

Spring 2025 Town Meeting Amendment to Article 3

In the third line of the second paragraph of Section 6.6.4 f), delete the word “community”, so that that sentence reads in part as follows:

...., in writing over the signature of the Inspector of Buildings.....

Explanation: A small editorial correction. Without the proposed deletion, the new language in that particular subparagraph would otherwise read: “...., in writing over the signature of *community* the Inspector of Buildings....”. (Italics added for emphasis.) The word “community” appears to be extraneous, and something that should have been deleted with the deleted words “a” and “official” which precede and follow it.

Respectfully submitted,
Jack Weis
TMM, Precinct 1
