Permit for any tract of land in a Single Residence District to be developed as a Cluster Development subject to the requirements and conditions set forth below:

6.5.1 Objectives

The general objectives of Cluster Developments are to encourage:

- a) Preservation of open space for park, recreation, conservation or agricultural purposes.
- b) Better utilization of natural features of the land through a greater flexibility of design.
- c) More efficient provision of municipal services.
- d) Creating opportunities for affordable housing.

Note: §6.5.1 d) was amended by Article 26 at the 2003 Annual Town Meeting.

6.5.2 Tract Size

The minimum tract areas upon which Cluster Developments may be allowed in the various Single Residence Districts are:

Single Residence A - 180,000 square feet

Single Residence B - 120,000 square feet

Single Residence C - 84,000 square feet

Single Residence D - 180,000 square feet

6.5.3 Number of Dwelling Units

- a) The maximum number of dwelling units allowed within any Cluster Development shall be the number determined by dividing 85% of the area of the tract, exclusive of any wetlands or floodplain, by the minimum lot size permitted in the Single Residence District(s) within which the Cluster is located.

- b) The maximum number of dwelling units allowed within the Cluster Development shall be the number determined by dividing 100% of the area of the tract, exclusive of any wetlands or flood plain, by 95% of the minimum lot size permitted in the single residence district(s) within which the cluster is located, provided that where five (5) or more housing units will be developed, the Board of Appeals determines that the developer complies with the following affordable housing requirements. The fifth housing unit and every third unit thereafter shall be an affordable housing unit; except that beginning with the 23rd unit, that 23rd unit and every fourth unit thereafter shall be an affordable housing unit.

Note: §6.5.3 b) was amended by Article 26 at the 2003 Annual Town Meeting.

6.5.4 Open Land

- a) The area of open land shall equal at least 25% of the total area of the Cluster Development tract. Such land shall have a shape, dimension, character and location suitable to assure its use for park, recreation, conservation or agricultural purposes by all the residents of the Cluster. Provision shall be made so that the open land shall be readily accessible to the owners and occupants of the lots in the Cluster, and owned by a corporation, association or trust whose owners or beneficiaries are all the owners and occupants of the lots, or by the Town, or otherwise as the Board of Appeals may direct in accordance with Massachusetts General Law, Chapter 40A.
- b) In all cases, a perpetual restriction of the type described in Massachusetts General Law, Chapter 184, Section 31 (including future amendments thereto and corresponding provisions of future laws) running to or enforceable by the Town shall be recorded in respect to such land. Such restriction shall provide that the open land shall be retained in perpetuity for one or more of the following uses: conservation, agriculture, recreation or park. Such restriction shall be in such form and substance as the Board of Appeals shall prescribe and may contain such additional restrictions on development and use of the open land as the Board of Appeals may deem appropriate after considering any comments which the Conservation Commission may choose to submit.
- c) If a Special Permit is issued, the Board of Appeals may impose as a condition that the open land shall be conveyed by the applicant free of any mortgage interest or security interest and subject to a perpetual restriction of the type described in Section 6.5.4 a) prior to the issuance by the Building Inspector of a Building Permit for any dwelling or structure.

6.5.5 Dimensional Regulations

Except as otherwise provided in this Section, a Cluster Development tract shall comply with the frontage, setback, distance between buildings and building heights set forth in the Schedule of Dimensional Regulations contained in Section 4.2 of this By-Law. If the Cluster Development is divided into one or more individual lots, the frontage of each lot on a street or on a private road or way within the Cluster Development tract shall be as specified by the Board of Appeals consistent with fire safety, aesthetics and the character of the Cluster Development tract.

6.5.6 Attached Dwelling Units

The Board of Appeals may in its discretion allow a Cluster Development to consist in whole or in part of attached dwelling units if such units are not inconsistent with the aesthetics and physical appearance of the other buildings in the immediate vicinity.

6.5.7 Limitation of Subdivision

No lot shown on a plan for which a Permit is granted under this Section may be further subdivided and a notation to this effect shall be shown on the plan.

6.5.8 Design and Site Plan Review

Cluster Developments, whether or not containing attached dwelling units, are subject to the Design and Site Plan Review procedures and requirements of Section 7.3 of this By-Law.

6.5.9 Amendments

Following the granting by the Board of Appeals of a Special Permit under this Section, it may, upon application and for good cause shown after notice and a public hearing as required for granting a Special Permit, amend the plan solely to make changes in lot lines shown on the plan, provided, however, that no such amendment shall:

- a) Grant any reduction in the size or change in location of the open land;
- b) Grant any change in the layout of the ways;
- c) Increase the number of lots; or
- d) Decrease the dimensional requirements of any lot below the minimum dimensions permitted by this By-Law.

6.6 Floodplain District

Note: §6.6 was adopted under Article 26 at the 2004 Annual Town Meeting.

6.6.1 Purposes

The purposes of this Section are to protect the public health, safety, and general welfare, to protect human life and property from the hazards of periodic flooding, to preserve natural flood control characteristics, to maintain the flood storage capacity of the floodplain, and to bring the Town of Belmont into compliance with the National Flood Insurance Program (42 U.S. Code 4001-4128), and regulations adopted pursuant thereto.

6.6.2 Definitions

Note: §6.6.2 was amended by Article 28 at the 2006 Annual Town Meeting.

Unless otherwise defined below, the terms used throughout this Section shall have the meaning as defined by 780 CMR.

Area of Special Flood Hazard - The land in the floodplain within a community subject to a one percent or greater chance of flooding in any given year. The area may be designated as Zone A, AO, AH, A1-30, AE, A99, V1-30, VE, or V.

Development - Any manmade change to improved or unimproved real estate, including but not limited to building or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.

District - Floodplain District.

Flood Boundary and Floodway Map - An official map of a community issued by FEMA that depicts, based on detailed analyses, the boundaries of the 100-year and 500-year floods and the 100-year floodway. (For maps done in 1987 and later, the floodway designation is included on the FIRM.)

Flood Hazard Boundary Map (FHBM) - An official map of a community issued by FEMA where the boundaries of the flood and related erosion areas having special hazards have been designated as Zone A or AE.

*Note: §6.6.2 was amended by Article 24 at the 2010 Annual Town Meeting.
§6.6.2 was amended by Article 28 at the 2006 Annual Town Meeting.*

Flood Insurance Study - An examination, evaluation, and determination of flood hazards, and, if appropriate, corresponding water surface elevations, or an examination, evaluation and determination of flood-related erosion hazards.

Floodway - The channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation.

Regulatory Floodway see **Floodway**.

Special Flood Hazard Area - An area having special flood-related erosion hazards, and shown on an FHBM or FIRM as Zone A, AO, A1-30, AE, A99, AH, V, V1-30 or VE.

Substantial Damage - Damage of any origin sustained by a structure whereby the cost of restoring the structure to it's before damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.

6.6.3 Use Regulations

- a) The Floodplain District shall be considered as overlying other districts. Any uses permitted or allowed by Special Permit in the portions of the districts so overlaid shall continue to be permitted or allowed by Special Permit, subject to the provisions of this Section.
- b) Except as provided below, the following shall be prohibited in the Floodplain District:
 - 1. New buildings or structures.
 - 2. Filling, dumping, excavation, removal, or transfer of any earth material which will restrict or increase flood water flow or reduce the flood water storage capacity.
- c) The following shall be permitted in the Floodplain District:
 - 1. Land use for conservation of water, plants, and wildlife.
 - 2. Recreation, including play areas, wildlife reserves, golf, boating, and fishing where otherwise legally permitted.
 - 3. Grazing, farming, forestry, and nurseries.
 - 4. Proper operation and maintenance of dams and other water control structures, including temporary alteration of water level for emergency purposes.
 - 5. Addition or alteration to an existing structure, but if constituting a substantial improvement (see definition), only if authorized by Special Permit from the Board of Appeals.

