RE: Denial to Construct a Second Floor Addition

Dear Ms. Monovich,

The Office of Planning and Building is in receipt of your building permit application for proposal to construct a second floor addition at 39 Thomas Street located in General Residence zoning district.

Your application has been denied because it does not comply with the current Town of Belmont Zoning By-Law. More specifically, 1.- §1.5.4A of the By-Law allows any alterations and expansions in the General Residence zoning district are allowed by a Special Permit granted by the Board of Appeals,

You may alter your plans to conform to the Zoning By-Law and resubmit for a building permit or you may request One (1) Special Permit from the Zoning Board of Appeals. If you choose this option, please contact the Office of Community Development at (617)-993-2650 to schedule an appointment with Ara Yogurtian, Inspector of Buildings to begin the process.

Sincerely,

Ara Yogurtian C.B.O.
Inspector of Buildings

[Date]

To the Belmont Building Department,

I am writing to express my full support for the proposed interior renovation project at 39 Thomas Street, Belmont, submitted by Lauren Monovich. I understand that the project involves extending a portion of the existing second floor to relocate the current bathroom.

I have reviewed the general scope of the work and have no objections. I believe the project will improve the interior functionality of the home without impacting the neighborhood, property boundaries, or exterior structure.

Please feel free to contact me if any additional confirmation is needed.

Sincerely,

[Neighbor Name]

To the Belmont Building Department,

I am writing to share my support for the renovation project planned at 39 Thomas Street by Lauren Monovich. As a neighbor, I value a peaceful, respectful, and well-maintained community, and I am confident that this renovation will contribute positively to it.

The proposed work is entirely within the existing structure. After speaking with Lauren and understanding the purpose of the renovation, improving the layout and comfort of the second floor, I can affirm that I have no concerns regarding the construction or its impact on the neighborhood.

Lauren has always been a considerate neighbor, and I believe this improvement will enhance the use and enjoyment of her home while preserving the character of our street.

If additional information or confirmation is needed, I remain available.

Warm regards,

To the Belmont Building Department and all other interested parties,

Statement Explaining Scope of Work and Purpose

This statement is intended to clearly and accurately describe the proposed interior renovation project at 39 Thomas Street, Belmont.

The project aims to make a small but meaningful improvement to the home. We are planning to extend a portion of the existing second-floor area to allow the relocation of the current bathroom. Importantly, this modification will not increase the footprint of the house; all work will remain entirely within the boundaries of the existing first-floor structure.

The purpose of this adjustment is to create a more functional and comfortable living space. Relocating the bathroom will provide a better layout for the family, improve daily use, and enable necessary updates while preserving the character and integrity of the home. No changes will be made to the exterior dimensions, setbacks, or visible massing of the property.

Our objective is simply to improve the livability of the interior space while fully respecting all safety requirements, zoning considerations, and the spirit of the existing structure.

We sincerely appreciate your time, review, and consideration, and we remain available to provide any additional information the Town may require.

Lauren Monovich
