

Lone Tree Hill 8.15.25 Parterre Ecological Field Notes

8/15/25 3:11 PM

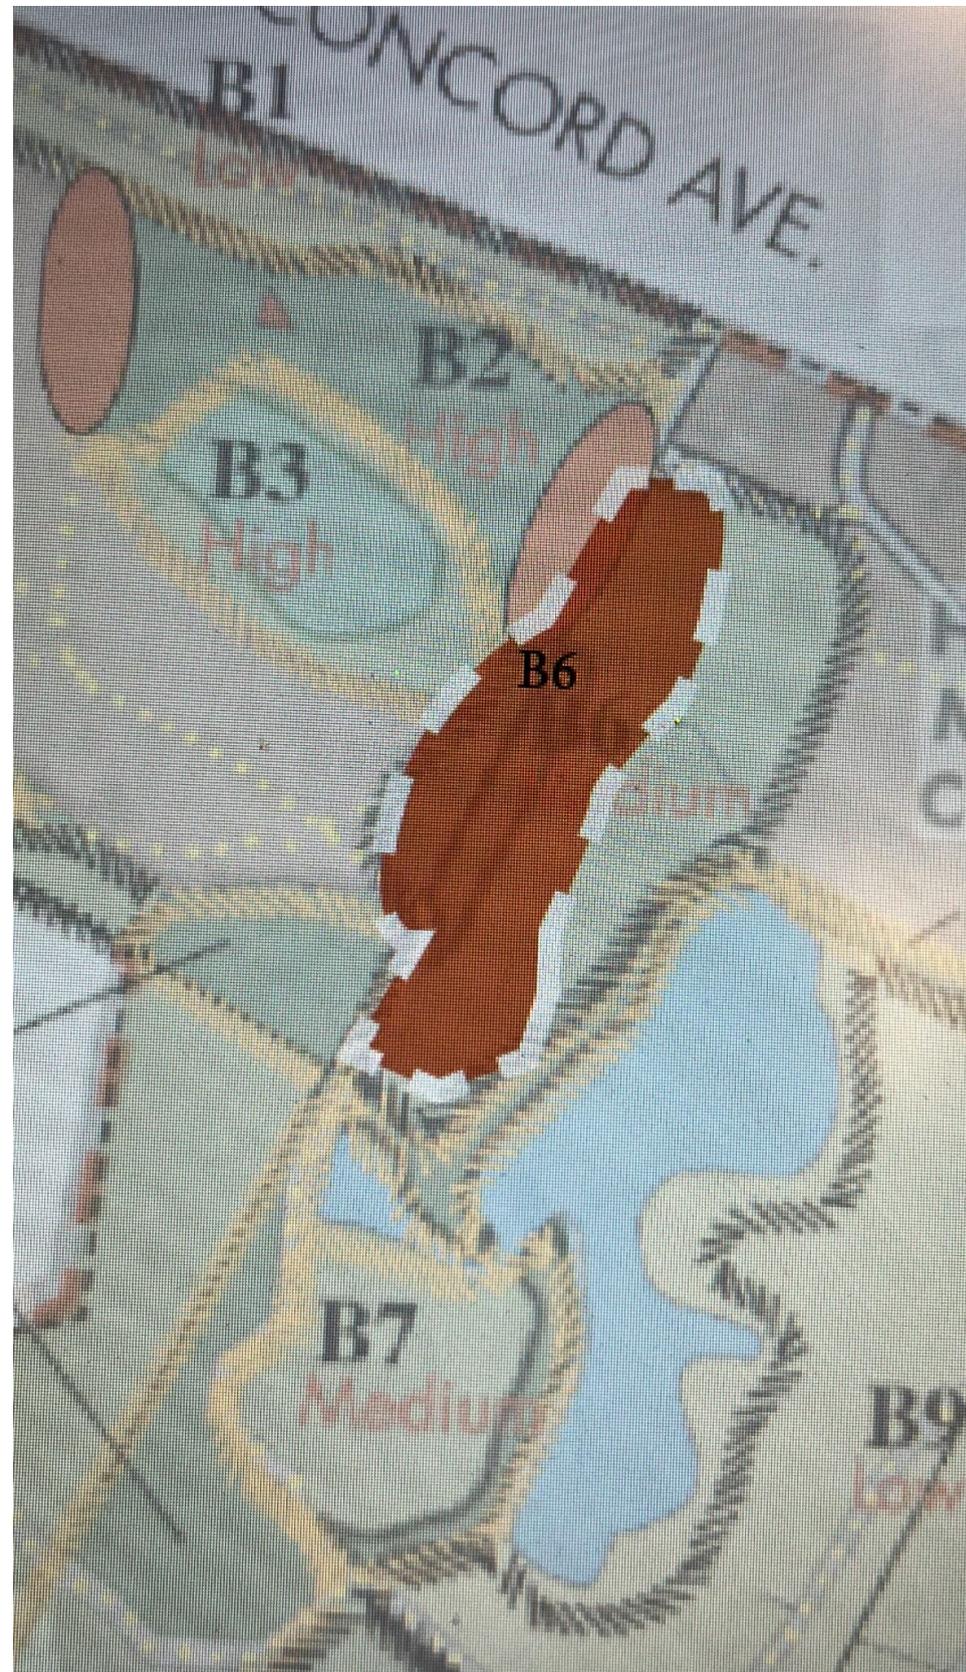

Date: 8/15/25

Team: Kaelyn

Work Completed:

- Spray treatment of invasives (including bittersweet, glossy buckthorn, honeysuckle, and others) in area B6.

Work area:

Observations/Future Work:

- There is significant reduction in the coverage of bittersweet and other invasives in this area following our June treatment!