6.6.4 Requirements

All development in this District, including structural and nonstructural activities, whether permitted by-right or allowed by Special Permit, must be in compliance with the following:

- 780 CMR 120.G of the Massachusetts State Building Code, which addresses construction in floodplains and floodways;
- 310 CMR 10.00, Wetlands Protection, Department of Environmental Protection;
- 310 CMR 13.00, Inland Wetlands Restriction, Department of Environmental Protection;
- Title 5, minimum requirements for the subsurface disposal of sanitary sewage, Department of Environmental Protection.

*Note: §6.6.4 was amended by Article 24 at the 2010 Annual Town Meeting.
§6.6.4 was amended by Article 26 at the 1995 Annual Town Meeting.*

6.6.5 Floodway Requirements

- a) Floodway Data: In Zone A and Zone AE, along watercourses that have not had a regulatory floodway designated, the best available federal, state, local or other floodway data shall be used to prohibit encroachments in floodways which would result in any increase in flood levels within the community during the occurrence of the base flood discharge.

Note: §6.6.5 a) was amended by Article 24 at the 2010 Annual Town Meeting.

- b) In the regulatory floodways designated on the Belmont FIRM or Flood Boundary and Floodway Map no encroachments in the floodway shall be permitted which would result in any increase in the base flood discharge level.
- c) Base Flood Elevation Data: Base Flood Elevation Data is required for subdivision proposals or other developments greater than 50 lots or five (5) acres, whichever is the lesser, within unnumbered A Zones.

6.6.6 Special Permit

Upon their receipt, applications for Special Permits in the Floodplain District shall be referred to the Planning Board, Board of Health, and Conservation Commission for their review and comment. In a riverine situation, the applicant shall notify the NFIP State Coordinator, Massachusetts Office of Water Resources and the NFIP Program Specialist in FEMA Region I of any proposed alteration or relocation of a watercourse. Special Permits for substantial improvements within the Floodplain District shall be approved only upon the Board of Appeals making the following determinations:

- a) All requirements of Section 6.6, Floodplain District, are complied with.
- b) No substantial increase in hazard to occupants of the premises or to others will result from the proposed improvements.
- c) Reasonable efforts have been made, relative to the scale of the proposed improvements, to reduce any existing hazard or noncompliance with these requirements.

6.6.7 Waiver

If satisfied, based on a Letter of Map Amendment or Letter of Map Revision obtained by the applicant from FEMA, that the site of a proposed development or improvement is above the Base Flood Elevation shown on the FIRM, the Building Commissioner may waive compliance with this Section, and a copy of such waiver shall be filed with the Town Clerk.

Note: §6.6.7 was amended by Article 31 at the 1995 Annual Town Meeting.

6.7 Motor Vehicle Service Stations

Motor Vehicle Service Stations shall be granted a Special Permit only in conformity with the following:

6.7.1 Location

No location shall be approved if a vehicular entrance or exit will be so located as to create an unusual hazard. Sight distance shall be at least 250 feet in each travel direction. No vehicular entrance or exit will be so located so as to cross a major pedestrian flow, such as on sidewalks servicing churches, schools, recreation areas, or compact retail districts.

6.7.2 Egress Design

Driveway sidelines shall be separated from the sidelines of intersecting streets and other driveways on the premises by not less than 40 feet and from other lot lines by not less than 10 feet. Entrances and exits together shall occupy not more than 40% of the lot frontage, and shall be clearly channeled through use of curbed planting areas or similar devices.

6.7.3 Queues

There shall be adequate space off-street for not fewer than two vehicles to await service per filling lane.

6.7.4 Setbacks

No service building shall be located within 40 feet of a street line, and no pump or other dispensing device, movable sign or display, or temporary or permanent storage of merchandise shall be located within 20 feet of a street line.

6.7.5 Parking

Any parking or vehicle storage proposed in excess of the requirements of Section 5.1.2 must be justified in applying for a Special Permit, and may be subject to setback and screening requirements.

6.8 Wireless Telecommunications Facilities

Note: §6.8 was adopted under Article 31 at the 1998 Annual Town Meeting.

6.8.1 Use Regulations

No Wireless Telecommunications Facility shall be permitted to be constructed unless such Facility has completed Design and Site Plan Review pursuant to Section 6.8.4 and 7.3 and, if required by Section 3.3, a Special Permit has been issued pursuant to Sections 6.8.5 and 7.4. No Wireless Telecommunications Facility, other than an Interior Wireless Telecommunications Facility, shall be permitted in any Historic District subject to the provisions of §40 Article 3-315 of the General Bylaws of the Town.

6.8.2 Dimensional Regulations

Except as otherwise provided in paragraph (d) of this subsection, all Wireless Telecommunications Facilities shall be required to comply with all applicable requirements set forth in Section 4.

- a) No Freestanding Wireless Telecommunications Facility shall be permitted to be located within 500 feet of any Historic District subject to the provisions of Article 15 of the General By-Laws of the Town.

- b) Except as otherwise permitted in this subsection, no Wireless Telecommunications Facility or appurtenant equipment storage building or structure, other than an Interior Wireless Telecommunications Facility, shall be permitted to be located within 50 feet of a single- or two-family dwelling.
- c) A Wireless Telecommunications Facility or appurtenant equipment storage building or structure that is accessory to a principal use other than a single- or two-family dwelling, may be permitted to be located within 50 feet of a single- or two-family dwelling; provided, however, that, if such dwelling is located within a Single Residence or General Residence District, no such Facility, building or structure shall be permitted to be located within 25 feet of such dwelling.
- d) No Freestanding Wireless Telecommunications Facility shall exceed 100 feet in height.

6.8.3 Performance Standards

- a) All Wireless Telecommunications Facilities shall, at all times, be in compliance with all applicable standards of Federal law, State regulations including, but not limited to the Regulations of the Department of Public Health, 105 CMR 122.000, the State Building Code and the published standards of the Electronic Industries Association.
 - 1. Prior to any significant change to an approved Wireless Telecommunications Facility or associated equipment, notice of such change shall be given to the Building Inspector, together with documentation or other evidence showing that the Facility will continue to be in compliance with such standards.
 - 2. At least annually, the operator of an approved Wireless Telecommunications Facility shall certify to the Building Inspector that the Facility continues to be in compliance with such standards.
- b) Except as otherwise authorized by the Board of Appeals, a Freestanding Wireless Telecommunications Facility shall be completely fenced for security within an area no greater than 25 feet in radius from the base of the Facility tower, to a height of 6 feet. Such fencing shall be compatible with the character of the property and neighboring properties, and shall not be of barbed wire or razor wire.
- c) All Wireless Telecommunications Facilities shall be constructed utilizing materials colors and textures that minimize the visual impact of the proposed Facility on the Town, the District and neighborhood in which the Facility is located, and adjoining properties. A Façade-Mounted Wireless Telecommunications Facility shall utilize materials, colors and textures that minimize the viewer's ability to distinguish the Facility from the building surface adjacent to it. Where appropriate, plantings and screening shall also be utilized to minimize such visual impact.
- d) Except as specifically authorized by a Special Permit or required by the U.S. Federal Aviation Administration, no Wireless Telecommunications Facility shall incorporate any artificial exterior lighting.
- e) No Wireless Telecommunications Facility shall incorporate any signs except for those essential for the provision of safety or ownership information. Each Wireless Telecommunications Facility shall incorporate a sign, approved by the Planning Board, providing essential emergency response information including, at a minimum, a telephone number that can be used to contact the Facility operator's representative at all times.
- f) Any Freestanding Wireless Telecommunications Facility shall be designed so that, in the event of a structural failure, such Facility shall collapse and fall entirely within the boundaries of the lot on which it is located. Such design shall be certified by a professional engineer.

- g) Except in an emergency, no servicing of a Wireless Telecommunications Facility or associated equipment, other than an Interior Wireless Telecommunications Facility, shall occur except during hours authorized by Special Permit.
- h) All Wireless Telecommunications Facilities shall comply with §60 Article 6 of the General Bylaws of the Town of Belmont, governing sources of noise.

