

Congress of the United States
Washington, DC 20515

September 1, 2016

Amy Lind Corbett
Regional Administrator
Federal Aviation Administration
New England Region
12 New England Executive Park
Burlington, MA 01803

Dear Administrator Corbett:

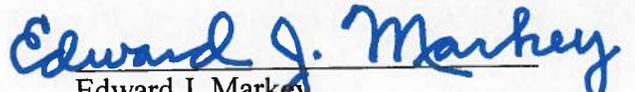

Attached please find a letter signed by the Massachusetts State Senators and Representatives from the communities of Arlington, Belmont, Cambridge, Medford, Somerville and Watertown regarding the issue of airplane noise emanating from the 33L runway.

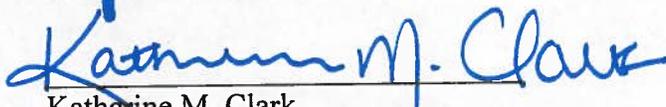

Our respective offices have received numerous complaints relating to the issue of aircraft noise generated by operations at Logan International Airport in Boston. As such, it is our sincere hope that the Federal Aviation Administration will give all due consideration to the concerns raised in this letter and will continue to work to reduce excessive air traffic related noise for all communities impacted by operations at Logan Airport.

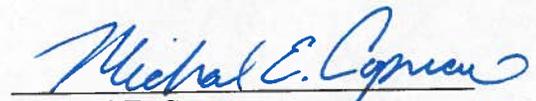

Thank you in advance for your attention to this matter.

Sincerely,

Elizabeth Warren
United States Senator

Edward J. Markey
United States Senator

Katherine M. Clark
Member of Congress

Michael E. Capuano
Member of Congress