6.8.4 Submission Requirements for Design and Site Plan Review

In addition to the documents required to be submitted pursuant to Section 7.3, each application for Design and Site Plan Review of a Wireless Telecommunications Facility shall be accompanied by ten copies of the following:

- a) Copies of all required franchises, licenses or other federal, state or local permits required for the operation of the proposed Facility or appurtenant equipment;
- b) Plans and elevations demonstrating compliance with the Dimensional Regulations set forth in Section 6.8.2; and
- c) Examples or renderings of the materials, colors and textures proposed to be used.

6.8.5 Special Permit Standards and Submission Requirements

a) Submission Requirements for Special Permits

Each application for a Special Permit for a Wireless Telecommunications Facility shall be accompanied by fifteen (15) copies of the following:

1. The owner's deed to the lot or lots upon which the Facility is proposed to be located, together with evidence of the Applicant's control of the Facility's proposed location.
2. An inventory of existing and approved Wireless Telecommunications Facilities owned or operated by the Applicant and located within two miles of the Belmont town line, as well as Facilities for which an application for approval has been filed with any governing authority, together with maps of existing or expected service coverage from such Facilities.
3. Evidence of the need for the proposed Facility and of how the proposed Facility addressed that need.
4. For any proposed Freestanding Wireless Telecommunications Facility, evidence that the need for such a Facility cannot be addressed by a Facility other than a Freestanding Wireless Telecommunications Facility.
5. A discussion of the feasibility of addressing such need with a Wireless Telecommunications Facility located on municipally-owned property.
6. For any proposed Freestanding Wireless Telecommunications Facility, evidence that a crane, balloon or other temporary representation of the height of the Facility has been brought to the site and kept in place for not less than 72 consecutive hours, together with photographs of such representation taken from a sufficient number of locations suitable for evaluating the visual impact of the proposed Facility on the Town, the District and neighborhood in which the Facility is proposed to be located, and adjoining properties.

7. Proposed hours during which the Facility and associated equipment may be serviced, and a description of regular maintenance procedures.

b) Special Permit Standards

Notwithstanding the provisions of Section 7.4.3, a Special Permit for a Wireless Telecommunications Facility shall be issued if, upon submission of all required materials and documents and compliance with the procedures set forth in Section 7.4.4, the Board of Appeals finds that:

1. The proposed Wireless Telecommunications Facility is reasonably necessary for the convenience or welfare of the public; and
2. The interests of the public convenience or welfare have been appropriately balanced against the interest of the Town, the District and neighborhood in which the Wireless Telecommunications Facility is proposed to be located, and adjoining properties.

Such Special Permit shall be subject to any limitations imposed pursuant to Section 7.4.5.

c) Factors to Consider in Special Permit Decision

In making any Special Permit decision pursuant to this Section, the Board of Appeals shall consider, in addition to the preferred qualities set forth in Section 7.4, the following:

1. The height of the proposed Facility;
2. The proposed Facility's proximity to residential structures;
3. The nature and uses of adjacent and nearby properties;
4. Surrounding topography including, in particular, features that affect the provision of wireless telecommunication services;
5. Surrounding tree coverage and foliage;
6. The availability of existing structures and buildings so as to avoid the need for Freestanding Wireless Telecommunication Facilities;
7. The good faith efforts of the Applicant to locate the proposed Facility on an existing structure or building or to use a less visual obtrusive site or Facility design;
8. The availability of alternative technology not requiring the siting of the proposed Facility or permitting the utilization of a less obtrusive site or Facility design;
9. Any wireless telecommunications service benefits to the Town and its residents;
10. The good faith efforts of the Applicant to avoid making the proposed Facility a principal use of the lot; and,
11. Potential interference with other electronic devices within the Town.

Note: §6.8.5 c) was amended by Article 31 at the 1998 Annual Town Meeting.

6.8.6 Removal of Abandoned Wireless Telecommunications Facilities

Any Wireless Telecommunications Facility that is not operated, or that is not in compliance with Section 6.8.3 a) 2). for a continuous period of six months shall be considered abandoned, and the Building

Inspector may, by appropriate notice sent by certified mail, order that such Facility be removed within 30 days. At the time of removal, the Facility and all associated debris shall be removed from the premises.

Any Special Permit issued pursuant to Section 6.8.5 shall require the holder of such Special Permit to post a bond or other surety, specifically approved by Town Counsel, in an amount sufficient to guarantee the removal of the Facility in accordance with this Section and the lawful disposal of any components thereof. In the event that the posted amount does not cover the cost of such removal and disposal, the Town may place a lien upon the premises covering the difference in cost.

6.9 Affordable Housing

*Note: §6.9 was adopted under Article 2 at the 1999 Special Town Meeting.
§6.9 was amended by Article 2 at the 2006 Special Town Meeting.*

The Planning Board may grant a Special Permit for any tract of land identified as Zone 6, General Residential District, on the McLean District Zoning Map, which Special Permit shall allow:

- a) the construction and use of an apartment house or other multi-family dwellings which contain at least 25% "affordable units" as defined in Section 6.10.2 and which contain up to 40 dwelling units overall; and
- b) the modification of any intensity or dimensional requirement set forth in Section 4.2 or Section 4.3 as necessary in the determination of the Planning Board to permit such development to contain the greatest practical number of affordable units, but in no event so as to allow more than 40 dwelling units overall.

6.10 Inclusionary Housing

Note: §6.10 was adopted under Article 17 at the 2013 Special Town Meeting.

6.10.1 Purpose

The purposes of this Section are to encourage the expansion and upgrade of the Town's affordable housing stock, in order to provide for a full range of housing choices for households of all incomes, ages and sizes; to prevent the displacement of low- to moderate-income Town residents; to increase the production of Affordable Units to meet existing and anticipated employment needs within the Town; to establish standards and guidelines in order to implement the foregoing; and to meet the requirements of MGL c. 40B and the Local Initiative Program.

6.10.2 Definitions

For purposes of this Section 6.10 of the Zoning By-Law, capitalized words shall mean as defined elsewhere in this By-Law or as defined below:

Affordable Housing Trust Fund - An account established and operated for the exclusive purpose of creating or preserving affordable housing in the Town. The Affordable Housing Trust Fund may be used for the following purposes within the Town: the purchase and improvement of land and Housing Units for the development of new and/or rehabilitated Housing Units for purchase or rental by Qualified Affordable Housing Purchasers or Tenants or to preserve existing affordable housing. Expenditures from the Affordable Housing Trust Fund shall be authorized by a majority vote of the Belmont Housing Trust.

Affordable Housing Unit - A Housing Unit that by Deed Restriction is and shall remain affordable to and occupied by a Qualified Affordable Housing Unit Purchaser or Tenant, and is eligible for inclusion in the Chapter 40B Subsidized Housing Inventory through the Local Initiative Program.

Belmont Resident – Since there is a “local preference” for some of the Affordable Housing Units, the people or households that may qualify for the local preference must be Belmont Residents, defined as follows:

- a. an individual or family maintaining a primary residence within the Town of Belmont; or
- b. an individual who is employed at least 30 hours per week within the Town of Belmont; or
- c. a parent or guardian with children attending the Town of Belmont Public Schools.

Comparable Unit - When used with respect to quality, character, and room size, means that there are sufficient features in common between the Affordable Housing Unit and the Market Rate Housing Unit so as to render the units similar in nature. Moreover, while the actual design or finishes provided in the Affordable Housing Units versus the Market Rate Housing Unit may differ in a non-material fashion and still constitute Comparable Units, the same amenities proposed for the Market Rate Housing Unit must be provided for the Affordable Housing Units, including without limitation full kitchen, full bath, and parking. Further, the actual room size for the Affordable Housing Unit may not differ in any significant manner to that of the Market Rate Housing Unit.

Notwithstanding the foregoing, when used with respect to external appearance, location and bedroom distribution, means that the external appearance of the Affordable Housing Unit and the Market Rate Housing Unit must be so similar in nature so as to render them indistinguishable while the location of the Affordable Housing Units and the bedroom distribution of such units must be no different from that of the Market Rate Housing Unit.

Deed Restriction - A provision, acceptable in form and substance to the Town of Belmont, in a deed to real property that runs with the land in perpetuity or for the longest period of time allowed by law, so as to be binding on and enforceable against any person claiming an interest in the property. Any Restriction created under this Section 6.10 shall survive any bankruptcy, insolvency, foreclosure, or other action, and shall not be subject to nullification for any reason. Additionally, the Restriction shall provide that in the event that any affordable rental unit is converted to a condominium unit, the condominium unit shall be restricted in perpetuity to ensure that it remains affordable to households in the same income range as prior to the condominium conversion.

Development - A single parcel or set of contiguous parcels of land held in common ownership for which one or more building permits will be sought within a 24 month period of time. The number of Housing Units to be counted from any project shall be calculated as the net increase in the number of Housing Units as compared to the number of Housing Units in existence on such land as of the date that the building permit application is filed with the Town of Belmont Office of Community Development.

Dwelling Unit - A building or portion of a building intended as living quarters for a single family, having a single set of kitchen facilities (a stove plus either or both refrigerator and sink) not shared with any other unit; or quarters for up to five persons in a dormitory, congregate dwelling, or similar group dwelling.

Housing Unit -

- a. A Dwelling Unit; or
- b. A habitable unit within a senior or assisted living facility.

Market Rate Housing Unit – Housing Units available to the general public on the open market, without price restrictions or consumer income limitations.

Median Income – the mid-point of incomes of households in the Boston Standard Metropolitan Statistical Area, adjusted for household size, as determined annually by the United States Department of Housing and Urban Development and regardless of housing type or ownership.

Mixed-Use Residential Development - A Development consisting of a combination of residential and non-residential uses.

Qualified Affordable Housing Unit Purchaser or Tenant - A household with total annual income that does not exceed eighty percent (80%) of the Median Income.

Residential Development – A Development consisting exclusively of Housing Units.

6.10.3 Applicability

This Section 6.10 shall apply to any Development with a residential component that requires a Special Permit pursuant to Section 3.3 of the Zoning By-Laws, Schedule of Use Regulations, or pursuant to any overlay district.

6.10.4 Requirements

- 1) Residential Developments that result in six (6) or more new Housing Units shall provide Affordable Housing Units as outlined in the table below:

*Note:
was*

Size of Residential Development	Percent of Affordable Housing Units Required for Residential Developments
6 to 12 Housing Units	10%
13 to 20 Housing Units	12%
More than 20 Housing Units	15%

§6.10.4

amended under Article 3 at the 2019 Annual Town Meeting.

- 2) Where the calculation of Affordable Housing Units results in a fractional unit greater than one-half (.5), the fraction shall be rounded up to the next whole unit. Where the calculation results in a fractional unit less than or equal to one-half (.5), the fraction shall be rounded down to the next whole unit.
- 3) Rental Developments with units for households at 50% or less of Median Income may reduce the total number of required Affordable Housing Units by an amount equal to the number of units available to households at 50% or less of Median Income, or by 25% of the Affordable Housing Units required, whichever is less.
- 4) Except for cash payments permitted in Section 6.10.5 with respect to for-sale Developments, Affordable Housing Units shall be provided within the Development that requires the Affordable Housing Units.

6.10.5 Cash Payment Option for For-Sale Affordable Units

In exceptional circumstances, the Planning Board may allow the applicant for a Development of 6 or more for-sale new Housing Units to make a cash payment to the Affordable Housing Trust Fund in lieu of providing Affordable Housing Units required under this Section 6.10. Such cash payment shall be equal to 5% of the projected total sale price of the Housing Units based on an appraisal satisfactory to the Planning Board. In making its decision, the Planning Board shall seek a recommendation from the Belmont Housing Trust.

Note: §6.10.5 was amended under Article 3 at the 2019 Annual Town Meeting.

6.10.6 Selection of Qualified Affordable Housing Unit Purchasers or Tenants

The selection of Qualified Affordable Housing Unit Purchasers or Tenants shall be pursuant to the Local Initiative Program and shall be administered as follows:

- a. The selection process shall include a plan for marketing of the Affordable Housing Units created under this Section 6.10. The duration and design of this plan shall reasonably inform all those seeking affordable housing, both within and outside the Town, of the availability of such units.
- b. Belmont Residents shall be given preference for seventy percent (70%) of the Affordable Housing Units created under this Section 6.10.
- c. Owners of Developments may sell or lease Affordable Housing Units to the Town of Belmont, the Belmont Housing Trust, the Belmont Housing Authority, or to a private nonprofit entity serving Belmont for the purpose of providing affordable housing opportunities within the Town, in order that such entity carry out the steps needed to market the Affordable Housing Units and manage the choice of buyers or renters.

6.10.7 Timing of Construction

- 1) Occupancy permits for any new Market-Rate Housing Units or nonresidential space shall be issued at an equal ratio of occupancy permits for required Affordable Housing Units.
- 2) Affordable Housing Units shall be dispersed throughout the building(s) and shall be comparable to Market-Rate Housing Units. Affordable Housing Units provided under terms of this Section 6.10 shall be provided on-site in the subject Development.

For an Affordable Housing Unit within a senior or assisted living facility, a comparable Affordable Housing Unit shall include the provision of mandatory living services.

- 3) All documents necessary to ensure compliance with this Section 6.10 and the Local Initiative Program provisions shall be subject to the review and approval of the Special Permit Granting Authority and Town Counsel. Such documents shall be a condition of the Special Permit and executed prior to the issuance of any Certificate of Occupancy.

6.10.8 Rental Development Annual Oversight and Monitoring

- 1) There shall be a monitoring agent for rental Developments with Affordable Housing Units, to be agreed upon by the owner of the Development and the Special Permit Granting Authority.
- 2) The owner shall be responsible for all payments charged by, or related to, the monitoring agent.
- 3) An annual independent compliance audit shall be submitted to the Town by the monitoring agent to insure compliance with this Section 6.10 and the Local Initiative Program provisions.

6.10.9 General Provisions

- 1) Enforcement of this Section 6.10, as it applies to all Developments, shall be the responsibility of the Town of Belmont Inspector of Buildings.

- 2) Provision of accessible Housing Units shall be as determined by Federal Regulations. Standards for accessible units shall comply with 24 C.F.R. Section 8.32.
- 3) This Section 6.10 shall not apply to the rehabilitation of any building or structure, all of or substantially all of which is destroyed or damaged by fire or other casualty or a natural disaster; provided, however, no rehabilitation nor repair shall increase the density, bulk, or size of any such building or structure which previously existed prior to the damage or destruction thereof except in conformance with this Section 6.10.
- 4) This Section 6.10 shall not apply to Developments under Massachusetts General Laws (MGL) Chapter 40B.

6.10.10 Severability, Conflict with Other By-Laws

- 1) If a court of competent jurisdiction holds any provision of this Section 6.10 invalid, the remainder of this Section shall not be affected thereby. The invalidity of any section or sections, or parts of any section or sections, of this Section shall not affect the validity of the remaining sections or parts of sections or the other By-Laws of the Town of Belmont.
- 2) Nothing contained in this Section 6.10 shall be construed to apply to the use of land or structures for religious or educational purposes if doing so would violate the applicable provisions of M.G.L. Chapter 40A, Section 3.
- 3) To the extent this Section 6.10 is silent on a particular issue or conflicts with the Local Initiative Program, the requirements of the Local Initiative Program shall govern.

6.11 Historic Accessory Building Preservation

Note: §6.11 was adopted under Article 31 at the 2009 Annual Town Meeting.

6.11.1 Purpose

The purpose of this Section is to promote the preservation of unique Historic Accessory Buildings by permitting their adaptive reuse for uses that may not otherwise be permitted under this Zoning By-Law, thereby making their functional preservation and restoration feasible.

6.11.2 Definition

A "Historic Accessory Building" is an accessory building such as a free-standing barn, greenhouse or carriage house built before 1921, which is located on the same lot as the principal building to which it is accessory, and which is either:

- a) listed on the Inventory of the Historic and Archaeological Assets of the Commonwealth as maintained by the Massachusetts Historic Commission; or
- b) listed on the National Register or State Register of Historic Places; or
- c) specifically designated as a "Historic Accessory Building" by the Belmont Historic District Commission, using the criteria for evaluation established for determining eligibility for the National Register of Historic Places.

6.11.3 Applicability

The Planning Board may grant a Special Permit for the reuse of a Historic Accessory Building in any residential district of the Town, allowing the adaptation of such Building for use as a home occupation, or for one accessory dwelling unit.

Note: §6.11.3 was amended by Article 32 at the 2009 Annual Town Meeting.

6.11.4 Procedure

a) An Application for a Special Permit under this Section shall comply with the procedures and requirements set forth in Section 7.4 of this Zoning By-law, and the Planning Board's Special Permit Regulations.

b) Upon receipt of an Application, the Planning Board shall forward a copy of the Application to the Historic District Commission for its review and recommendations concerning the proposed exterior treatments of the Building, including such things as windows, roofing and siding materials, and landscaping. Such recommendations shall include:

1) the Commission's assessment as to whether the proposed reuse and associated exterior alterations would adversely affect the historic landscape or the architectural and historic integrity of the principal building or the Historic Accessory Building itself; and

2) specific conditions which the Commission believes should be imposed on the Special Permit in order to prevent any adverse effects.

The Historic District Commission shall hold a public hearing and make recommendations to the Planning Board within thirty-five (35) days of the Commission's receipt of the Application. Otherwise, the Application shall be deemed approved.

c) The Planning Board may issue a Special Permit under this Section only if it finds that the proposed reuse and any related building alterations and site development meet all of the applicable Special Permit criteria set forth in Section 7.4.3, and

1) are generally in harmony with the neighborhood;

2) will neither generate excessive traffic, parking, noise or density impacts on the abutters, nor create other detrimental effects on the neighborhood;

3) will preserve and/or restore the original architectural features of the Building to the maximum extent practicable;

4) will not adversely affect the historic landscape or the architectural and historic integrity of the principal building or the Historic Accessory Building itself; and

5) will not result in any enlargement or relocation of the Historic Accessory Building.

d) If the Historic Accessory Building is proposed to be used for a home occupation, the Planning Board must also find that the following criteria are or will be met in addition to the criteria set forth in Section 6.11.4 c):

Note: §6.11.4 d) was amended by Article 32 at the 2009 Annual Town Meeting.

1) There will be no exterior display or visible storage of supplies or equipment to be used on or off the premises, or other variation from the residential character of the premises;

- 2) Not more than one person who is not a member of the household will be employed on the premises;
 - 3) There will be no production of offensive noise, vibration, odors, fumes, smoke, dust or other particulate matter, heat, humidity, glare, or other objectionable effects;
 - 4) No articles will be sold or offered for sale on the premises;
 - 5) Traffic generated, including pick up and deliveries, will not exceed that normally expected in the residential neighborhood in which the Historic Accessory Building is located; and
 - 6) All parking will be provided on-site, and not within a required front yard.
- e) If the Historic Accessory Building is proposed to be used for an accessory dwelling unit, the Planning Board must also find that the following criteria are or will be met in addition to the criteria set forth in Section 6.11.4 c):
- 1) The accessory dwelling unit use will be incidental to the ownership and use of the principal structure on the same lot; and
 - 2) The accessory dwelling unit or the principal structure will be occupied by the owner of the subject premises, except for bona fide temporary absences.

Note: §6.11.4 e) was amended by Article 32 at the 2009 Annual Town Meeting.

6.11.5 Conditions of Approval

In granting a Special Permit under this Section, the Planning Board shall require that a perpetual preservation restriction on said Building and its landscape context be granted to the Town or other appropriate body or preservation organization under the provisions of Massachusetts General Laws, Chapter 184, Section 31. The form of such preservation restriction shall be subject to review and approval by Town Counsel.

In addition, the Planning Board may impose such other conditions, safeguards and limitations on time or use that it determines to be appropriate to assure compliance with the applicable criteria set forth in Section 6.11.4 including, but not limited to conditions:

- a) prohibiting the Special Permit from being transferred to a subsequent owner without the approval of the Planning Board;
- b) specifying the required number of on-site parking spaces and their location;
- c) limiting the business operations of a home occupation, such as the number of patrons/clients visiting the premises, hours of operations, and hours and location of deliveries;
- d) requiring installation of additional landscaping;
- e) requiring continuing maintenance of landscaping;
- f) requiring a restrictive covenant to be imposed on the subject property, prohibiting the division or reduction in size of the lot on which the Historic Accessory Building is located.

6.11.6 Nonconforming Historic Accessory Buildings

Any exterior or interior alteration to a preexisting nonconforming Historic Accessory Building made pursuant to a Special Permit issued under this Section shall be deemed not to constitute an "alteration to

provide for a substantially different purpose or for the same purpose in a substantially different manner or to a substantially greater extent” requiring consideration and a Special Permit by the Board of Appeals under Section 1.5.3.

6.11.7 Compliance with Applicable By-Laws

Except as expressly provided in this Section, the grant of a Special Permit for the reuse of a Historic Accessory Building shall not relieve the applicant from the need to comply with all other applicable Town By-laws and Regulations.

6.12 Religious and Municipal Building Preservation

Note: §6.12 was adopted under Article 31 at the 2013 Annual Town Meeting.

6.12.1 Purpose

The purpose of this Section is to promote the preservation of Religious and Municipal Buildings by permitting their adaptive reuse for residential or commercial use (or combination thereof) that may not otherwise be permitted under this Zoning By-Law.

6.12.2 Buildings Eligible Under this By-Law

A Religious or Municipal Building located in any zoning district is eligible for a Special Permit under this Section 6.12 if:

- a) The building, or at least one of the buildings located on the property, was always used for religious or municipal purposes; and
- b) The Religious or Municipal Building was originally constructed prior to 1950.

6.12.3 Uses Allowed by Special Permit

The Planning Board may grant a Special Permit to allow a Religious or Municipal Building, as identified under Section 6.12.2, to be used for other residential or commercial uses (or any combination thereof) than otherwise would be allowed in the underlying zoning district.

6.12.4 Incentives for Preservation

In order to permit the adaptive reuse of Religious or Municipal Buildings, the Planning Board may grant a Special Permit to:

- a) Reduce the on-site parking requirements;
- b) Modify Inclusionary Housing requirements of Section 6.10; and
- c) Increase, within the existing buildings, the number of stories and dwelling units allowed by the underlying zoning district.

6.12.5 Special Permit Procedure

- a) An Application for a Special Permit under this Section shall comply with the procedures and requirements set forth in Section 7.4 of this Zoning By-law.
- b) Applicants are encouraged to meet informally with the Planning Board and Historic District Commission to discuss the proposal prior to submittal of a formal Application.
- c) Upon receipt of an Application, the Planning Board shall forward a copy of the Application to the Historic District Commission for its review and recommendations concerning the proposed exterior treatments of the Religious or Municipal Buildings, including such things as windows, roofing and siding materials, and landscaping. Such recommendations shall include:
 - 1) the Commission's assessment as to whether the proposed exterior alterations would adversely affect the historic landscape or the architectural and historic integrity of the principal historic building itself; and
 - 2) specific conditions which the Commission believes should be imposed on the Special Permit in order to prevent any adverse effects and promote appropriate rehabilitation as provided for in the Secretary of the Interior's Standards for Rehabilitation (36 CFR Part 67).

The Historic District Commission shall hold a public hearing and make recommendations to the Planning Board within thirty-five (35) days of the Commission's receipt of the Application. Otherwise, the Application shall be deemed approved by the Historic District Commission.

- d) Upon receipt of an Application, the Planning Board shall forward a copy of the Application to the Belmont Housing Trust for its review and recommendations concerning Inclusionary Housing. The Belmont Housing Trust shall make recommendations to the Planning Board within thirty-five (35) days of the Commission's receipt of the Application. Otherwise, the Application shall be deemed approved by the Belmont Housing Trust.
- e) The Planning Board may grant a Special Permit for development of a Religious and Municipal Building if it finds that the conditions for approval for Special Permits set forth in Section 7.4.3 of this Zoning By-Law have been met.
- f) In granting a Special Permit under this Section 6.12, the Planning Board shall require that a perpetual preservation restriction on the Religious or Municipal Building be granted to the Town or other appropriate body or preservation organization under the provisions of Massachusetts General Laws, Chapter 184, Section 31. The form of such preservation restriction shall be subject to review and approval by Town Counsel.

6.12.6 Nonconforming Buildings

Any exterior or interior alteration to a preexisting nonconforming Religious or Municipal Building made pursuant to a Special Permit issued under this Section shall be deemed not to constitute an "alteration to provide for a substantially different purpose or for the same purpose in a substantially different manner or to a substantially greater extent" requiring consideration and a Special Permit by the Board of Appeals under Section 1.5.3.

6.12.7 Rules and Regulations

The Planning Board shall be charged with administering this By-Law and may promulgate rules and regulations to implement its provisions.

SECTION 8. CUSHING SQUARE OVERLAY DISTRICT

Note: §8 was adopted under Article 3 at the 2006 Special Town Meeting.

8.1 General

8.1.1 Purpose

In recognition of the unique location, function and character of land uses in the Cushing Square commercial area, the Cushing Square Overlay District (CSOD) is intended to:

- a) encourage revitalization of the Square;
- b) promote the redevelopment of under utilized properties in a coordinated and well-planned manner;
- c) promote mixed-use development, incorporating retail, restaurant, office, and residential uses;
- d) improve the design of new and renovated buildings by providing greater flexibility while remaining sensitive to abutting residential districts, environmental impacts, and historic preservation;
- e) improve the streetscape, including but not limited to, such features as trees, shrubs, and other plantings, as well as walkways, plazas, benches, and other site furnishings and lighting; and
- f) encourage development of a more pedestrian-oriented and safer Square.

8.1.2 Boundary of Cushing Square Overlay District

The CSOD boundary is shown on the Cushing Square Overlay District Map and is generally described as the area surrounding the intersection of Trapelo Road and Common Street including all of the underlying Local Business I Zoning District and also including parcels 12-207 and 12-211A as listed on the Town's Tax Assessors Map. The CSOD boundaries shall be superimposed on the Town of Belmont Zoning District Map so as to indicate the extent of the CSOD.

8.1.3 Applicability

The CSOD shall be considered as overlaying other existing zoning districts. The CSOD confers additional development options to be employed at the discretion of the property owner, subject to the requirements of this Section 8. CSOD development projects shall be subject to a Design and Site Plan Review in accordance with Section 8.3. Certain CSOD development projects will also be eligible for a Special Permit to increase building height and/or to exceed otherwise applicable square footage limitations.

a. Existing Zoning Districts

The CSOD does not in any manner remove or alter the zoning rights permitted by the underlying, existing zoning districts.

8.1.4 Eligibility

Projects allowed by-right under the underlying, existing zoning are not eligible to apply under the CSOD unless meeting the requirements of Section 8.2.1 d).

8.1.5 Authority

The Planning Board shall have Design and Site Plan Review authority for all projects in the CSOD. As part of its Design and Site Plan Review authority under this Section, the Planning Board may waive some or all of the dimensional and parking requirements of this Section if, in its determination, such waiver will result in an improved design. In addition, the Planning Board is also the Special Permit Granting Authority (SPGA) for CSOD developments requiring a Special Permit.

8.2 Uses

8.2.1 Uses Permitted in the Cushing Square Overlay District

The following uses shall be allowed within a CSOD development project. Uses in excess of the sizes permitted below may be allowed by Special Permit subject to the requirements of Section 7.4.3 and Section 8.3:

- a) Retail sales and services up to 12,000 square feet but not including banks, credit unions or similar establishments;
- b) Office, but not including banks, credit unions or similar establishments;
- c) Food Service Establishment up to 12,000 square feet.;
- d) Mixed use development projects consisting of a combination of retail sales, office, restaurant, movie theater, art gallery or commercial off-street parking facility uses provided that the development project also includes a residential component and will be subject to the requirements of Section 6.10 and Section 8.3;
- e) Movie theaters up to 10,000 square feet;
- f) Art galleries up to 10,000 square feet; and
- g) Commercial parking lot or facility.

8.2.2 The following are expressly prohibited uses in a CSOD development project

- a) Exterior mounted or stand alone automated banking facility;
- b) Banks, credit unions and similar establishments;
- c) Drive-through establishments;
- d) Adult entertainment establishments; or
- e) Storage trailers and outdoor storage of goods associated with a commercial use unless use of such structure is necessary during construction.

8.2.2.1 Existing Uses

Any use otherwise permitted in the underlying district and which already exists on the premises proposed for a CSOD development project shall be allowed to remain as part of the development project.

8.3 Performance and Design Standards

All development projects proposed within the CSOD require Design and Site Plan Review by the Planning Board to ensure conformance with the following Performance and Design standards:

8.3.1 Performance Standards

A) Mixed Uses

The mix of uses shall be balanced and compatible and shall contribute to a vibrant atmosphere, including first floor street-front uses comprised of retail, restaurants, and services.

1. Ground Floor Uses

The ground floor of any building shall be reserved for allowed business uses except as specified below:

- i. office use shall not exceed 2,500 square feet on the ground floor; and
- ii. residential uses shall be allowed on ground floors of buildings where the building façade does not front on Trapelo Road or Common Street and the Planning Board has determined that the street front residential use will not have an adverse impact on the continuity of the commercial street-front uses of other properties.

2. Uses Above Ground Floor

Above the ground floor uses shall be residential use with the following exceptions:

- i. retail uses may be permitted on the second floor; and
- ii. office uses may be permitted on the second and third floors.

B) Dimensional Regulations

1. Setbacks

- i. Front: The maximum front setback shall be zero (0) feet for the front and street side façades.
- ii. Side: The minimum side setback shall be zero (0) feet. When abutting a residential district, the minimum side setback shall be 20 feet.
- iii. Rear: Rear yard setbacks shall be 20 feet.

The Planning Board may modify all setback requirements if, in its opinion, such waiver will result in improved design.

2. Height of Structures

The maximum height of buildings is 28 feet and two stories, above ambient sidewalk grade.

A building height of up to 36 feet and three stories, may be allowed by Special Permit from the Planning Board taking into account the criteria provided in Section 4.4 and Section 7.4.3 and subject to Section 8.3.

A building height of up to 48 feet and four stories, may be allowed by Special Permit from the Planning Board subject to Section 8.4.

Development projects which abut a residential district may be required to reduce building mass by providing additional setbacks on upper stories of buildings to minimize any impact to surrounding residential properties.

3. Floor Area Ratio (FAR)

<u>Size of Proposed Site</u>	<u>Maximum Allowable Floor Area Ratio</u>
➤ Less than 15,000 square feet ➤ Greater than or equal to 15,000 square feet	Not Applicable ▪ 2.75 for three-story buildings ▪ 3.0 for buildings greater than three stories

Calculation of floor area ratio shall not include areas contained within the cellar as defined in Section 1.4.

8.3.2 Parking Requirements

A) Parking spaces shall be provided for new and/or expanded building area in the CSOD, as follows:

- i. Residential: One parking space for each dwelling unit.
- ii. Food Service Establishment: One parking space per every 4 persons seating capacity. Requirements for outdoor café parking can be modified during Design and Site Plan Review.
- iii. Other service establishments, retail businesses and offices: One parking space per 550 square feet of ground floor gross floor area, plus one space per 800 square feet gross floor area on other floors. Excluded from these calculations shall be floor area used for parking or loading.
- iv. Other uses: A number of spaces to be determined by the Planning Board. The Planning Board may consider evidence from similar uses under similar circumstances.
- v. Mixed Use Development: The total number of spaces shall be determined by adding each separate use together.

B) Reduction of Parking

The Planning Board may reduce the on-site parking requirements for all uses in a CSOD development project, based upon a consideration of:

- i. Availability of shared parking on another property within 300 feet; however, parking spaces for one use shall not be considered as providing the required spaces for any other

use, except when it can be clearly demonstrated that the need for parking occurs at different times. The Planning Board may require a shared parking agreement to be submitted as part of the Design and Site Plan Review application. The agreement shall address issues such as the times of use, maintenance, striping, and snow plowing of the shared parking area.

- ii. Other factors supporting the reduction in the number of required parking spaces such as staggered hours or other opportunities for shared parking among different uses.
- iii. Uses within 250 feet of municipal parking garages or lots may be entitled to a 20% reduction in required parking.
- iv. Parking waiver agreement between the applicant and the town in which a fee is paid by the applicant which would be set aside for the creation of future municipal parking facilities to service the district.
- v. Uses within 200 feet of public transportation may be entitled to a 10% reduction in required parking.

C) Bicycle Parking

Long term bicycle parking shall be provided for all new mixed-use development projects in the CSOD. Long-term bicycle parking shall be at least 50% sheltered from the elements. The following requirements apply to any new developments:

- i. Residential - at least one bicycle parking or storage space shall be provided. However, no bicycle parking is required for residential components where there are fewer than two residential units.
- ii. Business - at least two bicycle parking spaces shall be created.
- iii. Any property owner required to have bicycle parking may elect to establish a shared bicycle parking facility with any other property owner in close proximity to each development utilizing the shared parking.

8.3.3 Design Standards

A) General Guidelines

The Planning Board shall consider the architectural and aesthetic compatibility of the proposed development project with the character of the Overlay District, taking into account appropriate scale, massing, and location of buildings on the lot, roof slopes, street façade, exterior building materials, historic significance and similar factors. The following objectives and criteria shall be considered in reviewing development projects in the CSOD:

- i. Appropriateness of the proposed design and materials of proposed buildings;
- ii. Adequacy of the site in terms of the size of the proposed use(s);
- iii. Adequacy of the provision of open space, its accessibility to the general public, and/or its association with adjacent or proximate open space areas;
- iv. Impact on traffic and pedestrian flow and safety;
- v. Impact on the visual character of the Cushing Square commercial area and surrounding residential neighborhood;

- vi. Adequacy of utilities, including sewage disposal, water supply and storm water drainage;
- vii. Impact of the proposal on the existing mix of structures and businesses in the CSOD;
- viii. Determination that there will be no serious hazard to vehicles or pedestrians within the site or on adjacent streets or sidewalks;
- ix. Adequacy of the arrangement of parking and loading spaces in relation to the proposed uses of the buildings;
- x. Appropriateness of the proposed methods of disposal of refuse and other wastes resulting from the uses permitted on the site, including size, location and landscape screening of dumpsters or other trash receptacles;
- xi. Determination that the height and bulk of the proposed buildings will not be injurious to surrounding property;
- xii. Obtain appropriate evidence of compliance of the proposal with the applicable requirements of this By-Law other than this Section; and
- xiii. Adequacy of landscaping/site improvements.

B) Building Design

The detailed design standards below are intended to promote quality development consistent with the Square's sense of history, human scale, and pedestrian-oriented character. To provide additional guidance, the Planning Board may promulgate more detailed design guidelines.

To the extent feasible, building and site design shall incorporate best-practices in energy efficiency, environmental protection, and storm water management; shall address current Leadership in Energy and Environmental Design (LEED) standards (or other comparable standards), as promulgated by the U.S. Green Building Council; and shall incorporate Low Impact Development site design components.

1. Scale

The size and detailing of buildings shall be pedestrian oriented and shall reflect community preference for moderate-scale structures that reflect the residential character of the Town, rather than city blocks. Building design shall incorporate features to add visual interest while reducing appearance of bulk or mass. Such features include, as appropriate, varied facades, rooflines, dormers, roof heights, materials, and details such as brick chimneys or shutters.

2. External Materials and Appearance

Except for windows and minor trim, buildings shall avoid reflective materials such as porcelain enamel or sheet metal.

Predominant wall materials shall have the appearance of wood, brick, or stone painted or coated in a non-metallic finish. Window openings shall be maximized in order to increase visibility into storefronts and add vibrancy to Cushing Square.

Any alteration of, or addition to, an existing historic structure shall employ materials, colors, and textures that are compatible with the original structure.

3. Architectural Details

Architectural features shall be compatible with other structures in Cushing Square. Distinctive features, finishes, and construction techniques shall be utilized in the design of

new buildings or additions. Renovated structures shall maintain the unique architectural details of the building.

4. Awnings and Signs

Sections 5.2.4 b) 1 and 5.2.4 b) 4 shall apply to signs. The following requirements shall also apply to awnings on buildings within CSOD development projects:

- i. Hardware should be hidden from view. Supports should be located on walls or window frames, and painted to complement the building's color scheme.
- ii. Adequate ventilation should be provided around air conditioners.
- iii. Periodic maintenance is required for awnings, in addition to full replacement every ten years, depending on the color, exposure to the sun, and fabric.
- iv. All awnings should have a similar design, function (fixed or retractable), material, shape, color, and appearance.
- v. The preferred materials for awnings are canvas or acrylics.
- vi. Awnings should be practical, durable, and not impede other building functions.

5. Preservation of Historic Structures

Proposed CSOD development projects shall protect and preserve the historic and cultural character of Cushing Square by promoting the conservation of buildings that have historic significance or are determined by the Planning Board to contribute to the character of Cushing Square. When it deems appropriate, the Planning Board may consult with and request opinions and information from the Belmont Historic District Commission.

To preserve and enhance Cushing Square's historical resources, the Planning Board may consider the following guidelines when reviewing a proposed CSOD development project:

- i. That proposed new buildings respect adjacent historic structures.
- ii. Rehabilitation of historic structures shall be done with sensitivity to the historic character of the structure.
- iii. Proposals for a façade renovation or new building construction that use a particular historical style shall utilize accurate elements of that style.
- iv. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize the historic property shall be preserved. The renovation or alteration of historic structures shall:
 - a. Maintain size and proportions of windows and doors. Any new work shall fit within the scale of the existing windows and doors and repeat the window and door rhythms that already exist.
 - b. Maintain the original materials if possible; new materials shall reflect the original textures and visual effect.
 - c. Maintain, or replace if previously removed, building details such as molding, coping lines or parapets, columns and piers.
 - d. Install signage that is fitting with the image of the building.

- e. Provide color schemes typical of the original building.

6. Vehicle and Pedestrian Features

Buildings should be designed to enhance the pedestrian environment. The following vehicle and pedestrian guidelines apply to CSOD development projects:

- i. Curb cuts shall be allowed only at the discretion of the Planning Board.
- ii. The Planning Board may allow pedestrian and vehicular access to existing or future development on abutting properties in order to facilitate pedestrian access and to minimize curb cuts.
- iii. The provision of parking shall be designed taking into consideration the extent to which the design maximizes pedestrian flow within the development and maximizes the efficient use of existing and proposed parking facilities.
- iv. Parking lots and driveways shall have landscaped “buffer zones” separating cars from pedestrians. The Planning Board shall determine an adequate buffer zone for each project.
- v. Underground parking is strongly encouraged where feasible.
- vi. Vehicle, pedestrian, and bicycle features shall be designed to provide a network of pathways and promote walking within the District.

7. Lighting

The following lighting requirements concerning lighting shall apply to buildings within a CSOD development project:

- i. Exterior signs should have lights for visibility at night.
- ii. Landscaped paths and walkways should always be comfortably and safely lit. Consider low-placed lamps, wall sconces, and pedestrian-scale pole-mounted fixtures.
- iii. Awnings and canopies may be illuminated from within to make them glow at night.
- iv. Lights may be required to be appropriately screened so as to prevent them from reflecting in the eyes of people on the sidewalks, in buildings, or in cars.
- v. Exterior light fixtures shall be shielded from view or blended into the building's lines. Decorative fixtures may be exposed as a design element.
- vi. Building entries and display windows shall be lit with incandescent or warm-toned fluorescent lighting.
- vii. To highlight landscaping, up-light into trees or strings of lights among branches may be required.
- viii. Electrical conduit shall be concealed within the moldings and lines of the building.
- ix. There shall be no neon or flashing signs.

8. Landscaping and Off-Site Improvements

The applicant may be required to install street furniture and landscaping on public property abutting and within the proximity of the proposed development project to ensure the integrity

of design in the Overlay District. Site improvements, such as window boxes or potted plants, may be installed outside a development project storefront.

Street furniture includes benches, planters, trash receptacles, lamps, bike racks, and signs. If a front setback is provided, those portions of the front yard not occupied by public amenities shall be landscaped to enhance the streetscape.

The following landscaping and site improvement guidelines apply to the CSOD:

- i. All site open space (yards, parking lots, setbacks) should be planned carefully, with appropriate plantings or landscaping. Open space shall be usable, open, and available to the general public and may consist of landscaped gardens, plazas, sitting areas, sidewalks or similar features.
- ii. Open spaces shall be utilized to break up a block of buildings in order to provide visual relief.
- iii. Street furniture shall be provided for public use.
- iv. Street furniture should be made of solid wood or recycled plastic lumber to ease maintenance.
- v. Trash receptacles shall be provided at all gathering places and properly maintained.
- vi. Window boxes, gardens, or hanging planters shall be located in appropriate locations.
- vii. Landscaping and plantings shall be maintained so as not to interfere with entry to stores or block visibility of signs.
- viii. Climate requirements, growth potential, and adaptability to the urban environment shall be considered when selecting plant types and species.
- ix. Landscaping shall be installed to properly screen dumpsters, transformers, air conditioning equipment, and other similar building equipment.

8.4 Four Story Development Projects

For CSOD development projects that meet the eligibility requirements specified below, the Planning Board may grant a Special Permit to allow an increase in building height and up to 48 feet and 4 stories.

8.4.1 Eligible Development Projects

- a) The development project shall be located on either a single lot, or on a single premises consisting of an assemblage of lots, whether or not in common ownership having an area of or exceeding 15,000 square feet in size; or
- b) Development projects including underground parking areas on the site.

8.4.2 Requirements

All development projects proposed for a Special Permit under Section 8.4 are subject to the requirements of Section 8.3 with the exception of building heights.

a) Building Heights

By Special Permit under this Section, the Planning Board may allow the maximum height of buildings in a CSOD development project to be increased up to 48 feet and/or four

stories (above ambient sidewalk grade). Said story shall be allowed for residential use only. The Board, in granting a Special Permit, may require that development projects which abut residential property reduce building mass by providing stepped back buildings on the above ground floors, to minimize any impact to surrounding residential property.

8.4.3 Additional Criteria

Development projects with Special Permits under this Section shall also be subject to the Special Permit Criteria specified in Section 7.4.3.

8.5 Submittal Requirements

Any person seeking Design and Site Plan Approval or a Special Permit for a CSOD development shall submit 13 copies of the application in such form as the Planning Board may require which shall include the following:

- a) Development plans bearing the seal of a MA Registered Architect, MA Registered Landscape Architect, Registered Civil Engineer, or similar professional as appropriate;
- b) Narrative description of the proposed work affecting the exterior of the building or structure, including a description of the materials to be used;
- c) Site plans and specifications showing total square footage and dimensions of all buildings and site improvements, including:
 - i. New buildings, additions, adjacent structures;
 - ii. Streets, sidewalks and crosswalks;
 - iii. Existing and proposed open spaces, including, existing and proposed walls, fences, outdoor lighting, street furniture, new paving and ground surface materials;
 - iv. Points of vehicular and pedestrian access/egress;
 - v. All utilities, easements or service facilities, insofar as they relate to the project; and
 - vi. Proposed site grading, including existing and proposed grades at property lines.
- d) A certified plot plan less than 6 months old;
- e) Architectural Layout Plans at a scale of $1/8" = 1'$ or appropriate scale. All spaces within the proposal must be properly labeled and all dimensions must be clearly shown;
- f) Site perspective, sections, elevations $1/8" = 1'$;
- g) Detailed description of the proposed use of the building, including hours of operation, numbers of employees, method and types of deliveries, etc;
- h) Detailed plans for disposal of sanitary sewage;
- i) Detailed plans for landscaping;
- j) Parking plan;
- k) Plan for lighting, including the type of fixtures, and the off-site overspill (foot candles) of the lighting;
- l) Signage plans; and,
- m) The proposed method of storm water removal accompanied by calculations for a 20-year storm event.

The Planning Board may also require the following prior to acting on the application:

- i. Material boards of proposed buildings; and
- ii. An estimate of municipal revenues and costs expected to be generated by the project, including anticipated real estate valuation and public service needs.

The Planning Board may request additional information necessary in their deliberations relative to the application for the Special Permit.

8.6 Procedures

8.6.1 Design and Site Plan Review

The Planning Board shall promulgate rules and regulations requiring an applicant for Design and Site Plan Review under this Section to pay a review fee in an amount to be determined by the Planning Board to cover the reasonable costs of the Planning Board for the employment of any independent consultants determined to be needed to assist in the review of the application for Design and Site Plan Review. Such consultants shall be qualified professionals in the relevant fields of expertise as determined by the Planning Board.

Review of a submitted application shall follow the procedures below and as specified in Section 7.3.3 of the Zoning By-Laws. Where there is a conflict in procedures, those specified below shall prevail. The Planning Board, or its designee, shall review a submitted application for completeness and shall notify the Applicant within thirty (30) days of its submission whether the application is complete or, if not, what items are missing. If the Planning Board fails to so notify the Applicant within such time, the application shall be deemed complete; provided that nothing herein shall be interpreted to limit the ability of the Planning Board to require additional information. The time for holding a public hearing shall not commence until the Planning Board has received a complete application.

An application for Design and Site Plan Review hereunder shall be approved if such application, as affected by such reasonable conditions as the Planning Board may impose, is consistent with the objectives in this Section and all other requirements of this By-Law. The Planning Board may impose such reasonable conditions on its approval as it shall deem appropriate to assure the continuing consistency of the development project with the purposes of Section 8.

An application may be denied where:

- a) An application is incomplete; or
- b) No reasonable conditions will ensure that the proposed development is consistent with the standards and criteria set forth in Section 8.3. Such a denial shall be in writing and shall set forth the reasons for denial.

Any proposed amendment to an Approval under this Section shall follow the procedures set forth herein for an initial application.

Notwithstanding any provisions hereof to the contrary, Design and Site Plan Review shall not be required for alterations or repairs to an existing building in a previously approved CSOD development project which do not increase the height, bulk, or footprint thereof, which are not being performed to provide for its use for a substantially different purpose and which do not violate the conditions contained within any prior Design and Site Plan Approval applicable to such building.

8.6.2 Special Permit Application

**ARTICLE 10 CITIZEN PETITION: TRANSITION FROM ELECTED TO APPOINTED
(HIRED) BOARD OF ASSESSORS**

MOVED: That Article 10 be dismissed.

The Motion was approved utilizing electronic voting devices, by roll call vote: Yes 213;
No 10; Abstain 0, at the Special Town Meeting held November 6, 2023 at
the Belmont High School Auditorium and by remote access.

ARTICLE 11 APPROPRIATE FROM OPIOID SETTLEMENT STABILIZATION FUND

MOVED That the Town appropriate \$18,500.00 from the Opioid Settlement Stabilization
Fund for the purpose of funding initial planning, programming and supplies in
accordance with the provisions of the Massachusetts Statewide Opioid
Settlements and the State-Subdivision Agreement.

The Motion: was approved utilizing electronic voting devices, by roll call vote: Yes 249;
No 4; Abstain 0, at the Special Town Meeting held November 6, 2023 at the
Belmont High School Auditorium and by remote access.

All Motions under Article 1 were accepted with Unanimous Consent										
Red = Emergency Vote Counted
